Review Report to the Unit Holders on Statement of Compliance with Best Practices of Code of Corporate Governance

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance ("the Code") prepared by the Board of Directors of **HBL Asset Management Limited** ("the Management Company") for and on behalf of HBL Stock Fund ("the Fund") for the year ended June 30, 2015, to comply with the Listing Regulation No. 35 (Chapter xi) of Lahore Stock Exchange (Guarantee) Limited where the Fund is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Management Company of the Fund. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Fund's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Management Company's personnel and review of various documents prepared by the Management Company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Fund's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Fund for the year ended June 30, 2015.

Further, we highlight below instances of non-compliance with the requirements of the Code as reflected in the paragraph reference where these are stated in the Statement of Compliance:

Independent Auditors' Report to the Unit Holders

Report on the Financial Statements

We have audited the accompanying financial statements of **HBL Stock Fund** ("the Fund"), which comprise the statement of assets and liabilities as at June 30, 2015 and the related income statement, statement of comprehensive income, distribution statement, cash flow statement, statement of movement in Unit Holders' fund for the year then ended and a summary of significant accounting policies and other explanatory notes.

Management's responsibility for the financial statements

The Management Company of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with approved accounting standards as applicable in Pakistan, and for such internal control as the management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards as applicable in Pakistan. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the state of the Fund's affairs as at June 30, 2015 and of its financial performance, cash flows and transactions for the year then ended in accordance with approved accounting standards as applicable in Pakistan.

KPMG Taseer Hadi & Co., a Partnership firm registered in Pakistan and a member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity.

KPMG Taseer Hadi & Co.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation Rules, 2003) and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

HBL STOCK FUND

Notes To The Financial Statements

For the year ended June 30, 2015

1. LEGAL STATUS AND NATURE OF BUSINESS

HBL Stock Fund (the Fund) was established under a Trust Deed, dated August 09, 2007, executed between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited as the Trustee. The Fund was authorised by the Securities and Exchange Commission of Pakistan as a unit trust scheme on August 21, 2007.

The Management Company of the Fund has been licensed to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by the SECP. The registered office of the Management Company is situated at 24-C, Khayaban-e-Hafiz, Phase-VI, D.H.A, Karachi, Pakistan.

The Fund is an open-ended mutual fund and offers units for public subscription on a continuous basis. The units are transferable and can also be redeemed by surrendering to the Fund. The Fund is listed on the Lahore Stock Exchange. The units of the Fund were initially offered for public subscription at par August 29, 2007 to August 31, 2007.

The principal activity of the Fund is to provide long-term capital growth by investing primarily in a diversified pool of equities and equities related instruments.

JCR-VIS Credit Rating Agency has assigned management quality rating of 'AM2-' to the Management Company and has assigned one year Fund Performance Ranking at MFR 2-Star, three year Fund Performance Ranking at MFR 2-Star and five year Fund Performance Ranking at MFR 1-Star to the Fund.

Title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as trustee of the Fund.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and directives issued by the Securities and Exchange Commission of Pakistan (SECP). Wherever the requirements of NBFC Rules, the NBFC Regulations or directives issued by the SECP differ with the requirements of IFRS, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP shall prevail.

2.2 Standards, interpretations and amendments to approved accounting standards, that are not yet effective:

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after July 01, 2015:

- Amendments to IAS 38 Intangible Assets and IAS 16 Property, Plant and Equipment (effective for annual periods beginning on or after January 01, 2016) introduce severe restrictions on the use of revenue-based amortization for intangible assets and explicitly state that revenue-based methods of depreciation cannot be used for property, plant and equipment. The rebuttable presumption that the use of revenue-based amortisation methods for intangible assets is inappropriate can be overcome only when revenue and the consumption of the economic benefits of the intangible asset are 'highly correlated', or when the intangible asset is expressed as a measure of revenue. The amendments are not likely to have an impact on Fund's financial statements.
- IFRS 10 'Consolidated Financial Statements' – (effective for annual periods beginning on or after January 01, 2015) replaces the part of IAS 27 'Consolidated and Separate Financial Statements'. IFRS 10 introduces a new approach to determining which investees should be consolidated. The single model to be applied in the control analysis requires that an investor controls an investee when the investor is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. IFRS 10 has made consequential changes to IAS 27 which is now called 'Separate Financial Statements' and will deal with only separate financial statements. Certain further amendments have been made to IFRS 10, IFRS 12 and IAS 28 clarifying the requirements relating to accounting for investment entities and would be effective for annual periods beginning on or after January 01, 2016. The adoption of this standard is not likely to have an impact on Fund's financial statements.
- IFRS 11 'Joint Arrangements' (effective for annual periods beginning on or after January 01, 2015) replaces IAS 31 'Interests in Joint Ventures'. Firstly, it carves out, from IAS 31 jointly controlled entities, those cases in which although there is a separate vehicle, that separation is ineffective in certain ways. These arrangements are treated similarly to jointly controlled assets/operations under IAS 31 and are now called joint operations. Secondly, the remainder of IAS 31 jointly controlled entities, now called joint ventures, are stripped of the free choice of using the equity method or proportionate consolidation; they must now always use the equity method. IFRS 11 has also made consequential changes in IAS 28 which has now been named 'Investment in Associates and Joint Ventures'. The amendments requiring business combination accounting to be applied to acquisitions of interests in a joint operation that constitutes a business are effective for annual periods beginning on or after January 01, 2016. The adoption of this standard is not likely to have an impact on Fund's financial statements.
- IFRS 12 'Disclosure of Interests in Other Entities' (effective for annual periods beginning on or after January 01, 2015) combines the disclosure requirements for entities that have interests in subsidiaries, joint arrangements (i.e. joint operations or joint ventures), associates and / or unconsolidated structured entities, into one place. The adoption of this standard is not likely to have an impact on Fund's financial statements.
- IFRS 13 'Fair Value Measurement' effective for annual periods beginning on or after January 01, 2015) defines fair value, establishes a framework for measuring fair value and sets out disclosure requirements for fair value measurements. IFRS 13 explains how to measure fair value when it is required by other IFRSs. It does not introduce new fair value measurements, nor does it eliminate the practicability exceptions to fair value measurements that currently exist in certain standards. The adoption of this standard is not likely to have an impact on Fund's financial statements.
- Amendments to IAS 27 'Separate Financial Statements' (effective for annual periods beginning on or after January 01, 2016). The amendments to IAS 27 will allow entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements. The adoption of the amended standard is not likely to have an impact on Fund's financial statements.

- Agriculture: Bearer Plants [Amendments to IAS 16 and IAS 41] (effective for annual periods beginning on or after January 01, 2016). Bearer plants are now in the scope of IAS 16 Property, Plant and Equipment for measurement and disclosure purposes. Therefore, a company can elect to measure bearer plants at cost. However, the produce growing on bearer plants will continue to be measured at fair value less costs to sell under IAS 41 Agriculture. A bearer plant is a plant that: is used in the supply of agricultural produce; is expected to bear produce for more than one period; and has a remote likelihood of being sold as agricultural produce. Before maturity, bearer plants are accounted for in the same way as self-constructed items of property, plant and equipment during construction. The amendments are not likely to have an impact on Fund's financial statements.
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28) [effective for annual periods beginning on or after January 01, 2016]. The main consequence of the amendments is that a full gain or loss is recognised when a transaction involves a business (whether it is housed in a subsidiary or not). A partial gain or loss is recognised when a transaction involves assets that do not constitute a business, even if these assets are housed in a subsidiary. The amendments are not likely to have an impact on Fund's financial statements.
- Annual Improvements 2012-2014 cycles (amendments are effective for annual periods beginning on or after January 01, 2016). The new cycle of improvements contain amendments to the following standards:
 - IFRS 5 Non-current Assets Held for Sale and Discontinued Operations. IFRS 5 is amended to clarify that if an entity changes the method of disposal of an asset (or disposal group) i.e. reclassifies an asset from held for distribution to owners to held for sale or vice versa without any time lag, then such change in classification is considered as continuation of the original plan of disposal and if an entity determines that an asset (or disposal group) no longer meets the criteria to be classified as held for distribution, then it ceases held for distribution accounting in the same way as it would cease held for sale accounting. The amendment is not likely to have an impact on Fund's financial statements.
 - IFRS 7 'Financial Instruments- Disclosures'. IFRS 7 is amended to clarify when servicing arrangements are in the scope of its disclosure requirements on continuing involvement in transferred financial assets in cases when they are derecognized in their entirety. IFRS 7 is also amended to clarify that additional disclosures required by 'Disclosures: Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS7)' are not specifically required for inclusion in condensed interim financial statements for all interim periods. The amendment is not likely to have an impact on Fund's financial statements.
 - IAS 19 'Employee Benefits'. IAS 19 is amended to clarify that high quality corporate bonds or government bonds used in determining the discount rate should be issued in the same currency in which the benefits are to be paid. The amendment is not likely to have an impact on Fund's financial statements.
 - IAS 34 'Interim Financial Reporting'. IAS 34 is amended to clarify that certain disclosures, if they are not included in the notes to interim financial statements and disclosed elsewhere should be cross referred. The amendment is not likely to have an impact on Fund's financial statements.

2.3 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise their judgment in the process of applying the Fund's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Fund's financial statements or where judgment was exercised in application of accounting policies principally relate to classification and valuation of investments and impairment there against and provision for taxation (note 3.2, note 5 and note 15).

2.4 Accounting convention

These financial statements have been prepared under the historical cost convention except for certain investments which are carried at fair value.

2.5 Functional and presentation currency

These financial statement are presented in Pak Rupees, which is the Fund's functional and presentation currency.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied unless otherwise stated:

3.1 Cash and cash equivalents

Cash and cash equivalents include bank balances, demand deposits with banks and other short term highly liquid investments with original maturities of three months or less and bank overdrafts.

3.2 Financial assets

3.2.1 Classification

The management determines the appropriate classification of its financial assets in accordance with the requirements of International Accounting Standards (IAS) 39: 'Financial Instruments: Recognition and Measurement', at the time of initial recognition.

The Fund classifies its financial assets in the following categories:

a) Financial assets at fair value through profit or loss

Financial assets that are acquired principally for the purpose of generating profit from short-term fluctuations in prices are classified as held for trading in the 'Financial assets at fair value through profit or loss' category.

b) Loans and receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

c) Available for sale

Available for sale financial assets are those non-derivative financial assets that are designated as available for sale or are not classified as (a) loans and receivables, (b) held to maturity investments or (c) financial assets at fair value through profit or loss.

3.2.2 Regular way contracts

All purchases and sales of securities that require delivery within the time frame established by regulation or market convention are recognised at the trade date. Trade date is the date on which the Fund commits to purchase or sell assets.

3.2.3 Initial recognition and measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the income statement.

3.2.4 Subsequent measurement

Subsequent to initial recognition, financial assets designated by the management as 'at fair value through profit or loss' and 'available for sale' are valued as follows:

a) Basis of valuation of Government Securities

The government securities are valued on the basis of rates announced by the Financial Markets Association of Pakistan.

b) Basis of valuation of equity securities

The equity securities are valued on the basis of closing quoted market prices available at the stock exchange.

Net gains and losses arising from changes in fair value of available for sale financial assets are taken to the 'statement of comprehensive income' until these are derecognised or impaired. At this time, the cumulative gain or loss previously recognised directly in the 'statement of comprehensive income' is transferred to the 'income statement'.

Net gains and losses arising from changes in the fair value of financial assets carried at fair value through profit or loss are taken to the income statement. Subsequent to initial recognition, financial assets classified as 'loans and receivables' are carried at amortised cost using the effective interest method.

3.2.5 Impairment of financial assets

a) Equity Securities

The Fund assesses at each reporting date whether there is objective evidence that the financial asset or a group of financial assets is impaired. In case of equity securities classified as available for sale, a significant or prolonged decline in the fair value of the security below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for available for sale financial assets, the cumulative loss measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in income statement is reclassified from other comprehensive income to income statement.

b) Loans and receivables

For financial assets classified as 'loans and receivables', a provision for impairment is established when there is objective evidence that the Fund will not be able to collect all amounts due according to the original terms. Provision for non-performing debt securities and other exposures is made in accordance with the criteria specified in Circular No. 33 dated October 24, 2012 issued by SECP. The provisioning policy has been duly formulated and approved by the Board of Directors of Management Company.

3.2.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and where the Fund has transferred substantially all risks and rewards of ownership.

3.2.7 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Assets and Liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously.

3.3 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. They are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired.

3.4 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of operations of the Fund and include underwriting commission, commission to the bankers to the issue, brokerage paid to the members of the stock exchanges and other expenses. These costs are amortised over a period of five years starting from the end of the initial offering period as per the requirements set out in the Trust Deed of the Fund and NBFC regulations.

3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.6 Taxation

The income of the Fund is exempt from income tax as per clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders. Provided that for the purpose of determining distribution of at least 90% of accounting income, the income distributed through bonus shares, units or certificates as the case may be, shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

The Fund provides for deferred taxation using the balance sheet liability method on all major temporary differences between the amounts used for financial reporting purposes and amounts used for taxation purposes. However, the Fund has not recognised any amount in respect of deferred tax in these financial statements as the Fund intends to continue availing the tax exemption in future years by distributing at least ninety percent of its accounting income for the year as reduced by capital gains, whether realised or unrealised, to its unit holders every year in the form of cash.

3.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors / Management Company during business hours on the date on which the funds are actually realized against application. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors / Management company receive redemption requests during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

3.8 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

An equalisation account called the 'element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed' is created, in order to prevent the dilution of per unit income and distribution of income already paid out on redemption.

The element of income and capital gains included in the prices of units issued less those in units redeemed to the extent that it is represented by distributable income earned during the year is recognised in the income statement and the element of income and capital gains represented by distributable income carried forward from prior periods is included in the distribution statement.

3.9 Net Assets Value per unit

The Net Assets Value (NAV) per unit, as disclosed on the Statement of Assets and Liabilities, is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.10 Earnings per unit (EPU)

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

3.11 Revenue recognition

- Realised capital gains / (losses) arising on sale of investments are included in the Income Statement on the date at which the transaction takes place.
- Unrealised gains / (losses) arising on marking to market of investments classified as ' Financial assets at fair value through profit or loss ' are included in the Income Statement in the year in which they arise.
- Dividend income is recognised when the right to receive dividend is established i.e. on the date of book closure of the investee company / institution declaring the dividend.
- Mark-up on deposits with banks and mark-up on term finance certificates and government securities is recognised using the effective yield method.

3.12 Proposed distribution

Distributions declared subsequent to the balance sheet date are considered as non-adjusting events and are recognised in the financial statements in the year in which such distributions are declared.

7.1 The Fund had subscribed towards the term finance certificates of an issuer as Pre-IPO investor on January 9, 2008. Under the agreement, the issuer was required to complete the public offering by October 9, 2008. However, no public offering has been carried out by the issuer as at June 30, 2015. In addition, profit on the advance against subscription, due after six months from the date of subscription, has also not been received by the Fund. As at June 30, 2015, the advance against subscription has been fully provided in accordance with the provisioning policy of the Fund as approved by the Board of Directors of the Management Company.

8.1 Under the provisions of the NBFC Regulations, 2008, the Management Company of the Fund is entitled to a remuneration of an amount equal to two percent of such assets of the Fund. The Management Company has charged its remuneration at the rate of two percent per annum for the current year (2014: two percent per annum).

8.2 The Sindh Government has levied Sindh Sales Tax at the rate of 15% on the remuneration of the Management Company through Finance Act, 2015 effective from July 1, 2014.

9. PAYABLE TO CENTRAL DEPOSITORY COMPANY OF PAKISTAN LIMITED - TRUSTEE

Note	2015 (Rupees in '000)	2014
Trustee's remuneration	<u>476</u>	<u>427</u>

9.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified there in, based on the daily Net Asset Value (NAV) of the Fund.

Based on the Trust Deed, the tariff structure applicable to the Fund as at June 30, 2015 is as follows:

**Amount of Funds Under Management
(Average NAV)**

Tariff per annum

Upto Rs. 1,000 million

Rs. 0.7 million or 0.20% p.a. of NAV, whichever is higher

On an amount exceeding Rs. 1,000 million

Rs. 2.0 million plus 0.10% p.a. of NAV, exceeding Rs. 1,000 million

10. PAYABLE TO SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

Note	2015 (Rupees in '000)	2014
Annual fee	<u>4,007</u>	<u>3,517</u>

10.1 Under the provisions of the Non Banking Finance Companies & Notified Entities Regulations, 2008, as collective investment scheme categorised as equity scheme is required to pay as annual fee to the SECP, an amount equal to 0.095% (2014: 0.095%) of the average annual net assets of the scheme. HBL Stock Fund has been categorised as an equity scheme by the Management Company.

11. ACCRUED EXPENSES AND OTHER LIABILITIES

Provision for Workers' Welfare Fund	56,825	47,223
	<u>110,986</u>	<u>67,030</u>

11.1 As per the requirement of Finance Act, 2013, Federal Excise Duty (FED) at the rate of 16% on the remuneration of the Management Company has been applied effective June 13, 2013. The Management Company is of the view that since the remuneration is already subject to provincial sales tax, further levy of FED may result in double taxation, which does not appear to be the spirit of the law. In 2014, the Honourable High Court of Sindh in a Constitutional petition relating to levy of FED on Mutual Funds has granted a stay order for the recovery of FED. As a matter of abundant caution, the Management Company has made a provision with effect from June 13, 2013, aggregating to Rs. 26.81 million out of which Rs. 2.788 million have been paid to the Management Company. Had the provision not been made, the Net Asset Value (NAV) per unit of the fund as at June 30, 2015 would have been higher by Rs. 0.6269 per unit.

14. PROVISION FOR WORKERS' WELFARE FUND

The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it may be construed that all Collective Investment Schemes / mutual funds (CISs) whose income exceeds Rs. 0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honourable High Court of Sindh (the Court), challenging the applicability of WWF to the CISs, which is pending adjudication. However, without prejudice to the above, the Management Company made a provision for WWF contribution in the annual financial statements for the year ended June 30, 2010.

During 2010, a clarification was issued by the Ministry of Labour and Manpower (the Ministry) which stated that mutual funds are not liable to contribute to WWF on the basis of their income. This clarification was forwarded by Federal Board of Revenue (FBR) (being the collecting agency of WWF on behalf of the Ministry) to its members for necessary action. Based on this clarification, the FBR also withdrew notice of demand which it had earlier issued to one of the mutual funds for collection of WWF. Notices of demand have also been issued to several other mutual funds and the matter has been taken up by the respective mutual funds with the FBR for their withdrawal on the basis of the above referred clarification of the Ministry.

Furthermore, in 2011, the Honourable Lahore High Court (LHC) in a Constitutional Petition relating to the amendments brought in the WWF Ordinance, 1971 through the Finance Act, 2006, and the Finance Act, 2008, has declared the said amendments as unlawful and unconstitutional. In March 2013, a larger bench of SHC in various Constitutional Petitions declared that amendments brought in the WWF Ordinance, 1971 through the Finance Act, 2006 and the Finance Act, 2008 do not suffer from any constitutional or legal infirmity. However, SHC has not addressed the other amendments made in WWF Ordinance 1971 about applicability of WWF to the CISs which is still pending before SHC. The Management Company is hopeful that the decision of the LHC, will lend further support to the Constitutional Petition which is pending in the SHC.

However, pending the decision of the said constitutional petition, the Management Company, as a matter of abundant caution, has decided to continue to maintain the provision for WWF amounting to Rs. 56.825 million (including Rs. 9.6 million for the current year). Had the provision not been made, the Net Asset Value (NAV) per unit of the fund as at June 30, 2015 would have been higher by Rs. 1.3287 per unit.

15. TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders. Provided that for the purpose of determining distribution of at least 90% of accounting income, the income distributed through bonus shares, units or certificates as the as the case may be, shall not be taken into account. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute 90% of the net accounting income other than capital gain / loss to the unit holders. The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

During the year, after exclusion of capital gains, there was no accounting income available to distribute. Accordingly, no provision for tax has been made in these financial statements.

22. FINANCIAL RISK MANAGEMENT

The Fund primarily invests in a portfolio of equity and money market investments such as shares of listed companies, government securities and in other money market instruments. These activities are exposed to a variety of financial risks: market risk, credit risk and liquidity risk.

22.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; currency risk, interest rate risk and other price risk.

22.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as its operations are geographically restricted to Pakistan and all transactions are carried out in Pak Rupees.

22.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund does not hold any variable rate instruments as at June 30, 2015, that could expose the Fund to cash flow interest rate risk.

b) Sensitivity analysis for fixed rate instruments

Presently, the Fund does not hold any fixed rate instruments as at June 30, 2015, that could expose the Fund to cash flow interest rate risk.

Yield / Interest rate sensitivity position for on balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

22.1.3 Price Risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instruments or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund also manages its exposure to price risk by analysing the investment portfolio by industrial sectors and benchmarking the sector weighting to that of the KSE-100 Index. The Fund's policy is to concentrate the investment portfolio in sectors where the Management believes the Fund can maximise the returns derived for the level of risk to which the Fund is exposed. The table below is a summary of the significant sector concentrations within the equity portfolio.

Sector wise portfolio	2015	
	Fund's equity Portfolio (%)	KSE-100 benchmark Portfolio (%)
Oil and Gas	10.94%	17.00%
Chemicals	16.95%	14.50%

General Industrials	2.61%	1.00%
Engineering	0.38%	0.30%
Personal Goods	0.22%	2.10%
Others	-	11.90%
Total	100.00%	100.00%

Sector wise portfolio

	2014	
	Fund's equity Portfolio (%)	KSE-100 benchmark Portfolio (%)
Oil and Gas	18.56%	27.98%
Chemicals	18.03%	7.94%
Commercial Banks	24.43%	21.49%
Electricity	7.66%	2.79%
Personal Goods	-	5.03%
Construction and Materials	9.59%	5.49%
Food Producers	12.65%	10.06%
Non Life Insurance	5.10%	1.56%
Pharma and Bio Tech	3.98%	2.10%
Other	-	15.56%
Total	100.00%	100.00%

In case of 5% increase / decrease in KSE-100 index on June 30, 2015, with all other variables held constant, the net assets of the Fund would increase / decrease by Rs. 217.355 million (2014: Rs.112.164 million) as a result of gains / losses on equity securities classified as available for sale. There were no assets classified as fair value through profit and loss at June 30, 2015 and June 30, 2014.

The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents Management's best estimate of a reasonable possible shift in the KSE-100 index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KSE-100 index, is expected to change over the time. Accordingly, the sensitivity analysis prepared as of June 30, 2015 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of KSE-100 index.

22.2 Credit risk

The Fund is exposed to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when they fall due. Credit risk arises from the inability of the counter party to fulfil their obligations. There is a possibility of default by participants or failure of the financial markets / stock exchanges, the depositories, the settlements or clearing system, etc.

The Fund's credit risk is primarily attributable to balances with banks and advances, deposits and other receivables. The credit risk of the Fund is limited as the balances are maintained with counter parties that are financial institutions with reasonably high credit ratings.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company. The Fund does not expect to incur material credit losses on its financial assets.

The maximum exposure to credit risk before any credit enhancement as at June 30, 2015 is the carrying amount of the financial assets as follows:

	2015	2014
	(Rupees in '000)	
Bank balances by rating category		
A1+ (PACRA)	263,548	90,330
A-1+ (JCR-VIS)	47,188	13,947
	310,736	104,277
Dividend receivable and accrued mark-up	2,708	13,090
Advances, deposits and other receivables	2,801	965,404

None of these assets are impaired nor past due but not impaired.

Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure.

Fund's portfolio exposed to credit risk primarily consists of bank deposits.

22.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund is exposed to daily cash redemptions of units. The Management Company manages the liquidity risk by monitoring maturities of financial assets and financial liabilities and investing a major portion of the Fund's assets in highly liquid financial assets.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption request qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

23. UNITS HOLDERS' FUND RISK MANAGEMENT

The units holders' fund is represented by redeemable units. These units are entitled to distributions and to payment of a proportionate share, based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund.

The Fund has no restrictions on the subscription and redemption of units. There is no specific capital requirement which is applicable on the Fund.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to unit holders and to maintain a strong base of assets under management.

In accordance with the risk management policies stated in note 22, the Fund endeavours to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemption, such liquidity being augmented by short-term borrowing arrangements (which can be entered if necessary) or disposal of investments where necessary.

24. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the amount for which an asset could be exchanged, or liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, differences can arise between carrying values and fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the year end date. The quoted market prices used for financial assets held by the Fund is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The estimated fair value of other financial assets and liabilities is considered not significantly different from carrying values as the items are either short term in nature or periodically repriced.

IFRS 7, 'Financial instruments: Disclosures' requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or Liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

25. DISCLOSURE UNDER CIRCULAR 16 OF 2010 ISSUED BY THE SECURITIES ANDEXCHANGE COMMISSION OF PAKISTAN - CATEGORISATION OF OPEN END SCHEME

The Securities and Exchange Commission of Pakistan vide Circular 7 of 2009 dated March 6, 2009 required all Asset Management Companies to classify funds under their management on the basis of categorisation criteria laid down in the said circular. The Management Company classified the Fund as 'Equity Scheme' in accordance with the said circular. As at June 30, 2015, the Fund is compliant with all the requirements of the said circular except for clause 2 (iv) which requires that the rating of any debt security in the portfolio shall not be lower than A- (A Minus).
