Statement of Material Facts
Under Section 134(3) of the Companies Act, 2017

The erstwhile Pakistan Industrial Credit & Investment Corporation Limited ("**PICIC**"), the then holding company of the erstwhile PICIC AMC had acquired Management Rights of ICP SEMF from the Government of Pakistan ("**GOP**") through Privatization Commission ("**PC**") under a Management Rights Transfer Agreement in the year 2004 and subsequently transformed ICP SEMF into a single Closed End Fund under the name **PICIC Growth Fund** (PGF).

Under an Agreement to Transfer Management Rights, the erstwhile PICIC transferred the Management Rights of PGF to its wholly-owned subsidiary, PICIC AMC.

Pursuant to compliance with Regulation 65 of the NBFC Regulations, all Closed End Funds were required to be converted into Open End Schemes upon expiry of five years from November 21, 2007 i.e. by November 21, 2012. Closed End Funds whose portfolios were frozen as a result of a Consent Agreement with Government of Pakistan (**GOP**) through Privatization Commission (**PC**) were allowed to be converted into Open End Schemes within three months from the date of the removal of the freezing of the portfolios. Since PGF still has Frozen Portfolio, it was not converted into an Open End Scheme in accordance with Regulation 65 of NBFC Regulations.

The erstwhile PICIC AMC was merged into the Company (HBL Asset Management Limited – "**HBL AML**") vide the SECP's Sanction Order dated August 31, 2016, which contains certain conditions imposed by the SECP while sanctioning the Scheme of Merger of PICIC AMC with and into HBL AML, including the condition contained in Clause 6.xiii of the Sanction Order requiring HBL AML to

convert PGF into an Open End Scheme, with bifurcation into two classes of Units i.e. Class-A Units representing the Frozen Portfolio and Class-B Units representing the Unfrozen Portfolio.

The Board of HBL AML in its meeting held on November 23, 2017 approved the Conversion Plan and decided to proceed with the conversion of PGF into an Open End Scheme with the approval of the Certificate Holders of PGF under the provisions of the NBFC Regulations. For this purpose, the attached Conversion Plan will be placed before the Certificate Holders of PGF in the General Meeting ("**Meeting**") of the Certificate Holders of PGF, whereat the resolution is proposed to be passed by a simple majority of the Certificate Holders present in the Meeting (in person or through post and proxies) who would be entitled to vote thereat ("**Resolution**") for approving the conversion of the Fund from a Closed End Scheme to an Open End Scheme in accordance with the Conversion Plan.

After the passing of the Resolution, a formal application will be made to the SECP for its final approval of the conversion in terms of the Conversion Plan and the Resolution.

The initial Units i.e. Class-A Units and Class-B issued to the Certificate Holders of the Fund upon its conversion into an Open End Scheme shall not be subject to any Front End Load. However, Back End Load will be charged on redemption of Class-A Units and redemption of Class-B Units as mentioned in Article V.1(viii) and (ix) of the Conversion Plan.

Upon the issuance of the Conversion Units of the Open End Scheme, with an aim to grant an exit opportunity to the holders of Class-A Units, the Fund will continue to be listed at PSX, as an Open End Scheme to be known as HBL Growth Fund. On the Effective Date mentioned in the Conversion Plan, HBL AML shall calculate and announce NAV of both Class A and Class B Units. The existing Certificates would continue to be listed on PSX as Class A Units and shall be tradable in the same manner as certificates of a Closed End Fund, and the market value of these Certificates will be adjusted downward taking into consideration the weightage of Class-B Segment to the total net assets of PIF and other factors associated with Frozen Segment. Therefore there will be no unlisting of the existing certificates, however their market value would be adjusted downwards to reflect the bifurcation of existing closed end certificate into two Classes of units of open ended Fund and value that investor would receive through Class B unit separately.

Class-A Units would be considered as Certificates of a Closed End Fund for the purpose of existing regulatory framework of PSX as applicable to Certificates of Closed End Fund. This consideration is required to enable the PSX to ensure the tradability of Units of Open End Scheme under same regulatory framework as applicable to Certificates of Closed Ended Funds.

Class-A Units shall be freely tradable at PSX and therefore be sold or purchased through PSX at running market prices. However, Class-A Units shall be redeemable after the Frozen Portfolio is unfrozen by GOP. In that case, Class-A Units will be unlisted and the issuance and redemption of Units shall be effectuated by HBLAML, the management company. However, Back End Load will be charged on such redemption at the rates stipulated in Article V.1(viii) of the Conversion Plan.

HBL AML's Board intends to seek relaxations/consents from the SECP for matters listed in Para 3A Article IX of the Conversion Plan and also seek other regulatory relaxations/consents with the approval of the SECP as indicated in Para 3B of Article IX of the Conversion Plan

CDC will continue to act as the Trustee of the Open End Scheme to be known as *HBL Growth Fund*.

HBL AML shall continue to be the Management Company of HBL Growth Fund as an Open End Scheme. The Management Company shall execute a Restated Trust Deed with the Trustee with the approval of the SECP and get the same registered with the Sub-Registrar. The Management Company shall get HBL Growth Fund as an Open End Scheme registered with the SECP as a Notified Entity under the NBFC Regulations and prepare and publish an Offering Document after seeking approval from the SECP. The Management Company shall also execute such other documents and deeds, as

may be required for smooth conversion of the Fund into an Open End Scheme, obtain and fulfill all regulatory compliances, including approval from the SECP and fulfill, effectuate and do all such other acts, things and deeds.

The conversion will require revamping of the Trust Deed of the Fund by a Restated Trust Deed to be approved by the SECP and get registered with the Sub-Registrar. The Restated Trust Deed shall contain all requisite terms and conditions applicable to an Open End Scheme with three Classes of Units i.e. Class-A Units and Class-B Units to be issued initially, as defined in Conversion Plan and subsequent issuance of Class-C Units as mentioned in the Conversion Plan. An Offering Document of the Fund will also be prepared so as to meet with the requirements of an Open End Scheme under the NBFC Regulations. The Offering Document shall also be approved by the SECP.

1.2 **Background:**

The erstwhile Pakistan Industrial Credit & Investment Corporation Limited ("**PICIC**"), the then holding company of the erstwhile PICIC AMC had acquired Management Rights of ICP SEMF from the GOP through PC under a Management Rights Transfer Agreement in the year 2004 and subsequently transformed ICP SEMF into a single Closed End Fund under the name **PICIC Growth Fund** (PGF).

Under an Agreement to Transfer Management Rights, the erstwhile PICIC transferred the Management Rights of PGF to its wholly-owned subsidiary, PICIC AMC.

Pursuant to compliance with Regulation 65 of the NBFC Regulations, all Closed End Funds were required to be converted into Open End Schemes upon expiry of five years from November 21, 2007 i.e. by November 21, 2012. Closed End Funds whose portfolios were frozen as a result of Consent Agreements with GOP through PC were allowed to be converted into Open End Schemes within three months from the date of the removal of the freezing of the portfolios. Since PGF has Frozen Portfolio, it was not converted into an Open End Scheme.

The erstwhile PICIC AMC was merged into HBL AML vide the Commission's Sanction Order dated August 31, 2016, which contain certain conditions imposed by the Commission while sanctioning the Scheme of Merger of PICIC AMC with and into HBL AML, including the condition contained in Clause 6.xiii of the Sanction Order requiring HBL AML to mandatorily convert PGF into an Open End Scheme, with bifurcation of the existing PGF Undertaking into two Segments i.e. Class-A Segment relating to Frozen Portfolio against which Class-A Units shall be issued and Class-B Segment relating to Unfrozen Portfolio against which Class-B Units shall be issued.

The Board of HBL AML in its meeting held on November 23, 2017 decided to proceed with the conversion of PGF into an Open End Scheme with the approval of the Certificate Holders of PGF under the provisions of the NBFC Regulations. For this purpose, this Plan has been prepared for placing the same before the Certificate Holders of PGF in a General Meeting ("**Meeting**"), whereat a resolution is proposed to be passed by a simple majority of the Certificate Holders present in the Meeting (in person or through post and proxies) who were entitled to vote thereat ("**Resolution**") for approving the conversion of the Fund from a Closed End Scheme to an Open End Scheme, so as to comply with the mandatory condition contained in Clause 6.xiii of the Commission's Sanction Order.

After the passing of the Resolution, a formal application will be made to the Commission for the sanction of the conversion in terms of this Plan and the Resolution.

The conversion will require revamping of the Trust Deed of PGF by a Restated Trust Deed to be approved by the Commission and got registered with the Sub-Registrar. The Restated Trust Deed shall contain all requisite terms and conditions applicable to an Open End Scheme with three Classes of Units i.e. Class-A Units, Class-B Units and Class-C Units, as defined above. An Offering Document of PGF will also be prepared so as to meet with the requirements of an Open End Scheme under the NBFC Regulations. The Offering Document shall also be got approved by the Commission.

Upon conversion, the Open End Scheme would be known as ***HBL Growth Fund***.

II. **OBJECT OF THE CONVERSION PLAN**

This Conversion Plan is based on the directive given by the Commission. The object of this Plan is to convert PGF from a Closed End Fund to an Open End Scheme, as directed by the Commission vide the Sanction Order. The conversion would necessitate issuance of Conversion Units to the Certificate Holders i.e. Class-A Units of PGF to be issued to the Certificate Holders of PGF based on the market value of the Frozen Portfolio applicable on the Effective Date and Class-B Units of PGF to be issued to the Certificate Holders of PGF based on the NAV of the Unfrozen Portfolio on the Effective Date, in lieu of the Certificates held by them. The Conversion Units shall be issued on the basis of the swap ratio between the Certificates and the Units as mentioned in Article V.1 hereafter while maintaining the continuity of the Fund as a trust.

The existing Certificates of PGF will continue to be listed at PSX. However, their status will be changed from Certificates of a Closed End Fund to Units of an Open End Scheme.

Class-A Units would however be considered as Closed End Certificates for the purpose of existing regulatory framework of PSX applicable to Closed End Certificates. This consideration is required to enable the PSX to ensure the tradability of Units of Open End Scheme under same regulatory framework as applicable to Certificates of Closed Ended Funds.

The market value of the Certificate will be adjusted downwards by weight of Un-frozen Segment to total net assets of the Fund as at Effective Date and would continue to be listed on PSX as Class-A Units and shall be tradable in the same manner as Certificates of a Closed End Fund.

Class-B Units and Class-C Units shall be redeemable on the basis of their respective NAVs. Details of these matters are provided in Article V.

Class-A Units will remain listed and tradable at PSX till such time that their status changes to unfrozen Units upon which the same would be de-listed

1. The conversion of PGF into an Open End Scheme shall be effectuated by issuance of Conversion Units i.e. Class-A Units and Class-B of the Open End Scheme to the Certificate Holders of PGF based on the following swap ratio:-
 - (i) For each Certificate of PGF, each Certificate Holder whose name is entered in the Register of PGF on the Effective Date shall be issued one (1) Unit of Class-A of the Open End Scheme based on value of the shares of PSO and SNGPL prevailing on the Effective Date and any dividend receivable, less all liabilities as stated in Para 2A(d) of Article IV above and one (1) Unit of Class-B of Open End Scheme based on the NAV of Unfrozen Portfolio (remaining assets), less all liabilities of the Fund on Effective Date with no Front End Load.
 - (ii) The Conversion Units shall be credited as fully paid up.
 - (iii) Upon the issuance of the Conversion Units of the Open End Scheme, with an aim to grant an exit opportunity to the holders of Class-A Units, PGF will continue to be listed at PSX, as an Open End Scheme to be known as *HBL Growth Fund*. On the Effective Date, HBLAML shall calculate and announce NAV of both Class A and Class B Units. The existing Certificates would continue to be listed on PSX as Class A Units and shall be tradable in the same manner as certificates of a Closed End Fund, and the market value of these Certificates will be adjusted downward taking into consideration the weightage of Class-B Segment to the total net assets of PIF and other factors associated with Frozen Segment.

This consideration is required to enable the PSX to ensure the tradability of Units of Open End Scheme under same regulatory framework as applicable to Certificates of Closed Ended Funds.
 - (v) Accordingly, the market value of the existing Certificate after downwards adjustment by weightage of Un-frozen Segment to total net assets of PGF as at Effective Date will represent and be transformed into Class-A Units which would be sold or purchased through PSX at the running market price.

Such new Units will be Class-C Units, that may be subject to the Front End Load and Back End Load as per the terms and conditions of the Restated Trust Deed and the Offering Document of the Open End Scheme, as may be approved by the Commission. HBL-AML will be self-transfer agent for Class-B and Class-C Units.

- (viii) Class-A Units shall be freely tradable at PSX and therefore be sold or purchased through PSX at running market prices. However, Class-A Units shall be redeemable after the Frozen Portfolio is unfrozen by GOP. In that case, Class-A Units will be unlisted and the issuance and redemption of Units shall be effectuated by HBLAML, the management company. This Scheme may be sanctioned in its present form or with any modifications thereof or additions thereto, which the Commission may impose, which shall be deemed to be part of this Plan.

3A The Board intends to seek the following relaxations/consents from the Commission:-

- (i) Permission for downwards adjustment of market value of certificate by weight of Un-frozen Segment to total net assets of the Fund so that the remaining value of Certificate is representative of Class-A Units and relaxation of listing regulations to effectuate this act will be claimed from the Commission under Regulation 67A of the NBFC Regulations. The Commission has the power to grant such relaxation under Regulation 67A, which will also be binding on PSX.
- (ii) Permission for listing of Class-A Segment at PSX to be treated as a Closed End Fund for the purpose of continuous trading of Class-A Units, including payments, settlements and deliveries through NCCPL, in the same manner as certificates of a listed Closed End Fund and transfers of Class-A Units to the purchasers through PSX.
- (iii) Permission for technical listing of Class-B and Class-C Units as per rules and regulations of PSX. Class-B Units issued against Class-B Segment of PGF, being an Open End Scheme, as well as new Units issued in form of Class C-Units would be technically listed at PSX.

Relaxation will be sought under NBFC Regulation 67A.
- (v) Relaxation on Investment related compliances as mentioned in NBFC Regulations, 2008 and related circulars, in respect of Frozen Segment (Class-A Units) of the Open End Scheme.

3B The Board intends to seek the following regulatory relaxations/consents with the approval of the Commission:-

- (i) Class-A Units of PGF will be listed at PSX as *securities* and not as Closed End Fund, although for the purpose of tradability, PSX may treat the same as Closed End Fund so as to meet its own regulations.
- (ii) Certain conditions applicable to shares of listed companies or certificates of Closed End Fund would not be applicable to Class-A Units of PGF and PSX would be requested to grant relaxations from such conditions contained in Chapter 5 of the Rule Book of PSX with the approval of the Commission. For avoidance of doubt, there will be only one Open End Scheme i.e. PGF with two separate Classes of Units and only Class-A Units will be tradable at PSX, as Certificates of a Closed End Fund. The modalities of trading of Class-A Units at PSX will be determined in consultation with PSX and the Commission. In this regard, following relaxations from the conditions of the Rule Book of PSX would be requested by HBL-AML:-

Only selective documents i.e. Conversion Plan, Resolution passed by the Certificate Holders of PGF for conversion into Open End Scheme, the Commission's final Order sanctioning the Conversion, Auditors Certificate in relation to value of Class-A Segments representing the Frozen Portfolios and ratio of Class-A Units to be issued to the existing Certificate Holders thereagainst and such other information as PSX may reasonably require.

The listing fee for listing of Class-A Segments as Closed End Fund should be waived.

(c) **Clause 5.4.1 of PSX's Rule Book**

Free-Float requirement under various Clauses of the Rule Book and criteria for Free-Float Methodology for computing Free-Float of Securities vide PSX's Notice No.PSX/N-4829 dated August 16, 2017 not to be made applicable to Class-A Segment representing the Frozen Portfolio.

(d) **Clauses 5.4.1 and 5.5 of PSX's Rule Book:**

Since there will be no Public Offer or issue of Prospectus, the requirements of Clauses 5.4.1 and 5.5 should not be applicable.

(e) **Clauses 5.6, 5.7, 5.8, 5.10, 5.11, 5.12, etc. of PSX's Rule Book:**

The conditions relating to Dividends and Entitlements, holding of Annual General Meetings, Increase in Capital, Quality of Audit, De-listing, Suspension and Defaulter Segment, etc. should not be applicable to Class-A Segment representing the Frozen Portfolio, which will be regulated by the NBFC Regulations.

(f) **Clause 5.15.8 of PSX's Rule Book:**
