# REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of HBL Asset Management Limited is pleased to present its report together with Financial Statements of HBL Income Fund, HBL Government Securities Fund, HBL Money Market Fund, HBL Cash Fund, HBL Stock Fund, HBL Equity Fund, HBL Energy Fund, HBL Multi Asset Fund, HBL Growth Fund, HBL Investment Fund, HBL Financial Sector Income Fund, HBL Mehfooz Munafa Fund and HBL Total Treasury Exchange Traded Fund (the Funds) for the year ended June 30, 2024.

# ECONOMIC REVIEW

FY24 set the path for the economic recovery and stability. Nine-month Standby Arrangement (SBA) of USD 3.0B with IMF, signed at the end of June 2023, provided the much needed breathing space to Pakistan. The program has helped in unlocking other multilateral and bilateral inflows and stabilize foreign exchange reserves. Following the SBA program Pakistan received funding and rollovers from bilateral and multilateral. SBP reserves increased by USD 4.9B to ~USD 9.4B during FY24. PKR-USD parity also strengthened from the high of PKR 307/USD to PKR 278/USD. In FY24, PKR appreciated by 2.7%. Soon after the successful completion of the SBA program, Pakistani authorities were able to reach an agreement on 3 year EFF program whose approval from the IMF Executive Board is due in September. The long term program will ensure continuity of economic stability and aid in meeting external obligations.

GDP growth in FY24 recorded at 2.4% led by 6.3% growth in agriculture. Although services and industrial sectors growth remained muted at 1.2% and 2.4% respectively, they improved as compare with FY23. For FY24, government has set the GDP growth target at 3.6% based on 2.0%, 4.4% and 4.1% growth in agriculture, industrial and services growth respectively.

Current Account Deficit (CAD) in FY24 clocked in at USD 0.7B as compare with USD 3.3B in FY23. 11% decline in trade deficit to USD 22B and 11% increase in remittances to USD 30.3B were the reasons behind reduction in CAD. Exports went up 12% y/y to USD 31B in FY24 while imports remained muted at USD 53.2B. In 2MFY25 CAD has declined by 81% y/y to USD 171M. Despite 22% increase in trade deficit to USD 4.7B, CAD decreased due to 44% increase in remittances to USD 5.9B.

Headline inflation, after touching the high of 38% in May 2023 has been on a declining trend. Inflation averaged 24% in FY24 vs 29% in FY23. Higher base effect, stable parity and softening of food prices led to a decline in inflation. In 2MFY25, headline inflation averaged to 10.4% vs 27.84% in 2MFY24. In line with trend of headline inflation, core inflation declined to 12.9% in 2MFY25 vs 21.2% in 2MFY24.

Despite high interest rates, fiscal deficit declined to 6.8% of GDP in FY24 vs 7.7% in FY23. Increase in tax collection, controlled current expenditures and lower PSDP led to decline in deficit. Primary balance recorded a surplus of 0.9% of GDP in FY24 vs a deficit of 0.8% in FY23, despite higher interest rate environment. In FY25, government has budgeted a deficit of 5.9% on the back of higher tax collections and non-tax revenue. Primary balance surplus is budgeted at 1% of GDP.

# STOCK MARKET REVIEW

In FY24, the benchmark KSE-100 index gained 36,992 points or 89.2% to reach at 78,445 level. IMF program euphoria, economic stability, political certainty, peaceful culmination of elections along with foreign inflows turned the sentiments positive. Strong results posted by corporates despite economic turbulence also supported the bullish momentum. To note, KSE-100 index has been the best performing market in FY24 by posting 94% USD based return.

The sectors that majorly contributed to the performance in FY24 were Banks (+13,262 pts), fertilizer (+5,074 pts), Oil and Gas Exploration (+4,300 pts) and Power (+4,192 pts). Whereas script wise major contribution came from HUBC (+3,282 pts), UBL (+2,719 pts), MEBL (+2,392 pts), EFERT (+1,998 pts) and BAHL (+1,945 pts).

The average daily volume and value of KSE All share index grew to 461M shares and PKR 15.6B from 192M shares and PKR 6.1B in the FY23. Foreigners were net buyers of USD 141M whereas on the local front Banks, individuals, mutual funds and others were net sellers of USD 141M, USD 60M, USD 47M and USD 33M respectively. Insurance and companies remained net buyer of 126M and 36M respectively.

After the drastic decline in inflation, interest rates cycle is now on a reverse trend. Policy rate after touching the all-time high of 22% has been reduced to 17.5%. Inflation readings in the coming months are estimated to be in single digits which will provide room for further cut in interest rates. Decline in interest rates, securing of 3 years EFF program, funding support from multilateral and bilateral, strong earnings outlook and weakening oil price outlook will keep the market momentum positive. Despite offering dividend yield of 11%+, market is trading at P/E of 4.0x vs historical average of 6.0x. We believe that market could re-rate from current levels; hence, we maintain bullish stance on equities. The risk to our stance is escalation in middle-east and possibility of any domestic political uncertainty.

#### MONEY MARKET REVIEW

During the period under review, SBP maintained policy rate at 22% to slow down the economic activity and tame down the inflation. However, in the last Monetary Policy Committee (MPC) meeting of FY24, the policy rate was reduced to 20.5% on the back of decline in inflation. On a forward looking basis, the real interest rates have turned significantly positive.

Sensing the forth coming decline in interest rates, secondary market yields have started coming down before the interest rate cut announcement by MPC. After touching the high of 23.78%, 24.51%, 24.73%, 21.16% and 17.93% secondary market yields retreated to 19.97%, 19.91%, 18.68%, 16.50% and 15.37% for 3M, 6M, 12M, 3Y and 5Y tenors respectively. In T-bill auctions, 3M, 6M and 12M cut-off yields after reaching the high of 24.5%, 24.79% and 25.07% have declined to 20.15%, 19.96% and 18.54% respectively. In 3Y and 5Y fixed rate PIB auctions, cut off yields after witnessing the high of 19.35% and 16.95% went down to 16.60% and 15.45% respectively.

During the last T-Bill auction held on 26th Jun-24, government raised PKR 777B as against the target of PKR 150B where cut-off yields remained largely flat at 20.15%, 19.96% and 18.54% for 3M, 6M and 12M T-Bills respectively. In last fixed rate PIB auction held on 25th-Jun-24, government raised PKR 131B against the target of PKR 190B. Cut off yields for 3Y, 5Y and 10Y have remained broadly stable at 16.55%, 15.45% and 14.25% for 3Y, 5Y and 10Y bonds respectively. In the last floating rate PIB auction, government raised PKR 106B against the target of PKR 500B.

It is also pertinent to note that during the last Sukuk auction held on 27th June-2024, government raised PKR 198B from Fixed Rental Rate (FRR) Sukuk against target of PKR 20B. Yield on 3-year Sukuk stood at 15.80% whereas on 5-year Sukuk stood at 15.10% for FRR. In Variable Rate Sukuk (VRR) auction, government raised PKR 20B as per the target. In last fixed rate discounted Ijara Sukuk of FY24, government raised PKR 21B against the target of PKR 10B at 18.50%.

Despite decline in interest rates, real interest rates have remained significantly positive on forward looking basis due to expected sharp decline in inflation. As inflation is expected to ease further from current levels, possibility of further rate cuts are high.

# **FUTURE OUTLOOK**

We believe that it would be difficult for the government to achieve the growth target of 3.6% in FY25. The growth will likely remain muted between 2.5% to 3.0% given the high interest rate environment, erosion of purchasing power parity and underutilization of PSDP.

On the fiscal side, the budget deficit will likely be at higher side i.e. in the range of 6.5% to 7.5% vs the target of 5.9% due to higher interest payments and possible underperformance in budgeted tax collections. In 2MFY25, FBR collection has fallen short of PKR 113B to the target. To recall FBR collection target for FY25 is ~PKR 12.9T, 40% higher than FY24.

Current Account Deficit in FY25 is likely to remain near FY24 levels due to decline in oil prices and increase in remittances. As per PBS, petroleum imports were USD 16.9B or 31% of total imports. To note, Brent Crude has corrected 14% since the beginning of FY25. Increase in remittances (monthly run rate of ~USD 3B in 2MFY24) will also reduce the CAD. Pakistan has been witnessing high inflation in the last few years with peak y/y inflation touching 38% in May 2023. This was primarily driven by increase in international oil prices, floods, supply chain disruption, increase in taxes and PKR depreciation. In FY24, peak y/y inflation was observed in September 2023 at 31.44%. Inflation has been on a downward trend and have dropped from the 21% in March 2024 to 13% in June 2024. The y/y inflation has further reduced to 9.6% in August 2024. PKR stability, decline in oil prices and high base effect contributed to declining inflation readings. Inflation is expected to remain in single digits in most periods of FY25 before inching up towards the end of FY25.

Our view on Pakistan equities is positive due to cheap valuations, decline in interest rates and approval of IMF EFF programme. The market is trading at a historic low P/E multiple of ~4.0x compared to regional average of 14.5x, and offers an attractive dividend yield of 11.1%, compared to regional average of 5.5%. Hence, Pakistan equities offer a good opportunity for long-term investors.

# FUND'S PERFORMANCE AND PAYOUTS

# **HBL Income Fund**

The total income and net income of the Fund was Rs. 997.47 million and Rs. 878.03 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 113.3201 per unit as on June 30, 2024 as compared to Rs. 112.4509 per unit as on June 30, 2023, after incorporating dividend of Rs. 24.15 per unit, thereby giving an annualized return of 22.35%. During the year the benchmark (6 Month KIBOR) return was 21.87%. The size of Fund was Rs. 4.97 billion as on June 30, 2024 as compared to Rs. 2.11 billion at the start of the year.

VIS Credit Rating Company Limited has reaffirmed the Fund stability rating of A+(f) to the Fund.

# **HBL Government Securities Fund**

The total income and net income of the Fund was Rs. 583.28 million and Rs. 530.40 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 113.4443 per unit as on June 30, 2024 as compared to Rs. 112.9464 per unit as on June 30, 2023, after incorporating dividend of Rs. 23.10 per unit, thereby giving an annualized return of 20.92%. During the same year the benchmark (6 Month PKRV Rates) return was 21.69%. The size of Fund was Rs. 2.06 billion as on June 30, 2024 as compared to Rs. 0.78 billion at the start of the year.

VIS Credit Rating Company Limited has reaffirmed the Fund stability rating to AA-(f) to the Fund.

# **HBL Money Market Fund**

The total income and net income of the Fund was Rs. 4.34 billion and Rs. 3.91 billion respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 103.4401 per unit as on June 30, 2024 as compared to Rs. 103.0279 per unit as on June 30, 2023, after incorporating dividend of Rs. 21.75 per unit, thereby giving an annualized return of 21.54%. During the year the benchmark (70% 3M PKRV & 30% 3M deposit rates) return was 20.90%. The size of Fund was Rs. 22.48 billion as on June 30, 2024 as compared to Rs.13.33 billion at the start of the year.

VIS Credit Rating Company Limited has reaffirmed the Fund stability rating of AA+ (f) to the Fund.

# **HBL Cash Fund**

The total income and net income of the Fund was Rs. 10.87 billion and Rs. 10.10 billion respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs 103.1573 per unit as on June 30, 2024 as compared to Rs 101.9926 per unit as on June 30, 2023, after incorporating dividends of Rs. 19.5403 per unit, thereby giving an annualized return of 22.20%. During the year the benchmark (70% 3M PKRV & 30% 3M deposit rates) return was 20.90%. The size of Fund was Rs 56.42 billion as on June 30, 2024 as compared to Rs. 50.34 billion at the start of the year.

VIS Credit Rating Company Limited has reaffirmed the Fund stability rating of AA+(f) to the Fund.

# **HBL Stock Fund**

The total and net income of the Fund was Rs. 101.51 million and Rs. 93.63 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs 120.5342 per unit as on June 30, 2024 as compared to Rs 69.6597 per unit as on June 30, 2023, after incorporating dividends of Rs. 8.75 per unit, thereby giving a return of 85.59%. During the same year the benchmark KSE 30 index yielded a return of 94.99%. The size of Fund was Rs 0.23 billion as on June 30, 2024 as compared to Rs. 0.16 billion at the start of the year.

# **HBL Equity Fund**

The total and net income of the Fund was Rs. 180.17 million and Rs. 165.89 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 121.4784 per unit as on June 30, 2024 as compared to Rs. 70.3636 per unit as on June 30, 2023, after incorporating dividends of Rs. 4.15 per unit, thereby giving a return of 78.55%. During the year the benchmark KSE 100 index yielded a return of 89.24%. The size of Fund was Rs. 0.19 billion as on June 30, 2024 as compared to Rs. 0.32 billion at the start of the year.

# **HBL Energy Fund**

The total and net income of the Fund was Rs. 185.61 million and Rs. 164.47 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 16.9821 per unit as on June 30, 2024 as compared to Rs. 9.8261 per unit as on June 30, 2023, after incorporating dividends of Rs.0.50 per unit, thereby giving a return of 77.92%. During the same year the benchmark KSE 30 index yielded a return of 94.99%. The size of Fund was Rs. 0.57 billion as on June 30, 2024 as compared to Rs. 0.24 billion at the start of the year.

# **HBL Multi Asset Fund**

The total and net income of the Fund was Rs. 50.99 million and Rs. 46.48 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs 138.4640 per unit as on June 30, 2024 as compared to Rs 92.3983 per unit as on June 30, 2023, after incorporating dividend of Rs. 11.90 per unit, thereby giving a return of 62.74%. During the same year the benchmark index (Weighted average daily return KSE 100 and 6 Month PKRV rates) yielded a return of 65.35%. The size of Fund was Rs 0.12 billion as on June 30, 2024 as compared to Rs. 0.10 billion at the start of the year.

### **HBL Growth Fund**

Effective from July 2, 2018 the Fund has been converted into an open-ended Equity Fund as per the duly approved Conversion Plan. This matter is fully disclosed in note 1.4 of the financial statements of the Fund. The Fund as a whole earned a total and net income of Rs. 1.19 billion and Rs. 993 million respectively during the year under review. The fund size of the fund stood at Rs. 7.15 billion as on June 30, 2024.

Performance review of each class is presented below:

#### HBL Growth Fund - Class 'A'

HBL Growth Fund – Class 'A' earned a total income and net income of Rs. 359.49 million and Rs. 221.16 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Class 'A' was Rs. 19.9485 per unit as on June 30, 2024 as compared to Rs. 13.7476 as at June 30, 2023, after incorporating dividend of Rs. 0.75 per unit, thereby giving a return of 49.79%. During the year the benchmark KSE 100 index yielded a return of 89.24%. The size of Class 'A' was Rs. 5.66 billion as on June 30, 2024 as compared to Rs. 3.90 billion at the start of the year.

### HBL Growth Fund - Class 'B'

HBL Growth Fund – Class 'B' earned a total and net income of Rs. 832.17 million and Rs. 771.34 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Class 'B' was Rs. 21.5925 per unit as on June 30, 2024 as compared to Rs. 12.2463 as at June 30, 2023, after incorporating dividend of Rs. 1.45, thereby giving a return of 88.16%. During the year the benchmark KSE 100 index yielded a return of 89.24%. The size of Class 'B' was Rs. 1.50 billion as on June 30, 2024 as compared to Rs. 0.91 billion at the start of the year.

#### **HBL Investment Fund**

Effective from July 2, 2018 the Fund has been converted into an open-ended Equity Fund as per the duly approved Conversion Plan. This matter is fully disclosed in note 1.4 of the financial statements of the Fund.

The Fund as a whole earned a total and net income of Rs. 504.78 million and Rs. 425.49 million respectively during the year under review. The fund size of the fund stood at Rs. 2.71 billion as on June 30, 2024.

Performance review of each class is presented below:

#### HBL Investment Fund - Class 'A'

HBL Investment Fund – Class 'A' earned a total income and net income of Rs. 126.77 million and Rs. 76.01 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Class 'A' was Rs. 7.1063 per unit as on June 30, 2024 as compared to Rs. 4.8996 as at June 30, 2023, after incorporating dividend of Rs. 0.26 per unit, thereby giving a return of 49.62%. During the year the benchmark KSE 100 index yielded a return of 89.24%. The size of Class 'A' was Rs. 2.02 billion as on June 30, 2024 as compared to Rs. 1.39 billion at the start of the year.

#### HBL Investment Fund – Class 'B'

HBL Investment Fund – Class 'B' earned a total and net income of Rs. 504.78 million and Rs. 425.49 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Class 'B' was Rs. 7.1063 per unit as on June 30, 2024 as compared to Rs. 6.0678 as at June 30, 2023, after incorporating dividend of Rs. 0.80 per unit, thereby giving a return of 84.00%. During the year the benchmark KSE 100 index yielded a return of 89.24%. The size of Class 'B' was Rs. 0.69 billion as on June 30, 2024 as compared to Rs. 0.45 billion at the start of the year.

#### **HBL Financial Sector Income Fund**

The Fund as a whole earned a total and net income of Rs. 9.33 billion and Rs. 8.59 billion respectively. The collective size of the Fund as at June 30, 2024 was 60.67 billion. Performance of each plan is presented below.

#### HBL Financial Sector Income Fund - Plan-I

The total income and net income of the Fund was Rs. 8.68 billion and Rs. 7.96 billion respectively during the period ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 102.0570 per unit as on June 30, 2024, after incorporating dividends of Rs. 19.9619 per unit, as compared to Rs. 100.8692 per unit as on June 30, 2023, thereby giving an annualized return of 22.11%. During the same period, the benchmark (6 Month KIBOR) return was 18.82%. The size of Fund was Rs. 50.71 billion as on June 30, 2024 as compared to Rs. 27.43 billion as at start of the year.

#### HBL Financial Sector Income Fund – Plan-II

The Financial Sector Income Fund Plan-II commenced its operations on February 20, 2024.

The total income and net income of the Fund was Rs. 647.43 billion and Rs. 624.64 billion respectively during the period ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 100.1090 per unit as on June 30, 2024, after incorporating dividends of Rs. 6.3693 per unit, thereby giving an annualized return of 18.51%. During the same period, the benchmark return was 21.26%. The size of Fund was Rs. 9.96 billion as on June 30, 2024.

### HBL Total Treasury Exchange Traded Fund

The total income and net income of the Fund was Rs. 114.81 million and Rs. 107.44 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 101.7531 per unit as on June 30, 2024, after incorporating dividend of Rs. 20.00 per unit, thereby giving an annualized return of 21.40%. During the same period, the benchmark return was 24.97%. The size of Fund was Rs. 509 million as on June 30, 2024 as compared to Rs. 501 million as at start of the year.

#### HBL Mehfooz Munafa Fund

The HBL Mehfooz Munafa Fund (the Fund) launched its plan-II on May 18, 2023 and matured on August 09, 2023. The Fund launched its plan-I on January 31, 2024. Performance of each plan is presented below.

#### HBL Mehfooz Munafa Fund Plan-II

The total income and net income of the plan was Rs. 69.07 million and Rs. 64.28 million respectively for the period from July 01, 2023 till maturity of the plan. The net assets as at June 30, 2024 stands NIL as all the net assets are disbursed to its investors upon maturity.

### HBL Mehfooz Munafa Fund Plan-I

The total income and net income of the plan was Rs. 430.38 million and Rs. 421.42 million respectively for the period from January 31, 2024 to June 30, 2024. The net assets as at June 30, 2024 was 5.36 billion representing NAV of Rs. 100.4630, after incorporating dividend of Rs. 7.9342, thereby giving an annualized return of 20.39% against the benchmark return of 20.40%.

#### MANAGEMENT COMPANY RATING

The VIS Credit Rating Company Limited (VIS) has reaffirmed the management quality rating of 'AM-I' (AM-One) to the Management Company and the outlook on the assigned rating has been assessed at 'Stable'.

#### AUDITORS

# اقتصادي جائزه

USD مالی سال 24 نے معاشی بحالی اور استحکام کی راہیں متعین کیں۔ جون 2023 کے آخر میں IMF کے ساتھ USD 3.08 کے نو ماہ کے اسٹینڈ بائی ارینجمنٹ (SBA) پر دستخط ہوئے، جس نے پاکستان کو سانس لینے کی انتہائی ضرورت کی جگہ فراہم کی۔ پروگرام نے دیگر کثیر جہتی اور دو طرفہ رقوم کو کھولنے اور زرمبادلہ کے ذخائر کو مستحکم کرنے میں مدد کی ہے۔ SBA پروگرام کے بعد پاکستان کو دو طرفہ اور کثیر جہتی سے فنڈنگ اور رول اوور ملے۔ FY24 کے دوران SBP کے ذخائر BSD 4.98 سے بڑھ کر ~USD 9.48 ہو گئے۔ PKR-USD برابری بھی PKR ملے۔ SB4 کے دوران SB4 کے ذخائر BKR 278/USD سے بڑھ کر ~FY24 میں، PKR میں 2.2% اضافہ ہوا۔ SBA پروگرام کی کامیاب تکمیل کے فوراً بعد، پاکستانی حکام 3 سالہ EFF پروگرام پر ایک معاہدے تک پہنچنے میں کامیاب ہو گئے جس کی آئی ایم ایف کے ایگزیکٹو بورڈ سے منظوری ستمبر میں ہونی تھی۔ طویل مدتی پروگرام اقتصادی استحکام کے تسلسل کو یقینی بنائے گا اور بیرونی ذمہ داریوں کو پورا کرنے میں مدد فراہم کرے گا۔

مالی سال 24 میں جی ڈی پی کی شرح نمو 2.4 فیصد ریکارڈ کی گئی جس کی قیادت زراعت میں 6.3 فیصد ہے۔ اگرچہ خدمات اور صنعتی شعبوں کی ترقی بالترتیب 1.2% اور 2.4% پر خاموش رہی، لیکن مالی سال 23 کے مقابلے میں ان میں بہتری آئی۔ مالی سال 24 کے لیے، حکومت نے بالترتیب زراعت، صنعتی اور خدمات میں 2.0%، 4.4% اور 4.1% کی شرح نمو کی بنیاد پر جی ڈی پی کی شرح نمو کا ہدف 3.6% مقرر کیا ہے۔

مالی سال 24 میں کرنٹ اکاؤنٹ خسارہ (CAD) FY23 میں USD 3.38 کے مقابلے میں USD 0.78 تک پہنچ گیا۔ CAD میں کمی کے پیچھے تجارتی خسارے میں 11% کمی اور USD 30.38 تک ترسیلات زر میں 11% اضافہ تھا۔ FY24 میں برآمدات 12% y/y بڑھ کر USD 318 ہو گئیں جبکہ درآمدات USD 53.28 پر خاموش رہیں۔ 2MFY25 میں y/y %AD 81% کی کمی سے USD 171M ہو گیا ہے۔ تجارتی خسارے میں 22% اضافے کے باوجود USD 4.78 تک، ترسیلات زر میں 44% اضافے کی وجہ سے CAD کم ہو کر USD 5.9B ہو گیا۔

مئی 2023 میں 38 فیصد کی بلند ترین سطح کو چھونے کے بعد ہیڈ لائن افراط زر میں کمی کا رجحان رہا ہے۔ افراط زر کی اوسط FY24 میں 24% رہی بمقابلہ FY23 میں 29%۔ زیادہ بنیادی اثر، مستحکم برابری اور خوراک کی قیمتوں میں نرمی مہنگائی میں کمی کا باعث بنی۔ 2MFY25 میں، ہیڈ لائن افراط زر 2MFY24 میں 27.84% کے مقابلے میں اوسطاً 10.4% رہا۔ ہیڈ لائن افراط زر کے رجحان کے مطابق، بنیادی افراط زر 2MFY25 میں 12.9% بمقابلہ 2MFY24 میں 21.2% تک گر گیا۔

بلند شرح سود کے باوجود، مالیاتی خسارہ مالی سال 24 میں جی ڈی پی کے 6.8 فیصد بمقابلہ مالی سال 23 میں 7.7 فیصد تک گر گیا۔ ٹیکس کی وصولی میں اضافہ، موجودہ اخراجات پر کنٹرول اور کم پی ایس ڈی پی خسارے میں کمی کا باعث بنی۔ پرائمری بیلنس نے FY24 میں GDP کا 0.9% سرپلس ریکارڈ کیا بمقابلہ FY23 میں 0.8% کا خسارہ، شرح سود کے بلند ماحول کے باوجود۔ مالی سال 25 میں، حکومت نے زیادہ ٹیکس وصولیوں اور غیر ٹیکس محصولات کی وجہ سے 5.9 فیصد خسارے کا بجٹ رکھا ہے۔ پرائمری بیلنس سرپلس کا بجٹ جی ڈی پی کے 1% پر رکھا گیا ہے۔

# اسٹاک مارکیٹ کا جائزہ

FY24 میں، بینچ مارک KSE-100 انڈیکس 36,992 پوائنٹس یا 89.2 فیصد اضافے سے 78,445 کی سطح پر پہنچ گیا۔ آئی ایم ایف پروگرام کی جوش، معاشی استحکام، سیاسی یقین، انتخابات کے پرامن اختتام کے ساتھ ساتھ غیر ملکی سرمایہ کاری نے جذبات کو مثبت بنا دیا۔ اقتصادی بدحالی کے باوجود کارپوریٹس کے ذریعے پوسٹ کیے گئے مضبوط نتائج نے بھی تیزی کی رفتار کو سہارا دیا۔ نوٹ کرنے کے لیے، 100-KSE انڈیکس FY24 میں 94% USD پر مبنی ریٹرن پوسٹ کر کے بہترین کارکردگی کا مظاہرہ کرنے والی مارکیٹ رہی ہے۔

جن شعبوں نے مالی سال 24 میں کارکردگی میں بڑا حصہ ڈالا وہ بینک (+13,262 پوائنٹس)، کھاد (+5,074 پوائنٹس)، تیل اور گیس کی تلاش (+4,300 پوائنٹس) اور پاور (+4,192 پوائنٹس) تھے۔ جب کہ اسکرپٹ کے لحاظ سے بڑا حصہ (HUBC (+3,282 pts)، UBL (+2,719 pts)، MEBL (+2,392 pts)، EFERT (+1,998 pts) اور BAHL (+1,945 pts) سے آیا۔

KSE آل شیئر انڈیکس کا یومیہ اوسط حجم اور قدر FY23 میں I92M حصص سے بڑھ کر 461M حصص اور PKR 15.6B اور PKR 6.1B ہو گئی۔ غیر ملکی USD 141M کے خالص خریدار تھے جبکہ مقامی محاذ پر بینک، افراد، میوچل فنڈز اور دیگر بالترتیب USD 47M، USD 60M، USD 47M اور USD 33M کے خالص فروخت کنندگان تھے۔ انشورنس اور کمپنیاں بالترتیب 126M اور 36M کے خالص خریدار رہے۔

افراط زر میں زبردست کمی کے بعد، شرح سود کا چکر اب الٹا رجحان پر ہے۔ پالیسی ریٹ 22 فیصد کی بلند ترین سطح کو چھونے کے بعد کم کر کے 17.5 فیصد کر دیا گیا ہے۔ آنے والے مہینوں میں افراط زر کی ریڈنگ سنگل ہندسوں میں ہونے کا تخمینہ ہے جو شرح سود میں مزید کمی کی گنجائش فراہم کرے گا۔ شرح سود میں کمی، 3 سالہ EFF پروگرام کا تحفظ، کثیر جہتی اور دوطرفہ سے فنڈنگ سپورٹ، مضبوط آمدنی کا آؤٹ لک اور تیل کی قیمت کا کمزور ہونا مارکیٹ کی رفتار کو مثبت رکھے گا۔ 11%+ کی منافع بخش پیداوار پیش کرنے کے باوجود، مارکیٹ 4.0x کے P/E پر ٹریڈ کر رہی ہے بمقابلہ تاریخی اوسط 6.0x۔ ہمیں یقین ہے کہ مارکیٹ موجودہ سطحوں سے ری ریٹ کر سکتی ہے۔ لہذا، ہم ایکوئٹی پر تیزی کا موقف برقرار رکھتے ہیں۔ ہمارے موقف کے لیے خطرہ مشرق وسطیٰ میں اضافہ اور کسی بھی ملکی سیاسی غیر یقینی صورتحال کا امکان ہے۔

# منی مارکیٹ کا جائزہ

زیر جائزہ مدت کے دوران، اسٹیٹ بینک نے معاشی سرگرمیوں کو کم کرنے اور افراط زر کو کم کرنے کے لیے پالیسی ریٹ کو 22 فیصد پر برقرار رکھا۔ تاہم، مالی سال 24 کی آخری مانیٹری پالیسی کمیٹی (MPC) کے اجلاس میں، افراط زر میں کمی کی وجہ سے پالیسی ریٹ کو کم کر کے 20.5% کر دیا گیا تھا۔ مستقبل کی بنیاد پر، حقیقی سود کی شرحیں نمایاں طور پر مثبت ہو گئی ہیں۔

شرح سود میں آئندہ آنے والی کمی کو محسوس کرتے ہوئے، MPC کی طرف سے شرح سود میں کمی کے اعلان سے پہلے ثانوی مارکیٹ کی پیداوار میں کمی آنا شروع ہو گئی ہے۔ 23.78%، 24.51%، 24.73%، 21.16% اور 17.93% ثانوی مارکیٹ کی پیداوار کی بلندی کو چھونے کے بعد 19.97%، 19.91%، 18.68%، 16.50% اور 15.37%، M 6M اور 125 MS کے لیے 15.37%، %Y15 MS بالترتیب ٹی بل نیلامیوں میں، 6M MG اور 121 کٹ آف پیداوار 24.55%، 24.79% اور 25.07% کی بلندی تک پہنچنے کے بعد بالترتیب ٹی بل نیلامیوں میں، 6M اور 18.54 کئ آف گئی ہیں۔ 34 اور 25.07% اور 25.41% تک R.35% اور 19.95% اور 16.95% تک گر پیداوار بالترتیب 16.60% اور 15.45% تک گر گئی۔

26 جون-24 کو منعقدہ آخری ٹی-بل نیلامی کے دوران، حکومت نے PKR 1508 کے ہدف کے مقابلے میں PKR 7778 اٹھایا جہاں 6M اور T 12M کے لیے کٹ آف پیداوار 20.15%، 19.96% اور 18.54% پر بڑی حد تک فلیٹ رہی۔ بالترتیب بل۔ 25-جون-24 کو ہونے والی آخری مقررہ شرح PIB نیلامی میں، حکومت نے 1908 PKR کے ہدف کے مقابلے میں PKR 1318 بڑھایا۔ 37، 57 اور 10Y کے لیے کٹ آف پیداوار بالترتیب 37، 57 اور 10Y بانڈز کے لیے بالترتیب 16.55%، 15.45% اور 14.25% پر مستحکم رہی ہے۔ آخری فلوٹنگ ریٹ PIB نیلامی میں، حکومت نے PKR 5008 کے ہدف کے مقابلے میں PKR 1068 بڑھایا۔ یہ بات بھی قابل ذکر ہے کہ 27 جون-2024 کو ہونے والی آخری سکوک نیلامی کے دوران، حکومت نے PKR 20B کے ہدف کے مقابلے میں مقررہ کرایہ کی شرح (FRR) سکوک سے PKR 1988 بڑھایا۔ 3 سالہ سکوک پر پیداوار 15.80 فیصد رہی جبکہ 5 سالہ سکوک پر FRR کے لیے 15.10 فیصد رہی۔ متغیر شرح سکوک (VRR) نیلامی میں،

حکومت نے ہدف کے مطابق PKR 20B بڑھایا۔ FY24 کے آخری مقررہ رعایتی اجارہ سکوک میں، حکومت نے PKR 10B کے ہدف کے مقابلے میں PKR 21B بڑھا کر 18.50% کیا۔

شرح سود میں کمی کے باوجود، افراط زر میں متوقع تیزی سے کمی کی وجہ سے حقیقی شرح سود مستقبل کی بنیاد پر نمایاں طور پر مثبت رہی ہے۔ چونکہ افراط زر موجودہ سطح سے مزید کم ہونے کی توقع ہے، اس لیے شرح میں مزید کمی کا امکان زیادہ ہے۔

# مستقبل کا آؤٹ لک

ہم سمجھتے ہیں کہ حکومت کے لیے مالی سال 25 میں 3.6 فیصد کی شرح نمو کا ہدف حاصل کرنا مشکل ہو گا۔ شرح سود کے بلند ماحول، قوت خرید میں کمی اور PSDP کے کم استعمال کے پیش نظر نمو ممکنہ طور پر 2.5% سے 3.0% کے درمیان خاموش رہے گی۔

مالیاتی پہلو پر، بجٹ خسارہ ممکنہ طور پر بلندی پر ہوگا یعنی 6.5% سے 7.5% کی حد میں بمقابلہ 5.9% کا ہدف زیادہ سود کی ادائیگی اور بجٹ میں ٹیکس وصولیوں میں ممکنہ کم کارکردگی کی وجہ سے۔ 2MFY25 میں، FBR کی وصولی ہدف سے 1138 PKR سے کم رہی ہے۔ FBR کی وصولی کا ہدف FY25 کے لیے ~PKR 12.9T ہے، جو FY24 سے 40% زیادہ ہے۔

تیل کی قیمتوں میں کمی اور ترسیلات زر میں اضافے کی وجہ سے مالی سال 25 میں کرنٹ اکاؤنٹ خسارہ مالی سال 24 کی سطح کے قریب رہنے کا امکان ہے۔ PBS کے مطابق، پیٹرولیم کی درآمدات USD 16.9B یا کل درآمدات کا 31% تھیں۔ نوٹ کرنے کے لیے، برینٹ کروڈ نے مالی سال 25 کے آغاز سے 14 فیصد درست کیا ہے۔ ترسیلات زر میں اضافہ (2MFY24 میں ~USD 3B کی ماہانہ رن ریٹ) بھی CAD کو کم کرے گا۔

پاکستان میں گزشتہ چند سالوں میں مہنگائی کی بلند ترین شرح دیکھی جا رہی ہے اور مئی 2023 میں سالانہ مہنگائی کی شرح 38 فیصد کو چھو گئی تھی۔ یہ بنیادی طور پر تیل کی بین الاقوامی قیمتوں میں اضافہ، سیلاب، سپلائی چین میں خلل، ٹیکسوں میں اضافہ اور PKR کی قدر میں کمی کی وجہ سے ہوا تھا۔ مالی سال 24 میں، ستمبر 2023 میں 31.44 فیصد پر سالانہ مہنگائی کی بلند ترین شرح دیکھی گئی۔ مہنگائی نیچے کی جانب گامزن ہے اور مارچ 2024 میں 21 فیصد سے جون 2024 میں 13 فیصد تک گر گئی ہے۔ اگست 2024 میں سالانہ مہنگائی مزید کم ہو کر 9.6 فیصد رہ گئی ہے۔ PKR استحکام، تیل کی قیمتوں میں کمی اور اعلیٰ بنیاد کا اثر گرتی ہوئی افراط زر کی ریڈنگ میں حصہ لیا. مالی سال 25 کے اختتام تک بڑھنے سے پہلے مالی سال 25 کے بیشتر ادوار میں افراط زر کے واحد ہندسوں میں رہنے کی توقع ہے۔

سستی قیمتوں، شرح سود میں کمی اور IMF EFF پروگرام کی منظوری کی وجہ سے پاکستانی ایکویٹیز پر ہمارا نظریہ مثبت ہے۔ مارکیٹ 14.5x کی علاقائی اوسط کے مقابلے میں ~4.0x کے تاریخی کم P/E ملٹیپل پر ٹریڈ کر رہی ہے، اور 5.5% کی علاقائی اوسط کے مقابلے میں 11.1% کی پرکشش ڈیویڈنڈ پیداوار پیش کرتی ہے۔ لہذا، پاکستان کی ایکوئٹی طویل مدتی سرمایہ کاروں کے لیے ایک اچھا موقع پیش کرتی ہے۔

# فنڈ کی کارکردگی اور ادائیگیاں

# ایچ بی ایل انکم فنڈ

فنڈ کی کل آمدنی اور خالص آمدنی روپے تھی۔ 997.47 ملین روپے 30 جون 2024 کو ختم ہونے والے سال کے دوران بالترتیب 878.03 ملین روپے۔ فنڈ کی فی یونٹ خالص اثاثہ قیمت (NAV) روپے تھی۔ 30 جون 2024 تک فی یونٹ 113.3201 روپے کے مقابلے میں۔ 112.4509 فی یونٹ 30 جون 2023 تک، روپے کے منافع کو شامل کرنے کے بعد۔ 24.15 فی یونٹ، اس طرح 23.35٪ کا سالانہ منافع دیتا ہے۔ سال کے دوران بینچ مارک (6 ماہ KIBOR) کی واپسی 1.87% تھی۔ فنڈ کا حجم روپے تھا۔ 30 جون 2024 تک 4.97 بلین روپے کے مقابلے میں سال کے آغاز میں 2.11 بلین۔

| FUND RATING     | AA+(f) (VIS)  |

# Type and Category of Fund

Open end Money Market Fund

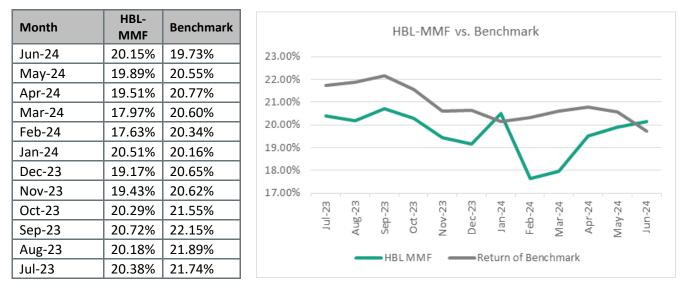

# Investment Objective and Accomplishment of Objective

The investment objective of the Fund is to seek high liquidity and competitive return for investors by investing in low risk securities of shorter duration and maturity. The investment objective is achieved.

# Benchmark and Performance Comparison with Benchmark

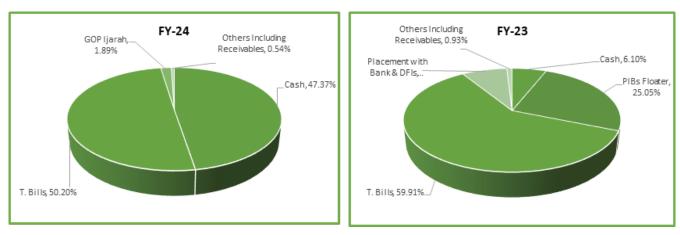

The Fund's benchmark is 70% 3 – Month PKRV + 30% 3 – Month Deposit Rate of 3 AA and above rated Banks as per MUFAP.

The comparison of the fund return with benchmark is given below:

# Strategies and Policies employed during the Year

During the year, the fund's major investments were in short term Treasury Bills comprising 50.20% of total assets and as placements in DPAs making up 47.37% of total assets. GoP Ijara Sukuk constituted 1.89% of total assets. HBL Money Market Fund posted an annualized return (YTD) of 19.61% against the benchmark return of 21.00% in FY24. In-line with the investment policy of the Fund, major investments were in the form of short maturity T-Bills. The fund has negotiated attractive rates with banks which would continue to augment returns.

# **Asset Allocation**

# Significant Changes in Asset Allocation during the Year

No major changes were made in asset allocation during the year due to nature of the fund. The fund was majorly invested in short term Government Securities, placements with DFIs while some exposures were maintained in Cash as well.

# **Fund Performance**

The total income and net income of the Fund was Rs. 4.34 billion and Rs. 3.91 billion respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 103.4401 per unit as on June 30, 2024 as compared to Rs. 103.0279 per unit as on June 30, 2023, after incorporating dividend of Rs. 21.75 per unit, thereby giving an annualized return of 21.54%. During the year the benchmark (70% 3M PKRV & 30% 3M deposit rates) return was 20.90%. The size of Fund was Rs. 22.48 billion as on June 30, 2024 as compared to Rs.13.33 billion at the start of the year.

# **Market Review**

During the period under review, SBP maintained policy rate at 22% to slow down the economic activity and tame down the inflation. However, in the last Monetary Policy Committee (MPC) meeting of FY24, the policy rate was reduced to 20.5% on the back of decline in inflation. On a forward looking basis, the real interest rates have turned significantly positive.

Sensing the forth coming decline in interest rates, secondary market yields have started coming down before the interest rate cut announcement by MPC. After touching the high of 23.78%, 24.51%, 24.73%, 21.16% and 17.93% secondary market yields retreated to 19.97%, 19.91%, 18.68%, 16.50% and 15.37% for 3M, 6M, 12M, 3Y and 5Y tenors respectively. In T-bill auctions, 3M, 6M and 12M cut-off yields after reaching the high of 24.5%, 24.79% and 25.07% have declined to 20.15%, 19.96% and 18.54% respectively. In 3Y and 5Y fixed rate PIB auctions, cut off yields after witnessing the high of 19.35% and 16.95% went down to 16.60% and 15.45% respectively.

During the last T-Bill auction held on 26th Jun-24, government raised PKR 777B as against the target of PKR 150B where cut-off yields remained largely flat at 20.15%, 19.96% and 18.54% for 3M, 6M and 12M T-Bills respectively. In last fixed rate PIB auction held on 25th-Jun-24, government raised PKR 131B against the target of PKR 190B. Cut off yields for 3Y, 5Y and 10Y have remained broadly stable at 16.55%, 15.45% and 14.25% for 3Y, 5Y and 10Y bonds respectively. In the last floating rate PIB auction, government raised PKR 106B against the target of PKR 500B.

It is also pertinent to note that during the last Sukuk auction held on 27th June-2024, government raised PKR 198B from Fixed Rental Rate (FRR) Sukuk against target of PKR 20B. Yield on 3-year Sukuk stood at 15.80% whereas on 5-year Sukuk stood at 15.10% for FRR. In Variable Rate Sukuk (VRR) auction, government raised PKR 20B as per the target. In last fixed rate discounted Ijara Sukuk of FY24, government raised PKR 21B against the target of PKR 10B at 18.50%.

Despite decline in interest rates, real interest rates have remained significantly positive on forward looking basis due to expected sharp decline in inflation. As inflation is expected to ease further from current levels, possibility of further rate cuts are high.

# Distribution

The Fund has distributed cash dividend up-to Rs. 21.75 per unit for the year ended June 30, 2024.

# Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

# Breakdown of Unit Holding by Size

| From – To             | Number of Unit Holders | Total Number of Units Held |
|-----------------------|------------------------|----------------------------|
| (Number of units)     |                        |                            |
| 1 - 100               | 4,780                  | 87,753                     |
| 101 – 500             | 778                    | 174,923                    |
| 501 – 1,000           | 215                    | 152,899                    |
| 1,001 - 10,000        | 772                    | 4,127,502                  |

# TRUSTEE REPORT TO THE UNIT HOLDERS

#### HBL MONEY MARKET FUND

#### Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Money Market Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2024 in accordance with the provisions of the following:

- Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;
- (iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and
- (iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber Chief Executive Officer Central Depository Company of Pakistan Limited

Karachi, September 27, 2024

# A.F.FERGUSON&CO.

#### INDEPENDENT AUDITOR'S REPORT

To the Unit holders of HBL Money Market Fund

#### **Report on the Audit of the Financial Statements**

#### Opinion

We have audited the financial statements of HBL Money Market Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2024, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

| S.No. | Key Audit Matter   | How the matter was addressed in our audit   |
|-------|--|---|
| 1     | Net Asset Value<br>(Refer notes 4 and 5 to the financial statements)   |   |
|       | The bank balances and investments constitute the<br>most significant component of the net asset value<br>(NAV). The bank balances and investment of the<br>Fund as at June 30, 2024 amounted to Rs.<br>10,924.488 million and Rs. 12,078.457 million<br>respectively.<br>The existence of bank balances and the existence<br>and proper valuation of investments for the<br>determination of NAV of the Fund as at June 30,<br>2024 was considered a high risk area and therefore<br>we considered this as a key audit matter. | <ul> <li>obtained independent confirmations for verifying the<br/>existence of the bank balances and investment<br/>portfolio as at June 30, 2024 and traced balances in<br/>these confirmations with the books and records of the<br/>Fund. Where such confirmations were not available,<br/>alternate audit procedures were performed;</li> </ul> |

#### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

2

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
  or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
  is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

TCO

# A·F·FERGUSON&CO.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
  disclosures, and whether the financial statements represent the underlying transactions and events in
  a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Noman Abbas Sheikh.

# For HBL Asset Management Limited (Management Company)

Director

# 1. LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 HBL Money Market Fund (the Fund) is an open ended mutual fund constituted under a Trust Deed entered between HBL Asset Management Limited as the Management Company and the Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed under the Trust Act, 1882 on March 18, 2010 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on April 9, 2010. During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trust Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trust Act.
- 1.2 The Management Company of the Fund has been registered as Non-Banking Finance Company (NBFC) under the NBFC Rules, 2003 and has obtained the requisite license from the Securities and Exchange Commission of Pakistan (SECP) to undertake Asset Management Services. The registered office of the Management Company is situated at 7th Floor, Emerald Tower, G-19, Block-5, Main Clifton Road, Clifton, Karachi, Pakistan.
- 1.3 The Fund is an open ended mutual fund categorised as 'Money Market Scheme' and offers units for public subscription on a continuous basis. The units are transferable and can also be redeemed by surrendering to the Fund. The Fund is listed on the Pakistan Stock Exchange. The units of the Fund were initially offered for public subscription at par from July 12, 2010 to July 14, 2010.
- 1.4 The principal objective of the Fund is to seek high liquidity and comparative return for investors by investing in low risk securities of shorter duration and maturity.
- 1.5 VIS Credit Rating Company Limited (VIS) has assigned the Management Quality Rating to AM-I (2023: AM) dated December 29, 2023 and the outlook on the rating has been assigned as 'Stable' (2023 : 'Stable') and the Fund stability rating of AA+(f) dated January 2, 2024 (2023: AA+(f)). The rating reflects the Management Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.6 The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as Trustee of the Fund.

# 2 BASIS OF PREPARATION

# 2.1 Statements of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

# 2.2 Standards, interpretations and amendments to the published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2023. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements and, therefore, have not been disclosed in these financial statements except for the following:

During the year certain amendments to IAS 1 'Presentation of Financial Statements' have become applicable to the Fund which require entities to disclose their material accounting policy information rather than their significant accounting policies. These amendments to IAS 1 have been introduced to help entities improve accounting policy disclosures so that these provide more useful information to investors and other primary users of the financial statements. These amendments have been incorporated in these financial statements with the primary impact that the material accounting policy information has been disclosed rather than the significant accounting policies.

# 2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2024. However, these are not considered to be relevant or will not have any material effect on the Fund's financial statements except for the following:

- The new standard IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) with applicability date of January 1, 2027 by IASB, IFRS 18 is yet to be applicable in Pakistan. IFRS 18 when adopted and applicable shall impact the presentation of 'Income Statement' with certain additional disclosures in the financial statements; and
- Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities.

# 2.4 Significant accounting estimates and judgments

The preparation of the financial statements are in conformity with accounting and reporting standards as applicable in Pakistan requires management to make estimates, assumptions and use judgments that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification and valuation of financial assets (notes 3.3 and 5) and provision for Federal excise duty (note 11.1).

# 2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except that investments have been carried at fair values.

#### 2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

#### 3 MATERIAL ACCOUNTING POLICY INFORMATION

3.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented unless otherwise stated.

#### 3.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

#### **3.3** Financial assets

#### 3.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### 3.3.2 Classification and subsequent measurement

#### **Debt instrument**

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVTPL)

based on the business model of the entity.

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognised at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

# 3.3.3 Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with it's financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and

- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

#### 3.3.4 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on the management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's circular.

#### 3.3.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset.

#### 3.3.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

# 3.4 Financial liabilities

#### 3.4.1 Classification and subsequent measurement

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

# 3.4.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### 3.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### 3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 3.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### 3.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the application received by the Management Company / distributors during business hours on that day. The offer price represents the NAV as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

# 3.9 Distribution to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

# 3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between NAV per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

# 3.11 Revenue recognition

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Income from investments in corporate sukuk certificates, government securities and letter of placements is recognised on an accrual basis using effective interest method.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the year in which these arise.
- Interest income on bank balances and commercial paper is recognised on an accrual basis.

## 3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### 3.13 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders in cash.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 3.14 Earnings per unit

Earnings per unit (EPU) is calculated by dividing the net income of the year before taxation of the Fund by the weighted average number of units outstanding during the year. The determination of earning per unit is not practicable as disclosed in note 17.

#### 3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

- 8.1 As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the offering document subject to the Total Expense Ratio Limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate ranging from 0.50% to 1% (2023: 0.50% to 0.75%) per annum of the average daily net assets of the Fund during the year ended June 30, 2024. The remuneration is payable to the Management Company monthly in arrears.
- 8.2 The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 13% (2023: 13%) on the remuneration of the Management Company through Sindh Sales Tax on Services Act, 2011.
- 8.3 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

The Management Company based on its own discretion has charged at the rate ranging from 0% to 1.05% (2023: 0.60% to 0.70%) of the daily net assets of the scheme for allocation of such expenses to the Fund.

8.4 In accordance with Circular 11 dated July 5, 2019 with respect to charging selling and marketing expenses, the Management Company, based on its own discretion, has charged selling and marketing expenses at the rate ranging from 0% to 1.42% (2023: 0.60% to 0.70%) during the year ended June 30, 2024 while keeping in view the overall return and Total Expense Ratio Limit of the Fund as defined under the NBFC Regulations.

|    |  |      |            |       |

10.1 In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay non-refundable fee to the Securities and Exchange Commission of Pakistan (SECP).

Effectve from July 1, 2023, the SECP vide SRO No. 592(I)/2023 dated May 17, 2023, has revised the rate of fee to 0.075% per annum of the daily net assets of the Fund, applicable to an "Debt Scheme". Previously, the rate of fee applicable on all categories of CISs was 0.02% per annum of the daily net assets of the Fund. Accordingly, the Fund has charged the SECP fee at the rate of 0.075% per annum of the daily net assets during the year.

Further, the Fund is required to pay the SECP fee within fifteen days of the close of every calendar month. Previously, the Fund was required to pay the SECP fee within three months of the close of accounting year.

|    |  |      | 486,403        | 295,966 |

11.1 The Finance Act, 2013 enlarged the scope of federal excise duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company and sales load with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 41.211 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund would have been higher by Re 0.19 (2023: Re. 0.32) per unit.

## 12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2024 and June 30, 2023.

#### 15 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2024 is 1.99% (2023: 1.98%) which includes 0.17% (2023: 0.10%) representing government levies on the Fund such as sales taxes, annual fee to the SECP etc. This maximum ratio limit as prescribed under the NBFC Regulation for a collective investment scheme categorised as an 'Money Market Scheme' is 2% which is required to be complied on an annual basis by the Fund.

# 16 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 17 EARNINGS PER UNIT

Earnings per unit has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating earnings per unit is not practicable.

# 23 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

# 23.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risks: yield / interest rate risk, currency risk, and price risk.

# (i) Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2024, the Fund is exposed to such risk on its balances held with banks, investments in Market Treasury Bills, GOP Ijarah Sukuk and Corporate Sukuk Certificate . The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

# a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds KIBOR based bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs 109.245 million (2023: Rs. 54.403 million).

# b) Sensitivity analysis for fixed rate instruments

As at June 30, 2024, the Fund holds Market Treasury Bills, GOP Ijarah and Corporate Sukuk which are classified as financial assets at fair value through profit or loss' exposing the Fund to fair value interest rate risk. In case of 100 basis points increase / decrease in rates announced by the Financial Markets Association of Pakistan for Market Treasury Bills with all other variables held constant, the net income for the year and net assets of the Fund would have been lower / higher by Rs 120.785 million (2023: Rs. 82.312 million).

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2024 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

HBL Money Market Fund Notes to the financial statements For the year ended June 30, 2024

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2024 can be determined as follows:

|   |                                    |                      | 2024  |                       |  |            |

# (ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

# (iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from yield / interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks. The Fund does not have any investment in equity securities as of June 30, 2024.

# 23.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed of and are considered readily realisable.

As per the NBFC Regulations, 2008, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets up to 90 days and would be secured by the assets of the Fund. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

# 23.3 Credit risk

23.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

|                                      | 20  | 24                                    | 2023  |                                       |  |
|--------------------------------------|---|---------------------------------------|---|---------------------------------------|--|
|                                      | Balance as per<br>statement of<br>assets and<br>liabilities | Maximum<br>exposure to<br>credit risk | Balance as per<br>statement of<br>assets and<br>liabilities | Maximum<br>exposure to<br>credit risk |  |
|                                      |   | Rupees                                | in '000   |                                       |  |
| Bank balances                        | 10,924,488  | 10,924,488                            | 898,563   | 898,563                               |  |
| Investments in government securities | 12,012,457  | -                                     | 11,672,891  | -                                     |  |
| Investments in debt instruments      | 66,000  | 66,000                                | 1,100,000   | 1,100,000                             |  |
| Interest / profit accrued            | 55,433  | 55,433                                | 118,727   | 45,303                                |  |
| Deposit                              | 100   | 100                                   | 100   | 100                                   |  |
|                                      | 23,058,478  | 11,046,021                            | 13,790,281  | 2,043,966                             |  |

The maximum exposure to credit risk before any credit enhancement as at June 30, 2024 is the carrying amount of the financial assets. Investments in government securities and their accrued profit, however, are not exposed to credit risk and have been excluded from the above analysis as these are guaranteed by the Government of Pakistan.

# 23.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued thereon. The credit rating profile of balances with banks as follows:

|                 | % of financial asset | % of financial assets exposed to |  |  |  |
|-----------------|----------------------|----------------------------------|--|--|--|
|                 | credit ri            | sk                               |  |  |  |
| Rating category | 2024                 | 2023                             |  |  |  |
| ААА             | 48.59%               | 8.29%                            |  |  |  |
| AA+             | 0.00%                | 56.47%                           |  |  |  |

# 23.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

The Fund does not have any collateral against any of the aforementioned assets.

# 24 FAIR VALUE AND CATEGORIES OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the reporting date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

## Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2024 and June 30, 2023, the Fund held the following financial instruments measured at fair values:

|   |         | 2024                                       |         | Tatal                     |
|---|---------|--|---------|---------------------------|
|   | Level 1 | Level 2                                    | Level 3 | Total                     |

# 25. UNIT HOLDERS' FUND RISK MANAGEMENT

The Unit Holders' Fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's NAV per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 23, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

#### 26. UNIT HOLDING PATTERN OF THE FUND

| Sep-23 | 25.07% | 23.55%    |  |  |  |
| Aug-23 | 21.41% | 22.94%    |  |  |  |
| Jul-23 | 22.62% | 23.03%    |  |  |  |

# Strategies and Policies employed during the Year

During the year under review, the fund size of HBL Income Fund more than doubled to PKR 4,973 million as compared to PKR 2,108 million in June, 2023. Investments in TFCs/Sukuks and Government Guaranteed Securities were at 11.44% and 27.84% of total assets, respectively, as on June 30, 2024. Short term Sukuks/CPs accounted for 11.77% of total assets to give a boost to return performance. Cash placements were 48.43% of total assets. The Fund was also invested in MTS/ Spread transactions at 0.13% of total assets. The fund remained invested in high yielding instruments to benefit from any decrease in interest rates.

# **Asset Allocation**

# **Fund Performance**

The total income and net income of the Fund was Rs. 997.47 million and Rs. 878.03 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 113.3201 per unit as on June 30, 2024 as compared to Rs. 112.4509 per unit as on June 30, 2023, after incorporating dividend of Rs. 24.15 per unit, thereby giving an annualized return of 22.35%. During the year the benchmark (6 Month KIBOR) return was 21.87%. The size of Fund was Rs. 4.97 billion as on June 30, 2024 as compared to Rs. 2.11 billion at the start of the year.

## **Money Market Review**

During the period under review, SBP maintained policy rate at 22% to slow down the economic activity and tame down the inflation. However, in the last Monetary Policy Committee (MPC) meeting of FY24, the policy rate was reduced to 20.5% on the back of decline in inflation. On a forward looking basis, the real interest rates have turned significantly positive.

Sensing the forth coming decline in interest rates, secondary market yields have started coming down before the interest rate cut announcement by MPC. After touching the high of 23.78%, 24.51%, 24.73%, 21.16% and 17.93% secondary market yields retreated to 19.97%, 19.91%, 18.68%, 16.50% and15.37% for 3M, 6M, 12M, 3Y and 5Y tenors respectively. In T-bill auctions, 3M, 6M and 12M cut-off yields after reaching the high of 24.5%, 24.79% and 25.07% have declined to 20.15%, 19.96% and 18.54% respectively. In 3Y and 5Y fixed rate PIB auctions, cut off yields after witnessing the high of 19.35% and 16.95% went down to 16.60% and 15.45% respectively.

During the last T-Bill auction held on 26th Jun-24, government raised PKR 777B as against the target of PKR 150B where cut-off yields remained largely flat at 20.15%, 19.96% and 18.54% for 3M, 6M and 12M T-Bills respectively. In last fixed rate PIB auction held on 25th-Jun-24, government raised PKR 131B against the target of PKR 190B. Cut off yields for 3Y, 5Y and 10Y have remained broadly stable at 16.55%, 15.45% and 14.25% for 3Y, 5Y and 10Y bonds respectively. In the last floating rate PIB auction, government raised PKR 106B against the target of PKR 500B.

It is also pertinent to note that during the last Sukuk auction held on 27th June-2024, government raised PKR 198B from Fixed Rental Rate (FRR) Sukuk against target of PKR 20B. Yield on 3-year Sukuk stood at 15.80% whereas on 5-year Sukuk stood at 15.10% for FRR. In Variable Rate Sukuk (VRR) auction, government raised PKR 20B as per the target. In last fixed rate discounted Ijara Sukuk of FY24, government raised PKR 21B against the target of PKR 10B at 18.50%.

Despite decline in interest rates, real interest rates have remained significantly positive on forward looking basis due to expected sharp decline in inflation. As inflation is expected to ease further from current levels, possibility of further rate cuts are high.

# Distribution

The Fund has distributed cash dividend up-to Rs. 24.15 per unit for the year ended June 30, 2024.

#### Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

Breakdown of Unit Holding by Size

| From– To<br>(Number of units) | Number of Unit<br>Holders | Total Number of Units<br>Held |
|-------------------------------|---------------------------|-------------------------------|
| 1 – 100                       | 522                       | 16,876                        |
| 101 – 500                     | 230                       | 51,000                        |
| 501 – 1,000                   | 71                        | 55,787                        |
| 1,001 – 10,000                | 325                       | 1,430,658                     |
| 10,001 - 100,000              | 301                       | 9,035,317                     |
| 100,001 - 500,000             | 51                        | 10,742,302                    |
| 500,001 - 1,000,000           | 8                         | 5,203,668                     |
| 1,000,001 - 5,000,000         | 3                         | 8,536,416                     |
| 5,000,001 and above           | 1                         | 8,811,489                     |
| Total                         | 1,512                     | 43,883,513                    |

# **Unit Splits**

There were no unit splits during the year.

# Circumstances materially affecting the Interest of Unit Holders

Investments are subject to market risk.

# Soft Commission

The Management Company from time to time receives research reports and presentations from brokerage houses.

#### TRUSTEE REPORT TO THE UNIT HOLDERS

## HBL INCOME FUND

# Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Income Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2024 in accordance with the provisions of the following:

- Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;
- (iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and
- (iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of HBL Income Fund

#### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of HBL Income Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2024, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

| S. No. | Key Audit Matter   | How the matter was addressed in our audit                             |
|--------|--|---|
| 1      | Net Asset Value<br>(Refer notes 4 and 5 to the financial statements)   |   |
|        | The bank balances and investments constitute the<br>most significant component of the net asset value<br>(NAV). The bank balances and investment of the<br>Fund as at June 30, 2024 amounted to Rs.<br>2,471.696 million and Rs. 2,437.054 million<br>respectively.<br>The existence of bank balances and the existence<br>and proper valuation of investments for the<br>determination of NAV of the Fund as at June 30,<br>2024 was considered a high risk area and<br>therefore we considered this as a key audit matter. | <ul> <li>re-performed valuation to assess that investment;</li> </ul> |

#### Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

2

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
  or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
  is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

ATCO

# A.F.FERGUSON&CO.

 Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

3

Evaluate the overall presentation, structure and content of the financial statements, including the
disclosures, and whether the financial statements represent the underlying transactions and events in
a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Noman Abbas Sheikh.

## For HBL Asset Management Limited (Management Company)

Director

#### 1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 HBL Income Fund (the Fund) is an open ended mutual fund constituted under a Trust Deed entered between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed under the Trust Act, 1882 on September 6, 2006 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on July 25, 2006. During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on September 8, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trust Act, 2020.
- 1.2 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and has obtained the requisite license from the SECP to undertake asset management services. The registered office of the Management Company is situated at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi. The Management Company is the member of Mutual Funds Association of Pakistan (MUFAP).
- 1.3 The Fund is an open ended mutual fund categorised as 'Income Scheme' and and offers units for public subscription on a continuous basis. The units are transferable and can also be redeemed by surrendering to the Fund. The Fund is listed on the Pakistan Stock Exchange Limited (PSX). The units of the Fund were initially offered for public subscription at par from March 15, 2007 to March 17, 2007.
- 1.4 The principal objective of the Fund is to make investments in fixed income securities. Other avenues of investments include ready future arbitrage in listed securities and transactions under Continuous Funding System.
- 1.5 VIS Credit Rating Company Limited (VIS) has maintained the Management Quality Rating to AM-I dated December 29, 2023 (2023: AM-I dated December 30, 2022) and the outlook on the rating has been assigned as 'Stable' and the Fund stability rating of A+(f) dated January 2, 2024 (2023: A+(f) dated December 29, 2022). The rating reflects the Management Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.6 The title to the assets of the Fund is held in the name of the CDC as trustee of the Fund.

### 2 BASIS OF PREPARATION

### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

# 2.2 Standards, interpretations and amendments to the published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2023. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements and, therefore, have not been disclosed in these financial statements except for the following:

During the year certain amendments to IAS 1 'Presentation of Financial Statements' have become applicable to the Fund which require entities to disclose their material accounting policy information rather than their significant accounting policies. These amendments to IAS 1 have been introduced to help entities improve accounting policy disclosures so that these provide more useful information to investors and other primary users of the financial statements. These amendments have been incorporated in these financial statements with the primary impact that the material accounting policy information has been disclosed rather than the significant accounting policies.

# 2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2024. However, these are not considered to be relevant or will not have any material effect on the Fund's financial statements except for the following:.

- The new standard IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) with applicability date of January 1, 2027 by IASB, IFRS 18 is yet to be applicable in Pakistan. IFRS 18 when adopted and applicable shall impact the presentation of 'Income Statement' with certain additional disclosures in the financial statements; and
- Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities.

#### 2.4 Significant accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification and valuation of financial assets (notes 3.2 and 5), provision for federal excise duty (note 11.1).

#### 2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value through profit or loss' which are measured at their respective fair values.

#### 2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

#### 3 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These have been applied consistently to all the years presented unless otherwise stated.

#### 3.1 Cash and cash equivalents

These comprise balances with banks in savings accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

#### 3.2 Financial assets

#### 3.2.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### 3.2.2 Classification and subsequent measurement

#### **Debt instruments**

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVTPL)

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognised at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

#### 3.2.3 Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Fund considers that a financial asset is in default when the counterparty fails to make contractual payments within 90 days of when they fall due. Further, financial assets are written off by the Fund, in whole or part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery.

#### 3.2.4 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's circular.

#### 3.2.5 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the PSX Regulations.

#### 3.2.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

#### 3.3 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### 3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### 3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 3.6 Net assets value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### 3.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the NAV per unit as of the close of business day, plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

#### 3.8 Distribution to the unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

# 3.9 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between NAV per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

### 3.10 Revenue recognition

- Gains / (losses) arising on sale of investments are included in Income Statement and are recognised on the date when the transaction takes place.
- Unrealised appreciation / (diminution) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the year in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established i.e. on the commencement of date of book closure of the investee company declaring the dividend.
- Profit on savings accounts with banks is recognised on accrual basis.

### 3.11 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, Trustee and annual fee to the SECP are recognised in the Income Statement on an accrual basis.

#### 3.12 Taxation

#### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

#### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 3.13 Earnings per unit

Earnings per unit is calculated by dividing the net income of the year before taxation of the Fund by the weighted average number of units outstanding during the year. The determination of earning per unit is not practicable as disclosed in note 19.

#### 3.14 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistan Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

|   |                  | Note | 2024      | 2023    |

5.2.1 World call Telecom Limited Term finance certificates were classified by MUFAP as non-performing on November 8, 2012 after default of installment due on October 7, 2012 (earlier default on April 7, 2012) for the second time. A restructuring agreement was signed on December 26, 2012. The restructuring included the extension of repayment period by two years, deferral of principal instalments till October 7, 2014 and payment of regular mark-up during the restructuring period. In accordance with Circular No. 33 of 2012 dated October 24, 2012, a provision of Rs. 47.767 million has been made out of which till June 30, 2024 Rs. 10.440 million has been received leaving an outstanding balance as at June 30, 2024 of Rs. 37.33 million, which is fully provided.

- 5.2.2 The Term finance and corporate sukuk certificates held by the Fund are generally secured against hypothecation of stocks and receivables and mortgage / pledge of fixed assets of the issuer.
- 5.2.3 Installments amounting to Rs. 1.998 million (2023: Rs. 1.998 million) became due for payment on Term finance certificates have been fully provided and are reflected in note 7.
- 5.2.4 These have face value of Rs. 99,780 each and were issued on December 29, 2017 carrying interest rate at the rate of 6 months KIBOR plus 1.4%. The original maturities of these were on December 29, 2024, however, were matured earlier during the year.
- 5.2.5 This represents investment in privately placed Term finance certificates of the investee company. This investment has been fully provided.

7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on profit on bank deposit paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholdee. The tax withheld on profit on debt amounts to Rs. 25.212 million (2023: Rs. 25.212 million).

For this purpose, MUFAP on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on bank balances and debt securities has been shown as other receivable as at June 30, 2024 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

- 8.1 As per regulation 61 of the NBFC Regulations, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the offering document subject to the Total Expense Ratio Limit. Keeping in view the maximum allowable threshold, the Management Company has charged remuneration at the rates ranging from 1% to 1.5% (2023: 1% to 1.5%) per annum of the daily net assets during the year. The remuneration is payable to the Management Company monthly in arrears.
- 8.2 The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 13% (2023: 13%) on the remuneration of the Management Company through Sindh Sales Tax on Services Act, 2011.
- 8.3 In accordance with Regulation 60 of the NBFC Regulations, the Management Company may charge expenses related to registrar services, accounting, operations and valuation services, related to a Collective Investment Scheme (CIS). The Management Company based on its own discretion has charged allocated expenses at the rates ranging from 0% to 0.845% (2023: 0.25% to 0.5%) per annum of the daily net assets during the year.
- 8.4 In accordance with Circular 11 dated July 5, 2019 with respect to charging selling and marketing expenses, during the year, the Management Company, based on its own discretion, has charged selling and marketing expenses at the rates ranging from 0% to 0.71% (2023: 0.25% to 0.5%) per annum of daily net assets of the Fund during the year ended June 30, 2024 while keeping in view the overall return and Total Expense Ratio Limit of the Fund as defined under the NBFC Regulations.

- 9.1 The Trustee is entitled to monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed at the rate of 0.075% (2023: 0.075%) per annum of daily net assets of the Fund. The remuneration is paid to the trustee monthly in arrears.
- 9.2 The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 13% (2023: 13%) on the remuneration of the trustee through Sindh Sales Tax on Services Act, 2011.

#### 

10.1 In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay non refundable fee to the Securities and Exchange Commission of Pakistan (SECP).

Effective from July 1, 2023, the SECP vide SRO No. 592(I)/2023 dated May 17, 2023, has revised the rate of fee to 0.075% per annum of the daily net assets of the Fund, applicable to an "Income Scheme". Previously, the rate of fee applicable on all categories of CISs was 0.02% per annum of the daily net assets of the Fund. Accordingly, the Fund has charged the SECP fee at the rate of 0.075% (2023: 0.02%) per annum of the daily net assets during the year.

Further, the Fund is required to pay the SECP fee within fifteen days of the close of every calendar month. Previously, the Fund was required to pay the SECP fee within three months of the close of accounting year.

11.1 The Finance Act, 2013 enlarged the scope of Federal excise duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company and sales load with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 27.578 million is being retained in these financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV of the Fund would have been higher by Re. 0.6284 (2023: Rs. 1.4713) per unit.

#### 12 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2024 and June 30, 2023.

#### 17 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2024 is 2.70% (2023: 2.49%) which includes 0.24% (2023: 0.19%) representing government levies on the Fund such as sales taxes, annual fee to the SECP, etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Income Scheme.

#### 18 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2024 to the unit holders in the manner as explained above, accordingly no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 19 EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 20 TRANSACTIONS AND BALANCES WITH CONNECTED PERSONS / RELATED PARTIES

Connected persons / related parties include HBL Asset Management Limited being the Management Company, Habib Bank Limited being the Sponsor, CDC being the Trustee of the Fund, other collective investment schemes managed by the Management Company, directors and officers of the Management Company, directors of connected persons and persons having 10% or more beneficial ownership of the units of the Fund.

Remuneration to the Management Company of the Fund is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are also in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

Remuneration to the Trustee of the Fund is determined in accordance with the provisions of the Trust Deed.

Allocated expenses and selling and marketing expenses are charged to the Fund by the Management Company subject to the maximum prescribed Total Expense Ratio.

Details of the transactions with connected persons and balances with them, if not disclosed elsewhere in these financial statements are as follows:

#### 22 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

#### 22.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / interest rate risk, currency risk, and price risk.

#### (i) Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2024, the Fund is exposed to such risk on its balances held with banks, investments in Term finance certificates, Corporate sukuk certificates and Pakistan investment bonds. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

#### a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds KIBOR based Term finance certificates, Corporate sukuk certificates and Pakistan investment bonds on balances with banks which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs. 42.654 million (2023: Rs. 16.499 million).

#### b) Sensitivity analysis for fixed rate instruments

As at June 30, 2024, the Fund holds Pakistan investment bonds which are classified as financial assets at fair value through profit or loss' exposing the Fund to fair value interest rate risk. In case of 100 basis points increase / decrease in applicable rates with all other variables held constant, the net income for the year and net assets of the Fund would have been lower / higher by Rs. 6.43 million (2023: Rs. 0.10 million). Further, MTS is also subject to interest rate risk but it is not carried at FVTPL, therefore, there is no impact on net income or net assets due to change in market interest rates.

The composition of the Fund's investment portfolio, and applicable profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2024 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2024 can be determined as follows:

|   | 2024                               |            |                     |              |                             |           |

|   |                  |           |           |           |        |           |   |

#### (ii) Currency risk

This is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

#### (iii)Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is a risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks. The Fund does not have any investment in equity securities at of June 30, 2024 and June 30, 2023 and hence, is not exposed to price risk.

#### 22.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed off and are considered readily realisable.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

|  |                   | 2024  |  |   |                      |   |           |

#### 22.3 Credit risk

22.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due.

The Fund's policy is to enter into financial contracts in accordance with the investment guidelines approved by the Investment Committee, its Trust Deed and the requirements of NBFC rules and regulations. Before making investment decisions, the credit rating and credit worthiness of the issuer / counterparty is taken into account along with the financial background so as to minimise the risk of default.

Credit risk is managed and controlled by the Management Company of the Fund in the following manner:

- Where the investment committee makes an investment decision, the credit rating and credit worthiness of the issuer is taken into account along with the financial background so as to minimise the risk of default;
- Analysing credit ratings and obtaining adequate collaterals wherever appropriate / relevant;
- The risk of counterparty exposure due to failed trades causing a loss to the Fund is mitigated by a periodic review of the credit ratings and the financial statements on a regular basis;
- Cash is held only with reputable banks with high quality external credit ratings; and
- Investment transactions are carried out with a large number of brokers, whose credit worthiness is taken into account so as to minimise the risk of default and transactions are settled or paid for only upon delivery.

The table below analyses the Fund's maximum exposure to credit risk:

|  | 20  | 24                                    | 2023  |                                       |  |
|--|---|---------------------------------------|---|---------------------------------------|--|
|  | Balance as<br>per statement<br>of assets and<br>liabilities | Maximum<br>exposure to<br>credit risk | Balance as<br>per statement<br>of assets and<br>liabilities | Maximum<br>exposure to<br>credit risk |  |
|  |   | Rupees                                | s in '000   |                                       |  |

| Investments                              | 2,437,054   | 1,184,782                             | 669,877   | 434,967                               |  |
| Receivable against margin trading system | 6,453   | 6,453                                 | 465,148   | 465,148                               |  |
| Interest / profit accrued                | 124,832   | 67,230                                | 30,926  | 25,151                                |  |
| Deposits                                 | 38,269  | 38,269                                | 30,119  | 30,119                                |  |
|  | 5,078,304   | 3,768,430                             | 2,176,131   | 1,935,446                             |  |

The maximum exposure to credit risk before any credit enhancement as at June 30, 2024 is the carrying amount of the financial assets. Investment in government securities and related profit receivable, however, are not exposed to credit risk and have been excluded from the above analysis as investment in government securities are guaranteed by the Government of Pakistan.

#### 22.3.2 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its placements in banks and profit accrued thereon, and against investments. The credit rating profile of balances with banks is as follows.

| Rating category  | Percentage of financia<br>exposed to credit |        |  |
|--|---|--------|--|
|  | 2024  | 2023   |  |
| Bank balances and profit accrued thereon                                 |   |        |  |
| AAA  | 48.31%                                      | 1.37%  |  |
| AA+  | 0.00%                                       | 0.01%  |  |
| AA-  | 0.52%                                       | 20.57% |  |

#### 22.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. As transactions are entered with credit worthy parties thereby any significant concentration of credit risk is mitigated.

All financial assets of the Fund as at June 30, 2024 are unsecured and are not impaired except for instruments mentioned in note 5.7.

#### 23 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

#### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair value measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2024 and June 30, 2023, the Fund held the following financial instruments measured at fair values:

| ASSETS   |         | 20        | 24      |           |
|--|---------|-----------|---------|-----------|
|  | Level 1 | Level 2   | Level 3 | Total     |
|  |         | Rupees    | in '000 |           |
| Financial assets at fair value through           |         |           |         |           |
| profit or loss                                   |         |           |         |           |
| <ul> <li>Corporate sukuk certificates</li> </ul> | -       | 638,748   | -       | 638,748   |
| - Term finance certificates                      | -       | 546,034   | -       | 546,034   |

|  |         | 669,877   |         | 669,877   |

#### 24 UNITS HOLDERS' FUND RISK MANAGEMENT

The Unit Holders' Fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown in the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs. 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 22, the Fund endeavors to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

#### 25 UNIT HOLDING PATTERN OF THE FUND

### Strategies and Policies employed during the Year

During the year under review, the Fund increased its exposure in equities from 80.71% on June 30, 2023 to 94.37% as on June 30, 2024. Further, sector-wise allocation was continuously reviewed and revisited throughout the year to ensure optimum return to the investors. Accordingly, exposure in oil and gas marketing, refinery and power was increased, while exposure in oil and gas exploration was decreased.

### Asset Allocation

#### Significant Changes in Asset Allocation during the Year

The following table shows a comparison of top sector wise allocation of equity investments in the Fund as on June 30, 2024 and June 30, 2023:

| Sector Name                     | As on Jun 2024 | As on Jun 2023 |
|---------------------------------|----------------|----------------|
| Cash                            | 4.38%          | 8.84%          |
| Others Including Receivables    | 1.25%          | 10.45%         |
| Oil & Gas Exploration           | 42.16%         | 46.21%         |
| Oil & Gas Marketing             | 26.90%         | 12.83%         |

#### **Fund Performance**

The total and net income of the Fund was Rs. 185.61 million and Rs. 164.47 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 16.9821 per unit as on June 30, 2024 as compared to Rs. 9.8261 per unit as on June 30, 2023, after incorporating dividends of Rs.0.50 per unit, thereby giving a return of 77.92%. During the same year the benchmark KSE 30 index yielded a return of 94.99%. The size of Fund was Rs. 0.57 billion as on June 30, 2024 as compared to Rs. 9.2024 billion at the start of the year.

#### **Market Review**

In FY24, the benchmark KSE-100 index gained 36,992 points or 89.2% to reach at 78,445 level. IMF program euphoria, economic stability, political certainty, peaceful culmination of elections along with foreign inflows turned the sentiments positive. Strong results posted by corporates despite economic turbulence also supported the bullish momentum. To note, KSE-100 index has been the best performing market in FY24 by posting 94% USD based return.

The sectors that majorly contributed to the performance in FY24 were Banks (+13,262 pts), fertilizer (+5,074 pts), Oil and Gas Exploration (+4,300 pts) and Power (+4,192 pts). Whereas script wise major contribution came from HUBC (+3,282 pts), UBL (+2,719 pts), MEBL (+2,392 pts), EFERT (+1,998 pts) and BAHL (+1,945 pts).

The average daily volume and value of KSE All share index grew to 461M shares and PKR 15.6B from 192M shares and PKR 6.1B in the FY23. Foreigners were net buyers of USD 141M whereas on the local front Banks, individuals, mutual funds and others were net sellers of USD 141M, USD 60M, USD 47M and USD 33M respectively. Insurance and companies remained net buyer of 126M and 36M respectively.

After the drastic decline in inflation, interest rates cycle is now on a reverse trend. Policy rate after touching the all-time high of 22% has been reduced to 17.5%. Inflation readings in the coming months are estimated to be in single digits which will provide room for further cut in interest rates. Decline in interest rates, securing of 3 years EFF program, funding support from multilateral and bilateral, strong earnings outlook and weakening oil price outlook will keep the market momentum positive. Despite offering dividend yield of 11%+, market is trading at P/E of 4.0x vs historical average of 6.0x. We believe that market could re-rate from current levels; hence, we maintain bullish stance on equities. The risk to our stance is escalation in middle-east and possibility of any domestic political uncertainty.

#### Distribution

The Board of Directors approved distribution of up-to Rs. 0.50 per unit to the unit holders for the year ended June 30, 2024.

## Significant Changes in the State of Affairs

There were no significant changes in the state of affairs of the Fund.

## Breakdown of Unit Holding by Size

| From – To<br>(No. of units) | No. of Unit Holders | Total No. of Units Held |
|-----------------------------|---------------------|-------------------------|
| 1 – 100                     | 124                 | 3,727                   |
| 101 – 500                   | 61                  | 15,415                  |
| 501 – 1,000                 | 3,066               | 2,474,077               |
| 1,001 – 10,000              | 1,018               | 3,098,922               |
| 10,001 - 100,000            | 157                 | 4,728,943               |
| 100,001 - 500,000           | 26                  | 5,847,795               |
| 500,001 - 1,000,000         | 4                   | 2,709,016               |
| 1,000,001 - 5,000,000       | 3                   | 7,835,428               |
| 5,000,001 and above         | 1                   | 6,658,998               |
| Total                       | 4,460               | 33,372,321              |

### **Unit Splits**

There were no unit splits during the year.

#### **Circumstances materially affecting the Interest of Unit Holders**

Investments are subject to market risk.

### Soft Commission

The Management Company from time to time receives research reports and presentations from brokerage houses.

#### TRUSTEE REPORT TO THE UNIT HOLDERS

#### HBL ENERGY FUND

#### Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Energy Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2024 in accordance with the provisions of the following:

- Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;
- (iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and
- (iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

## INDEPENDENT AUDITOR'S REPORT To the unit holders of HBL Energy Fund

#### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of **HBL Energy Fund** (the Fund), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended and notes to the financial statements, including a material accounting policy information and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2024, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and HBL Asset Management Limited (Management Company) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted by the Institute of Chartered Accountants of Pakistan together with the ethical requirements that are relevant to our audit of the financial statements in Pakistan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

| S. No. | Key audit matter   | How the matter was addressed<br>in our audit  |  |  |  |

#### Other Mater Paragraph

The annual financial statement of the Fund for the year ended June 30, 2023 were audited by another firm of chartered accountants, whose audit report dated September 25, 2023, expressed an unmodified opinion respectively.

#### Information Other than the Financial Statements and Auditor's Report Thereon

Management Company is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management Company and Board of Directors of the Management Company for the Financial Statements

Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company are responsible for overseeing the Fund's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
  Management Company's internal control.
  - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management Company.

Independent Correspondent Firm to Deloitte Touche Tohmatsu Limited

# VOUSUF ADIL

Yousuf Adil Chartered Accountants

- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and
  whether the financial statements represent the underlying transactions and events in a manner that achieves fair
  presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Hena Sadiq.

For HBL Asset Management Limited (Management Company)

**Chief Financial Officer** 

## 1. LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 HBL Energy Fund ("the Fund") was established in 2006 as a closed-end scheme under a Trust Deed executed between PICIC Asset Management Company Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee.
- 1.2 Through an order dated August 31, 2016, the Securities and Exchange Commission of Pakistan (SECP) approved the merger of PICIC Asset Management Company Limited with and into HBL Asset Management Limited effective from August 31, 2016 and the trust deed was revised on February 17, 2017. Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. The Fund is required to be registered under the Sindh Trust Act. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trust Act.
- 1.3 Effective from September 01, 2016, HBL Asset Management Limited became Management Company of the Fund which is a wholly owned subsidiary of Habib Bank Limited. The Aga Khan Fund For Economic Development (AKFED), S.A. is the parent company of Habib Bank Limited.
- 1.4 In accordance with clause 65(1) of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, a meeting of the unit holders of the Fund was held on January 31, 2013 whereby the conversion of the Fund into an open-end scheme was duly approved. The SECP accorded its final approval for conversion of the Fund into an open-end scheme through its letter dated May 03, 2013. The conversion of the Fund from a closed end fund to an open-end fund was authorised by the Securities and Exchange commision of Pakistan vide its letter No. SCD / PRDD / AMCW / PEF / 607 / 2013 dated June 24, 2013.. Each unit holder was allotted units according to their respective holdings as at that date on the basis of a ratio of 1 certificate to 1 unit. Accordingly 100,000,000 units were issued on the date of conversion.
- 1.5 Since the effective date of conversion, the certificates of the closed-end scheme were de-listed from Pakistan Stock Exchange. Units of the open-end scheme are listed on the Pakistan Stock Exchange Limited. The units are offered to the public for subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.
- 1.6 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.
- **1.7** The Fund has been categorised as an equity scheme as per the criteria laid down by the SECP for categorisation of open-end Collective Investment Schemes (CISs).
- **1.8** The core objective of the Fund is to invest in securities of the energy sector in Pakistan so as to provide investors an access to high quality blue chip stocks in the energy sector. The eligible stocks comprise of investment in shares of companies engaged in the following activities:
  - Oil and Gas Exploration
  - Oil and Gas Marketing
  - Oil Refining
  - Power Generation and Distribution

**1.9** Title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as Trustee of the Fund.

#### 2. BASIS OF PREPARATION

#### 2.1 Statement of compliance

- **2.1.1** "These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of: "
  - International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
  - Provisions of and directives issued under the Companies Act, 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
  - NBFC Rules, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the 'NBFC Regulations') and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed have been followed.

#### 2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention, unless stated otherwise.

#### 2.3 Functional and presentation currency

These financial statements are presented in Pakistan Rupees, which is the Fund's functional and presentation currency.

#### 2.4 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgements and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in the application of its accounting policies. The estimates, judgements and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- Classification and measurement of financial assets (notes 4.2.1.1 and 6)
- Impairment of financial assets (note 4.2.1.3)

- Provision (note 4.4)
- Taxation (notes 4.5 and 17)
- Classification and measurements of financial liabilities (note 4.2.2.1)
- Contingencies and Commitments (note 14)

The revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

#### Other assets

Judgement is involved in assessing the realisability of other assets balances.

3. APPLICATION OF NEW STANDARDS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

#### 3.1 New amendments and that are effective for the year ended June 30, 2024

The following amendments are effective for the year ended June 30, 2024. These amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

- Amendments to IAS 1 'Presentation of Financial Statements' and IFRS Practice Statement 2 Disclosure of accounting policies
- Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' Definition of accounting estimates
- Amendments to 'IAS 12 Income Taxes' deferred tax related to assets and liabilities arising from a single transaction.
- Amendments to 'IAS 12 Income taxes' International Tax Reform Pillar Two Model Rules

### 3.2 Standard and amendments to IFRS that are not yet effective

The following standard and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments and standards are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

# Effective from Accounting period beginning on or after

| Amendments to IFRS 16 ' Leases' -Clarification on how seller-lessee subsequently measures sale and leaseback transactions  | January 01, 2024 |
|--|------------------|
| Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current along with Non-current liabilities with Covenants | January 01, 2024 |
| Amendments to IAS 7 'Statement of Cash Flows' and 'IFRS 7 'Financial instruments disclosures' - Supplier Finance Arrangements  | January 01, 2024 |
| Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarification on how entity accounts when there is long term lack of Exchangeability         | January 01, 2025 |
| IFRS 17 – Insurance Contracts (including the June 2020 and December 2021 Amendments to IFRS 17)  | January 01, 2026 |
| Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Classification and measurement of financial instruments                     | January 01, 2026 |

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 18 Presentation and Disclosures in Financial Statements

The following amendments are effective for the year ended June 30, 2018. These amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

#### 4. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These accounting policies have been consistently applied, unless otherwise stated.

#### 4.1 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short-term highly liquid investments with original maturities of three months or less.

#### 4.2 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial liabilities at fair value through profit or loss are recognised immediately in the income statement.

#### 4.2.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

#### 4.2.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

#### Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

### Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (OCI), interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is reclassified to the income statement.

### Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the fair value through other comprehensive income criteria are classified as at fair value through profit or loss. In addition, debt instruments that meet either the amortised cost criteria or the fair value through other comprehensive income criteria may be designated as at fair value through profit or loss upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

#### Financial assets at fair value through other comprehensive income (equity instruments)

Upon initial recognition, the Fund can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses from changes in fair value are recognised in other comprehensive income and are accumulated in the investments revaluation reserve. The cumulative gain or loss is not reclassified to profit or loss on disposal of the equity investments, instead, it is transferred to undistributed income. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

Dividends are recognised as income in the income statement when the right of payment has been established, except when the Fund benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI.

The Fund elected not to classify irrevocably any of the equity investments under this category on initial recognition.

#### Financial assets at fair value through profit or loss (equity instruments)

Equity investments which the Fund had not irrevocably elected to classify at fair value through OCI are classified as at fair value through profit or loss. Financial assets at fair value through profit or loss are carried in the statement of assets and liabilities at fair value with net changes in fair value recognised in the the income statement.

Dividends on equity investments are recognised as income in the income statement when the right of payment has been established.

The Fund elected to classify all of the equity investments at fair value through profit or loss on initial recognition.

#### 4.2.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

### Basis of valuation of government debt securities:

The government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV) which are based on the remaining tenor of the securities..

#### Basis of valuation of equity securities:

The fair value of equity instruments is determined by using closing rate of securities at day end available on the Pakistan Stock Exchange's website.

### Basis of valuation of debt securities:

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by Securities and Exchange Commission of Pakistan (SECP). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

"The Fund applies discretion on the effective yield as per the allowable limits in the above mentioned Circulars after taking into account aspects such as Liquidity Risk, Sector Specific Risk and Issuer Class Risk. "

#### 4.2.1.3 Impairment of financial assets

Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP / Commission through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9 until further instruction.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

#### 4.2.1.4 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of assets and liabilities) when:

- the rights to receive cash flows from the asset have expired; or
- the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset.

#### 4.2.2 Financial liabilities

#### 4.2.2.1 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest rate method or at fair value through profit or loss.

Financial liabilities are measured at amortised cost, unless they are required to be measured at fair value through profit or loss (such as instruments held for trading) or the Fund has opted to measure them at fair value through profit or loss.

#### 4.2.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the income statement.

#### 4.2.3 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### 4.3 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less, which are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value.

#### 4.4 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 4.5 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced bycapital gains and accumualted loss, whether realised or unrealised, is distributed in cash to the unit holders.

The Fund is also exempt from the provisions of section 113 (minimum tax) and section 113C (Alternative Corporate Tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

The Fund does not account for deferred tax in these financial statements as the Fund intends to continue availing the tax exemption in future years by distributing in cash at least 90% of its accounting income for the year as reduced by capital gains and accumualted loss, whether realised or unrealised, to its unit holders.

#### 4.6 Dividend distribution and appropriations

Dividend distributions and appropriations are recorded in the period in which these are approved by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

Distributions declared subsequent to the year end / reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### 4.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load (if applicable), any duties, taxes, charges on redemption and any provision for transaction costs, if applicable. Redemption of units is recorded on acceptance of application for redemption.

#### 4.8 Element of Income

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### 4.9 Net assets value per unit

The net assets value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

#### 4.10 Revenue recognition

- Realised capital gain / (loss) arising on sale of investments are included in the income statement on the date at which the transaction takes place.
- Dividend income from equity securities is recognised when the right to receive the dividend is established.
- Mark up on bank deposits is recognised on a time apportionment basis using effective rate.
- Income / profit from investments in government securities is recognised on a time proportionate basis using effective interest rate method.
- Unrealised gain / (loss) arising on re-measurement of investments at fair value through profit or loss' are included in the income statement in the year in which they arise.

#### 4.11 Expenses

All expenses chargeable to the Fund including remuneration of Management Company, Trustee fee and the SECP fee are recognised in the income statement on an accrual basis.

#### 4.12 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

|                                    | 686,000       | 686,000       | 103,864       | 59,183        |  |

**6.1.2** These investments include gross bonus shares as per Fund's entitlement declared by the investee companies. Finance Act, 2014 has brought amendments in the Income Tax Ordinance, 2001 whereby the bonus shares received by the shareholder are to be treated as income and a tax at the rate of 5% is to be applied on value of bonus shares determined on the basis of day end price on the first day of closure of books. The tax is to be collected at source by the investee company which shall be considered as final discharge of tax liability on such income. However, the Management Company of the Fund jointly with other asset management companies and Mutual Fund Association of Pakistan (MUFAP), has filed a petition in Sindh High Court to declare the amendments brought in Income Tax Ordinance, 2001 with reference to tax on bonus shares for collective investment schemes as null and void and not applicable on the funds based on the premise of exemption given to mutual funds under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001. The Sindh High Court has granted stay order till the final outcome of the case. However, the investee companies have withheld the share equivalent to 5% of bonus announcement of the Fund.The final outcome of the case is pending however, management is of the view that the decision will be in the favour and accordingly, has recorded such bonus shares on gross basis at fair value in its investments at year end.

"The Supreme Court of Pakistan passed a judgment on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50% of the tax calculated by the tax authorities is deposited with the authorities. The CISs failed to deposit the minimum 50% of the tax liability and accordingly, the stay got vacated automatically."

The CISs have filed a fresh constitutional petition via CP4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no 3rd party interest on bonus shares issued to the Funds in lieu of their investments be created in mean time. The matter is still pending at adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitution petition will be in favour of the CISs.These shares so witheld represent 2,389 shares of PSO having aggregate fair market value of Rs. 0.397 million at June 30, 2024 (2023: Rs. 0.265 million) and not yet deposited on CDC account of department of Income tax.

Finance Act, 2018 effective from July 01, 2018 has omitted Section 236M of the Income Tax Ordinance, 2001 (the Ordinance) requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold 5% of the bonus shares to be issued. Accordingly, post July 01, 2018 shares are not being withheld at the time of bonus issue.

8.1 The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule of the Income Tax Ordinance 2001 (ITO 2001).Further, the Fund is exempt under clause 47(B) of Part IV of Second Schedule of ITO 2001 from withholding of tax under section 150, 150A, 151 and 233 of ITO 2001.

The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under section 159 (1) of the ITO 2001 from Commissioner Inland Revenue (CIR). However, various withholding agents have deducted advance tax under section 150 and 151 of ITO 2001. The Management is confident that the same shall be refunded after filing refund application.Refund has been filed uptill tax year 2021.

#### 9. RECEIVABLE FROM MANAGEMENT COMPANY

| 9.1  | 2,483     |          |

**9.1** As per SECP's direction No. SCD/PRDD/Direction/18/2016 all AMCs are required to calculate the total expense ratio in respect of each CIS to ensure the Total expense ratio is not in breach of the required maximum percentage. The AMCs are required to adjust the NAV of the CIS on the basis of total expense ratio at the end of each Quarter during the financial year for the amount of expenses in excess of the Total expense ratio limit prescribed in regulation 60(5) of the NBFC Regulations.

During the year ended June 30, 2024, the Fund was in breach of the total expense ratio ratio of maximum 4.5% as prescribed under NBFC Regulations for a CIS categoriesd as equity scheme. As a result the Fund has recorded receivable from Management Company to comply with the total expense ratio.

13.1 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from June 13, 2013. As the asset management services rendered by the Management Company of the Fund were already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund, the Management Company was of the view that further levy of FED was not justified

On September 04, 2013, a Constitutional Petition was filed in the Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

On July 16, 2016, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

However, since the appeal filed by the tax authorities is pending in the Supreme Court of Pakistan, the Management Company, being prudent, has retained a provision for FED on remuneration of Management Company, aggregating to Rs. 13.92 million (2023: Rs.13.92 million). Had the provision not been made, the net asset value per unit of the Fund as at June 30, 2024 would have been higher by Re. 0.42 per unit (2023: Re. 0.57 per unit).

#### 14. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2024 and June 30, 2023.

| _   | 742              | 490              |

#### 17. TAXATION

The Fund's income is exempt from income tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income available for distribution for the year as reduced by accumulated losses and capital gains whether realised or unrealised is distributed amongst the unit holders by way of cash dividend. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulation, 2008, the Fund is required to distribute 90% of the net accounting income available for distribution other than capital gains to the unit holders in cash. The Fund is also exempt from the provision of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Since the management has distributed the income available for distribution by the Fund to the unit holders in cash in the manner as explained above accordingly, no provision for taxation has been made in these financial statements.

#### 18 TOTAL EXPENSE RATIO

1

The total annualised expense ratio (TER) of the Fund based on the current year results is 4.58% (2023: 4.94%) which includes 0.53% (2023: 0.44%) representing Government Levies and the SECP Fee, therefore TER excluding Government levies and SECP fee is 4.50%. The prescribed limit for the ratio excluding government levies is 4.5% (2023: 4.5%) under the NBFC Regulations for a collective investment scheme categorised as an 'Equity scheme'.

#### 19. DETAILS OF TRANSACTIONS AND BALANCES OUTSTANDING WITH CONNECTED PERSONS / RELATED PARTIES

Related parties / connected persons of the Fund include HBL Asset Management Limited (being the Management Company) and its related entities, the Central Depository Company of Pakistan Limited (being the Trustee of the Fund), other collective investment schemes and pension schemes managed by the Management Company, any entity in which the Management Company, its CISs or their connected persons have material interest, any person or trust beneficially owning (directly or indirectly) ten percent or more of the capital of the Management Company or the net assets of the Fund and directors and their close family members, key management personnel and officers of the Management Company.

The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

Remuneration of the Management Company and the Trustee is determined in accordance with the provisions of the Non Banking Finance Companies and Notified Entities Regulations, 2008 and the Trust Deed respectively.

The details of transactions carried out by the Fund with connected persons / related parties and balances with them at the year end are as follows:

### 20. FAIR VALUE AND CATEGORIES OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Fund is current bid price.

"A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. "

As per the requirements of IFRS 7 (Financial Instruments: Disclosures) and IFRS 13 (Fair Value Measurement), the Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- "Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level -1)"
- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2) and,

- Fair value measurements using Inputs for assets or liability that are not based on observable market data (i.e. unobservable inputs) (level - 3).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

|   | As at June 30, 2024 |  |  |            |            |         |         |  |

#### 21. FINANCIAL RISK MANAGEMENT

The Board of Directors of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Board is also responsible for developing and monitoring the Fund's risk management policies.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The fund preliminarily invest in a portfolio of equity securities. These Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

#### 21.1 Market risk

Market risk is a risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; currency risk, interest rate risk and price risk.

### 21.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund, at present, is not exposed to currency risk as all transactions are carried out in Pakistan rupees.

#### 21.1.2 Interest rate risk

Interest rate risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates.

#### a) Sensitivity analysis for variable rate instruments

The Fund is exposed to cash flow interest rate risk for balances in certain savings account, the interest rates on which range between 18.0% to 21.75% (2023: 18.0% to 21.85%) per annum.

The Fund's interest rate risk arises from the balances in savings accounts. In case of 100 basis points (decrease) / increase in interest rates on June 30, 2024 with all other variables held constant, the net assets for the year would have been higher / lower by Rs. 0.09 million (2023: Rs. 0.06 million).

### b) Fair value interest rate risk

Since the Fund currently does not have any fixed rate instruments that are impacted by market interest rates, therefore, it is not exposed to fair value interest rate risk.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2024 can be determined as follows:

|  |  |                      | As at Jun   | e 30, 2024            |  |         |

## 21.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk because of investments held by the Fund in listed equity securities classified on the Statement of Financial Position at fair value through profit or loss. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within eligible stocks. The Fund's constitutive document / NBFC Regulations, also limit the individual investment in equity securities upto 20% of net assets of the Fund, or issued capital of the investee company.

In case of 5% increase / decrease in price of all shares held by Fund at the year end, net profit for the year would decrease / increase by Rs. 27.95 million (2023: Rs. 12.23 million) and net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities at fair value through profit or loss.

## 21.2 Credit risk

Credit risk represents the risk of loss if counterparties fail to perform as contracted. The Fund is exposed to counter party credit risks on bank balances. The credit risk on the fund is limited because the counterparties are banks with reasonably high credit ratings.

The Fund has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. This information is supplied by independent rating agencies, where available, and if not available, the Fund uses other publicly available financial information and its own trading records to rate its major customers. The Fund's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

## 21.2.1 Management of credit risk

For banks and financial institutions, the Fund keeps deposits with reputed institutions. Credit risk on account of dividend receivable is minimal due to the statutory protections. All transactions in listed securities are settled / paid for upon delivery using the system of National Clearing Company of Pakistan Limited. The risk of default in these transactions is considered minimal due to inherent systematic measures taken therein. The Fund's policy is to enter into financial contracts in accordance with the investment guidelines approved by the Investment Committee, its Trust Deed and the requirements of the NBFC Rules and the regulations and the guidelines given by the SECP from time to time.

The analysis below summarises the credit quality of the funds' bank balances as at June 30, 2024 and June 30, 2023.

The maximum exposure to credit risk before considering any collateral as at June 30, 2024 and June 30, 2023 is the carrying amount of the financial assets other than investments in equity securities.

**21.2.2** The analysis below summarizes the credit quality of the Fund's credit exposure:

|                           | June 30,<br>2024<br>(Perce | June 30,<br>2023<br>entage) |

## **Concentration of credit risk**

Concentration of credit risk exists when changes in economic or industry factors similarly affect group of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in bank balances while the remaining transactions are entered into with diverse credit-worthy counterparties thereby mitigating any significant concentration of credit risk to counterparties other than the Government.

## 21.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily cash redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

The Fund has the ability to borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to 15% of the total net asset value of the Fund at the time of borrowing and shall be repayable within 90 days. The facility would bear interest at commercial rates and would be secured against the assets of the Fund. However, during the current year, no borrowings was availed by the Fund.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of 10% of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. However, no such instances were witnessed by the Fund during the current year.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

## 22. UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in the unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;
- Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and
- The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size during the current year.

## 23. LIST OF TOP TEN BROKERS / DEALERS BY PERCENTAGE OF COMMISSION PAID / PAYABLE

Top ten brokers during the year ended June 30, 2024

The comparison of the fund return with benchmark is given below:

## Strategies and Policies employed during the Year

During the year under review, the Fund increased its exposure in equity from 80.70% of total assets as on June 30, 2023 to 82.54% of total assets as on June 30, 2024. Furthermore, sector-wise allocation was continuously reviewed and revisited throughout the year to ensure optimum return to the investors. Accordingly, exposure in power generation and distribution, technology, cement and others has increased, while exposure in oil and gas exploration and commercial banks has decreased.

## **Asset Allocation**

## Significant Changes in Asset Allocation during the Year

Following table shows comparison of sector wise allocation of equity investments of Fund as on June 30, 2024 and June 30, 2023:

| Sector Name                     | As on Jun 2024 | As on Jun 2023 |
|---------------------------------|----------------|----------------|
| Cash                            | 1.89%          | 2.61%          |
| Others Including Receivables    | 15.57%         | 16.69%         |
| Commercial Banks                | 10.32%         | 15.66%         |
| Cement                          | 13.98%         | 11.26%         |
| Oil & Gas Exploration           | 12.70%         | 15.12%         |
| Power Generation & Distribution | 8.03%          | 6.23%          |
| Technology & Communication      | 13.70%         | 9.50%          |
| Others                          | 23.8%          | 22.93%         |
| Total                           | 100.00%        | 100.00%        |

### Fund Performance

The total and net income of the Fund was Rs. 180.17 million and Rs. 165.89 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 121.4784 per unit as on June 30, 2024 as compared to Rs. 70.3636 per unit as on June 30, 2023, after incorporating dividends of Rs. 4.15 per unit, thereby giving a return of 78.55%. During the year the benchmark KSE 100 index yielded a return of 89.24%. The size of Fund was Rs. 0.19 billion as on June 30, 2024 as compared to Rs. 2024 as compared to Rs. 90.2024 as compare

## Review of Market invested in

In FY24, the benchmark KSE-100 index gained 36,992 points or 89.2% to reach at 78,445 level. IMF program euphoria, economic stability, political certainty, peaceful culmination of elections along with foreign inflows turned the sentiments positive. Strong results posted by corporates despite economic turbulence also supported the bullish momentum. To note, KSE-100 index has been the best performing market in FY24 by posting 94% USD based return.

The sectors that majorly contributed to the performance in FY24 were Banks (+13,262 pts), fertilizer (+5,074 pts), Oil and Gas Exploration (+4,300 pts) and Power (+4,192 pts). Whereas script wise major contribution came from HUBC (+3,282 pts), UBL (+2,719 pts), MEBL (+2,392 pts), EFERT (+1,998 pts) and BAHL (+1,945 pts).

The average daily volume and value of KSE All share index grew to 461M shares and PKR 15.6B from 192M shares and PKR 6.1B in the FY23. Foreigners were net buyers of USD 141M whereas on the local front Banks, individuals, mutual funds and others were net sellers of USD 141M, USD 60M, USD 47M and USD 33M respectively. Insurance and companies remained net buyer of 126M and 36M respectively.

After the drastic decline in inflation, interest rates cycle is now on a reverse trend. Policy rate after touching the all-time high of 22% has been reduced to 17.5%. Inflation readings in the coming months are estimated to be in single digits which will provide room for further cut in interest rates. Decline in interest rates, securing of 3 years EFF program, funding support from multilateral and bilateral, strong earnings outlook and weakening oil price outlook will keep the market momentum positive. Despite offering dividend yield of 11%+, market is trading at P/E of 4.0x vs historical average of 6.0x. We believe that market could re-rate from current levels; hence, we maintain bullish stance on equities. The risk to our stance is escalation in middle-east and possibility of any domestic political uncertainty.

#### Distribution

The Board of Directors approved dividend distribution of up-to Rs. 4.15 per unit to the unit holders for the year ended June 30, 2024.

## 151 Annual Report-2024

## Significant Changes in the State of Affairs

| From – To             | No. of Unit Holders | Total No. of Units Held |
|-----------------------|---------------------|-------------------------|
| (No. of units)        |                     |                         |
| 1 – 100               | 108                 | 2,648                   |
| 101 – 500             | 62                  | 16,476                  |
| 501 – 1,000           | 25                  | 18,449                  |
| 1,001 – 10,000        | 67                  | 262,928                 |
| 10,001 - 100,000      | 24                  | 527,469                 |

#### TRUSTEE REPORT TO THE UNIT HOLDERS

### HBL EQUITY FUND

## Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Equity Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2024 in accordance with the provisions of the following:

- Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;
- (iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and
- (iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber / Chief Executive Officer Central Depository Company of Pakistan Limited

## INDEPENDENT AUDITOR'S REPORT To the unit holders of HBL Equity Fund

**Report on the Audit of the Financial Statements** 

#### Opinion

We have audited the financial statements of **HBL Equity Fund** (the Fund), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended and notes to the financial statements, including a material accounting policy information and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2024, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and HBL Asset Management Limited (Management Company) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted by the Institute of Chartered Accountants of Pakistan together with the ethical requirements that are relevant to our audit of the financial statements in Pakistan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

| S. No. | Key audit matter   | How the matter was addressed<br>in our audit  |
|--------|--|---|
| 1      | Valuation and existence of investments   | We performed the following procedures during our<br>audit of investments:   |
|        | As disclosed in note 6 to the financial statements,<br>investments held at fair value through profit or loss<br>(FVTPL) amounted to Rs.190.99 million as at June<br>30, 2024, consisting of investment in listed equity<br>securities which is the main driver of the Fund's<br>performance and risk exists on this balance. | <ul> <li>independently tested valuations to ensure that<br/>the investments are valued as per the valuation<br/>methodology disclosed in the accounting<br/>policies;</li> <li>independently matched securities held by the<br/>Fund with the securities appearing in the CDC<br/>account statement;</li> </ul> |
|        | Due to the above reasons, we have identified the<br>existence and valuation as key audit matters<br>matter.  | addum diatemeny   |

#### Other Mater Paragraph

The annual financial statement of the Fund for the year ended June 30, 2023 were audited by another firm of chartered accountants, whose audit report dated September 25, 2023, expressed an unmodified opinion respectively.

#### Information Other than the Financial Statements and Auditor's Report Thereon

Management Company is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management Company and Board of Directors of the Management Company for the Financial Statements

Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Director of the Management Company are responsible for overseeing the Fund's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
  Management Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management Company.

Independent Correspondent Firm to Defoitte Touche Tohmatsu Limited

# YOUSUF ADIL

Yousuf Adil Chartered Accountants

- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Hena Sadig.

## 1. LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 HBL Equity Fund ("the Fund") was established under a Trust Deed executed between HBL Asset Management Limited as the Management Company and the Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Fund was approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter no. SCD/NBFC-II/PSF/249/2011 dated June 01, 2011 and the trust deed was executed on June 14, 2011.
- 1.2 The Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. The Fund is required to be registered under the Sindh Trust Act. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trust Act.
- **1.3** The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.
- 1.4 The Fund is an open-ended mutual fund and is listed on Pakistan Stock Exchange Limited. The units of the Fund were initially offered for public subscription at par value of Rs.100 per unit from September 24, 2011 to September 26, 2011. Thereafter, the units are offered to the public for subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.
- **1.5** The Fund has been categorised as an equity scheme as per the criteria laid down by the SECP for categorisation of the Collective Investment Schemes (CISs).
- **1.6** The investment objective of the Fund is to provide investors a diversified equity portfolio with a primary objective of maximizing risk-adjusted returns over longer investment horizon through a combination of capital gains and dividend income.
- **1.8** Title to the assets of the Fund is held in the name of CDC as the Trustee of the Fund.
- **1.9** VIS Credit Rating Company has assigned a management quality rating of 'AM1' (Stable Outlook) to the Management Company as at December 29, 2023.

## 2. BASIS OF PREPARATION

## 2.1 Statement of compliance

- **2.1.1** These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:
  - International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
  - Provisions of and directives issued under the Companies Act, 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
  - NBFC Rules, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the 'NBFC Regulations') and requirements of the Trust Deed.

Where the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations, and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed have been followed.

## 2.2 Basis of measurement

These financial statements have been prepared under the historical cost basis, unless otherwise stated.

## 2.3 Functional and presentation currency

These financial statements are presented in Pakistan Rupees, which is the Fund's functional currency.

## 2.4 Use of judgments and estimates

The preparation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgements and assumptions that affect the reported amount of assets, liabilities, income and expenses. It also requires the management to exercise judgement in application of accounting policies. The estimates, judgements and associated assumptions are based on the historical experience and various other factors that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the year in which the estimates are revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. The areas where various assumptions and estimates are significant to the Fund's financial statements or where judgment was exercised in the application of accounting policies are given below:

- (a) Classification and measurement of financial assets (Note 4.2.1.1 and 6)
- (b) Impairment of financial assets (Note 4.2.1.2)
- (c) Provisions (Note 4.3)
- (d) Taxation (Note 4.4 and 17)
- (d) Classification and measurement of financial liabilities (Note 4.2.2)
- (e) Contingencies and commitments (Note 14)

# 3. APPLICATION OF NEW STANDARDS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

## 3.1 New amendments that are effective for the year ended June 30, 2024

The following amendments are effective for the year ended June 30, 2024. These amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

- Amendments to IAS 1 'Presentation of Financial Statements' and IFRS Practice Statement 2 - Disclosure of accounting policies

- Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' Definition of accounting estimates
- Amendments to IAS 12 'Income Taxes' deferred tax related to assets and liabilities arising from a single transaction.
- Amendments to IAS 12 'Income taxes' International Tax Reform Pillar Two Model Rules

## 3.2 New accounting standards, amendments and interpretations that are not yet effective

The following standard and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments and standards are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

|   |   | Effective from<br>Accounting period<br>beginning on or after |
|---|---|--|
| - | Amendments to IFRS 16 'Leases' - Clarification on how seller-lessee subsequently measures sale and leaseback transactions   | January 01, 2024   |
| - | Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabili-<br>ties as current or non-current along with Non-current liabilities with Covenants | January 01, 2024   |
| - | Amendments to IAS 7 'Statement of Cash Flows' - Supplier finance arrangements   | January 01, 2024   |
|   |   | Effective from<br>Accounting period<br>beginning on or after |
| - | Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' - Clarifica-<br>tion on how entity accounts when there is long term lack of Exchangeability         | January 01, 2025   |
| - | IFRS 17 – Insurance Contracts (including the June 2020 and December 2021 Amend-<br>ments to IFRS 17)  | January 01, 2026   |
| - | Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Classification and measurement of financial instruments                          | January 01, 2026   |

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 18 Presentation and Disclosures in Financial Statements.
- IFRS 19 Subsidiaries without Public Accountability: Disclosures.

## 4. SUMMARY OF MATERIAL ACCOUNTING POLICIES INFORMATION

The principal accounting policies applied in the preparation of these financial statements are set out below. These accounting policies have been consistently applied, unless otherwise stated.

## 4.1 Cash and cash equivalents

Cash and cash equivalents comprise of banks balances and short-term highly liquid investments with original maturities of three months or less.

## 4.2 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

## 4.2.1 Financial assets

## 4.2.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

## Financial assets at fair value through other comprehensive income (equity instruments)

Upon initial recognition, the Fund can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses from changes in fair value are recognised in other comprehensive income and are accumulated in the investments revaluation reserve. The cumulative gain or loss is not reclassified to profit or loss on disposal of the equity investments, instead, it is transferred to undistributed income. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

Dividends are recognised as income in the income statement when the right of payment has been established, except when the Fund benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI.

The Fund elected not to classify irrevocably any of the equity investments under this category on initial recognition.

## Financial assets at fair value through profit or loss (equity instruments)

Equity investments which the Fund had not irrevocably elected to classify at fair value through OCI are classified as at fair value through profit or loss. Financial assets at fair value through profit or loss are carried in the statement of assets and liabilities at fair value with net changes in fair value recognised in the the income statement.

Dividends on equity investments are recognised as income in the income statement when the right of payment has been established.

The Fund elected to classify all of the equity investments at fair value through profit or loss on initial recognition.

## Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

## Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (OCI), interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is reclassified to the income statement.

## Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the fair value through other comprehensive income criteria are classified as at fair value through profit or loss. In addition, debt instruments that meet either the amortised cost criteria or the fair value through other comprehensive income criteria may be designated as at fair value through profit or loss upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

## Fair value measurement principles

The fair value of financial instruments is determined as follows:

## Basis of valuation of equity securities:

The fair value of equity instruments is determined by using closing rate of securities at day end available on the Pakistan Stock Exchange's website

## Basis of valuation of government debt securities:

"The government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV) which are based on the remaining tenor of the securities "

## 4.2.1.2 Impairment of financial assets

Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP / Commission through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9 until further instruction.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

## 4.2.1.3 Regular way contracts

Regular purchases and sales of financial assets are recognised on the trade date - the date on which the Fund commits to purchase or sell the asset.

## 4.2.1.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

## 4.2.2 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired.**4.2.3** Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

## 4.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

## 4.4 Taxation

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed in cash to the unit holders.

The Fund is also exempt from the provisions of Section 113 (minimum tax) and Section 113C (Alternative Corporate Tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

The Fund does not account for deferred tax in these financial statements as the Fund intends to continue availing the tax exemption in future years by distributing in cash at least 90% of its accounting income for the year as reduced by accumulated losses and capital gains, whether realised or unrealised, to its unit holders.

## 4.5 Dividend distribution and appropriations

Distributions declared subsequent to the reporting date are considered as non-adjusting events and are not recognised before the reporting date.

## 4.6 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load (if applicable), any duties, taxes, charges on redemption and any provision for transaction costs, if applicable. Redemption of units is recorded on acceptance of application for redemption.

## 4.7 Element of income

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

## 4.8 Net assets value per unit

The net assets value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

## 4.9 Revenue recognition

- Realised capital gain / (loss) arising on sale of investments are included in the income statement on the date at which the transaction takes place.
- Dividend income from equity securities is recognised when the right to receive the dividend is established.
- Mark up on bank deposits is recognised on a time apportionment basis using effective rate.
- Income / profit from investments in government securities is recognised on a time proportionate basis using effective interest rate method.
- Unrealised gain / (loss) arising on re-measurement of investments at fair value through profit or loss' are included in the income statement in the year in which they arise.

## 4.10 Expenses

All expenses chargeable to the Fund including remuneration of Management Company, Trustee fee and fee of SECP are recognised in the income statement on an accrual basis.

## 4.11 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

6.1.2 These investments include gross bonus shares as per Fund's entitlement declared by the investee companies. Finance Act, 2014 has brought amendments in the Income Tax Ordinance, 2001 whereby the bonus shares received by the shareholder are to be treated as income and a tax at the rate of 5% is to be applied on value of bonus shares determined on the basis of day end price on the first day of closure of books. The tax is to be collected at source by the investee company which shall be considered as final discharge of tax liability on such income. However, the Management Company of the Fund jointly with other asset management companies and Mutual Fund Association of Pakistan (MUFAP), has filed a petition in Sindh High Court to declare the amendments brought in Income Tax Ordinance, 2001 with reference to tax on bonus shares for collective investment schemes as null and void and not applicable on the funds based on the premise of exemption given to mutual funds under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001. The Sindh High Court has granted stay order till the final outcome of the case. However, the investee company(s) has withheld the share equivalent to 5% of bonus announcement of the Fund having aggregate fair market value of Rs. 2.288 million at June 30, 2024 (2023: Rs. 2.145 million) and not yet deposited on CDC account of department of Income tax. The final outcome of the case is pending however, Management Company is of the view that the decision will be in the favor and accordingly has recorded the bonus shares on gross basis at fair value in its investments at year end.

These bonus shares include the following shares:

|                                    | As at June 30, |              | As at J   | une 30,      |

|                                    | 7,249          | 2,288        | 7,249     | 2,145        |

"The Supreme Court of Pakistan passed a judgment on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50% of the tax calculated by the tax authorities is deposited with the authorities. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically. "

Subsequent to 2019, the CISs have filed a fresh constitutional petition via CP4653 dated July 11, 2019. In this regard, on July 15, 2019, the High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in mean time. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitution petition will be in favor of the CISs.

Finance Act, 2018 effective from July 01, 2018 has omitted Section 236M of the Income Tax Ordinance, 2001 (the Ordinance) requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold 5% of the bonus shares to be issued. Accordingly, post July 01, 2018, shares are not being withheld at the time of bonus issue.

|     |  | =    |                |          |

8.1 The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule of the Income Tax Ordinance 2001 (ITO 2001). Further, the Fund is exempt under clause 47(B) of Part IV of Second Schedule of ITO 2001 from withholding of tax under Section 150, 150A, 151 and 233 of ITO 2001.

The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under Section 159 (1) of the ITO 2001 from Commissioner Inland Revenue (CIR). However, various withholding agents have deducted advance tax under section 150 and 151 of ITO 2001. The management is confident that the same will be refunded and retrun application has been filed till tax year 2021.

#### 9. RECEIVABLE FROM THE MANAGEMENT COMPANY

**Notes To The Financial Statements** For the year ended June 30, 2024

HBL EQUITY FUND

|      | June 30, | June 30, |
|------|----------|----------|
|      | 2024     | 2023     |
| Note | Rupees   | in '000  |
| 9.1  | 4,188    | 4934     |

**9.1** As per SECP's direction No. SCD/PRDD/Direction/18/2016 all AMCs are required to calculate the total expense ratio (TER) in respect of each CIS to ensure the TER is not in breach of the required maximum percentage. The AMCs are required to adjust the NAV of the CIS on the basis of TER at the end of each Quarter during the financial year for the amount of expenses in excess of the TER limit prescribed in regulation 60(5) of the NBFC Regulations.

During the year ended June 30, 2024, the Fund was in breach of the TER of maximum 4.5% as prescribed under NBFC Regulations for a CIS categoriesd as equity scheme. As a result the Fund has recorded receivable from Management Company to comply with the TER.

- **10.1** As per the Regulation 61 of the NBFC Regulation, the Management Company may charge variable fee or fixed fee or the combination of both which shall not exceed the limit disclosed in the offering document. The maximum limit disclosed in the offering document is 3% per annum of average annual net assets. During the year, the fee is being charged at the rate ranging from 2% to 3% of the average annual net assets. The fee is payable monthly in arrears.
- **10.2** The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 13% (2023: 13%) on the remuneration of Management Company through Sindh Sales Tax on Services Act, 2011.
- **10.3** As per Regulation 60(3) of the NBFC Regulations, fee and expenses related to registrar services, accounting, operation and valuation services related to a Collective Investment Scheme (CIS) are chargeable to the CIS. During the year, the fee is being charged at the rate ranging from 0.55% to 0.67% of the average annual net assets.
- **10.4** As per Regulation 60(3) of the NBFC Regulations, selling and marketing expense maybe charged for all categories of funds, except fund of funds. During the year, the fee is being charged at the rate ranging from 0.275% to 1.05% of the average annual net assets accordingly.

|     |  |      | 41       | 60       |

**11.1** The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provision of the Trust Deed as per the tariff specified therein, based on the average net assets of the Fund. The fee is paid to the Trustee on monthly basis in arrears.

Based on the Trust deed, Trustee fee has been charged based on the following tariff structure applicable to the Fund:

| Average Net asset Value | Tariff per annum   |
|-------------------------|--|
| Upto Rs. 1 billion      | 0.20% per annum of net assets value whichever is higher                              |
| Over Rs. 1 billion      | Rs. 2.0 million plus 0.10% per annum of net assets value exceeding Rs. 1,000 million |

CDC vide notification CDC/CEO/L-112/02/2019, dated June 27, 2019, has revised the rates of the Trustee fee, with effect from July 1, 2019, according to which, Trustee fee shall be charged by permanently eliminating the minimum fee component as mentioned in the offering document. During the year, Management Company has charged the Trustee fee accordingly.

**11.2** The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 13% (2023: 13%) on the remuneration of Trustee through Sindh Sales Tax on Services Act, 2011.

**13.1** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from June 13, 2013. As the asset management services rendered by the Management Company of the Fund were already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund, the Management Company was of the view that further levy of FED was not justified.

On September 04, 2013, a Constitutional Petition was filed in the Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

On July 16, 2016, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

However, since the appeal filed by the tax authorities is pending in the Supreme Court of Pakistan, the Management Company, being prudent has retained a provision for FED on remuneration of Management Company, aggregating to Rs. 5.685 million (2023: Rs. 5.685 million). Had the provision not been made, the net asset value per unit of the Fund as at 2024 would have been higher by Rs. 3.593 per unit (2023: Rs. 1.237 per unit).

# 14. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2024 and June 30, 2023.

# 17. TAXATION

16.

"The Fund's income is exempt from income tax as per clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income available for distribution for the year as reduced by accumulated losses and capital gains whether realised or unrealised is distributed amongst the unit holders by way of cash dividend. Furthermore, as per regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulation, 2008, the Fund is required to distribute 90% of the net accounting income available for distribution other than capital gains to the unit holders in cash.

The Fund is also exempt from the provision of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Since the management has distributed the income available for distribution by the Fund to the unit holders in cash in the manner as explained above accordingly, no provision for taxation has been made in these financial statements."

# 18. TOTAL EXPENSE RATIO

The total annualised expense ratio (TER) of the Fund based on the current year results is 5.07% (2023: 4.98%) which includes 0.65% (2023: 0.48%) representing Government Levies and the SECP Fee, therefore TER excluding Government levies and SECP fee is 4.42%. The prescribed limit for the ratio excluding government levies is 4.5% (2023: 4.5%) under the NBFC Regulations for a collective investment scheme categorised as an 'Equity scheme'.

# 19. TRANSACTIONS AND BALANCES OUTSTANDING WITH CONNECTED PERSONS / RELATED PARTIES

Related parties / connected persons of the Fund include HBL Asset Management Limited (being the Management Company) and its related entities, the Central Depository Company of Pakistan Limited (being the Trustee of the Fund), other collective investment schemes and pension schemes managed by the Management Company, any entity in which the Management Company, its CISs or their connected persons have material interest, any person or trust beneficially owning (directly or indirectly) ten percent or more of the capital of the Management Company or the net assets of the Fund and directors and their close family members, key management personnel and officers of the Management Company.

The transactions with connected persons are in the normal course of business, at contracted rates and terms determined in accordance with the market rates.

Remuneration payable to Management Company and Trustee is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed, respectively.

Details of the transactions with connected persons / related parties and balances with them are as follows:

#### 20. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying amount and the fair values estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Fund is current bid price.

"A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. "

As per the requirements of IFRS 13 (Fair Value Measurement), the Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

**HBL EOUITY FUND** 

- Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1)
- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2) and,
- Fair value measurements using Inputs for assets or liability that are not based on observable market data (i.e. unobservable inputs) (level 3).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

#### 21. UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in the unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;
- Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and

 The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size during the current year.

# 22. FINANCIAL RISK MANAGEMENT

The Board of Directors of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Board is also responsible for developing and monitoring the Fund's risk management policies.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The fund preliminarily invest in a portfolio of equity securities. These Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

# 22.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure in marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee of the Fund and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risks; currency risk, interest rate risk and other price risk.

# 22.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as all transactions are carried out in Pakistan Rupees.

# 22.1.2 Interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2024, the Fund is exposed to such risk on bank balances.

# a) Sensitivity analysis for variable rate instruments

The Fund is exposed to cash flow interest rate risk for balances in savings accounts, the interest rates on which ranging between 19.51% to 21.50% (2023: 8.65% to 22.25%) per annum.

The Fund's interest rate risk arises from the balances in savings accounts. In case of 100 basis points increase / decrease in interest rates on June 30, 2024 with all other variables held constant, the net income for the year and the net assets would have been higher / lower by Rs. 0.0221 million (2023: Rs 0.03724 million).

# b) Fair value interest rate risk

The Fund currently does not have any fixed rate instruments and therefore, it is not exposed to fair value interest rate risk.

The fund interest rate sensitivity related to financial assets and liablities as at June 30, 2024 as follows:

|  | As at June 30, 2024              |                                       |  |                       |  |         |  |

## 22.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk because of investments held by the Fund in listed equity securities classified as Financial Asset at 'fair value through profit or loss'. To manage it's price risk arising from investments in equity securities, the Fund diversifies it's portfolio within eligible stocks. The Fund's constitutive document and NBFC Regulations also limit investment in individual equity securities of not more than 10% of net assets of the Fund or issued capital of the investee company.

In case of 5% increase / (decrease) in price of all shares held by Fund at the year end, net loss for the year would decrease / increase by Rs 9.55 million (2023: Rs 15.15 million) and net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities at fair value through profit or loss.

### 22.2 Credit risk

Credit risk represents the risk of a loss if the counter parties fail to perform as contracted. The Fund's credit risk preliminary attributable to bank balances and credit exposure arising as a result of dividend receivable on equity securities.

# 22.2.1 Management of credit risk

For banks the Fund keeps deposits with reputed institutions. Credit risk on account of dividend receivable is minimal due to the statutory protections. All transactions in listed securities are settled / paid for delivery using the system of National Clearing Company of Pakistan Limited. The risk of default in these transactions is considered minimal due to inherent systematic measures taken therein. The Fund's policy is to enter into financial contracts in accordance with the investment guidelines approved by the Investment Committee, its Trust Deed, the requirements of the NBFC rules and the regulations and the guidelines given by the SECP from time to time.

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

|                                     | 9,794                             | -   |                  |

The maximum exposure to credit risk as at June 30, 2024 and June 30, 2023 is the carrying amount of the financial assets other than investments in equity securities.

The analysis below summarises the credit quality of the Fund's credit exposure:

|                           | June 30,<br>2024<br>(Perce | June 30,<br>2023<br>entage) |

## **Concentration of credit risk**

Concentration of credit risk exists when changes in economic or industry factors similarly affect group of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in bank balances while the remaining transactions are entered into with diverse credit-worthy counterparties thereby mitigating any significant concentration of credit risk to counterparties other than the Government.

## 22.3 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting it's obligations arising from it's financial liabilities that are settled by delivering cash or other financial assets or that such obligations will have to be settled in a manner disadvantageous to the Funds.

The Fund is exposed to daily cash redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of 10% of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. However, no such instances were witnessed by the Fund during the current year.

The table below analyses the Fund's financial assets and financial liabilities into relevant maturity groupings based on the remaining period at the statement of assets and liabilities date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows

**FUND RATING** 

AA- (f)

# Type and Category of Fund

Open end Sovereign Income Fund

## **Investment Objective and Accomplishment of Objective**

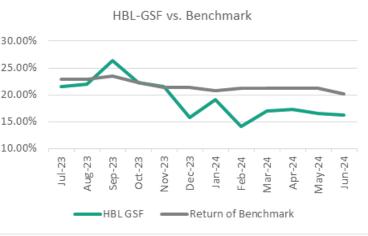

The investment objective of the Fund is to provide consistent returns to its investors through active investments in a blend of short, medium and long term securities issued and / or guaranteed by Government of Pakistan. The Fund will aim to provide superior risk adjusted returns through active duration and liquidity management tools. The investment objective is achieved.

### **Benchmark and Performance Comparison with Benchmark**

The Fund's benchmark is average Six (6) month PKRV Rates.

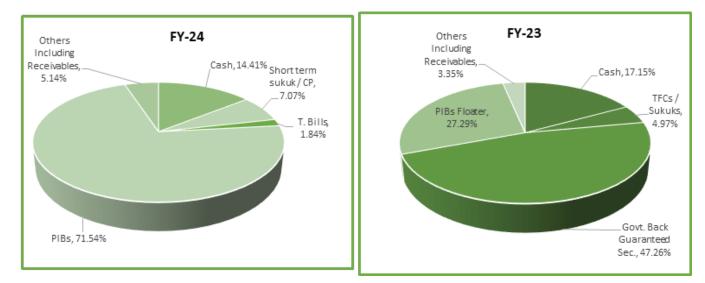

# The comparison of the fund return with benchmark is given below:

| Month  | HBL-GSF | Benchmark |           |
|--------|---------|-----------|-----------|
| Jun-24 | 16.21%  | 20.15%    | ]         |
| May-24 | 16.53%  | 21.17%    | 30.00%    |
| Apr-24 | 17.32%  | 21.26%    | 25.00%    |
| Mar-24 | 16.97%  | 21.25%    | 25.0070   |
| Feb-24 | 14.08%  | 21.27%    | 20.00%    |
| Jan-24 | 19.11%  | 20.83%    | 15.00%    |
| Dec-23 | 15.72%  | 21.41%    | 1 2010070 |
| Nov-23 | 21.54%  | 21.32%    | 10.00%    |
| Oct-23 | 22.31%  | 22.23%    | ]         |
| Sep-23 | 26.30%  | 23.55%    |           |
| Aug-23 | 21.96%  | 22.90%    | ]         |
| Jul-23 | 21.52%  | 22.85%    |           |

# Strategies and Policies employed during the Year

During the year, the fund enhanced its exposure in PIBs to 71.54% of total assets to earn capital gains, in anticipation of a rate cut. Additional investments were made in T-bills and Commercial Papers which made up 8.91% of total assets. HBL Government Securities Fund posted an annualized return (YTD) of 19.13% against the benchmark return of 21.68% in FY24. As per the policy, HBL GSF maintained more than 70% (monthly average) exposure in government securities and remaining in DPAs with banks.

# **Asset Allocation**

# Significant Changes in Asset Allocation during the Year

During the year under review, HBL Government Securities Fund maintained minimum exposure of 70% on a monthly basis in T-bills and PIBs as per the regulatory requirement.

# **Fund Performance**

The total income and net income of the Fund was Rs. 583.28 million and Rs. 530.40 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 113.4443 per unit as on June 30, 2024 as compared to Rs. 112.9464 per unit as on June 30, 2023, after incorporating dividend of Rs. 23.10 per unit, thereby giving an annualized return of 20.92%. During the same year the benchmark (6 Month PKRV Rates) return was 21.69%. The size of Fund was Rs. 2.06 billion as on June 30, 2024 as compared to Rs. 0.78 billion at the start of the year.

# **Money Market Review**

During the period under review, SBP maintained policy rate at 22% to slow down the economic activity and tame down the inflation. However, in the last Monetary Policy Committee (MPC) meeting of FY24, the policy rate was reduced to 20.5% on the back of decline in inflation. On a forward looking basis, the real interest rates have turned significantly positive.

Sensing the forth coming decline in interest rates, secondary market yields have started coming down before the interest rate cut announcement by MPC. After touching the high of 23.78%, 24.51%, 24.73%, 21.16% and 17.93% secondary market yields retreated to 19.97%, 19.91%, 18.68%, 16.50% and15.37% for 3M, 6M, 12M, 3Y and 5Y tenors respectively. In T-bill auctions, 3M, 6M and 12M cut-off yields after reaching the high of 24.5%, 24.79% and 25.07% have declined to 20.15%, 19.96% and 18.54% respectively. In 3Y and 5Y fixed rate PIB auctions, cut off yields after witnessing the high of 19.35% and 16.95% went down to 16.60% and 15.45% respectively.

During the last T-Bill auction held on 26th Jun-24, government raised PKR 777B as against the target of PKR 150B where cut-off yields remained largely flat at 20.15%, 19.96% and 18.54% for 3M, 6M and 12M T-Bills respectively. In last fixed rate PIB auction held on 25th-Jun-24, government raised PKR 131B against the target of PKR 190B. Cut off yields for 3Y, 5Y and 10Y have remained broadly stable at 16.55%, 15.45% and 14.25% for 3Y, 5Y and 10Y bonds respectively. In the last floating rate PIB auction, government raised PKR 106B against the target of PKR 500B.

It is also pertinent to note that during the last Sukuk auction held on 27th June-2024, government raised PKR 198B from Fixed Rental Rate (FRR) Sukuk against target of PKR 20B. Yield on 3-year Sukuk stood at 15.80% whereas on 5-year Sukuk stood at 15.10% for FRR. In Variable Rate Sukuk (VRR) auction, government raised PKR 20B as per the target. In last fixed rate discounted Ijara Sukuk of FY24, government raised PKR 21B against the target of PKR 10B at 18.50%.

Despite decline in interest rates, real interest rates have remained significantly positive on forward looking basis due to expected sharp decline in inflation. As inflation is expected to ease further from current levels, possibility of further rate cuts are high.

# Distribution

The Fund has distributed cash dividend up-to Rs. 23.10 per unit for the year ended June 30, 2024.

# Significant Changes in the State of Affairs

There were no significant changes in state of affairs of the Fund.

# Breakdown of Unit Holding by Size

| From – To             | Number of Unit Holders | Total Number of Units Held |
|-----------------------|------------------------|----------------------------|
| (Number of units)     |                        |                            |
| 1 - 100               | 288                    | 7,778                      |
| 101 – 500             | 102                    | 24,020                     |
| 501 – 1,000           | 32                     | 23,693                     |

# TRUSTEE REPORT TO THE UNIT HOLDERS

# HBL GOVERNMENT SECURITIES FUND

# Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Government Securities Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2024 in accordance with the provisions of the following:

- Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;
- (iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and
- (iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber / Chief Executive Officer Central Depository Company of Pakistan Limited

# INDEPENDENT AUDITOR'S REPORT To the unit holders of HBL Government Securities Fund

#### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of HBL Government Securities Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended and notes to the financial statements, including a material accounting policy information and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2024, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and HBL Asset Management Limited (Management Company) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted by the Institute of Chartered Accountants of Pakistan together with the ethical requirements that are relevant to our audit of the financial statements in Pakistan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

| S. No. | Key audit matter   | How the matter was addressed<br>in our audit  |
|--------|--|---|
| 1      | Valuation and existence of investments<br>As disclosed in note 6 to the financial statements,<br>investments held at fair value through profit or loss<br>(FVTPL) amounted to Rs.1,707.59 million as at<br>June 30, 2024, consisting of ,Pakistan investment<br>bonds, market treasury bills and Government of<br>Pakistan ijara sukuks, which is the main driver of<br>the Fund's performance and risk exists on this<br>balance. | <ul> <li>We performed the following procedures during our audit of investments:</li> <li>independently tested valuations to ensure that the investments are valued as per the valuation methodology disclosed in the accounting policies;</li> <li>Independently matched securities held by the Fund with the securities appearing in the CDC account statement and Investor Portfolio Securities account statement.</li> </ul> |
|        | Due to the above reasons, we have identified the<br>existence and valuation as key audit matters<br>matter.  |   |

#### Other Mater Paragraph

The annual financial statement of the Fund for the year ended June 30, 2023 were audited by another firm of chartered accountants, whose audit report dated September 25, 2023, expressed an unmodified opinion respectively.

### Information Other than the Financial Statements and Auditor's Report Thereon

Management Company is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management Company and Board of Directors of the Management Company for the Financial Statements

Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management Company either Intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company are responsible for overseeing the Fund's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
  Management Company's internal control.
  - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management Company.

Independent Correspondent Firm to Deloitte Touche Tohmatsu Limited

# VOUSUF ADIL

Yousuf Adil Chartered Accountants

- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entitles Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Hena Sadig.

# For HBL Asset Management Limited (Management Company)

**Chief Financial Officer** 

# 1. LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 HBL Government Securities Fund ("the Fund") was established under a Trust Deed executed between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Fund was approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter No. NBFC-II/DD/PICICIF/199 dated March 10, 2010 and the Trust Deed was executed on March 17, 2010.
- 1.2 The Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. The Fund is required to be registered under the Sindh Trust Act. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the Sindh Trust Act.
- **1.3** The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the HBL Asset Management Limited is situated at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.
- 1.4 The Fund is an open-ended sovereign income scheme and is listed on Pakistan Stock Exchange Limited. The units of the Fund were initially offered for public subscription at par value of Rs. 100 per unit from December 11, 2010 to December 13, 2010. Thereafter, the units are offered to the public for subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.
- **1.5** The Fund has been categorised as a sovereign income scheme as per the criteria laid down by the SECP for categorisation of open-end Collective Investment Schemes (CISs).
- **1.6** The investment objective of the Fund is to provide consistent returns to its investors through active investments in a blend of short, medium and long term securities issued and / or guaranteed by Government of Pakistan and other corporate debt instruments. The Fund will aim to provide superior risk adjusted returns through active duration and liquidity management tools.
- **1.7** VIS Credit Rating company has assigned a management quality rating of 'AM1' (Positive outlook) to the HBL Asset Management Company Limited at December 29, 2023 and assigned stability rating of AA- to the Fund dated Feburary 01, 2024.
- **1.8** Title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as Trustee of the Fund.

# 2. BASIS OF PREPARATION

# 2.1 Statement of compliance

- **2.1.1** These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:
  - International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
  - Provisions of and directives issued under the Companies Act, 2017, along with Part VIIIA of the repealed Companies Ordinance, 1984; and

- NBFC Rules, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the 'NBFC Regulations') and requirements of the Trust Deed.

Where the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed have been followed.

# 2.2 New amendments that are effective for the year ended June 30, 2024

The following amendments are effective for the year ended June 30, 2024. These amendments are either not relevant to the Funds operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

- Amendments to IAS 1 'Presentation of Financial Statements' and IFRS Practice Statement 2 Disclosure of accounting policies
- Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' Definition of accounting estimates
- Amendments to IAS 12 'Income Taxes' deferred tax related to assets and liabilities arising from a single transaction.
- Amendments to IAS 12 'Income taxes' International Tax Reform Pillar Two Model Rules

# 2.3 Standard and amendments to IFRS that are not yet effective

The following standard and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments and standards are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

|   | Effective from<br>accounting period<br>beginning on or after |
|---|--|
| Amendments to IFRS 16 'Leases' - Clarification on how seller-lessee subsequently measures sale and leaseback transactions   | January 01, 2024   |
| Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current along with Non-current liabilities with Convenants | January 01, 2024   |
| Amendments to IAS 7 'Statement of Cash Flows' and 'IFRS 7 'Financial instruments disclosures' - Supplier Finance Arrangements   | January 01, 2024   |
| Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' -<br>Clarification on how entity accounts when there is long term lack of Exchangeability       | January 01, 2025   |
| IFRS 17 $-$ 'Insurance Contracts' (including the June 2020 and December 2021 Amendments to IFRS 17)   | January 01, 2026   |
| Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Classification and measurement of financial instruments                      | January 01, 2026   |

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 18 Presentation and Disclosures in Financial Statements.
- IFRS 19 Subsidiaries without Public Accountability: Disclosures.

# 2.4 Use of judgments and estimates

The preparation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgements and assumptions that affect the reported amount of assets, liabilities, income and expenses. It also requires the management to exercise judgement in application of accounting policies. The estimates, judgements and associated assumptions are based on the historical experience and various other factors that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the year in which the estimates are revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- Classification and measurement of financial assets (notes 3.2.1.1 and 5)
- Impairment of financial assets (note 3.1.1.3)
- Provision (note 3.4)
- Taxation (notes 4.4 and 15)
- Classification and measurements of financial liabilities (note 3.1.2.1)
- Contingencies and Commitments (note 12)

# 2.5 Basis of measurement

These financial statements have been prepared under the historical cost basis, unless otherwise stated.

# 2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupees which is the Fund's functional and presentation currency.

# 3. SUMMARY OF MATERIAL ACCOUNTING POLICIES INFORMATION

The principal accounting policies applied in the preparation of these financial statements are set out below. These accounting policies have been consistently applied, unless otherwise stated.

# **3.1** Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or liabilities at 'fair value through profit or loss' are recognised immediately in the income statement.

# 3.1.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

# 3.1.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

# Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

# Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (OCI), interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is reclassified to the income statement.

# Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the fair value through other comprehensive income criteria are classified as at fair value through profit or loss. In addition, debt instruments that meet either the amortised cost criteria or the fair value through other comprehensive income criteria may be designated as at fair value through profit or loss upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. Fund has opted to recognised all its debt instruments at fair value through profit or loss (FVTPL).

# 3.1.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

# Basis of valuation of government debt securities:

The government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV / PKFRV / PKISRV) which are based on the remaining tenor of the securities. Moreover, listed government securities traded on Pakistan Stock Exchage are valued at rates quoted on Pakistan Stock Exchange (PSX).

# Basis of valuation of debt securities:

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by Securities and Exchange Commission of Pakistan (SECP). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

"The Fund applies discretion on the effective yield as per the allowable limits in the above mentioned Circulars after taking into account aspects such as Liquidity Risk, Sector Specific Risk and Issuer Class Risk."

# 3.1.1.3 Impairment of financial assets

Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP / Commission through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9 until further instruction.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

#### 3.1.1.4 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of assets and liabilities) when:

- the rights to receive cash flows from the asset have expired; or
- the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset.

# 3.1.2 Financial liabilities

# 3.1.2.1 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest rate method or at fair value through profit or loss.

Financial liabilities are measured at amortised cost, unless they are required to be measured at fair value through profit or loss (such as instruments held for trading) or the Fund has opted to measure them at fair value through profit or loss.

# 3.1.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the income statement.

### 3.1.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

# 3.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less, which are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value.

#### 3.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

# 3.4 Taxation

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 3.5 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management company for the applications received by the distributors during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load (if applicable), any duties, taxes, charges on redemption and any provision for transaction costs, if applicable. Redemption of units is recorded on acceptance of application for redemption.

#### 3.6 Element of income

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### 3.7 Net assets value per unit

The net assets value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

#### 3.8 Revenue recognition

- Gain or loss on sale of investment is accounted for in the income statement in the period in which it arises.
- Unrealised gain / loss arising on re-measurement of investments classified as 'at fair value through profit or loss' is included in the income statement in the period in which it arises.
- Income / profit from investments in term finance certificates / sukuks, and government securities is recognised on a time proportionate basis using effective interest rate method.
- Profit on bank balances is recognised on a time proportionate basis using bank's approved rates.

#### 3.9 Expenses

All expenses chargeable to the Fund including remuneration of Management Company, Trustee fee, SECP fee are recognised in the income statement on an accrual basis.

#### 3.10 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

|                     |      | June 30,       | June 30,                            |  |

|    |  |      | 2,278    | 970      |

- **7.1** This includes prepaid expenses recognised in respect of rating fee.
- 7.2 The income of the Fund is exempt from tax under Clause 99 of Part I of the Second Schedule of the Income Tax Ordinance 2001 (ITO 2001). Further, the Fund is exempt under clause 47(B) of Part IV of Second Schedule of ITO 2001 from withholding of tax under section 150, 151 and 233 of ITO 2001.

The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under Section 159 (1) of the ITO 2001 from Commissioner Inland Revenue (CIR). However, various withholding agents have deducted advance tax under section 151 of ITO 2001. The Management Company is confident that the same will be refunded and return application has been filed till Tax Year 2021.

11.1 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from June 13, 2013. As the asset management services rendered by the Management Company of the Fund were already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund, the Management Company was of the view that further levy of FED was not justified On September 04, 2013, a Constitutional Petition was filed in the Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

On July 16, 2016, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

However, since the appeal filed by the tax authorities is pending in the Supreme Court of Pakistan, the Management Company, being prudent, has retained a provision for FED on remuneration of Management Company, aggregating to Rs. 15.531 million (2023: Rs. 15.531 million). Had the provision not been made, the net asset value per unit of the Fund as at June 30, 2024 would have been higher by Re. 0.8553 per unit (2023: Rs. 2.2592 per unit).

# 12. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2024 and June 30, 2023.

| 13. | NUMBER OF UNITS IN ISSUE  | June 30,<br>2024<br>Number o                          | June 30,<br>2023<br><b>f Units</b>                   |

#### 15. TAXATION

The Fund's income is exempt from income tax as per clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90% of its accounting income for the year, as reduced by the accumulated losses and capital gains whether realised or unrealised, is distributed to the unit holders in cash. The Fund is also exempt from the provision of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. The Fund has not recorded a tax liability in the current year, as the Management Company has distributed at least 90% of the Fund's accounting income as reduced by accumulated losses and capital gains (whether realised or unrealised) to its unit holders.

#### 16. TOTAL EXPENSE RATIO

The total annualised expense ratio (TER) of the Fund based on the current year results is 1.87% (2023: 2.42%) which includes 0.23% (2023: 0.19%) representing Government Levies and the SECP Fee. The prescribed limit for the ratio excluding Government levies is 2.5% (2023: 2.5%) under the NBFC Regulations for a Collective Investment Scheme categorised as an 'Sovereign Income fund scheme'.

#### 17. TRANSACTIONS AND BALANCES OUTSTANDING WITH CONNECTED PERSONS / RELATED PARTIES

Related parties / connected persons of the Fund include HBL Asset Management Limited (being the Management Company) and its related entities, the Central Depository Company of Pakistan Limited (being the Trustee of the Fund), other collective investment schemes (CISs) and pension schemes managed by the Management Company, any entity in which the Management Company, its CISs or their connected persons have material interest, any person or trust beneficially owning (directly or indirectly) ten percent or more of the capital of the Management Company or the net assets of the Fund and directors and their close family members, key management personnel and officers of the Management Company.

Transactions with connected persons are in the normal course of business, at contracted rates and terms determined in accordance with market rates.

Remuneration of the Management Company and the Trustee is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed respectively.

The details of transactions carried out by the Fund with connected persons / related parties and balances with them at the year end are as follows:

**17.1** Details of transactions with related parties / connected persons during the year:

#### 18. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying amount and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Fund is current bid price.

"A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. "

As per the requirements of IFRS 7 (Financial Instruments: Disclosures) and IFRS 13 (Fair Value Measurement), the Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- Fair value measurements using inputs for assets or liability that are not based on observable market data (i.e. unobservable inputs) (level 3).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

#### 19. FINANCIAL RISK MANAGEMENT

The Fund's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Fund's financial performance.

The Fund's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate and other price risk), credit risk and liquidity risk. Risk of the Fund are being managed by the Management Company in accordance with the approved policies of the investment committee which provide broad guidelines for management of above mentioned risks. The Board of Directors of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework.

### 19.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board of Directors of the Management Company and the regulations laid down by the SECP, the NBFC Regulations and the NBFC Rules.

Market risk comprises of three types of risk: currency risk, interest rate risk and other price risk.

#### 19.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as all transactions are carried out in Pakistan Rupees.

#### 19.1.2 Interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2024, the Fund is exposed to such risk on bank balances, investments in term finance certificates and government securities. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

As of June 30, 2024 details of Fund's interest bearing financial instruments were as follows:

|   |       | 2024      | 2023    |
|---|-------|-----------|---------|
|   | Note  | Rupees i  | n 000   |
| Variable rate instrument (financial asset)      |       |           |         |
| Bank balances                                   | 4     | 305,886   | 138,067 |
| Pakistan investment bond - Floating rate bond   | 5.1   | -         | 219,655 |
| Term finance certificates - unlisted securities | 5.1   | 150,000   | 40,003  |
| GOP - Ijara Sukuk (Variable)                    | 5.1.4 | -         | 380,253 |
|   |       | 455,886   | 777,978 |
| Fixed rate instruments (financial assets)       |       |           |         |
| Market treasury bills                           | 5.1   | 39,154    | -       |
| Pakistan investment bonds                       | 5.1   | 1,518,435 | -       |
|   |       | 1,557,589 | -       |

#### a) Sensitivity analysis for variable rate instruments

The Fund is exposed to cash flow interest rate risk for balances in certain savings accounts, the interest rates on which range between 19.40% to 21.20% per annum (2023: 19% to 22.65% per annum), and investments in term finance certificates, the interest rate on which range between 23.14% per annum (2023: 16.40%. to 22.67%)

In case of 100 basis points increase / decrease in interest rates on June 30, 2024, with all other variables held constant, the net income for the year and the net assets would have been higher / lower by Rs. 4.560 million (2023: Rs. 7.780 million).

#### b) Sensitivity analysis for fixed rate instruments

The Fund's investment in Market treasury bills and Pakistan investment bonds exposes it to fair value interest rate risk.

In case of 100 basis points increase / decrease in interest rates on June 30, 2024, with all other variables held constant, the net income for the year and the net assets would have been higher / lower by Rs. 15.58 million (2023: Nil).

The composition of the Fund's investment portfolio and rates announced by Financial Market Association of Pakistan is expected to change over time. Therefore, the sensitivity analysis prepared as of June 30, 2024 is not necessarily indicative of the effect on the Fund's net assets of future movements in interest rates.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2024 can be determined as follows:

| As at June 30, 2024                      |                                    |                      |   |                       |  |           |

### 19.1.3 Price risk

Price risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Currently, the Fund does not hold any security which exposes the Fund to price risk.

### 19.2 Credit risk

Credit risk represents the risk of loss if counterparties fail to perform as contracted. The Fund is exposed to counter party credit risks on investments in term finance certificates, bank balances and other financial assets at amortised cost. The credit risk on the Fund is limited because the counterparties are financial institutions with reasonably high credit ratings.

The Fund has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. This information is supplied by independent rating agencies, where available, and if not available, the Fund uses other publicly available financial information. The Fund's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Credit risk from bank balances and investment in term finance certificate (note 5.2) is managed in accordance with the Fund's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are approved by the Board of Directors. The limits are set to minimise the concentration of risk and therefore mitigate financial loss through potential counterparty failure.

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

| A-2                       | 0.01             | 0.01             |
|                           | 100              | 100              |

#### **Concentration of credit risk**

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in Government securities, term finance certifiates and bank balances, while the remaining transactions are entered into with diverse credit-worthy counterparties, thereby mitigating any significant concentration of credit risk to counterparties.

#### 19.3 Liquidity risk

Liquidity risk is a risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily cash redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of 10% of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below 10% of the units then in issue. However, no such instances were witnessed by the Fund during the current year (2023: None).

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

|   |                   | June 30, 2024         |                        |                      |                      |           |

#### 20. UNITS HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;

Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and

The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size during the current year.

# Type and Category of Fund

Open end Equity Fund

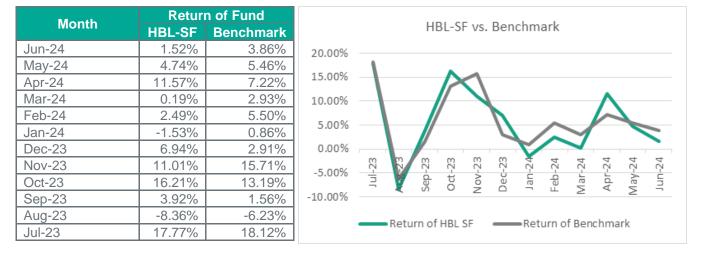

#### **Investment Objective and Accomplishment of Objective**

The investment objective of the Fund is to provide long term capital growth by investing primarily in a diversified pool of equities and equity related instruments. The objective of the Fund has been achieved.

#### Benchmark and Performance Comparison with Benchmark

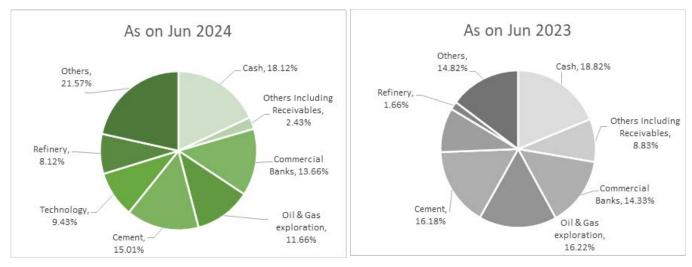

#### KSE30 (Total Return) Index

The comparison of the fund return with benchmark is given below:

# Strategies and Policies employed during the Year

During the year under review, the Fund increased its exposure in equity from 72.35% of total assets as on June 30, 2023 to 79.45% of total assets as on June 30, 2024. Furthermore, sector wise allocation was continuously reviewed and revisited throughout the year to ensure optimum return to the investors. Accordingly, sector wise exposure in refinery, cement, technology and others has increased, while exposure in commercial banks and oil and gas exploration has decreased.

# **Asset Allocation**

#### Significant Changes in Asset Allocation during the Year

Following table shows comparison of sector wise allocation of equity investments of Fund as on June 30, 2024 and June 30, 2023:

| Sector Name                  | As on Jun 2024 | As on Jun 2023 |
|------------------------------|----------------|----------------|
| Cash                         | 18.12%         | 18.82%         |
| Others Including Receivables | 2.43%          | 8.83%          |
| Commercial Banks             | 13.66%         | 14.33%         |
| Oil & Gas exploration        | 11.66%         | 16.22%         |
| Cement                       | 15.01%         | 16.18%         |
| Technology                   | 9.43%          | 9.14%          |
| Refinery                     | 8.12%          | 1.66%          |
| Others                       | 21.6%          | 14.8%          |
| Total                        | 100.00%        | 100.00%        |

#### Fund Performance

The total and net income of the Fund was Rs. 101.51 million and Rs. 93.63 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs 120.5342 per unit as on June 30, 2024 as compared to Rs 69.6597 per unit as on June 30, 2023, after incorporating dividends of Rs. 8.75 per unit, thereby giving a return of 85.59%. During the same year the benchmark KSE 30 index yielded a return of 94.99%. The size of Fund was Rs 0.23 billion as on June 30, 2024 as compared to Rs. 0.16 billion at the start of the year.

#### Market Review

In FY24, the benchmark KSE-100 index gained 36,992 points or 89.2% to reach at 78,445 level. IMF program euphoria, economic stability, political certainty, peaceful culmination of elections along with foreign inflows turned the sentiments positive. Strong results posted by corporates despite economic turbulence also supported the bullish momentum. To note, KSE-100 index has been the best performing market in FY24 by posting 94% USD based return.

The sectors that majorly contributed to the performance in FY24 were Banks (+13,262 pts), fertilizer (+5,074 pts), Oil and Gas Exploration (+4,300 pts) and Power (+4,192 pts). Whereas script wise major contribution came from HUBC (+3,282 pts), UBL (+2,719 pts), MEBL (+2,392 pts), EFERT (+1,998 pts) and BAHL (+1,945 pts).

The average daily volume and value of KSE All share index grew to 461M shares and PKR 15.6B from 192M shares and PKR 6.1B in the FY23. Foreigners were net buyers of USD 141M whereas on the local front Banks, individuals, mutual funds and others were net sellers of USD 141M, USD 60M, USD 47M and USD 33M respectively. Insurance and companies remained net buyer of 126M and 36M respectively.

After the drastic decline in inflation, interest rates cycle is now on a reverse trend. Policy rate after touching the all-time high of 22% has been reduced to 17.5%. Inflation readings in the coming months are estimated to be in single digits which will provide room for further cut in interest rates. Decline in interest rates, securing of 3 years EFF program, funding support from multilateral and bilateral, strong earnings outlook and weakening oil price outlook will keep the market momentum positive. Despite offering dividend yield of 11%+, market is trading at P/E of 4.0x vs historical average of 6.0x. We believe that market could re-rate from current levels; hence, we maintain bullish stance on equities. The risk to our stance is escalation in middle-east and possibility of any domestic political uncertainty.

#### Distribution

The Board of Directors approved distribution of up-to Rs. 8.75 per unit to the unit holders for the year ended June 30, 2024.

# Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

# Breakdown of Unit Holding by Size

| From – To<br>(No. of units) | No. of Unit Holders | Total No. of Units Held |
|-----------------------------|---------------------|-------------------------|
| 1 – 100                     | 129                 | 5,272                   |
| 101 – 500                   | 62                  | 15,760                  |
| 501 – 1,000                 | 18                  | 13,800                  |
| 1,001 – 10,000              | 65                  | 254,855                 |
| 10,001 - 100,000            | 23                  | 825,521                 |
| 100,001 - 500,000           | 1                   | 166,638                 |
| 500,001 - 1,000,000         | 1                   | 586,806                 |
| 1,000,001 - 5,000,000       | -                   | _                       |
| 5,000,001 and above         | -                   | _                       |
| Total                       | 299                 | 1,868,652               |

We have audited the financial statements of HBL Stock Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including material accounting policy information.

A.F.FERGUSON&CO.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2024, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

| S. No. | Key Audit Matter   | How the matter was addressed in our audit   |
|--------|--|---|
| 1      | Net Asset Value<br>(Refer notes 4 and 5 to the financial statements)   |   |
|        | The bank balances and investments constitute the<br>most significant component of the net asset value<br>(NAV). The bank balances and investment of the<br>Fund as at June 30, 2024 amounted to Rs. 49.810<br>million and Rs. 218.386 million respectively.<br>The existence of bank balances and the existence<br>and proper valuation of investments for the<br>determination of NAV of the Fund as at June 30,<br>2024 was considered a high risk area and<br>therefore we considered this as a key audit matter. | <ul> <li>Our audit procedures amongst others included the following:</li> <li>obtained independent confirmations for verifying the existence of the bank balances and investment portfolio as at June 30, 2024 and traced balances in these confirmations with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;</li> <li>re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and</li> <li>obtained bank reconciliation statements and tested reconciling items on a sample basis.</li> </ul> |

#### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

2

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
  or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
  is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

pwc

# A.F.FERGUSON&CO.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
  disclosures, and whether the financial statements represent the underlying transactions and events in
  a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Noman Abbas Sheikh.

### For HBL Asset Management Limited (Management Company)

**Chief Financial Officer** 

#### 1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 HBL Stock Fund (the Fund) is an open ended mutual fund constituted under a Trust Deed entered between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed under the Trust Act, 1882 on August 09, 2007 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on August 21, 2007. During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trust Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on September 8, 2021, the above-mentioned Trust Deed has been registered under the "Sindh Trust Act, 2020".
- 1.2 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the NBFC Rules, 2003 and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.
- 1.3 The Fund has been categorised as an open ended equity scheme by the Board of Directors of the Management Company pursuant to the provisions contained in Circular 7 of 2009 and is listed on the Pakistan Stock Exchange. The units of the Fund were initially offered for public subscription at a par value of Rs 10 per unit from August 29, 2007 to August 31, 2007.
- **1.4** The principal objective of the Fund is to provide long-term capital growth by investing primarily in a diversified pool of equities and equities related instruments.
- **1.5** VIS Credit Rating Company Limited (VIS) has assigned the Management Quality Rating to AM-I (2023: AM-I) dated December 29, 2023 and the outlook on the rating has been assigned as 'Stable' (2023 : 'Stable').
- **1.6** The title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

#### 2 BASIS OF PREPARATION

#### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

# 0.1 Standards, interpretations and amendments to the published accounting and reporting standards that are effective in the current year

"There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2023. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements and, therefore, have not been disclosed in these financial statements except for the following: "

During the year certain amendments to IAS 1 'Presentation of Financial Statements' have become applicable to the Fund which require entities to disclose their material accounting policy information rather than their significant accounting policies. These amendments to IAS 1 have been introduced to help entities improve accounting policy disclosures so that these provide more useful information to investors and other primary users of the financial statements. These amendments have been incorporated in these financial statements with the primary impact that the material accounting policy information has been disclosed rather than the significant accounting policies.

# 2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2024. However, these are not considered to be relevant or will not have any material effect on the Fund's financial statements except for the following:

- The new standard IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) with applicability date of January 1, 2027 by IASB, IFRS 18 is yet to be applicable in Pakistan. IFRS 18 when adopted and applicable shall impact the presentation of 'Income Statement' with certain additional disclosures in the financial statements; and
- Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities.

#### 2.4 Significant accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities and income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification and valuation of financial assets (notes 3.3 and 5) and provision for federal excise duty (note 12.1).

#### 2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except that investments have been carried at fair values.

#### 2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

#### 3 MATERIAL ACCOUNTING POLICY INFORMATION

**3.1** The accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented unless otherwise stated.

#### 3.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

#### 3.3 Financial assets

#### 3.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### 3.3.2 Classification and subsequent measurement

#### **Debt instruments**

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income "(FVOCI)"
- at fair value through profit or loss (FVTPL) based on the business model of the entity

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVTPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVTPL.

#### **Equity instruments**

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVTPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVTPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVTPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

#### 3.3.2.1 Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

#### 3.3.2.2 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on the management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's circular.

#### 3.3.2.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### 3.3.2.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

#### 3.4 Financial liabilities

All financial liabilities are recorded at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value and subsequently stated at amortised cost. A financial liability is discharged when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### 3.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### 3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 3.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### 3.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the application received by the Management Company / distributors during business hours on that day. The offer price represents the NAV per unit as of the close of the business day, plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

#### 3.9 Distribution to the unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

### 3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between NAV per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### 3.11 Revenue recognition

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as financial assets 'at fair value through profit or loss' are included in the income statement in the year in which these arise.
- Dividend income is recognised when the Fund's right to receive the same is established.
- Profit on saving accounts with bank and income from government securities are recognised on a time proportion basis using the effective yield method.

#### 3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, Trustee and annual fee to the SECP are recognised in the Income Statement on an accrual basis.

#### 3.13 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders in cash.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 3.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income of the year before taxation of the Fund by the weighted average number of units outstanding during the year. The determination of earning per unit is not practicable as disclosed in note 17.

#### 3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistan Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

**5.1.3** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposit tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the High Court of Sindh (HCS) in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. Subsequent to the year ended June 30, 2019, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund since July 1, 2018 were not withheld by the investee companies.

As at June 30, 2024, the following bonus shares of the Fund have been withheld by certain companies at the time of declaration of bonus shares.

HBL Stock Fund Notes to the financial statements For the year ended June 30, 2024

- 7.1 The Fund had subscribed towards the term finance certificates of Dewan Cement Limited as Pre-IPO investor on January 9, 2008. Under the agreement, the issuer was required to complete the public offering by October 9, 2008. However, no public offering has been carried out by the issuer till June 30, 2024. In addition, profit on the advance against subscription, due after six months from the date of subscription, has also not been received by the Fund. As at June 30, 2024, the advance against subscription has been fully provided in accordance with the provisioning policy of the Fund as approved by the Board of Directors of the Management Company.
- 7.2 Disclosure Under Circular 16 Of 2010 Issued By The Securities And Exchange Commission Of Pakistan Categorisation Of Open End Scheme

The Securities and Exchange Commission of Pakistan vide circular 7 of 2009 dated March 6, 2009 required all Asset Management Companies to classify funds under their management on the basis of categorization criteria laid down in the circular. HBL Asset Management Limited (Management Company) classified HBL Stock Fund (the Fund) as 'Equity Scheme' in accordance with the said circular. As at June 30, 2024, the Fund is compliant with all the requirements of the said circular except for clause 9 (v) which requires that the rating of any security in the portfolio shall not be lower than the investment grade.

7.3 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on dividend and profit on bank deposits paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholdee. The tax withheld on dividends and profit on bank deposits amounts to Rs. 0.511 million (2023: Rs. 0.511 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding taxes deducted on profit received by the Fund on dividends and profit on bank deposits have been shown as other receivables as at June 30, 2024 as, in the opinion of the management company, the amount of tax deducted at source will be refunded.

#### 8 RECEIVABLE FROM HBL ASSET MANAGEMENT LIMITED - MANAGEMENT COMPANY

As per SECP's direction No. SCD/PRDD/Direction/18/2016 all AMCs are required to calculate the TER in respect of each CIS to ensure the TER is not in breach of the required maximum percentage. The AMCs are required to adjust the NAV of the CIS on the basis of TER at the end of each Quarter during the financial year for the amount of expenses in excess of the TER limit prescribed in regulation 60(5) of the NBFC Regulations.

During the year ended June 30, 2024, the Fund was in breach of the TER ratio of maximum 4.5% as prescribed under NBFC Regulations for a CIS categoriesd as equity scheme. As a result the Fund has recorded receivable from Management Company to comply with the TER.

- **9.1** As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the Total Expense Ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate ranging from 2% to 3% (2023: 2%) per annum of the daily net assets of the Fund during the year ended June 30, 2024. The remuneration is payable to the Management Company monthly in arrears.
- **9.2** The Sindh Government has levied Sindh Sales Tax at the rate of 13% (2023: 13%) on the remuneration of the Management Company through Sindh Sales Tax on Services Act, 2011.
- **9.3** In accordance with Circular 11 dated July 5, 2019 with respect to charging selling and marketing expenses, the Management Company, based on its own discretion, has charged selling and marketing expenses at the rate ranging from 0% to 1.05% (2023: 1.05%) during the year ended June 30, 2024 while keeping in view the overall return and Total Expense Ratio limit of the Fund as defined under the NBFC Regulations.
- **9.4** In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

The Management Company based on its own discretion has charged at the rate ranging from 0% to 0.67% (2023: 0.55%) of the daily net assets of the scheme for allocation of such expenses to the Fund.

**10.2** The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 13% (2023: 13%) on the remuneration of the Trustee through Sindh Sales Tax on Services Act, 2011.

| 11 | PAYABLE TO THE SECURITIES AND EXCHANGE<br>COMMISSION OF PAKISTAN | Note | 2024<br>Rupees in | 2023<br>'000 |
|----|--|------|-------------------|--------------|
|    | Fee payable  | 11.1 | 16                | 38           |

**11.1** In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay non-refundable fee to the Securities and Exchange Commission of Pakistan (SECP).

Effectve from July 1, 2023, the SECP vide SRO No. 592(I)/2023 dated May 17, 2023, has revised the rate of fee to 0.095% per annum of the daily net assets of the Fund, applicable to an "Equity Scheme". Previously, the rate of fee applicable on all categories of CISs was 0.02% per annum of the daily net assets of the Fund. Accordingly, the Fund has charged the SECP fee at the rate of 0.095% per annum of the daily net assets during the year.

Further, the Fund is required to pay the SECP fee within fifteen days of the close of every calendar month. Previously, the Fund was required to pay the SECP fee within three months of the close of accounting year.

|    | Zakat payable                          |      | 29               | 29             |
|    | Other payable                          |      | 789              | 716            |
|    |  |      | 40,252           | 40,194         |

12.1 The Finance Act, 2013 enlarged the scope of federal excise duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company and sales load with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 37.838 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV of the Fund would have been higher by Rs 20.25 (2023: Rs 16.45) per unit.

#### 13 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2024 and June 30, 2023.

| 14 | AUDITORS' REMUNERATION            | 2024<br>Rupee: | 2023<br>s in '000 |
|----|-----------------------------------|----------------|-------------------|
|    | Annual audit fee                  | 467            | 436               |

|    | Sales tax                         | 88             | 54                |
|    |                                   | 1,183          | 734               |
|    |                                   |                |                   |

#### 15 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2024 is 5.11% (2023: 4.95%) which includes 0.62% (2023: 0.47%) representing government levies on the Fund such as sales taxes, annual fee to the SECP etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Equity Scheme.

#### 16 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 17 EARNINGS / (LOSS) PER UNIT

Earnings / (loss) per unit has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating earnings / (loss) per unit is not practicable.

| 18 | NUMBER OF UNITS IN ISSUE           | 2024<br>Number o | 2023<br>of units |
|----|------------------------------------|------------------|------------------|

|    | Add: issued during the year        | 4,234,337        | 1,389,842        |
|    | Less: redeemed during the year     | (4,665,880)      | (2,365,691)      |
|    | Total units in issue as of June 30 | 1,868,652        | 2,300,195        |

#### 19 TRANSACTIONS AND BALANCES WITH CONNECTED PERSONS / RELATED PARTIES

Connected persons / related parties include HBL Asset Management Limited being the Management Company, Habib Bank Limited being the Sponsor, Central Depository Company of Pakistan Limited, being the Trustee of the Fund, other collective investment schemes managed by the Management Company, directors and officers of the Management Company, directors of connected persons and persons having 10% or more beneficial ownership of the units of the Fund.

Remuneration to the Management Company of the Fund is determined in accordance with the provisions of the NBFC Regulations, 2008 and the Trust Deed.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are also in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

Remuneration to the Trustee of the Fund is determined in accordance with the provisions of the Trust Deed.

Allocated expenses and selling and marketing expenses are charged to the Fund by the Management Company subject to the maximum prescribed Total Expense Ratio.

Details of the transactions with connected persons and balances with them, if not disclosed elsewhere in these financial statements are as follows:

#### 21 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

#### 21.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; yield / interest rate risk, currency risk and price risk.

#### (i) Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2024, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

#### a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net loss for the year and net assets of the Fund would have been higher / lower by Rs. 0.50 million (2023: Rs. 0.39 million).

#### b) Sensitivity analysis for fixed rate instruments

As at June 30, 2024, the Fund does not hold any fixed rate instrument that may expose the Fund to fixed interest rate risk.

The composition of the Fund's investment portfolio and profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2024 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2024 can be determined as follows:

|  |                          |                      | 2024   |                 |                                     |         |
|--|--------------------------|----------------------|--|-----------------|-------------------------------------|---------|
|  | Effective                | Expose               | d to yield / interest                          | t rate risk     | Not exposed                         |         |
|  | yield /<br>interest rate | Upto three<br>months | More than three<br>months and upto<br>one year | More than one   | to yield /<br>interest rate<br>risk | Total   |
|  | (%)                      |                      |  | - Rupees in '00 | 0                                   |         |

#### (ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

#### (iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations, 2008 also limit individual equity securities to no more than 10% of net assets and issued capital of the investee company and sector exposure limit to 35% of the net assets.

In case of 1% increase / decrease in KSE 30 index on June 30, 2024, with all other variables held constant, the total comprehensive profit / (loss) of the Fund for the year would increase / decrease by Rs 2.1837 million (2023: Rs. 1.489 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KSE 30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KSE 30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2024 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KSE 30 Index.

#### 21.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as these fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, 2008, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund. However, no borrowing was required to be obtained by the Fund during the current year.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, liabilities that are payable on demand have been included in the maturity grouping of one month:

----2024--

|   | Within 1<br>month | More than<br>one month<br>and upto<br>three months | More than<br>three months<br>and upto one<br>year | More than<br>one year<br>and upto<br>five years | More<br>than 5<br>years | Financial<br>instruments<br>with no fixed<br>maturity | Total   |

#### 21.3 Credit risk

**21.3.1** Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

|  | 20                  | 2024                                  |                     | 23                                    |
|--|---------------------|---------------------------------------|---------------------|---------------------------------------|
|  | Financial<br>assets | Maximum<br>exposure to<br>credit risk | Financial<br>assets | Maximum<br>exposure to<br>credit risk |
|  |                     |                                       | Rupees in '000      |                                       |

| Receivable from HBL Asset Management Limited - |                     |                                       |                     |                                       |
| Management Company                             | 1,852               | 1,852                                 | 2,125               | 2,125                                 |
| Deposits                                       | 2,600               | 2,600                                 | 2,600               | 2,600                                 |
|  | 274,395             | 56,009                                | 205,262             | 56,401                                |

The maximum exposure to credit risk before any credit enhancement as at June 30, 2024 is the carrying amount of the financial assets. The difference is because of investment in equity securities which are not exposed to credit risk.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

#### 21.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued thereon, dividend receivable and receivable against sale of units. The credit rating profile of balances with banks is as follows:

|                 | 2024   | 2023   |
|-----------------|--------|--------|
| Rating category |        | %      |
|                 |        |        |
| AAA             | 9.59%  | 0.73%  |
| AA+             | 0.00%  | 4.87%  |
| AA-             | 5.90%  | 4.87%  |
| AA              | 0.22%  | 0.00%  |
| A+              | 2.39%  | 0.00%  |
| A               | 0.00%  | 0.73%  |
| A-              | 0.02%  | 0.72%  |
|                 | 18.12% | 11.92% |

#### 21.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

All financial assets of the Fund as at June 30, 2024 are unsecured and are not impaired except for term finance certificates of Dewan Cement Limited as disclosed in note 7.2 to these financial statements.

#### 22 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

#### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2024 and June 30, 2023, the Fund held the following financial instruments measured at fair values:

|                                 | Note |         | 2024    |           |         |  |
|---------------------------------|------|---------|---------|-----------|---------|--|
| Financial assets at 'fair value |      | Level 1 | Level 2 | Level 3   | Total   |  |
| through profit or loss'         |      |         | Rupee   | s in '000 |         |  |

|                                 |      |         | 2(      | )23       |         |  |
| Financial assets at 'fair value |      | Level 1 | Level 2 | Level 3   | Total   |  |
| through profit or loss'         |      |         | Rupee   | s in '000 |         |  |
| Quoted equity securities        | 5.1  | 148,861 |         |           | 148,861 |  |

#### 23 UNIT HOLDERS' FUND RISK MANAGEMENT

The Unit Holders' Fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum Fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 21, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

| 24 UNIT HOLDING PATTERN OF THE FUND | 2024         |            |                |            |

**FUND RATING** 

AA+(f) (VIS)

#### Type and Category of Fund

Open end Money Market Fund

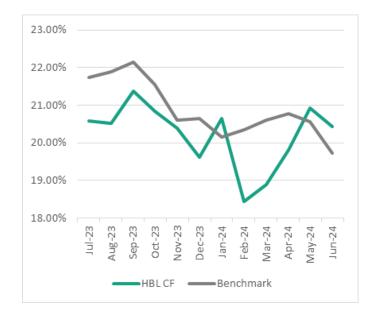

#### Investment Objective and Accomplishment of Objective

The investment objective of the Fund is to provide competitive returns to its investors through active investments in low risk portfolio of short duration, while maintaining high liquidity. The Fund will aim to maximize returns through efficient utilization of investment and liquidity management tools. The investment objective is achieved.

#### Benchmark and Performance Comparison with Benchmark

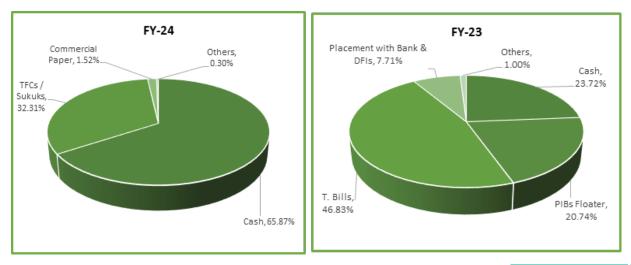

The Fund's benchmark is 70% (3Month PKRV) + 30% (3Month Avg. Deposit Rate of 3 AA rated Banks) as per MUFAP. The comparison of the fund return with benchmark is given below:

| Month  | HBL-CF | Benchmark |
|--------|--------|-----------|
| Jun-24 | 20.43% | 19.73%    |
| May-24 | 20.92% | 20.55%    |
| Apr-24 | 19.82% | 20.77%    |
| Mar-24 | 18.90% | 20.60%    |
| Feb-24 | 18.44% | 20.34%    |
| Jan-24 | 20.66% | 20.16%    |
| Dec-23 | 19.63% | 20.65%    |
| Nov-23 | 20.39% | 20.62%    |
| Oct-23 | 20.83% | 21.55%    |
| Sep-23 | 21.39% | 22.15%    |
| Aug-23 | 20.53% | 21.89%    |
| Jul-23 | 20.60% | 21.74%    |

#### Strategies and Policies employed during the Year

During the year, the fund was majorly placed with banks in the form of Daily Product Accounts (DPAs) which comprised 65.87% of total assets. Remaining investments were in short term T-bills and Commercial Papers at 32.31% and 1.52% of total assets, respectively. HBL Cash Fund posted an annualized return (YTD) of 20.21% against the benchmark return of 20.90% in FY24. In-line with its investment policy, the Fund held investments in short maturity T-Bills and placements with Banks in DPAs at attractive rates. The fund will continue to take advantage of high bank rates and enhance its allocation in short term T-bills.

### **Asset Allocation**

#### Significant Changes in Asset Allocation during the Year

No major changes were made in asset allocation during the year due to nature of the fund. The investment in Government Securities was trimmed and the exposure was diverted towards Bank Deposits in June 2024. At the end of the year, 65.87%, 32.31% and 1.52% of the net assets were deployed in Cash, T-bills and commercial paper respectively.

#### **Fund Performance**

The total income and net income of the Fund was Rs. 10.87 billion and Rs. 10.10 billion respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs 103.1573 per unit as on June 30, 2024 as compared to Rs 101.9926 per unit as on June 30, 2023, after incorporating dividends of Rs. 19.5403 per unit, thereby giving an annualized return of 22.20%. During the year the benchmark (70% 3M PKRV & 30% 3M deposit rates) return was 20.90%. The size of Fund was Rs 56.42 billion as on June 30, 2024 as compared to Rs. 50.34 billion at the start of the year.

#### **Market Review**

During the period under review, SBP maintained policy rate at 22% to slow down the economic activity and tame down the inflation. However, in the last Monetary Policy Committee (MPC) meeting of FY24, the policy rate was reduced to 20.5% on the back of decline in inflation. On a forward looking basis, the real interest rates have turned significantly positive.

Sensing the forth coming decline in interest rates, secondary market yields have started coming down before the interest rate cut announcement by MPC. After touching the high of 23.78%, 24.51%, 24.73%, 21.16% and 17.93% secondary market yields retreated to 19.97%, 19.91%, 18.68%, 16.50% and15.37% for 3M, 6M, 12M, 3Y and 5Y tenors respectively. In T-bill auctions, 3M, 6M and 12M cut-off yields after reaching the high of 24.5%, 24.79% and 25.07% have declined to 20.15%, 19.96% and 18.54% respectively. In 3Y and 5Y fixed rate PIB auctions, cut off yields after witnessing the high of 19.35% and 16.95% went down to 16.60% and 15.45% respectively.

During the last T-Bill auction held on 26th Jun-24, government raised PKR 777B as against the target of PKR 150B where cut-off yields remained largely flat at 20.15%, 19.96% and 18.54% for 3M, 6M and 12M T-Bills respectively. In last fixed rate PIB auction held on 25th-Jun-24, government raised PKR 131B against the target of PKR 190B. Cut off yields for 3Y, 5Y and 10Y have remained broadly stable at 16.55%, 15.45% and 14.25% for 3Y, 5Y and 10Y bonds respectively. In the last floating rate PIB auction, government raised PKR 106B against the target of PKR 500B.

It is also pertinent to note that during the last Sukuk auction held on 27th June-2024, government raised PKR 198B from Fixed Rental Rate (FRR) Sukuk against target of PKR 20B. Yield on 3-year Sukuk stood at 15.80% whereas on 5-year Sukuk stood at 15.10% for FRR. In Variable Rate Sukuk (VRR) auction, government raised PKR 20B as per the target. In last fixed rate discounted Ijara Sukuk of FY24, government raised PKR 21B against the target of PKR 10B at 18.50%.

Despite decline in interest rates, real interest rates have remained significantly positive on forward looking basis due to expected sharp decline in inflation. As inflation is expected to ease further from current levels, possibility of further rate cuts are high.

#### Distribution

The Fund has distributed cash dividend up-to Rs. 19.5403 per unit for the year ended June 30, 2024.

#### Significant Changes in the State of Affairs

There were no significant changes in state of affairs of the Fund.

#### Breakdown of Unit Holding by Size

| From – To             | Number of Unit Holders | Total Number of Units Held |
|-----------------------|------------------------|----------------------------|
| (Number of units)     |                        |                            |
| 1-100                 | 676                    | 16,538                     |
| 101 – 500             | 256                    | 58,503                     |
| 501 - 1,000           | 84                     | 61,274                     |
| 1,001 - 10,000        | 453                    | 2,210,675                  |
| 10,001 - 100,000      | 644                    | 24,215,532                 |
| 100,001 - 500,000     | 266                    | 63,326,020                 |
| 500,001 - 1,000,000   | 51                     | 35,978,017                 |
| 1,000,001 - 5,000,000 | 59                     | 114,816,780                |
| 5,000001 and more     | 28                     | 306,283,147                |
| Total                 | 2,517                  | 546,966,486                |

#### **Unit Splits**

There were no unit splits during the year.

#### Circumstances materially affecting the Interest of Unit Holders

Investments are subject to market risk.

#### Soft Commission

The Management Company from time to time receives research reports and presentations from brokerage houses.

#### TRUSTEE REPORT TO THE UNIT HOLDERS

#### HBL CASH FUND

#### Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Cash Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2024 in accordance with the provisions of the following:

- Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;
- (iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and
- (iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber Chief Executive Officer Central Depository Company of Pakistan Limited

### INDEPENDENT AUDITOR'S REPORT To the unit holders of HBL Cash Fund

#### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of **HBL Cash Fund** (the Fund), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended and notes to the financial statements, including a material accounting policy information and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2024, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and HBL Asset Management Limited (Management Company) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted by the Institute of Chartered Accountants of Pakistan together with the ethical requirements that are relevant to our audit of the financial statements in Pakistan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

| S. No. | Key audit matter   | How the matter was addressed<br>in our audit   |
|--------|--|--|

#### Other Mater Paragraph

The annual financial statement of the Fund for the year ended June 30, 2023 were audited by another firm of chartered accountants, whose audit report dated September 25, 2023, expressed an unmodified opinion respectively.

#### Information Other than the Financial Statements and Auditor's Report Thereon

Management Company is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management Company and Board of Directors of the Management Company for the Financial Statements

Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company are responsible for overseeing the Fund's financial reporting process.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent Correspondent Firm to Defoitte Touche Tohmatsu Limited

# VOUSUF ADIL

Yousuf Adil Chartered Accountants

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
  Management Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management Company.
- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Hena Sadiq.

# For HBL Asset Management Limited (Management Company)

# 1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 HBL Cash Fund (the Fund) was established under a Trust Deed executed between HBL Asset Management Limited as the Management Company, and Central Depository Company of Pakistan Limited (CDC), as the Trustee. The Fund was approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter No. SCD/NBFC-II/DD/PCF/844/2010 dated November 11, 2010 and the Trust Deed was executed on October 22, 2010.
- 1.2 The Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. The Fund is required to be registered under the Sindh Trust Act. Accordingly, on August 24, 2021, the above-mentioned Trust Deed had been registered under the Sindh Trust Act.
- **1.3** Effective from September 01, 2016, HBL Asset Management Limited became Management Company of the Fund, which is a wholly owned subsidiary of Habib Bank Limited. The Aga Khan Fund for Economic Development (AKFED), S.A. is the parent company of Habib Bank Limited.
- 1.4 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.
- **1.5** The Fund is an open-ended money market scheme and is listed on Pakistan Stock Exchange Limited. The units of the Fund were initially offered for public subscription at par value of Rs. 100 per unit from December 11, 2010 to December 13, 2010. Thereafter, the units are offered to the public for subscription on a continuous basis and are transferable and redeemable by surrendering them to the Fund.
- **1.6** The Fund has been categorised as a money market scheme as per the criteria laid down by the SECP for categorisation of open-end Collective Investment Schemes (CISs).
- **1.7** The core objective of the Fund is to provide competitive returns to its investors through active investments in low risk portfolio of short duration, while maintaining high liquidity.
- 1.8 VIS Credit Rating Agency has assigned a management quality rating of 'AM1' (Stable outlook) to the Management Company and a stability rating of AA+(f) to the Fund as dated January 02, 2024 and December 29, 2023, respectively.
- **1.9** Title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as Trustee of the Fund.

## 2. BASIS OF PREPARATION

## 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017, along with Part VIIIA of the repealed Companies Ordinance, 1984; and
- NBFC Rules, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the 'NBFC Regulations') and requirements of the Trust Deed.

Where the provisions of and directives issued under the Companies Act, 2017, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations, the directives issued by the SECP and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, Part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations, the directives issued by the SECP and requirements of the Trust Deed have been followed.

# 2.2 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgements and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in the application of its accounting policies. The estimates, judgements and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- (a) Classification and measurement of financial assets (notes 4.1.1.1 and 6)
- (b) Impairment of financial assets (note 4.1.1.3)
- (c) Provisions (note 4.3)
- (d) Classification and measurement of financial liabilities (note 4.1.2.1)
- (e) Contingencies and Commitments (Note 13)
- (f) Taxation (notes 4.4 and 16)

The revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

## 2.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupees which is the Fund's functional and presentation currency.

## 2.4 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for investments which are measured at fair value.

# 3. APPLICATION OF NEW STANDARDS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

3.1 New amendments that are effective for the year ended June 30, 2024

The following amendments are effective for the year ended June 30, 2024. These amendments are either not relevant to the Funds operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

- Amendments to IAS 1 'Presentation of Financial Statements' and IFRS Practice Statement 2 Disclosure of
- accounting policies
- Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' Definition of accounting estimates
- Amendments to IAS 12 Income Taxes' deferred tax related to assets and liabilities arising from a single transaction.
- Amendments to IAS 12 ' Income taxes' International Tax Reform Pillar Two Model Rules

## 3.2 Standard and amendments to IFRS that are not yet effective

The following standard and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments and standards are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

|   | Effective for accounting periods beginning on or after: |
|---|---|
| Amendments to IFRS 16 'Leases'-Clarification on how seller-lessee subsequently measures sale and leaseback transactions   | January 01, 2024  |
| Amendments to IAS 1 'Presentation of Financial Statements' - Classification<br>of liabilities as current or non-current along with Non-current liabilities with<br>Convenants | January 01, 2024  |
| Amendments to IAS 7 'Statement of Cash Flows' and 'IFRS 7 'Financial instruments disclosures' - Supplier Finance Arrangements   | January 01, 2024  |
| Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates' -<br>Clarification on how entity accounts when there is long term lack of<br>Exchangeability          | January 01, 2025  |
| IFRS 17 – Insurance Contracts (including the June 2020 and December 2021<br>Amendments to IFRS 17)  | January 01, 2026  |
| Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial instruments disclosures' - Classification and measurement of financial instruments                            | January 01, 2026  |

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 18 Presentation and Disclosures in Financial Statements.
- IFRS 19 Subsidiaries without Public Accountability: Disclosures.

# 4. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

# 4.1 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit assets or financial liabilities at fair value through profit or loss are recognised immediately in the income statement.

# 4.1.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

# 4.1.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

#### Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

#### Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (OCI), interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is reclassified to the income statement.

## Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the fair value through other comprehensive income criteria are classified as at fair value through profit or loss. In addition, debt instruments that meet either the amortised cost criteria or the fair value through other comprehensive income criteria may be designated as at fair value through profit or loss upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

# 4.1.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

#### Basis of valuation of government debt securities:

The government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV, PKFRV, PKISRV) which are based on the remaining tenor of the securities. Moreover, listed government securities traded on Pakistan Stock Exchange are valued at rates quoted on Pakistan Stock Exchange (PSX).

# Basis of valuation of debt securities:

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by Securities and Exchange Commission of Pakistan (SECP). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

"The Fund applies discretion on the effective yield as per the allowable limits in the above mentioned Circulars after taking into account aspects such as Liquidity Risk, Sector Specific Risk and Issuer Class Risk."

# 4.1.1.3 Impairment of financial assets

Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP / Commission through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9 until further instruction.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

# 4.1.1.4 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of assets and liabilities) when:

- the rights to receive cash flows from the asset have expired; or
- the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset.

# 4.1.2 Financial liabilities

# 4.1.2.1 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest rate method or at fair value through profit or loss.

Financial liabilities are measured at amortised cost, unless they are required to be measured at fair value through profit or loss (such as instruments held for trading) or the Fund has opted to measure them at fair value through profit or loss.

# 4.1.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the income statement.

# 4.1.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

## 4.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less, which are readily convertible to known amounts of cash, are subject to an insignificant risk of **changes in value**.

# 4.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

## 4.4 Taxation

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

## 4.5 Dividend distribution and appropriations

Dividend distributions and appropriations are recorded in the period in which these are approved by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

Distributions declared subsequent to the year end / reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

# 4.6 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the unit holders during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load and any provision for duties and charges, if applicable. The sales load is payable to investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, and charges on redemption, if applicable.

## 4.7 Element of Income

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

## 4.8 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the statement of assets and liabilities, is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

## 4.9 Revenue recognition

- Gain or loss on sale of investment is accounted for in the income statement in the period in which it arises.
- Unrealised gain / loss arising on re-measurement of investments classified as 'at fair value through profit or loss' is included in the income statement in the period in which it arises.

- Income / profit from investments in government securities is recognised on a time proportionate basis using effective interest rate method.
- Profit on bank balances and letter of placement is recognised on a time proportionate basis using bank's approved rates.

# 4.10 Expenses

All expenses chargeable to the Fund including remuneration of Management Company, Trustee fee and The SECP fee are recognised in the income statement on an accrual basis.

## 4.11 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

|   |                    |      | June 30,<br>2024 | June 30,<br>2023 |

8.1 The income of the Fund is exempt from tax under Clause 99 of Part I of the Second Schedule of the Income Tax Ordinance, 2001 (ITO 2001). Further, the Fund is exempt under clause 47(B) of Part IV of Second Schedule of ITO 2001 from withholding of tax under section 150, 150A, 151 and 233 of ITO 2001.

The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under section 159 (1) of the ITO 2001 from Commissioner Inland Revenue (CIR). However, various withholding agents have deducted advance tax under section 151 of ITO 2001. The Management Company is confident that the same shall be refunded after filing refund application. Refund has been filed uptill tax year 2021.

- 9.1 As per the amendment in Regulation 61 of the NBFC Regulation, the Management Company may charge variable fee or fixed fee or the combination of both which shall not exceed the limit disclosed in the offering document. The maximum limit disclosed in the offering document is 1.5% per annum of average annual net assets. During the year, the fee is being charged at the rate ranging from 0.81% to 1.15% of the average annual net assets accordingly. The fee is payable monthly in arrears
- **9.2** The Sindh Provincial Government has levied Sindh Sales Tax (SST) at the rate of 13% (2023: 13%) on the remuneration of Management Company through Sindh Sales Tax on Services Act, 2011.
- **9.3** As per Regulation 60(3) of the amended NBFC Regulations, fee and expenses pertaining to registrar services, accounting, operation and valuation services related to a Collective Investment Scheme (CIS) are chargeable to the CIS. During the year, the fee is being charged at the rate ranging between 0.18% to 0.51% of the average annual net assets accordingly
- **9.4** As per Regulation 60(3) of NBFC Regulations, selling and marketing expenses is allowed on all categories of open end mutual funds, except fund of funds with no cap. During the year, the fee is being charged at the rate ranging between 0.06% to 0.24% of the average annual net assets accordingly

|     |  |      | 181,356  | 144,422  |

12.1 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from June 13, 2013. As the asset management services rendered by the Management Company of the Fund were already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund, the Management Company was of the view that further levy of FED was not justified

On September 04, 2013, a Constitutional Petition was filed in the Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

On July 16, 2016, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

However, since the appeal filed by the tax authorities is pending in the Supreme Court of Pakistan, the Management Company, being prudent, has retained a provision for FED on remuneration of Management Company, aggregating to Rs. 7.528 million (2023: Rs. 7.528 million). Had the provision not been made, the net asset value per unit of the Fund as at June 30, 2024 would have been higher by Re. 0.0138 per unit (2023: Re. 0.0152 per unit).

# 13. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2024 and June 30, 2023.

# 16. TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed to the unit holders in cash. The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. The Fund has not recorded a tax liability in the current year, as the Management Company has distributed at least 90% of the Fund's accounting income as reduced by capital gains (whether realised or unrealised) to its unit holders.

## 17. TOTAL EXPENSE RATIO

The total annualised expense ratio (TER) of the Fund for the year ended June 30, 2024 1.53% (2023: 1.26%) which includes 0.21% (2023: 0.12%) representing Government levies and the SECP Fee, therefore TER excluding Government levies and SECP fee is 1.32%. The prescribed limit for the ratio excluding government levies is 2% (2023: 2%) under the NBFC Regulations for a collective investment scheme categorised as an 'Money Market scheme'.

# 19. TRANSACTIONS AND BALANCES WITH RELATED PARTIES / CONNECTED PERSONS

Related parties / connected persons include HBL Asset Management Limited being the Management Company, Habib Bank Limited being the Sponsor of the Management Company, Central Depository Company of Pakistan Limited, being the Trustee of the Fund, other collective investment schemes and pension schemes managed by the Management Company, directors and key management persons and officers of the Management Company, directors of connected persons and persons having 10% or more beneficial ownership of the units of the Fund.

Transactions with connected persons are in the normal course of business, at contracted rates and terms determined in accordance with market rates.

Remuneration payable to Management Company and Trustee is determined in accordance with the provisions of the NBFC Regulations and the Trust Deed respectively.

Transactions and balances with parties who were connected persons due to holding 10% or more units in the comparative year and not in the current year are not disclosed in the comparative year.

Details of the transactions with connected persons and balances with them are as follows:

# 20. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Fund is current bid price.

"A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

As per the requirements of IFRS 7 (Financial Instruments: Disclosures) and IFRS 13 (Fair Value Measurement), the Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- Fair value measurements using inputs for assets or liability that are not based on observable market data (i.e. unobservable inputs) (level 3).

#### 21. Financial Risk Management

"The Fund's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Fund's financial performance.

The Fund's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate and other price risk), credit risk and liquidity risk. Risks of the Fund are being managed by the Management Company in accordance with the approved policies of the Investment Committee which provide broad guidelines for management of above mentioned risks. The Board of Directors of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework."

#### 21.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board of Directors of Management Company and the regulations laid down by the SECP, the NBFC regulations and the NBFC Rules.

Market risk comprises of three types of risk: currency risk, yield / interest rate risk and other price risk.

## 21.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as all transactions are carried out in Pakistan Rupees.

## 21.1.2 Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2024, the Fund is exposed to such risk on bank balances and government securities. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits. As of June 30, 2024 details of Fund's interest bearing financial instruments were as follows:

|  | June 30,<br>2024<br>(Rupees | June 30,<br>2023<br><b>in '000)</b> |
|--|-----------------------------|-------------------------------------|

#### a) Sensitivity analysis for variable rate instruments

As at June 30, 2024, the Fund holds KIBOR based bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net assets value of the Fund and the net income for the year would have been higher / lower by Rs. 373 million (2023: Rs. 120 million).

#### b) Sensitivity analysis for fixed rate instruments

As at June 30, 2024, the Fund holds government securities which are fixed rate instruments exposing the Fund to fair value interest rate risk. In case of 100 basis points increase / decrease in rates announced by Financial Markets Association of Pakistan FMAP on June 30, 2024, the net income for the year and net assets would be lower / higher by Rs. 191,807 million (2023: Rs. 381,660 million).

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date. The composition of the Fund investment may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2024 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2024 can be determined as follows:

|  | As at June 30, 2024                   |                       |  |                       |  |            |               |  |  |
|--|---------------------------------------|-----------------------|--|-----------------------|--|------------|---------------|--|--|

#### 21.1.3 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

# 21.2 Credit risk

Credit risk represents the risk of loss if counterparties fail to perform as contracted. The Fund is exposed to counter party credit risks on bank balances and other financial assets at amortised cost. The credit risk on the fund is limited because the counterparties are financial institutions with reasonably high credit ratings.

The Fund has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. This information is supplied by independent rating agencies, where available, and if not available, the Fund uses other publicly available financial information and its own trading records The Fund's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Credit risk from bank balances and financial institutions is managed in accordance with the Fund's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are approved by the Board of Directors. The limits are set to minimise the concentration of risk and therefore mitigate financial loss through potential counterparty failure.

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

**21.2.2** The analysis below summarizes the credit quality of the Fund's credit exposure:

|                           | June 30,<br>2024 | June 30,<br>2023 |
|---------------------------|------------------|------------------|
| Rating by rating category | (Percent         | age)             |
| A-1+                      | 100.00           | 100.00           |

# Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in government securities and bank balances while the remaining transactions are entered into with diverse credit-worthy counterparties thereby mitigating any significant concentration of credit risk to counterparties other than the Government.

## 21.3 Settlement risk

The Fund's activities may give rise to risk at the time of settlement of transactions. Settlement risk is the risk of loss due to the failure of counter party to honour its obligations to deliver cash, securities or other assets as contractually agreed. Credit risk relating to unsettled transactions in securities is considered to be minimal as the Fund uses brokers with high creditworthiness and the transactions are settled or paid for only upon delivery.

# 21.4 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting it's obligations arising from it's financial liabilities that are settled by delivering cash or other financial assets or that such obligations will have to be settled in a manner disadvantageous to the Funds. Liquidity risk also arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemptions of its units on a regular basis. Units are redeemable at the holder's option based on the Fund's applicable redemption price calculated in accordance with the Fund's constitutive documents and guidelines laid down by the SECP.

Units of the Fund are redeemable on demand at the holder's option, however, the Fund does not anticipate significant redemption of units.

The table below analyses the Fund's financial assets and financial liabilities into relevant maturity groupings based on the remaining period at the statement of assets and liabilities date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

## 22. UNITS HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;
- Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and
- The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size during the current year.

## 23. LIST OF TOP TEN BROKERS / DEALERS BY PERCENTAGE OF COMMISSION PAID / PAYABLE

# FUND MANAGER'S REPORT - HBL MULTI ASSET FUND

Type and Category of Fund Open end Balanced Fund

# **Investment Objective and Accomplishment of Objective**

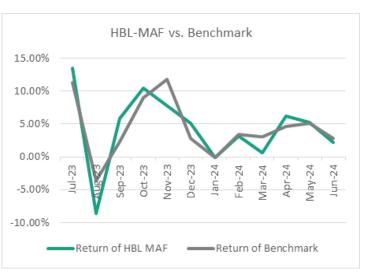

The objective of the Fund is to provide long-term capital growth and income by investing in multiple asset classes such as equity, equity-related instruments, fixed-income securities, continuous funding system, derivatives, money market instruments, etc.

# Benchmark and Performance Comparison with Benchmark

The Fund's benchmark is weighted average daily return of KSE100 and 6M average PKRV rates based on the actual proportion of investment in Equity and Fixed Income/Money Market component.

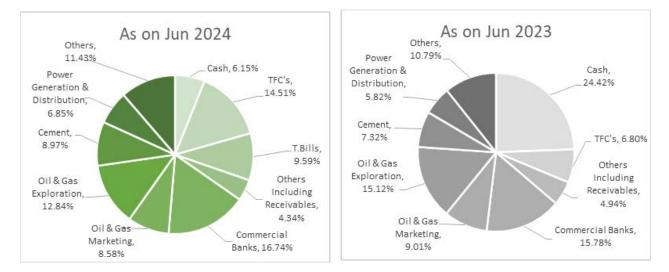

|        | Returi      | n of Fund |
|--------|-------------|-----------|
| Month  | HBL-<br>MAF | Benchmark |
| Jun-24 | 2.20%       | 2.77%     |
| May-24 | 5.21%       | 5.06%     |
| Apr-24 | 6.18%       | 4.63%     |
| Mar-24 | 0.68%       | 3.01%     |

| Jan-24 | -0.13%      | -0.05%    |
| Dec-23 | 5.13%       | 2.87%     |
| Nov-23 | 7.82%       | 11.75%    |
| Oct-23 | 10.51%      | 8.97%     |
| Sep-23 | 5.82%       | 2.33%     |
| Aug-23 | -8.62%      | -3.57%    |
| Jul-23 | 13.46%      | 11.24%    |

The comparison of the fund return with benchmark is given below:

Strategies and Policies employed during the Year

During the year under review, the Fund has increased its exposure in equity securities from 63.84% as on June 30, 2023 to 65.41% in June 30, 2024. Furthermore, sector wise allocation was continuously reviewed and revisited throughout the year to ensure optimum return to the investors. Accordingly, exposure in cement, power and commercial banks was increased, while exposure in oil and gas exploration and oil and gas marketing was decreased. The Fund increased its exposure in commercial papers and TFCs during the year.

# **Asset Allocation**

### Significant Changes in Asset Allocation during the Year

Following table shows comparison of sector wise allocation of equity investments of Fund as on June 30, 2024 and June 30, 2023:

| Sector Name                     | As on Jun 2024 | As on Jun 2023 |
|---------------------------------|----------------|----------------|
| Cash                            | 6.15%          | 24.42%         |
| TFC's                           | 14.51%         | 6.80%          |
| T.Bills                         | 9.59%          | 0.00%          |
| Others Including Receivables    | 4.34%          | 4.94%          |
| Commercial Banks                | 16.74%         | 15.78%         |
| Oil & Gas Marketing             | 8.58%          | 9.01%          |
| Oil & Gas Exploration           | 12.84%         | 15.12%         |
| Cement                          | 8.97%          | 7.32%          |
| Power Generation & Distribution | 6.85%          | 5.82%          |
| Others                          | 11.43%         | 10.8%          |
| Total                           | 100.00%        | 100.00%        |

#### Fund Performance

The total and net income of the Fund was Rs. 50.99 million and Rs. 46.48 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs 138.4640 per unit as on June 30, 2024 as compared to Rs 92.3983 per unit as on June 30, 2023, after incorporating dividend of Rs. 11.90 per unit, thereby giving a return of 62.74%. During the same year the benchmark index (Weighted average daily return KSE 100 and 6 Month PKRV rates) yielded a return of 65.35%. The size of Fund was Rs 0.12 billion as on June 30, 2024 as compared to Rs. 0.10 billion at the start of the year.

#### Review of Market invested in

#### **Money Market Review**

During the period under review, SBP maintained policy rate at 22% to slow down the economic activity and tame down the inflation. However, in the last Monetary Policy Committee (MPC) meeting of FY24, the policy rate was reduced to 20.5% on the back of decline in inflation. On a forward looking basis, the real interest rates have turned significantly positive.

Sensing the forth coming decline in interest rates, secondary market yields have started coming down before the interest rate cut announcement by MPC. After touching the high of 23.78%, 24.51%, 24.73%, 21.16% and 17.93% secondary market yields retreated to 19.97%, 19.91%, 18.68%, 16.50% and 15.37% for 3M, 6M, 12M, 3Y and 5Y tenors respectively.

It is also pertinent to note that during the last Sukuk auction held on 27th June-2024, government raised PKR 198B from Fixed Rental Rate (FRR) Sukuk against target of PKR 20B. Yield on 3-year Sukuk stood at 15.80% whereas on 5-year Sukuk stood at 15.10% for FRR. In Variable Rate Sukuk (VRR) auction, government raised PKR 20B as per the target. In last fixed rate discounted Ijara Sukuk of FY24, government raised PKR 21B against the target of PKR 10B at 18.50%.

Despite decline in interest rates, real interest rates have remained significantly positive on forward looking basis due to expected sharp decline in inflation. As inflation is expected to ease further from current levels, possibility of further rate cuts are high.

#### Stock Market Review

In FY24, the benchmark KSE-100 index gained 36,992 points or 89.2% to reach at 78,445 level. IMF program euphoria, economic stability, political certainty, peaceful culmination of elections along with foreign inflows turned the sentiments positive. Strong results posted by corporates despite economic turbulence also supported the bullish momentum. To note, KSE-100 index has been the best performing market in FY24 by posting 94% USD based return.

The sectors that majorly contributed to the performance in FY24 were Banks (+13,262 pts), fertilizer (+5,074 pts), Oil and Gas Exploration (+4,300 pts) and Power (+4,192 pts). Whereas script wise major contribution came from HUBC (+3,282 pts), UBL (+2,719 pts), MEBL (+2,392 pts), EFERT (+1,998 pts) and BAHL (+1,945 pts).

The average daily volume and value of KSE All share index grew to 461M shares and PKR 15.6B from 192M shares and PKR 6.1B in the FY23. Foreigners were net buyers of USD 141M whereas on the local front Banks, individuals, mutual funds and others were net sellers of USD 141M, USD 60M, USD 47M and USD 33M respectively. Insurance and companies remained net buyer of 126M and 36M respectively.

After the drastic decline in inflation, interest rates cycle is now on a reverse trend. Policy rate after touching the all-time high of 22% has been reduced to 17.5%. Inflation readings in the coming months are estimated to be in single digits which will provide room for further cut in interest rates. Decline in interest rates, securing of 3 years EFF program, funding support from multilateral and bilateral, strong earnings outlook and weakening oil price outlook will keep the market momentum positive. Despite offering dividend yield of 11%+, market is trading at P/E of 4.0x vs historical average of 6.0x. We believe that market could re-rate from current levels; hence, we maintain bullish stance on equities. The risk to our stance is escalation in middle-east and possibility of any domestic political uncertainty.

#### Distribution

The Board of Directors approved dividend up to Rs. 11.90 per unit for the year ended June 30, 2024.

#### Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

#### Breakdown of Unit Holding by Size

| From – To<br>(Number of units) | Number of Unit<br>Holders | Total Number of Units<br>Held |

#### TRUSTEE REPORT TO THE UNIT HOLDERS

# HBL MULTI ASSET FUND

#### Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Multi Asset Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2024 in accordance with the provisions of the following:

- Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;
- (iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and
- (iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber

Chief Executive Officer Central Depository Company of Pakistan Limited

#### INDEPENDENT AUDITORS' RPEORT

#### To the Unit holders of HBL Multi Asset Fund

#### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of **HBL Multi Asset Fund** ("the Fund"), which comprise the statement of assets and liabilities as at 30 June 2024, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flow for the year then ended, and notes to the financial statements, comprising material accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 30 June 2024, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan ("the Code") and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

#### Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report for the year ended 30 June 2024 but does not include the financial statements and our auditors' report thereon.

KPMG Tasser Had, & Co., a Partnenihip firm registered in Pakisten and a namber firm of the KPMG global organization of independent member firms affiliated with VPMG international Limited, a private English company limited by guarantee.

KPMG Taseer Hadi & Co.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Fund's financial reporting process.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

 Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

KPMG Taseer Hadi & Co.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of
  accounting and, based on the audit evidence obtained, whether a material uncertainty exists
  related to events or conditions that may cast significant doubt on the Fund's ability to continue
  as a going concern. If we conclude that a material uncertainty exists, we are required to draw
  attention in our auditors' report to the related disclosures in the financial statements or, if such
  disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit
  evidence obtained up to the date of our auditors' report. However, future events or conditions
  may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

KPMG Taseer Hadi & Co.

The engagement partner on the audit resulting in this independent auditors' report is Zeeshan Rashid.

Director

# 1. LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 HBL Multi Asset Fund (the Fund) was established under a Trust Deed, dated October 08, 2007, executed between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited as the Trustee. The Fund was authorised by the Securities and Exchange Commission of Pakistan (SECP) as a unit trust scheme on September 28, 2007.
- 1.2 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the NBFC Rules, 2003 and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.
- 1.3 The Fund is an open ended mutual fund and offers units for public subscription on a continuous basis. The units are transferable and can also be redeemed by surrendering to the Fund. The Fund is listed on the Pakistan Stock Exchange.
- 1.4 The Fund has been categorised as a balanced fund as per the criteria laid down by SECP for categorisation of open-end Collective Investment Scheme (CISs). The Management Company has also planned to change its category from 'balanced fund' to 'asset allocation fund' for which the Management Company intends to seek SECP approval. Once executed, the Management Company would launch different plans in the Fund to ensure continuous compliance of fund size requirements.
- 1.5 The objective of the Fund is to provide long-term capital growth and income by investing in multiple asset classes, such as equity securities, government securities, fixed income securities, continuous funding system, derivatives, money market instruments and other asset classes / securities / instruments.
- 1.6 VIS Credit Rating Company has reaffirmed a management quality rating to 'AM1' (Stable outlook) of the Management Company on December 29, 2023 (2023: AM1 dated on December 30, 2022).
- 1.7 Title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as trustee of the Fund.

### 2. BASIS OF PREPARATION

#### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules and the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules and the NBFC Regulations and requirements of the Trust Deed have been followed.

#### 2.2 Standards and amendments effective during the year

The Fund has adopted Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) from July 1, 2023. These amendments neither resulted in any changes to the accounting policies nor impacted the accounting policies' information disclosed in the annual audited financial statements for the year ended June 30, 2023.

The amendments require the disclosure of 'material', rather than 'significant', accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific accounting policy information that users need to understand other information in the financial statements.

There are certain other new and amended standards, interpretations and amendments that are mandatory for the Fund's accounting periods beginning on July 1, 2023 but are considered not to be relevant or do not have any significant effect on the Fund's operations and are therefore not detailed in these financial statements.

#### 2.3 Standards, interpretations and amendments to accounting and reporting standards, that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after July 1, 2024:

- Classification of liabilities as current or non-current (Amendments to IAS 1 in January 2020) apply retrospectively for the annual periods beginning on or after 1 January 2024 (as deferred vide amendments to IAS 1 in October 2022) with earlier application permitted. These amendments in the standards have been added to further clarify when a liability is classified as current. Convertible debt may need to be reclassified as 'current'. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity's expectation and discretion at the reporting date to refinance or to reschedule payments on a long-term basis are no longer relevant for the classification of a liability as current or non-current. An entity shall apply those amendments retrospectively in accordance with IAS 8.
- Non-current Liabilities with Covenants (amendment to IAS 1 in October 2022) aims to improve the information an entity provides when its right to defer settlement of a liability for at least twelve months is subject to compliance with conditions. The amendment is also intended to address concerns about classifying such a liability as current or non-current. Only covenants with which a fund must comply on or before the reporting date affect the classification of a liability as current or non-current. Covenants with which the fund must comply after the reporting date (i.e. future covenants) do not affect a liability's classification at that date. However, when non-current liabilities are subject to future covenants, fund will now need to disclose information to help users understand the risk that those liabilities could become repayable within 12 months after the reporting date. The amendments apply retrospectively for annual reporting periods beginning on or after January 1, 2024, with earlier application permitted. These amendments also specify the transition requirements for fund that may have early-adopted the previously issued but not yet effective 2020 amendments to IAS 1 (as referred above).
- Lease Liability in a Sale and Leaseback (amendment to IFRS 16 in September 2022) adds subsequent measurement requirements for sale and leaseback transactions that satisfy the requirements to be accounted for as a sale. The amendment confirms that on initial recognition, the seller-lessee includes variable lease payments when it measures a lease liability arising from a sale-and-leaseback transaction. After initial recognition, the seller-lessee applies the general requirements for subsequent accounting of the lease liability such that it recognizes no gain or loss relating to the right of use it retains. A seller-lessee may adopt different approaches that satisfy the new requirements on subsequent measurement. The amendments are effective for annual reporting periods beginning on or after January,1 2024 with earlier application permitted. Under IAS 8, a seller-lessee will need to apply the amendments retrospectively to sale-and-leaseback transactions entered into or after the date of initial application of IFRS 16 in 2019, and potentially restate those that included variable lease payments. If an entity (a seller-lessee) applies the amendments arising from Lease Liability in a Sale and Leaseback for an earlier period, the entity shall disclose that fact.

- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28) amend accounting treatment on loss of control of business or assets. The amendments also introduce new accounting for less frequent transaction that involves neither cost nor full step-up of certain retained interests in assets that are not businesses. The effective date for these changes has been deferred indefinitely until the completion of a broader review.
- Supplier Finance Arrangements (amendments to IAS 7 and IFRS 7) introduce two new disclosure objectives for a fund to provide information about its supplier finance arrangements that would enable users (investors) to assess the effects of these arrangements on the fund's liabilities and cash flows, and the fund's exposure to liquidity risk. Under the amendments, funds also need to disclose the type and effect of non-cash changes in the carrying amounts of the financial liabilities that are part of a supplier finance arrangement. The amendments also add supplier finance arrangements as an example to the existing disclosure requirements in IFRS 7 on factors a fund might consider when providing specific quantitative liquidity risk disclosures about its financial liabilities. The amendments are effective for periods beginning on or after January 1, 2024, with early application permitted. However, some relief from providing certain information in the year of initial application is available.
- Lack of Exchangeability (amendments to IAS 21) clarify:
  - when a currency is exchangeable into another currency; and
  - how a company estimates a spot rate when a currency lacks exchangeability

Further, companies will need to provide new disclosures to help users assess the impact of using an estimated exchange rate on the financial statements. These disclosures might include:

- the nature and financial impacts of the currency not being exchangeable;
- the spot exchange rate used ;
- the estimation process; and
- risks to the company because the currency is not exchangeable.

The amendments apply for annual reporting periods beginning on or after 1 January 2025. Earlier application is permitted. Earlier application is permitted.

- Amendments to the Classification and Measurement of Financial Instruments Amendments to IFRS 9 Financial Instruments and IFRS 7 Financial Instruments: Disclosures:
  - Financial Assets with ESG-Linked features:

Under IFRS 9, it was unclear whether the contractual cash flows of some financial assets with ESG-linked features represented SPPI. This could have resulted in financial assets with ESG-linked features being measured at fair value through profit or loss.

Although the new amendments are more permissive, they apply to all contingent features, not just ESG-linked features. While the amendments may allow certain financial assets with contingent features to meet the SPPI criterion, companies may need to perform additional work to prove this. Judgement will be required in determining whether the new test is met.

The amendments introduce an additional SPPI test for financial assets with contingent features that are not related directly to a change in basic lending risks or costs - e.g., where the cash flows change depending on whether the borrower meets an ESG target specified in the loan contract.

The amendments also include additional disclosures for all financial assets and financial liabilities that have certain contingent features that are:

- not related directly to a change in basic lending risks or costs; and
- are not measured at fair value through profit or loss.

The amendments apply for reporting periods beginning on or after 1 January 2026. Companies can choose to early-adopt these amendments (including the associated disclosure requirements), separately from the amendments for the recognition and derecognition of financial assets and financial liabilities.

- Recognition / Derecognition requirements of Financial Assets / liabilities by Electronic Payments:

The amendments to IFRS 9 clarify when a financial asset or a financial liability is recognized and derecognized and provide an exception for certain financial liabilities settled using an electronic payment system. Companies generally derecognize their trade payables on the settlement date (i.e., when the payment is completed). However, the amendments provide an exception for the derecognition of financial liabilities. The exception allows the company to derecognize its trade payable before the settlement date, when it uses an electronic payment system that meets all of the following criteria:

- no practical ability to withdraw, stop or cancel the payment instruction;
- no practical ability to access the cash to be used for settlement as a result of the payment instruction; and
- the settlement risk associated with the electronic payment system is insignificant

The amendments apply for reporting periods beginning on or after 1 January 2026. Earlier application is permitted.

The above amendment and improvement have no impact on the financial statements of the Fund.

#### 2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the use of certain critical accounting estimates, judgments and assumptions that affect the reported amounts of assets and liabilities and income and expenses. It also requires management to exercise its judgment in the process of applying the Fund's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. The areas where various assumptions and estimates are significant to the Fund's financial statements or where judgment was exercised in the application of accounting policies are given below:

- (a) classification of financial assets (Note 3.2(i))
- (b) impairment of financial assets (Note 3.2(iv))
- (c) provisions (Note 3.11)

# 2.5 Basis of Measurement

These financial statements have been prepared under going concern basis and under the historical cost convention except for the investments which are stated at fair value.

# 2.6 Functional and presentation currency

These financial statements are presented in Pakistani Rupees which is the Fund's functional and presentation currency.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. Further, accounting policies related to material class of accounts does not necessarily means it is material. These policies have been consistently applied to all the years presented.

#### 3.1 Cash and cash equivalent

Cash and cash equivalents comprise balances with banks and short-term highly liquid investments with original maturities of three months or less.

#### 3.2 Financial assets

#### i. Classification

On initial recognition, a financial asset is classified as measured at: amortised cost, FVOCI or FVTPL.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Fund may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Fund may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

#### **Business model assessment**

The Fund makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. In particular, whether management's strategy focuses on earning contractual interest revenue, maintaining a particular interest rate profile or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Fund's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and its strategy for how those risks are managed;
- how managers of the business are compensated (e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected); and

 the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Fund's stated objective for managing the financial assets is achieved and how cash flows are realised.

Financial assets that are held for trading or managed and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

#### Assessment of whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment on debt securities, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Fund considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Fund's claim to cash flows from specified assets (e.g. non-recourse loans); and
- features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

# ii. Subsequent measurement

The following accounting policies apply to the subsequent measurement of financial assets:

| Financial assets at FVTPL          | These assets are subsequently measured at fair value. Net gains and losses, including any interest / markup or dividend income, are recognised in income statement.   |
|------------------------------------|---|
| Financial assets at amortised cost | These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest / markup income, foreign exchange gains and losses and impairment are recognised in income statement.  |
| Debt investments at FVOCI          | These assets are subsequently measured at fair value. Interest / markup income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in income statement. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to income statement. |
| Equity investments at FVOCI        | These assets are subsequently measured at fair value. Dividends are recognised as income in income statement unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to income statement.  |

The fair value of financial assets are determined as follows:

#### a) Debt securities (other than Government securities)

The debt securities are valued on the basis of rates determined by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by SECP for valuation of debt securities vide its Circular No. 33 of 2012 dated October 24, 2012. In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

#### b) Government securities

The government securities are valued on the basis of rates announced by the Financial Markets Association of Pakistan.

#### c) Equity securities

The equity securities are valued on the basis of closing quoted market prices available at the Pakistan Stock Exchange.

#### iii. Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Fund changes its business model for managing financial assets.

#### iv. Impairment of financial assets

#### Financial assets at amortised cost

Provision for non performing debt securities and other exposure is made in accordance with the criteria specified in Circular No. 33 of 2012 dated October 24, 2012 issued by SECP. The provisioning policy has been duly formulated and approved by the Board of Directors of the Fund.

# 3.3 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. Financial Liabilities are either classified as fair value through profit or loss (FVTPL), when they are held for trading purposes, or at amortized cost. Financial Liabilities classified as FVTPL are measured at fair value. Financial liabilities classified at amortized cost are initially recorded at fair value and subsequently measured using the effective interest rate method.

The Fund derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired. The Fund also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in the profit or loss account.

#### 3.4 Regular way contracts

All purchases and sales of securities that require delivery within the time frame established by regulation or market convention are recognised at the trade date. Trade date is the date on which the Fund commits to purchase or sell assets.

### 3.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and where the Fund has transferred substantially all risks and rewards of ownership.

#### 3.6 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are only offset and the net amount reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amount and there is intention to settle on a net basis, or to realise the asset and settle the liability simultaneously.

#### 3.7 Unit holders' fund

Unit holders' fund representing the units issued by the Fund, is carried at the redemption amount representing the investors' right to a residual interest in the Fund's assets.

#### 3.8 Issuance and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received, by the distributors / Management Company during business hours, as of the close of the previous day on which the applications were received. The offer price represents the net assets value per unit as of the close of previous day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable.

Units redeemed are recorded at the redemption price, applicable to units as of the close of the previous day. The redemption price represents the net assets value per unit as of the close of the previous day on which the applications were received less any back-end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

# 3.9 Element of income

Element of income represents the difference between net assets value on the issuance or redemption date, as the case may be, of units and the net assets value (NAV) at the beginning of the relevant accounting period.

Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund; however, to maintain same ex-dividend net assets value of all units outstanding on accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units (refund of capital) in the same proportion as dividend bears to accounting income available for distribution. As per guideline provided by MUFAP (MUFAP Guidelines consented upon by SECP) the refund of capital is made in the form of additional units at zero price.

MUFAP, in consultation with the SECP, has specified methodology for determination of income paid on units redeemed (income already paid) during the year under which such income is paid on gross element received and is calculated from the latest date at which the Fund achieved net profitability during the year. The income already paid (Element of income) on redemption of units during the year are taken separately in statement of movement in unit holders' fund.

#### 3.10 Revenue recognition

- Mark-up on bank deposit and mark-up / return on investments in debt securities are recognised using effective yield method.
- Dividend income is recognised when the right to receive dividend is established i.e. on the date of book closure of the investee company / institution declaring the dividend.
- Realised capital gains / (losses) arising on sale of investments are included in the Income Statement on the date at which the transaction takes place.

- Unrealised gains / (losses) arising on mark to market of investments classified as ' Financial assets at fair value through profit or loss ' are included in the Income Statement in the year in which they arise.

#### 3.11 Provisions

Provisions are recognised when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

#### 3.12 Net assets value per unit

The net assets value per unit as disclosed on the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units outstanding at the year end.

#### 3.13 Taxation

The Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than ninety percent of its accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed among the unit holders. Provided that for the purpose of determining distribution of at least ninety percent of its accounting income for the year, the income distributed through bonus units shall not be taken into account.

Funds account for deferred tax using the balance sheet liability method on all temporary differences between the amounts used for financial reporting purposes and amounts used for tax purposes. In addition, Funds also record deferred tax asset on unutilised tax losses to the extent that it is probable that the related tax benefit will be realised. However, the Fund has not recognised any amount in respect of taxation in these financial statements as the Fund distributes more than ninety percent of its accounting income for the current year and intends to continue availing the tax exemption in future years by distributing at least ninety percent of its accounting income for the year as reduced by capital gains, whether realised or unrealised, to its unit holders' every year.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

### 3.14 Zakat Payable

Zakat payment is the responsibility of each unit holder. Nevertheless, the Fund follows the provisions of Zakat and Ushr Ordinance, 1980. Units held by individual resident Pakistani unit holders are subject to Zakat at 2.5% of the par value of unit under the said Ordinance, except those exempted from Zakat. Zakat is deducted at source from dividend or from redemption proceeds, if units are redeemed during the Zakat year before the payment of Zakat.

#### 3.15 Distributions

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

The distribution per unit is announced based on units that were held for the entire period. The rate of distribution is adjusted with effect of refund of capital if any based on the period of investment made during the year. Resultantly, the rate of distribution per unit may vary depending on the period of investment.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### 3.16 **Other assets**

Other assets are stated at cost less impairment losses, if any.

#### 3.17 **Expenses**

5

All expenses including NAV based expenses (namely management fee, trustee fee, annual fee payable to the SECP, and selling and marketing expense) are recognised in the Income Statement on an accrual basis.

#### BANK BALANCES 4

| BANK BALANCES    | Note | 2024    | 2023     |
|------------------|------|---------|----------|
|                  |      | (Rupees | in '000) |
| Savings accounts | 4.1  | 8,225   | 27,173   |
|                  |      | 8,225   | 27,173   |

This represents bank balances held with different banks. Mark-up rates on these accounts range between 19% and 22.5% 4.1 per annum (2023: between 14% and 22.5% per annum).

\* These have a face value of Rs. 3.5 per share.

- 5.1.1 These investments include shares having market value aggregating to Rs. 24.051 million (2023: Rs. 15.332 million) that have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in terms of Circular No. 11 dated October 23, 2007 issued by the SECP.
- 5.1.2 These investments include gross bonus shares as per Fund's entitlement declared by the investee companies. Finance Act, 2014 has brought amendments in the Income Tax Ordinance, 2001 whereby the bonus shares received by the shareholder are to be treated as income and a tax at the rate of 5% is to be applied on value of bonus shares determined on the basis of day end price on the first day of closure of books. The tax is to be collected at source by the investee company which shall be considered as final discharge of tax liability on such income. However, the Management Company of the Fund jointly with other asset management companies and Mutual Fund Association of Pakistan (MUFAP), has filed a petition in Sindh High Court to declare the amendments brought in Income Tax Ordinance, 2001 with reference to tax on bonus shares for collective investment schemes as null and void and not applicable on the funds based on the premise of exemption given to mutual funds under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001. The Sindh High Court has granted stay order till the final outcome of the case. However, the investee company(s) has withheld the share equivalent to 5% of bonus announcement of the Fund having aggregate fair market value of Rs. 447,832 as at June 30, 2024 (2023: Rs 250,167) and not yet deposited in CDC account of department of Income tax. Management is of the view that the decision will be in the favor and accordingly has recorded the bonus shares on gross basis at fair value in its investments at year end. Further during the year ended 30 June 2024, the Finance Act 2023 again introduced a 10% tax on value of bonus shares. However, no tax has been withheld on the bonus shares received by the Fund during this year.

7.1 This pertains to tax deducted by bank due to non-availability of the withholding tax exemption certificate for certain months on bank profit which will be claimed on filing of tax return of the Fund.

7.2 The Fund had subscribed towards the term finance certificates of an issuer as Pre-IPO investor on January 09, 2008. Under the agreement, the issuer was required to complete the public offering by October 09, 2008. However, no public offering has been carried out by the issuer as at June 30, 2021. In addition, profit on the advance against subscription, due after six months from the date of subscription, has also not been received by the Fund. As at June 30, 2021, the advance against subscription has been fully provided in accordance with the provisioning policy of the Fund as approved by the Board of Directors of the Management Company.

- 8.1 As per SECP S.R.O. 639 (I)/2019 dated 20 June 2019, there has been amendment in NBFC Regulation no. 61, in which limits over management fee had been removed and directed that the asset management company shall disclose in the offering document the maximum rate of management fee chargeable to collective investment scheme within allowed expense ratio limit. Further, the asset management company may charge variable fee or fixed fee or the combination of both which shall not exceed the limit disclosed in the offering document and such actual rate shall be disclosed in Fund manager report. The management fee expense charged by the asset management company during the year is 1.5%-2.49% (2023: 2%).
- 8.2 The Sindh Provincial Government has levied Sindh Sales Tax (SST) at the rate of 13% (2023: 13%) on the remuneration of management company through Sindh Sales Tax on Services Act, 2011.
- 8.3 As per SECP S.R.O. 639 (I)/2019 dated 20 June 2019, there has been amendment in NBFC regulation no. 60 (3) point (s) and (v), in which limits to allocate fee and expenses pertaining to registrar services, accounting, operation, valuation services and selling and marketing expenses had been removed.
- 8.4 As per SECP's direction No. SCD/PRDD/Direction/18/2016, "The Asset Management Companies (AMCs) shall adjust the Net Asset Value (NAV) of the Collective Investment Scheme (CIS) on the basis of Total Expense Ratio (TER) at the end of each quarter during the financial year for the amount of expenses in excess of TER limit prescribed in regulation 60 (5) of the NBFC regulations for that CIS by booking liability against AMC. Moreover, the reimbursement (if any) by an AMC to CIS shall be made on the basis of annual TER calculated at the end of each financial year and NAV shall be adjusted accordingly.

As a matter of abundant caution, the fund has recognized a receivable from the management company during the year to ensure compliance with the Total Expense Ratio (TER) limit of 4.5% as prescribed under the regulations for the CIS category "balanced scheme.

9.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified there in, based on the daily Net Asset Value (NAV) of the Fund.

Based on the Trust Deed, the tariff structure applicable to the Fund as at June 30, 2024 is as follows:

| Amount of Funds Under Management<br>(Average NAV)            | Tariff per annum             |                 |                    |
|--|------------------------------|-----------------|--------------------|
| Upto Rs. 1,000 million                                       | 0.2% p.a. of NAV.            |                 |                    |
| On an amount exceeding Rs. 1,000 million                     | Rs. 2 million plus 0.1% of I | NAV exceeding R | s. 1000 million.   |
| PAYABLE TO SECURITIES AND EXCHANGE<br>COMMISSION OF PAKISTAN | Note                         | 2024<br>(Rupees | 2023<br>s in '000) |

**10.1** Under the provisions of the NBFC Regulations a collective investment scheme categorised as balanced scheme is required to pay as annual fee to the SECP, an amount equal to 0.085%. However, as per SRO 685(I)/2019 dated 28th June, 2019, the Securities and Exchange Policy Board revised the rate of annual fee at 0.02% of net assets applicable on all categories of Collective Investment Schemes effective from July 1, 2019.

|    | Payable to brokers                     |      | 51               | 183   |
|    | Unclaimed dividend                     |      | 3                | 6     |
|    | Tax professional fee payable           |      | 128              | -     |
|    | Withholding tax payable                |      | 1,353            | 744   |
|    | Other payables                         |      | 72               | 80    |
|    |  |      | 8,642            | 8,044 |

11.1 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016. During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016.

However, as a matter of abundant caution the provision for FED made for the period from January 13, 2013 to June 30, 2019 amounting to Rs 6.610 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the net asset value of the Fund would have been higher by Rs 7.3349 (June 30, 2023: Re 5.8977)

# 12. CONTINGENCIES AND COMMITMENTS

Other than already disclosed in these financial statements, there are no contingencies and commitments outstanding as at June 30, 2024.

| 13. | NUMBER OF UNITS IN ISSUE                          | 2024              | 2023      |
|-----|---|-------------------|-----------|
|     |   | (Number of units) |           |
|     | Total units in issue at the beginning of the year | 1,121,925         | 1,120,780 |
|     | Units issued                                      | 303,415           | 484,975   |
|     | Units redeemed                                    | (524,172)         | (483,830) |
|     | Total units in issue at the end of the year       | 901,168           | 1,121,925 |

- 13.1 This includes 9,155 units issued at zero value (June 30, 2022: 7 units) as refund of capital.
- 13.2 The Management Company on 28 June 2024 declared final distribution of Rs. 11.90 per unit. The aggregate cash distribution amounted to Rs. 8.72 million was in addition to refund of capital as stated in note 13.1.

# 17 TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed amongst the unit holders. Provided that for the purpose of determining distribution of at least 90% of accounting income, the income distributed through bonus shares, units or certificates as the case may be, shall not be taken into account. Furthermore, as per regulation 63 of the NBFC Regulations, 2008, the Fund is required to distribute 90% of the net accounting income other than capital gains to the unit holders. Since, the Fund has distributed more than 90% of its accounting income therefore, no provision has been made in the financial statements for the year ended June 30, 2024.

# 18 EARNINGS PER UNIT

Earnings Per Unit (EPU) has not been disclosed as in the opinion of management determination of cumulative weighted average number of outstanding units is not practicable.

| 7 | Mr. Khalid Malik       | 6                  | 6        | -                | -                    |

## 25. FINANCIAL RISK MANAGEMENT

The Board of Directors of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Board is also responsible for developing and monitoring the Fund's risk management policies.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The Fund primarily invests in a portfolio of equity and money market investments such as shares of listed companies, government securities and in other money market instruments. These activities are exposed to a variety of financial risks: market risk, credit risk and liquidity risk.

## 25.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; currency risk, interest rate risk and other price risk.

### 25.2 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present, is not exposed to currency risk as its full transactions are carried out in Pak Rupees.

### 25.3 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

As at June 30, 2024 the balances that may be exposed to interest rate risk are as follows:

| Variable rate instruments   | 2024<br>(Rupees          | 2023<br>in '000) |
|---|--------------------------|------------------|
| Bank balances<br>Investments - at fair value through profit or loss | 8,225<br>5,409<br>13,634 |                  |
| Investments - at amortized cost through profit or loss              | 14,000<br>27,634         |                  |

The Fund's interest rate risk arises from the balances in savings accounts. The net income for the year would have increased / (decreased) had the interest rates on savings accounts with banks increased / (decreased) by 100 basis point is as follows:

|   | Effect on total   |
|---|---|
|   | comprehensive income and                                  |
|   | net assets  |

The composition of the Fund's investment portfolio, KIBOR and rates announced by Financial Markets Association is expected to change over time. Therefore, the sensitivity analysis prepared as of June 30, 2024 is not necessarily indicative of the effect on the Fund's net assets and net income due to future movements in interest rates.

Yield interest rate sensitivity position for on balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off balance sheet instruments is based on settlement date.

## 25.4 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity securities price risk because of investments held by the Fund and classified on the Statement of Assets and Liabilities as financial assets 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The Fund's constitutive document / regulations also limit individual equity securities to no more than 10% of net assets, or issued capital of the investee company, whichever is lower, and sector exposure limit to 30% of net assets.

In case of 5% increase / decrease in KSE-100 index on June 30, 2024 with all other variables held constant, other components of equity and the net assets of the Fund would increase / decrease by Rs. 4.37 million as a result of gains / losses on equity securities.

The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Funds equity instruments moved according to the historical correlation with the index. This represents managements best estimate of a reasonable possible shift in the KSE-100 index, having regard to the historical volatility of the index. The composition of the Funds investment portfolio and the correlation thereof to the KSE index, is expected to change over the time. Accordingly, the sensitivity analysis prepared as of June 30, 2024 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of KSE-100 index.

## 25.5 Credit risk

The Fund is exposed to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when they fall due. Credit risk arises from the inability of the counter party to fulfil their obligations. There is a possibility of default by participants or failure of the financial markets / stock exchanges, the depositories, the settlements or clearing system, etc.

The Fund's credit risk is primarily attributable to its investment in debt securities, balances with banks and advances, deposits and other receivables. The credit risk of the Fund is limited as the investments are made and balances are maintained with counter parties that are financial institutions with reasonably high credit ratings.

The Fund's policy is to enter into financial contracts in accordance with the internal risk management policies and investment guidelines approved by the Investment Committee. In addition, the risk is managed through the assignment of credit limits and by following strict credit evaluation criteria laid down by the Management Company.

The maximum exposure to credit risk before considering any collateral as at June 30, 2024 and June 30, 2023 is the carrying amount of the financial assets. Investments in equity securities and debt securities, however, are not exposed to credit risk. None of these assets are 'impaired' nor 'past due but not impaired'.

The analysis below summarises the credit quality of the Fund's bank balances, dividend receivable and accrued markup as at June 30,:

| Balances with banks by rating category |               | 2024   |                            |

## 25.5.1 Concentration of credit risk

Concentration of credit risk arises when a number of financial instruments or contracts are entered into with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. The Fund's portfolio of financial assets is broadly diversified and transactions are entered into with diverse credit worthy counterparties thereby mitigating any significant concentration of credit risk.

The Fund's major bank balance is held with one Bank. Management believes that such bank is a reputed institution.

## 25.6 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund is exposed to daily cash redemptions of units. The Management Company manages the liquidity risk by monitoring maturities of financial assets and financial liabilities and investing a major portion of the Fund's assets in highly liquid financial assets.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of 10% of the units in issue and such requests would be treated as redemption request qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below 10% of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the statement of assets and liabilities to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

|  | As at June 30, 2024 |            |               |          |  |

## 25.7 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the processes, technology and infrastructure supporting the Fund's operations either internally within the Fund or externally at the Fund's service providers, and from external factors other than credit, market and liquidity risk such as those arising from legal and regulatory requirements and generally accepted standards of investment management behaviour. Operational risk arise from all of the Fund's activities.

The Fund's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns for investors.

The primary responsibility for the development and implementation of controls over operational risk rests with the board of directors. This responsibility encompasses the controls in the following areas:

- requirements for appropriate segregation of duties between various functions, roles and responsibilities;
- requirements for the reconciliation and monitoring of transactions;
- compliance with regulatory and other legal requirements;
- documentation of controls and procedures;
- requirements for the periodic assessment of operational risk faced, and the adequacy of controls and procedures to address the risk identified;
- ethical and business standards; and
- risk mitigation, including insurance where this is effective.

## 26. UNITS HOLDERS' FUND RISK MANAGEMENT

The units holders' fund is represented by redeemable units. These units are entitled to distributions and to payment of a proportionate share, based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund.

The Fund has no restrictions on the subscription and redemption of units. There is no specific capital requirement which is applicable on the Fund.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to unit holders and to maintain a strong base of assets under management.

In accordance with the risk management policies, the Fund endeavours to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by short-term borrowing arrangements (which can be entered if necessary) or disposal of investments where necessary.

## 27. FAIR VALUE AND CATEGORIES OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets i.e. listed equity shares are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Fund is current bid price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- Fair value measurements using Inputs for assets or liability that are not based on observable market data (i.e. unobservable inputs) (level 3).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

### 27.1 Valuation techniques used in determination of fair values within level 2

Investments in Term Finance Certificates / Sukuk Bonds are valued on the basis of the market rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan. Investment in market treasury bills are valued on the basis of PKRVs announced by the Mutual Funds Association of Pakistan (MUFAP).

- 27.2 The Fund has not disclosed the fair values for these financial assets and financial liabilities, as these are either short term in nature or reprice frequently. Therefore, their carrying amounts are reasonable approximation of fair value.
- 27.3 Net assets attributable to unitholders. The Fund routinely redeems and issues the units at the amount equal to the proportionate share of net assets of the Fund at the time of redemption, calculated on a basis consistent with that used in these financial statements. Accordingly, the carrying amount of net assets attributable to unitholders approximates their fair value. The units are categorized into Level 2 of the fair value hierarchy.

### 28. TOTAL EXPENSE RATIO

The directive 23 of 2016 dated July 20, 2016, issued by the Securities and Exchange Commission of Pakistan, requires that Collective Investment Scheme (CIS) shall disclose Total Expense Ratio (TER) in the financial statements of CIS / the Fund. Further, limit for Balanced Scheme is 4.5%. The TER for the year ended June 30, 2024, is 4.38% (2023: 4.89%) which includes 0.34% (2023: 0.44%) representing Government levy and SECP fee of the fund respectively.

# 29. DISCLOURE UNDER CIRCULAR 16 OF 2010 ISSUED BY THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN - CATEGORISATION OF OPEN END SCHEME

The Securities and Exchange Commission of Pakistan vide Circular 7 of 2009 dated March 6, 2009 required all Asset Management Companies to classify funds under their management on the basis of categorisation criteria laid down in the said circular. The Management Company classified the Fund as 'Balanced Scheme' in 'accordance with the said circular. As at June 30, 2024, the Fund is compliant with all the requirements of the said circular except for clause 2 (iv) which requires that the rating of any debt security in the portfolio shall not be lower than A- (A Minus).

| Name of non-compliant<br>investment | Type of<br>investment | Value of<br>investment<br>before<br>provision | Provision<br>held (if any) | Value of<br>investment<br>after provision | Limit | % of Net<br>Assets | % of Gross<br>Assets |

## Strategies and Policies employed during the Year

During the year under review, the Fund increased its exposure in equities for Growth Fund A and Growth Fund B from 66.41% and 80.71% on June 30, 2023 to 85.03% and 87.80% as on June 30, 2024 respectively. Furthermore, sector-wise allocation was continuously reviewed and revisited throughout the year to ensure optimum return to the investors. Accordingly, exposure in oil and gas marketing, automobile assembler, cement was increased, while exposure in commercial banks was decreased.

### Significant Changes in Asset Allocation during the Year

The following table shows a comparison of top sector wise allocation of equity investments in the Fund as on June 30, 2024 and June 30, 2023:

#### HBL Growth Fund – B

| Sector Name                  | As on Jun 2024 | As on Jun 2023 |
|------------------------------|----------------|----------------|
| Cash                         | 13.83%         | 21.71%         |
| Others Including Receivables | 1.14%          | 11.88%         |
| Commercial Banks             | 10.64%         | 11.15%         |
| Oil & Gas Exploration        | 13.79%         | 12.57%         |
| Oil & Gas Marketing          | 10.87%         | 8.82%          |
| Automobile Assembler         | 7.80%          | 0.00%          |
| Cement                       | 13.24%         | 9.53%          |
| Others                       | 28.69%         | 24.3%          |

| Sector Name                  | As on Jun 2024 | As on Jun 2023 |
|------------------------------|----------------|----------------|
| Cash                         | 11.78%         | 18.69%         |
| Others Including Receivables | 0.42%          | 0.60%          |
| Oil & Gas Marketing          | 87.80%         | 80.71%         |
| Total                        | 100.00%        | 100.00%        |

### **Fund Performance**

The Fund as a whole earned a total and net income of Rs. 1.19 billion and Rs. 993 million respectively during the year under review. The fund size of the fund stood at Rs. 7.15 billion as on June 30, 2024.

Performance review of each class is presented below:

### HBL Growth Fund - Class 'A'

HBL Growth Fund – Class 'A' earned a total income and net income of Rs. 359.49 million and Rs. 221.16 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Class 'A' was Rs. 19.9485 per unit as on June 30, 2024 as compared to Rs. 13.7476 as at June 30, 2023, after incorporating dividend of Rs. 0.75 per unit, thereby giving a return of 49.79%. During the year the benchmark KSE 100 index yielded a return of 89.24%. The size of Class 'A' was Rs. 5.66 billion as on June 30, 2024 as compared to Rs. 3.90 billion at the start of the year.

### HBL Growth Fund – Class 'B'

HBL Growth Fund – Class 'B' earned a total and net income of Rs. 832.17 million and Rs. 771.34 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Class 'B' was Rs. 21.5925 per unit as on June 30, 2024 as compared to Rs. 12.2463 as at June 30, 2023, after incorporating dividend of Rs. 1.45, thereby giving a return of 88.16%. During the year the benchmark KSE 100 index yielded a return of 89.24%. The size of Class 'B' was Rs. 1.50 billion as on June 30, 2024 as compared to Rs. 0.91 billion at the start of the year.

### **Market Review**

In FY24, the benchmark KSE-100 index gained 36,992 points or 89.2% to reach at 78,445 level. IMF program euphoria, economic stability, political certainty, peaceful culmination of elections along with foreign inflows turned the sentiments positive. Strong results posted by corporates despite economic turbulence also supported the bullish momentum. To note, KSE-100 index has been the best performing market in FY24 by posting 94% USD based return.

The sectors that majorly contributed to the performance in FY24 were Banks (+13,262 pts), fertilizer (+5,074 pts), Oil and Gas Exploration (+4,300 pts) and Power (+4,192 pts). Whereas script wise major contribution came from HUBC (+3,282 pts), UBL (+2,719 pts), MEBL (+2,392 pts), EFERT (+1,998 pts) and BAHL (+1,945 pts).

The average daily volume and value of KSE All share index grew to 461M shares and PKR 15.6B from 192M shares and PKR 6.1B in the FY23. Foreigners were net buyers of USD 141M whereas on the local front Banks, individuals, mutual funds and others were net sellers of USD 141M, USD 60M, USD 47M and USD 33M respectively. Insurance and companies remained net buyer of 126M and 36M respectively.

After the drastic decline in inflation, interest rates cycle is now on a reverse trend. Policy rate after touching the all-time high of 22% has been reduced to 17.5%. Inflation readings in the coming months are estimated to be in single digits which will provide room for further cut in interest rates. Decline in interest rates, securing of 3 years EFF program, funding support from multilateral and bilateral, strong earnings outlook and weakening oil price outlook will keep the market momentum positive. Despite offering dividend yield of 11%+, market is trading at P/E of 4.0x vs historical average of 6.0x. We believe that market could re-rate from current levels; hence, we maintain bullish stance on equities. The risk to our stance is escalation in middle-east and possibility of any domestic political uncertainty.

### Distribution

The Board of Directors approved Rs.0.75 dividend per unit to the unit holders for the year ended June 30, 2024 from HBL Growth Fund Class 'A'.

The Board of Directors approved dividend of up-to Rs. 1.45 per unit for the year ended June 30, 2024 from HBL Growth Fund Class 'B'.

### Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

## TRUSTEE REPORT TO THE UNIT HOLDERS

## HBL GROWTH FUND

## Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Growth Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2024 in accordance with the provisions of the following:

- Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;
- (iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and
- (iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin<sup>A</sup>Akber / Chief Executive Officer Central Depository Company of Pakistan Limited

Karachi, September 27, 2024

#### INDEPENDENT AUDITOR'S REPORT

To the Unit holders of HBL Growth Fund

Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of HBL Growth Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2024, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

| S. No. | Key Audit Matter  | How the matter was addressed in our audit   |
|--------|---|---|
| 1      | Net Asset Value<br>(Refer notes 4 and 5 to the financial statements)  |   |
|        | The bank balances and investments constitute the<br>most significant component of the net asset value<br>(NAV). The bank balances and investments of the<br>Fund as at June 30, 2024 amounted to Rs.<br>945,412 million and Rs. 6,725.021 million<br>respectively.<br>The existence of bank balances and the existence<br>and proper valuation of investments for the<br>determination of NAV of the Fund as at June 30,<br>2024 was considered a high risk area and<br>therefore we considered this as a key audit matter. | <ul> <li>Our audit procedures amongst others included the following:</li> <li>obtained independent confirmations for verifying the existence of the bank balances and investment portfolio as at June 30, 2024 and traced balances in these confirmations with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;</li> <li>re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and</li> <li>obtained bank reconciliation statements and tested reconciling items on a sample basis.</li> </ul> |

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

2

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
  or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
  is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

## A·F·FERGUSON&CO.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
  disclosures, and whether the financial statements represent the underlying transactions and events in
  a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Noman Abbas Sheikh.

The annexed notes 1 to 29 form an integral part of these financial statements.

For HBL Asset Management Limited (Management Company)

**Chief Financial Officer** 

**Chief Executive Officer** 

## 1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 HBL Growth Fund (The Fund), an Open End Scheme that was initially constituted as a Closed End Fund under the name of PICIC Investment Fund vide a registered Trust Deed 'Initial Trust Deed' dated April 02, 2004, as amended vide First Supplemental Trust Deed dated June 28, 2004. The Fund has been converted into an Open End Scheme through a registered Restated Trust Deed (the Deed) dated April 24, 2018 under the Trusts Act, 1882 entered into and between HBL Asset Management Limited ("the Management Company") and Central Depository Company of Pakistan Limited ("the Trustee"). During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on August 24, 2021, the above-mentioned Trust Deed has been registered under the "Sindh Trust Act, 2020".
- 1.2 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the NBFC Rules, 2003 and has obtained the requisite license from the Securities and Exchange Commission of Pakistan (SECP) to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.
- 1.3 The objective of the Fund is to maximize the wealth of the unit holders by investing primarily in listed equities in the best available opportunities, while considering acceptable risk parameters and applicable rules and regulations.
- 1.4 As per Regulation 65 of the NBFC Regulations, all closed end funds were required to be converted into open end schemes upon expiry of five years from November 21, 2007 i.e. by November 21, 2012. However, closed end funds whose portfolios were frozen as a result of Consent Agreements with Government of Pakistan were allowed to be converted into open end schemes within three months from the date of the removal of the freezing of the portfolios. Since the Fund has Frozen Portfolio comprising shares of Pakistan State Oil Company Limited and Sui Northern Gas Pipelines Limited, its conversion into an open end scheme was deferred.
- 1.5 The Board of the Management Company of the Fund in its meeting held on November 23, 2017 approved the conversion plan of the Fund for the conversion of the Fund into an Open End Scheme, with the approval of the certificate holders of the Fund to fulfill the requirements of the merger order dated August 31, 2016. For this purpose, the plan was presented to and approved by the certificate holders of the Fund in its general meeting dated January 10, 2018. The plan was also approved by the SECP on February 16, 2018.
- 1.6 The replacement trust deed and replacement offering document were approved by the SECP vide its letter no. SCD/AMCW/HIF/339/2018 dated April 18, 2018 and letter no. SCD/AMCW/HIF/398/2018 dated June 7, 2018 respectively. As per the approved Plan, the conversion took place on July 2, 2018 and every certificate holder of the closed end fund was entitled to following for each certificate held:
  - One Class-A unit of the Fund was issued to every certificate holder of the Fund for each certificate held representing frozen portfolio and related assets and liabilities.
  - One Class-B unit of the Fund was issued to the every certificate holder of the Fund for each certificate held representing unfrozen portfolio and related assets and liabilities.
- 1.7 The plan also envisages that Class-A units would not be redeemable and would be traded on the Pakistan Stock Exchange. Whereas Class-B units can be redeemed at the redemption price.
- 1.8 VIS Credit Rating Company Limited (VIS) has maintained the Management Quality Rating to AM-I dated December 29, 2023 (2023: AM-I dated December 30, 2022) and the outlook on the rating has been assigned as 'Stable' (2023: 'Stable').
- 1.9 The title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as Trustee of the Fund.

## 2 BASIS OF PREPARATION

### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

# 2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2023. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements and, therefore, have not been disclosed in these financial statements except for the following:

During the year certain amendments to IAS 1 'Presentation of Financial Statements' have become applicable to the Fund which require entities to disclose their material accounting policy information rather than their significant accounting policies. These amendments to IAS 1 have been introduced to help entities improve accounting policy disclosures so that these provide more useful information to investors and other primary users of the financial statements. These amendments have been incorporated in these financial statements with the primary impact that the material accounting policy information has been disclosed rather than the significant accounting policies.

### 2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2024. However, these are not considered to be relevant or will not have any material effect on the Fund's financial statements except for the following:

- The new standard IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) with applicability date of January 1, 2027 by IASB, IFRS 18 is yet to be applicable in Pakistan. IFRS 18 when adopted and applicable shall impact the presentation of 'Income Statement' with certain additional disclosures in the financial statements; and
- Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities.

### 2.4 Significant accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification and valuation of financial assets (notes 3.2 and 5) and provision for Federal excise duty (note 12.1).

## 2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value through profit or loss' which are measured at their respective fair values.

### 2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

### 3 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These have been applied consistently to all the years presented unless otherwise stated.

### 3.1 Cash and cash equivalents

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

### 3.2 Financial assets

### 3.2.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

### 3.2.2 Classification and subsequent measurement

### 3.2.2.1 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVTPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVTPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVTPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

## 3.2.2.2 Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Fund considers that a financial asset is in default when the counterparty fails to make contractual payments within 90 days of when they fall due. Further, financial assets are written off by the Fund, in whole or part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery.

## 3.2.2.3 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on the management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's circular.

## 3.2.2.4 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

## 3.2.2.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

## 3.3 Financial liabilities

Financial liabilities are recognized at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognized at fair value and subsequently stated at amortized cost.

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or expired. Any gain or loss arising on derecognition of financial liabilities is taken to the Income Statement.

### 3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

### 3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

### 3.6 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

## 3.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the application received by the Management Company / distributors during business hours on that day. The offer price represents the NAV per unit as of the close of the business day, plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

## 3.8 Distribution to the unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

## 3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between NAV per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

### 3.11 Revenue recognition

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the year in which these arise.
- Dividend income is recognised when the Fund's right to receive the same is established.
- Profit on saving accounts with bank and income from government securities are recognised on a time proportion basis using the effective yield method.

### 3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, Trustee and annual fee to the SECP are recognised in the Income Statement on an accrual basis.

### 3.13 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders in cash.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

### 3.14 Earnings per unit

Earnings per unit (EPU) is calculated by dividing the net income of the year before taxation of the Fund by the weighted average number of units outstanding during the year. The determination of earning per unit is not practicable as disclosed in note 17.

### 3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

5.1.1.1 The above mentioned Class A shares of Pakistan State Oil Company Limited and Sui Northern Gas Pipelines Limited are blocked / frozen by an order of the Government of Pakistan (GoP) as the same form part of a strategic shareholding under the control of the GoP. As a result, the Fund is restricted from selling, transferring, encumbering or otherwise disposing of or dealing with any interest in the said shares, including any future bonus / right shares in respect thereof. Consequently, the exposure limit mentioned in regulation 55 of the NBFC Regulations, does not apply to the above frozen shares.

**5.14** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only be released if the Fund deposit tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the High Court of Sindh (HCS) in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. Subsequent to the year ended June 30, 2019, CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund since July 1, 2018 were not withheld by the investee companies.

As at June 30, 2024, the following bonus shares of sub fund A and sub fund B have been withheld by certain companies at the time of declaration of bonus shares respectively.

# 7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on dividend and profit on bank deposits paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholdee. The tax withheld on dividends and profit on bank deposits amounts to Rs. 3.047 million (2023: Rs. 2.320 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends and profit on bank deposits has been shown as other receivables as at June 30, 2024 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

#### 8 RECEIVABLE FROM HBL ASSET MANAGEMENT LIMITED - MANAGEMENT COMPANY

As per SECP's direction No. SCD/PRDD/Direction/18/2016 all AMCs are required to calculate the TER in respect of each CIS to ensure the TER is not in breach of the required maximum percentage. The AMCs are required to adjust the NAV of the CIS on the basis of TER at the end of each Quarter during the financial year for the amount of expenses in excess of the TER limit prescribed in regulation 60(5) of the NBFC Regulations.

During the year ended June 30, 2024, the Fund's Class B was in breach of the TER ratio of maximum 4.5% as prescribed under NBFC Regulations for a CIS categorised as equity scheme. As a result the Fund has recorded receivable from the Management Company to comply with the TER.

- **9.1** As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the offering document subject to the Total Expense Ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged at the rate of 1.5% and ranging from 2% to 3% (June 30, 2023: 1.5% and 2%) of the daily net assets of the Fund for Class A and Class B, respectively during the year ended June 30, 2024. The remuneration is payable to the Management Company monthly in arrears.
- **9.2** The Sindh Provincial Government has levied Sindh Sales Tax at the rate of 13% (2023: 13%) on the remuneration of the Management Company through Sindh Sales Tax on Services Act, 2011.
- **9.3** In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

The Management Company based on its own discretion has currently charged such expenses at the rate of 0.55% and ranging from 0% to 0.67% (June 30, 2023: 0.55% for both Class A and Class B) of the daily net assets of the Fund for Class A and Class B, respectively during the year ended June 30, 2024 for allocation of such expenses to the Fund.

- 9.4 In accordance with Circular 11 dated July 5, 2019 with respect to charging selling and marketing expenses, the Management Company, based on its own discretion, has charged selling and marketing expenses at the rate of nil (2023: nil) for Class A and ranging from 0% to 1.05% (2023: 1.05%) for Class B during the year ended June 30, 2024 while keeping in view the overall return and Total Expense Ratio Limit of the Fund as defined under the NBFC Regulations.
- **9.4.1** As per the instructions of SECP via letter No. SCD/AMCW/HBLAML/9/2020 dated October 19, 2020, the Management Company ceased to charge selling and marketing expenses to the certificate holders of Class A with effect from November 01, 2020.

**10.1** The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily net assets of the Fund. The remuneration is payable to the Trustee according to the following tariff structure:

| Tariff structure                            |  |  |  |  |  |  |
|---|--|--|--|--|--|--|
| Net assets (Rs.)                            | Fee  |  |  |  |  |  |
| - Up to Rs 1,000 million                    | 0.02% of the Net Assets or Rs. 700,000 per annum whichever is higher                 |  |  |  |  |  |
| - From Rs 1,000 million to Rs 5,000 million | Rs. 2.0 million plus 0.10% p.a. of Net Assets, on amount exceeding Rs.1,000 million. |  |  |  |  |  |

**10.2** The Sindh Provincial Government had levied Sindh Sales Tax at the rate of 13% (2023: 13%) on the remuneration of the Trustee through Sindh Sales Tax on Services Act, 2011.

**11.1** In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay non-refundable fee to the Securities and Exchange Commission of Pakistan (SECP).

Effective from July 1, 2023, the SECP vide SRO No. 592(I)/2023 dated May 17, 2023, has revised the rate of fee to 0.095% per annum of the daily net assets of the Fund, applicable to an "Equity Scheme". Previously, the rate of fee applicable on all categories of CISs was 0.02% per annum of the daily net assets of the Fund. Accordingly, the Fund has charged the SECP fee at the rate of 0.095% per annum of the daily net assets during the year.

Further, the Fund is required to pay the SECP fee within fifteen days of the close of every calendar month. Previously, the Fund was required to pay the SECP fee within three months of the close of accounting year.

12.1 The Finance Act, 2013 enlarged the scope of federal excise duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company and sales load with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 125.303 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund for Class B would have been higher by Rs 1.805 (2023: Rs 1.690).

#### 13 CONTINGENCIES AND COMMITMENTS

There were no contingencies or commitments outstanding as at June 30, 2024 and June 30, 2023.

#### 15 TOTAL EXPENSES RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2024 is 2.52% and 4.75% (June 30, 2023: 2.45% and 4.96%) which includes 0.31% and 0.59% (June 30, 2023: 0.23% and 0.46%) representing government levies on the Fund such as Sales Taxes, annual fee to the SECP etc for Class A and B respectively. This maximum ratio limit as prescribed under the NBFC Regulation for a collective investment scheme categorised as an 'Equity scheme' is 4.5% which is required to be complied on an annual basis by the Fund. As more fully discussed in note 8, TER of the Fund was in breach as prescribed in the regulation. To comply with this breach, the Fund has made the reversal of expense amounting to Rs. 11.157 million (June 30, 2023: Nil).

#### 16 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2024 to the unit holders in the manner as explained above, accordingly no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 17 EARNINGS PER UNIT

Earnings per unit has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

|    |                                    |             | 2024       |             |             | 2023       |             |  |

#### 19 TRANSACTION AND BALANCES WITH CONNECTED PERSONS / RELATED PARTIES

Connected persons / related parties include HBL Asset Management Limited being the Management Company, Habib Bank Limited being the Sponsor, Central Depository Company of Pakistan Limited, being the Trustee of the Fund, other collective investment schemes managed by the Management Company, directors and officers of the Management Company, directors of connected persons and persons having 10% or more beneficial ownership of the units of the Fund.

Remuneration to the Management Company of the Fund is determined in accordance with the provisions of the NBFC Regulations, 2008 and the Trust Deed.

Transactions with connected persons essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are also in the normal course of business, at contracted rates and at the terms determined in accordance with market rates. The management considers that the transactions between the related parties / connected persons are executed in accordance with the parameters defined in the offering document, trust deed and the NBFC regulations and hence, the transactions are considered to be on an arm's length basis.

Remuneration to the Trustee of the Fund is determined in accordance with the provisions of the Trust Deed.

Allocated expenses and selling and marketing expenses are charged to the Fund by the Management Company subject to the maximum prescribed Total Expense Ratio.

Details of the transactions with connected persons and balances with them, if not disclosed elsewhere in these financial statements are as follows:

|      | 2024                                |         |         | 2023    |           |         |         |

#### 21 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

#### 21.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; yield / interest rate risk, currency risk and price risk.

#### (i) Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2024, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

#### a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net profit and net assets of the Class A for the year ended would have been higher / lower by Rs. 6.95 million (2023: Rs. 7.94 million) and the net profit and net assets of the Class B for the year ended would have been higher / lower by Rs. 2.52 million (2023: Rs. 2.71 million).

#### b) Sensitivity analysis for fixed rate instruments

As at June 30, 2024, the Fund does not hold any fixed rate instrument that may expose the Fund to fixed interest rate risk.

The composition of the Fund's investment portfolio and profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2024 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2024 can be determined as follows:

|  |                                       |  | AS AL DOD   | e 30, 2024  |   |  |

#### (ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

#### (iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 10% of net assets and issued capital of the investee company and sector exposure limit to 35% of the net assets. However, relaxation in this regard has been obtained from the regulators in respect of frozen investments classified as fair value through comprehensive income as disclosed in note 5.1.1.

In case of 5% increase / decrease in the fair value of the Fund's Class A equity securities on June 30, 2024, net assets of the Fund would have increased / decreased by Rs. 258.869 million (2023: Rs. 171.399 million) as a result of gains / losses on equity securities in 'at fair value through other comprehensive income' category, with corresponding effect on other comprehensive income reported in 'Statement of comprehensive income'.

In case of 5% increase / (decrease) in the fair value of the Fund's Class B equity securities on June 30, 2024, net assets of the Fund would have increased / (decreased) by Rs. 77.382 million (2023: Rs. 41.492 million).

The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents the management company's best estimate of a reasonable possible shift in the KSE 100 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KSE 100 index, is expected to change over the time. Accordingly, the sensitivity analysis prepared as of June 30, 2024 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of KSE 100 Index.

#### 21.2 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting obligations arising from its financial liabilities that are settled by delivering cash or another financial asset or such obligations will have to be settled in a manner disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily cash redemptions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

The Fund has a policy to invest the majority of its assets in investments that are traded in an active market and can be readily disposed off. The Fund's listed securities are considered readily realisable, as these are listed on the Pakistan Stock Exchange Limited.

The Fund is not materially exposed to liquidity risk as all obligations / commitments of the Fund are short-term in nature and are restricted to the extent of available liquidity and significant assets of the Fund are readily disposable in the market.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

#### 21.3 Credit risk

21.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

|  | 20           | )24         | 2023         |             |
|--|--------------|-------------|--------------|-------------|

|  | statement of | exposure to | statement of | exposure to |
|  | assets and   | credit risk | assets and   | credit risk |
|  | liabilities  |             | liabilities  |             |
| CLASS B  |              | Rupee       | es in '000   |             |
| Bank balances                                  | 250,899      | 250,899     | 271,151      | 271,151     |
| Investments                                    | 1,547,634    | -           | 829,835      | -           |
| Dividend and profit receivable                 | 5,175        | 5,175       | 4,105        | 4,105       |
| Deposits                                       | 2,924        | 2,924       | 2,924        | 2,924       |
| Receivable from HBL Asset Management Limited - |              |             |              |             |
| Management Company                             | 11,157       | 11,157      | 5,895        | 5,895       |
| Receivable against sale of investments         | -            | -           | 134,606      | 134,606     |
|  | 1,817,789    | 270,155     | 1,248,516    | 418,681     |
|  |              |             |              |             |

The maximum exposure to credit risk before any credit enhancement as at June 30, 2024 is the carrying amount of the financial assets. The difference is because of investment in equity securities which are not exposed to credit risk.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

#### 21.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit receivable thereon, dividend receivable and receivable against sale of units. The credit rating profile of balances with banks is as follows:

|         | Clas    | s A     | Class  | В      |
|---------|---------|---------|--------|--------|
|         | 2024    | 2023    | 2024   | 2023   |
| Class A | %       | 6       | %      |        |
|         |         |         |        |        |
| AAA     | 0.07%   | 0.022%  | 9.57%  | 20.01% |
| AA+     | 0.0002% | 0.0002% | 0.001% | 0.001% |
| AA-     | 0.34%   | 0.75%   | 2.52%  | 1.90%  |
| AA      | 0.00%   | 0.00%   | 0.001% | 0.00%  |
| A+      | 11.57%  | 18.14%  | 1.90%  | 0.02%  |
| A       | 0.000%  | 0.001%  | 0.001% | 0.001% |
| A-      | 0.00%   | 0.13%   | 0.00%  | 0.10%  |
| C       | 0.002%  | 0.00%   | 0.002% | 0.00%  |
|         | 11.98%  | 19.04%  | 14.00% | 22.03% |

#### 21.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

The Fund does not have any collateral against any of the aforementioned assets.

#### 22 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

#### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair value measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2024 and June 30, 2023, the Fund held the following financial instruments measured at fair values:

|  | Note  | 2024      |               |            |           |
|--|-------|-----------|---------------|------------|-----------|
|  |       | Level 1   | Level 2       | Level 3    | Total     |
| Class A  |       |           | (Rupees       | in '000)   |           |

#### 23 UNIT HOLDERS' FUND RISK MANAGEMENT

The Unit Holders' Fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 21, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

#### 24 UNIT HOLDING PATTERN OF THE FUND

|                                 | Class A<br>2024            |                         |  |                           |  |  |

#### **Fund Performance**

The Fund as a whole earned a total and net income of Rs. 504.78 million and Rs. 425.49 million respectively during the year under review. The fund size of the fund stood at Rs. 2.71 billion as on June 30, 2024.

Performance review of each class is presented below:

#### HBL Investment Fund – Class 'A'

HBL Investment Fund – Class 'A' earned a total income and net income of Rs. 126.77 million and Rs. 76.01 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Class 'A' was Rs. 7.1063 per unit as on June 30, 2024 as compared to Rs. 4.8996 as at June 30, 2023, after incorporating dividend of Rs. 0.26 per unit, thereby giving a return of 49.62%. During the year the benchmark KSE 100 index yielded a return of 89.24%. The size of Class 'A' was Rs. 2.02 billion as on June 30, 2024 as compared to Rs. 1.39 billion at the start of the year.

#### HBL Investment Fund – Class 'B'

HBL Investment Fund – Class 'B' earned a total and net income of Rs. 504.78 million and Rs. 425.49 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Class 'B' was Rs. 7.1063 per unit as on June 30, 2024 as compared to Rs. 6.0678 as at June 30, 2023, after incorporating dividend of Rs. 0.80 per unit, thereby giving a return of 84.00%. During the year the benchmark KSE 100 index yielded a return of 89.24%. The size of Class 'B' was Rs. 0.69 billion as on June 30, 2024 as compared to Rs. 0.45 billion at the start of the year.

#### Review of Market invested in

In FY24, the benchmark KSE-100 index gained 36,992 points or 89.2% to reach at 78,445 level. IMF program euphoria, economic stability, political certainty, peaceful culmination of elections along with foreign inflows turned the sentiments positive. Strong results posted by corporates despite economic turbulence also supported the bullish momentum. To note, KSE-100 index has been the best performing market in FY24 by posting 94% USD based return.

The sectors that majorly contributed to the performance in FY24 were Banks (+13,262 pts), fertilizer (+5,074 pts), Oil and Gas Exploration (+4,300 pts) and Power (+4,192 pts). Whereas script wise major contribution came from HUBC (+3,282 pts), UBL (+2,719 pts), MEBL (+2,392 pts), EFERT (+1,998 pts) and BAHL (+1,945 pts).

The average daily volume and value of KSE All share index grew to 461M shares and PKR 15.6B from 192M shares and PKR 6.1B in the FY23. Foreigners were net buyers of USD 141M whereas on the local front Banks, individuals, mutual funds and others were net sellers of USD 141M, USD 60M, USD 47M and USD 33M respectively. Insurance and companies remained net buyer of 126M and 36M respectively.

After the drastic decline in inflation, interest rates cycle is now on a reverse trend. Policy rate after touching the all-time high of 22% has been reduced to 17.5%. Inflation readings in the coming months are estimated to be in single digits which will provide room for further cut in interest rates. Decline in interest rates, securing of 3 years EFF program, funding support from multilateral and bilateral, strong earnings outlook and weakening oil price outlook will keep the market momentum positive. Despite offering dividend yield of 11%+, market is trading at P/E of 4.0x vs historical average of 6.0x. We believe that market could re-rate from current levels; hence, we maintain bullish stance on equities. The risk to our stance is escalation in middle-east and possibility of any domestic political uncertainty.

#### Distribution

The Board of Directors approved Rs. 0.26 dividend per unit to the unit holders for the year ended June 30, 2023 from HBL Investment Fund Class 'A'.

The Board of Directors approved distribution of up-to Rs. 0.80 per unit for the year ended June 30, 2024 from HBL Investment Fund Class 'B'.

#### Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review

#### TRUSTEE REPORT TO THE UNIT HOLDERS

#### HBL INVESTMENT FUND

#### Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Investment Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2024 in accordance with the provisions of the following:

- Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;
- (iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and
- (iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

Badiuddin Akber Chief Executive Officer Central Depository Company of Pakistan Limited

Karachi, September 27, 2024

#### INDEPENDENT AUDITOR'S REPORT

To the Unit holders of HBL Investment Fund

#### **Report on the Audit of the Financial Statements**

#### Opinion

We have audited the financial statements of HBL Investment Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2024, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

| S. No. | Key Audit Matter  | How the matter was addressed in our audit   |
|--------|---|---|
| 1      | Net Asset Value<br>(Refer notes 4 and 5 to the financial statements)  |   |
|        | The bank balances and investments constitute the<br>most significant component of the net asset value<br>(NAV). The bank balances and investment of the<br>Fund as at June 30, 2024 amounted to Rs. 373.181<br>million and Rs. 2,559.925 million respectively.<br>The existence of bank balances and the existence<br>and proper valuation of investments for the<br>determination of NAV of the Fund as at June 30,<br>2024 was considered a high risk area and<br>therefore we considered this as a key audit matter. | <ul> <li>Our audit procedures amongst others included the following:</li> <li>obtained independent confirmations for verifying the existence of the bank balances and investment portfolio as at June 30, 2024 and traced balances in these confirmations with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;</li> <li>re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and</li> <li>obtained bank reconciliation statements and tested reconciling items on a sample basis.</li> </ul> |

#### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

2

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
  or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
  is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

ГCo

pwc

## A·F·FERGUSON&CO.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
  disclosures, and whether the financial statements represent the underlying transactions and events in
  a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Noman Abbas Sheikh.

The annexed notes from 1 to 29 form an integral part of these financial statements.

## For HBL Asset Management Limited (Management Company)

**Chief Financial Officer** 

**Chief Executive Officer** 

#### 1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 HBL Investment Fund (the Fund), an Open End Scheme that was initially constituted as a Closed End Fund under the name of PICIC Investment Fund vide a registered Trust Deed 'Initial Trust Deed' dated April 2, 2004, as amended vide First Supplemental Trust Deed dated June 28, 2004. The Fund has been converted into an Open End Scheme through a registered Restated Trust Deed (the Deed) dated April 24, 2018 under the Trusts Act, 1882 entered into and between HBL Asset Management Limited ("the Management Company") and the Central Depository Company of Pakistan Limited ("the Trustee"). During the year ended June 30, 2021, the Trust Act, 1882 was repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Accordingly, on 17 August 2021, the above-mentioned Trust Deed has been registered under the Sindh Trust Act.
- 1.2 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 and has obtained the requisite license from the Securities and Exchange Commission of Pakistan (SECP) to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.
- 1.3 The objective of the Fund is to maximize the wealth of the unit holders by investing primarily in listed equities in the best available opportunities, while considering acceptable risk parameters and applicable rules and regulations.
- 1.4 As per Regulation 65 of the NBFC Regulations, all closed end funds were required to convert into open end schemes upon expiry of five years from November 21, 2007 i.e. by November 21, 2012. However closed end funds whose portfolios were frozen as a result of Consent Agreements with Government of Pakistan were allowed to be converted into open end schemes within three months from the date of the removal of the freezing of the portfolios. Since the Fund has frozen portfolio comprising shares of Pakistan State Oil Company Limited and Sui Northern Gas Pipelines Limited, its conversion into an open end scheme was deferred.
- 1.5 The Board of the Management Company of the Fund in its meeting held on November 23, 2017 approved the conversion plan of the Fund for the conversion of the Fund into an open end scheme, with the approval of the certificate holders of the Fund to fulfill the requirements of the merger order dated August 31, 2016. For this purpose, the plan was presented to and approved by the certificate holders of the Fund in its general meeting dated January 10, 2018. The Plan was also approved by SECP on February 16, 2018.
- 1.6 The replacement trust deed and replacement offering document were approved by SECP vide its letter no. SCD/AMCW/HIF/339/2018 dated April 18, 2018 and letter no. SCD/AMCW/HIF/398/2018 dated June 7, 2018 respectively. As per the approved plan, the conversion took place on July 2, 2018 and every certificate holder of the closed end fund was entitled to following for each certificate held:
  - One Class-A unit of the Fund was issued to every certificate holders of Fund for each certificate held representing frozen portfolio and related assets and liabilities.
  - One Class-B unit of the Fund was issued to the every certificate holder of Fund for each certificate held representing unfrozen portfolio and related assets and liabilities.
- 1.7 The plan also envisages that Class-A units would not be redeemable and would be traded on the Pakistan Stock Exchange Limited. Whereas Class-B units can be redeemed at the redemption price.
- 1.8 VIS Credit Rating Company Limited (VIS) has maintained the Management Quality Rating to AM-I dated December 29, 2023 (2023: AM-I dated December 30, 2022) and the outlook on the rating has been assigned as 'Stable' (2023: Stable). The rating reflects the Management Company's experienced management team, structured investment process and sound quality of systems and processes.

1.9 The title to the assets of the Fund are held in the name of CDC as Trustee of the Fund.

#### 2 BASIS OF PREPARATION

#### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017, along with part VIIIA of the repealed Companies Ordinance 1984; and
- The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

# 2.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2023. However, these are not considered to be relevant or do not have any material effect on the Fund's financial statements and, therefore, have not been disclosed in these financial statements except for the following:

During the year certain amendments to IAS 1 'Presentation of Financial Statements' have become applicable to the Fund which require entities to disclose their material accounting policy information rather than their significant accounting policies. These amendments to IAS 1 have been introduced to help entities improve accounting policy disclosures so that these provide more useful information to investors and other primary users of the financial statements. These amendments have been incorporated in these financial statements with the primary impact that the material accounting policy information has been disclosed rather than the significant accounting policies.

# 2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2024. However, these are not considered to be relevant or will not have any material effect on the Fund's financial statements except for the following:

- The new standard - IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) with applicability date of January 1, 2027 by IASB, IFRS 18 is yet to be applicable in Pakistan. IFRS 18 when adopted and applicable shall impact the presentation of 'Income Statement' with certain additional disclosures in the financial statements; and

 Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities.

#### 2.4 Significant accounting estimates and judgments

The preparation of financial statements in conformity with the accounting and reporting standards requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification, impairment and valuation of financial assets (notes 3.2 and 5), provision for federal excise duty (note 12.1).

#### 2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments that have been carried at fair values.

#### 2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupee, which is the Fund's functional and presentation currency.

#### 3 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented unless otherwise stated.

#### 3.1 Cash and cash equivalents

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

#### 3.2 Financial assets

#### 3.2.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### 3.2.2 Classification and subsequent measurement

#### 3.2.2.1 Equity instruments

The investment of the Fund in equity securities is valued on the basis of quoted market price available at the stock exchange.

All equity investments are measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement".

The dividend income for equity securities classified under FVOCI are to be recognised in the Income Statement. However, any surplus / (deficit) arising as a result of subsequent movement in the fair value of equity securities classified as FVOCI is to be recognised in other comprehensive income and is not recycled to the Income Statement on derecognition.

#### 3.2.2 Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Fund considers that a financial asset is in default when the counterparty fails to make contractual payments within 90 days of when they fall due. Further, financial assets are written off by the Fund, in whole or part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery.

#### 3.2.4 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on the management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the income statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, considering the specific credit and financial condition of the debt security issuer and in accordance with the provisioning policy duly approved by the Board of Directors of the Management Company. The provisioning policy approved by the Board of Directors has also been placed on the Management Company's website as required under the SECP's circular.

#### 3.2.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### 3.2.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

#### 3.3 Financial liabilities

All financial liabilities are recorded at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value and subsequently stated at amortised cost. A financial liability is discharged when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### 3.4 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### 3.5 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 3.6 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### 3.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the application received by the Management Company / distributors during business hours on that day. The offer price represents the NAV per unit as of the close of the business day, plus the allowable sales load, provision for transaction costs and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

#### 3.8 Distribution to the unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the MUFAP guidelines duly consented by the SECP, distribution for the year also includes income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### 3.9 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between NAV per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### 3.10 Revenue recognition

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Unrealised appreciation / (diminution) arising on re-measurement of investments classified as are recorded in the year in which these arise.
- Dividend income is recognised when the Fund's right to receive the same is established.
- Profit on bank balances is recognised on an accrual basis.

#### 3.11 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, Trustee and annual fee to the SECP are recognised in the Income Statement on an accrual basis.

#### 3.12 Taxation

#### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

#### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 3.13 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year before taxation of the Fund by the weighted average number of units outstanding during the year. The determination of earnings / (loss) per unit is not practicable as disclosed in note 17.

#### 3.14 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistan Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

|    |                  | Note |         | 2024    |         |         | 2023    |         |

5.1.1.1 The above mentioned shares of Sui Northern Gas Pipelines Limited and Pakistan State Oil Company Limited are frozen / blocked by an order of the Government of Pakistan (GoP) as the same form part of a strategic shareholding under the control of the GoP. As a result, the Fund is restricted from selling, transferring, encumbering or otherwise disposing of or dealing with any interest in the said shares, including any future bonus / right shares in respect thereof. Consequently, the exposure limit mentioned in regulation 55 of the NBFC Regulations, 2008 does not apply to the above frozen shares.

5.1.4 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies are liable to withhold five percent of the bonus shares to be issued. The shares so withheld shall only be released if the Fund deposit tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the High Court of Sindh (HCS) in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. Subsequent to the year ended June 30, 2019, CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honorable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies, if any.

As at June 30, 2024, the following bonus shares of Class A and Class B have been withheld by certain companies at the time of declaration of bonus shares respectively.

|                     | Class A                         |   |                                 |   |  |

<sup>7.1</sup> As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on dividend and profit on bank deposits paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholdee. The tax withheld on dividends and profit on bank deposits amounts to Rs. 2.267 million (2023: Rs. 1.130 million).

For this purpose, the MUFAP on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honorable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends and profit on bank deposits has been shown as other receivables as at June 30, 2024 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

#### 8 RECEIVABLE FROM HBL ASSET MANAGEMENT LIMITED - MANAGEMENT COMPANY

As per SECP's direction No. SCD/PRDD/Direction/18/2016 all AMCs are required to calculate the TER in respect of each CIS to ensure the TER is not in breach of the required maximum percentage. The AMCs are required to adjust the NAV of the CIS on the basis of TER at the end of each Quarter during the financial year for the amount of expenses in excess of the TER limit prescribed in regulation 60(5) of the NBFC Regulations.

During the year ended June 30, 2024 and June 30, 2023, the Fund was in breach of the TER ratio of maximum 4.5% as prescribed under NBFC Regulations for a CIS categorised as equity scheme. As a result the Fund recorded receivable from the Management Company to comply with the TER.

#### 9.1 Under the provisions of the Non-Banking Finance Companies & Notified Entities Regulations, 2008, the

Management Company of the Fund is entitled to a remuneration during the first five years of the Fund, of an amount not exceeding 3% of the average annual net assets of the Fund and thereafter of an amount equal to 2% of such assets of the Fund. During the year, the remuneration is charged at the rate of 1.5% (2023: 1.5%) and at the rates ranging from 2% to 3% (2023: 2%) per annum of average daily net assets of the Fund for Class A and Class B, respectively.

- **9.2** The Sindh Government has levied Sindh Sales Tax at the rate of 13% (2023: 13%) on the remuneration of the Management Company through Sindh Sales Tax on Services Act, 2011.
- **9.3** In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

The Management Company based on its discretion has charged allocated expenses at the rate of 0.55% and at the rates ranging from 0% to 0.67% per annum of the average daily net assets of the Fund during the year (2023: 0.55% for Class A and Class B) for Class A and Class B respectively.

- 9.4 In accordance with Circular 11 dated July 5, 2019 with respect to charging selling and marketing expenses, the Management Company, based on its own discretion, has charged selling and marketing expenses at the rates ranging from 0% to 1.05% (2023: 1.05%) for Class B per annum of the average daily net assets of the Fund, whereas as no selling and marketing expenses has been charged for Class A, during the year, while keeping in view the overall return and Total Expense Ratio limit of the Fund as defined under the NBFC Regulations.
- **9.4.1** As per the instructions of SECP via letter No. SCD/AMCW/HBLAML/9/2020 dated October 19, 2020, the Management Company ceased to charge selling and marketing expenses to the certificate holders of Class A with effect from November 01, 2020.

10.1 The Trustee is entitled to a monthly remuneration for services rendered to the Fund under the provisions of the Trust Deed as per the tariff specified therein, based on the daily net assets of the Fund. The remuneration is paid to the Trustee monthly in arrears.

The tariff structure applicable to the Fund for the year ended June 30, 2024 and June 30, 2023 is as follows:

| Tariff structure                              |  |  |  |  |  |
|---|--|--|--|--|--|
| Net assets                                    | Fee  |  |  |  |  |
| - Up to Rs. 1,000 million                     | 0.02% of the net assets                                |  |  |  |  |
| - From Rs. 1,000 million to Rs. 5,000 million | Rs. 2.0 million plus 0.10% exceeding Rs. 1,000 million |  |  |  |  |

10.2 The Provincial Government of Sindh has levied Sindh Sales Tax at the rate of 13% (2023: 13%) on the remuneration of Trustee through the Sindh Sales Tax on Services Act, 2011.

11.1 In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay non-refundable fee to the Securities and Exchange Commission of Pakistan (SECP).

Effective from July 1, 2023, the SECP vide SRO No. 592(I)/2023 dated May 17, 2023, has revised the rate of fee to 0.095% per annum of the daily net assets of the Fund, applicable to an "Equity Scheme". Previously, the rate of fee applicable on all categories of CISs was 0.02% per annum of the daily net assets of the Fund. Accordingly, the Fund has charged the SECP fee at the rate of 0.095% per annum of the daily net assets during the year.

Further, the Fund is required to pay the SECP fee within fifteen days of the close of every calendar month. Previously, the Fund was required to pay the SECP fee within three months of the close of accounting year.

|    |   |      | 581     | 66,064  | 66,645 | 407       | 58,246  | 58,653 |  |

12.1 The Finance Act, 2013 enlarged the scope of Federal excise duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Honorable Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company and sales load with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 55.961 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the Net Asset Value of the Fund for Class B would have been higher by Re 0.84 (2023: Re 0.75) per unit.

#### 13 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2024 and June 30, 2023.

|    |   | 893     | 294     | 1,187  | 469     | 286     | 755   |

#### 15 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2024 of is 2.59% and 4.86% (2023: 2.54% and 4.94%) which includes 0.31% and 0.55% (2023: 0.23% and 0.44%) representing government levies on the Fund such as Sales Taxes and annual fee to the SECP etc. for Class A and Class B respectively. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Equity Scheme.

#### 16 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2024 to the unit holders in the manner as explained above, accordingly no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 17 EARNINGS / (LOSS) PER UNIT

Earnings / (loss) per unit has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating earnings / (loss) per unit is not practicable.

#### 21 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Accrued expenses and other liabilities

Payable to HBL Asset Management Limited - Management Company Payable to Central Depository Company of Pakistan Limited - Trustee

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

#### 21.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / interest rate risk, currency risk, and price risk.

#### (i) Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2024, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

#### a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income and net assets of the Class A would have been higher / lower by Rs. 2.334 million (2023: Rs. 2.669 million) and the net income for the year and net assets of the Class B would have been higher / lower by Rs. 1.398 million (2023: net loss would be lower / higher by Rs. 1.619 million and net assets of the Class B would be higher / lower by the same amount).

#### b) Sensitivity analysis for fixed rate instruments

As at June 30, 2024 and June 30, 2023, the Fund did not hold any fixed rate instrument that may expose the Fund to fair value interest rate risk.

The composition of the Fund's investment portfolio and profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2024 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

The Fund's Profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2024 and June 30, 2023 can be determined as follows:

| CLASS - A   | As at June 30, 2024As at June 30, 2024As at June 30, 2024 |   |   |                       |   |  |

#### (ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

#### (iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as a fair value through 2024 458

loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 10% of net assets and issued capital of the investee company and sector exposure limit to 35% of the net assets.

In case of 5% increase / decrease in the fair value of the Fund's Class A equity securities on June 30, 2024, net assets of the Fund would have increased / decreased by Rs. 92.941 million (2023: Rs. 61.699 million) as a result of losses / gains on equity securities in 'at fair value through other comprehensive income' category, with corresponding effect on other comprehensive income reported in 'Statement of Comprehensive Income'.

In case of 5% increase / decrease in the fair value of the Fund's Class B equity securities on June 30, 2024, net assets of the Fund would have increased / decreased by Rs. 35.055 million (2023: Rs. 20.811 million) as a result of gains / losses on equity securities in 'fair value through profit and loss' category, with corresponding effect on operating income reported in 'Income Statement'.

The analysis is based on the assumption that equity index had increased / decreased by 5% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KSE 100 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KSE 100 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2024 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KSE 100 Index.

#### 21.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

The Fund has a policy to invest the majority of its assets in investments that are traded in an active market and can be readily disposed off. The Fund's listed securities are considered readily realisable, as they are listed on the Pakistan Stock Exchange Limited.

The Fund is not materially exposed to liquidity risk as all obligations / commitments of the Fund are short-term in nature and are restricted to the extent of available liquidity and significant assets of the Fund are readily disposable in the market.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, liabilities that are payable on demand have been included in the maturity grouping of one month:

|   |                   |   |  | - Class A                          |                      |   |                    |

#### 21.3 **Credit risk**

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing 21.3.1 to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

|                                | 20   | 2024                                  |   | 23                                    |

|  | 866.060        | 164.955 | 609.714 | 193.494 |  |  |

The maximum exposure to credit risk before any credit enhancement as at June 30, 2024 and June 30, 2023 is the carrying amount of the financial assets. The difference is because of investment in equity securities which are not exposed to credit risk.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

#### 21.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued thereon, dividend receivable, other receivables and receivable against sale of units. The credit rating profile of balances with banks is as follows:

|                 | Clas   | ss A   | Class B |        |  |
|-----------------|--------|--------|---------|--------|--|
| Rating category | 2024   | 2023   | 2024    | 2023   |  |
| AAA             | 0.12%  | 0.11%  | 13.01%  | 26.07% |  |
| A+              | 10.69% | 3.17%  | 0.52%   | 0.13%  |  |
| A               | -      | -      | 0.02%   | -      |  |
| AA-             | 0.48%  | 14.24% | 2.81%   | 0.75%  |  |
| A-              |        | 0.47%  |         | 0.01%  |  |
|                 | 11.29% | 17.99% | 16.36%  | 26.96% |  |

#### 21.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

The Fund does not have any collateral against any of the aforementioned assets.

#### 22 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

#### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2024 and June 30, 2023, the Fund held the following financial instruments measured at fair values:

Γ

Class 'A

Annual Report-2024 462

|   | 2024             |          |              |                                       |  |

#### 23 UNIT HOLDERS' FUND RISK MANAGEMENT

The Unit Holders' Fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 21, the Fund endeavors to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

Strategies and Policies employed during the Year Plan-I

As at June end, cumulative exposure in Financial Sector Placements along with bank deposits accounted for 71.19% of total assets. Government securities accounted for 17.62%, MTS/ Spread transactions for 5.50% and TFCs/Sukuks accounted for 2.53% of total assets. Due to high rate of returns in fixed income, the fund maintained a sizable cash balance with Commercial Banks and Micro Finance Banks.

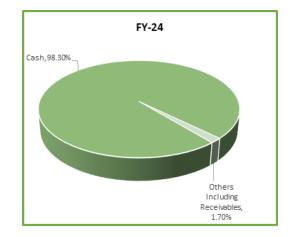

#### Plan-II

As at June end, the overall exposure in Financial Sector Placements was as bank deposits which accounted for 98.30% of total assets. The Fund invested majority of the amount in DPAs with Commercial Banks and Micro Finance Banks at attractive rate of returns.

Asset Allocation

**Asset Allocation - Plan II** 

#### **Fund Performance**

#### **HBL Financial Sector Income Fund**

The Fund as a whole earned a total and net income of Rs. 9.33 billion and Rs. 8.59 billion respectively. The collective size of the Fund as at June 30, 2024 was 60.67 billion. Performance of each plan is presented below.

#### HBL Financial Sector Income Fund – Plan-I

The total income and net income of the Fund was Rs. 8.68 billion and Rs. 7.96 billion respectively during the period ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 102.0570 per unit as on June 30, 2024, after incorporating dividends of Rs. 19.9619 per unit, as compared to Rs. 100.8692 per unit as on June 30, 2023, thereby giving an annualized return of 22.11%. During the same period, the benchmark (6 Month KIBOR) return was 18.82%. The size of Fund was Rs. 50.71 billion as on June 30, 2024 as compared to Rs. 27.43 billion as at start of the year.

#### HBL Financial Sector Income Fund – Plan-II

The Financial Sector Income Fund Plan-II commenced its operations on February 20, 2024.

The total income and net income of the Fund was Rs. 647.43 billion and Rs. 624.64 billion respectively during the period ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 100.1090 per unit as on June 30, 2024, after incorporating dividends of Rs. 6.3693 per unit, thereby giving an annualized return of 18.51%. During the same period, the benchmark return was 21.26%. The size of Fund was Rs. 9.96 billion as on June 30, 2024.

#### **Money Market Review**

During the period under review, SBP maintained policy rate at 22% to slow down the economic activity and tame down the inflation. However, in the last Monetary Policy Committee (MPC) meeting of FY24, the policy rate was reduced to 20.5% on the back of decline in inflation. On a forward looking basis, the real interest rates have turned significantly positive.

Sensing the forth coming decline in interest rates, secondary market yields have started coming down before the interest rate cut announcement by MPC. After touching the high of 23.78%, 24.51%, 24.73%, 21.16% and 17.93% secondary market yields retreated to 19.97%, 19.91%, 18.68%, 16.50% and15.37% for 3M, 6M, 12M, 3Y and 5Y tenors respectively. In T-bill auctions, 3M, 6M and 12M cut-off yields after reaching the high of 24.5%, 24.79% and 25.07% have declined to 20.15%, 19.96% and 18.54% respectively. In 3Y and 5Y fixed rate PIB auctions, cut off yields after witnessing the high of 19.35% and 16.95% went down to 16.60% and 15.45% respectively.

During the last T-Bill auction held on 26th Jun-24, government raised PKR 777B as against the target of PKR 150B where cut-off yields remained largely flat at 20.15%, 19.96% and 18.54% for 3M, 6M and 12M T-Bills respectively. In last fixed rate PIB auction held on 25th-Jun-24, government raised PKR 131B against the target of PKR 190B. Cut off yields for 3Y, 5Y and 10Y have remained broadly stable at 16.55%, 15.45% and 14.25% for 3Y, 5Y and 10Y bonds respectively. In the last floating rate PIB auction, government raised PKR 106B against the target of PKR 500B.

It is also pertinent to note that during the last Sukuk auction held on 27th June-2024, government raised PKR 198B from Fixed Rental Rate (FRR) Sukuk against target of PKR 20B. Yield on 3-year Sukuk stood at 15.80% whereas on 5-year Sukuk stood at 15.10% for FRR. In Variable Rate Sukuk (VRR) auction, government raised PKR 20B as per the target. In last fixed rate discounted Ijara Sukuk of FY24, government raised PKR 21B against the target of PKR 10B at 18.50%.

Despite decline in interest rates, real interest rates have remained significantly positive on forward looking basis due to expected sharp decline in inflation. As inflation is expected to ease further from current levels, possibility of further rate cuts are high.

#### Distribution

The Fund has distributed cash dividend up-to Rs. 19.9619 per unit for the year ended June 30, 2024 from HBL Financial Sector Income Fund Plan-I and Rs. 6.3693 per unit from HBL Financial Sector Income Fund Plan-II.

#### Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

#### TRUSTEE REPORT TO THE UNIT HOLDERS

#### HBL FINANCIAL SECTOR INCOME FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Financial Sector Income Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2024 in accordance with the provisions of the following:

- Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;
- (iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and
- (iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

# INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF HBL FINANCIAL SECTOR INCOME FUND

Report on the audit of the financial statements

Opinion

We have audited the financial statements of HBL Financial Sector Income Fund ("the Fund"), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of cash flows and statement of movement in unit holders' fund for the year then ended, and notes to the financial statements, including a summary of material accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at June 30, 2024, and its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion."

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the Key audit matter:

| S.NO | Key audit matter(s)  | How the matter was addressed in our audit    |
|------|--|--|
| 1.   | Existence and valuation of investments<br>As disclosed in note 6 to the financial<br>statements of the Fund for the year ended<br>June 30, 2024, the investments held by the<br>Fund comprised of debt instruments<br>amounting to Rs.16,919.39 million which<br>represent 27.79% of the total assets of the<br>Fund as at the year end. | Our audit procedures included the following: |

| S.N0 | Key audit matter(s)   | How the matter was addressed in our audit   |
|------|---|---|
|      | As these investments represent a significant<br>element of the statement of assets and<br>liabilities, a discrepancy in the valuation or<br>existence of investments could cause the NAV<br>to be materially misstated which would also<br>impact the Fund's reported performance as<br>the valuation of investments is the main<br>driver of movements in the performance of<br>the Fund. Further, the Fund is required to be<br>compliant with the requirements of Non-<br>Banking Finance Companies and Notified<br>Entities Regulations, 2008 (the NBFC<br>Regulations) with respect to investments.<br>In view of the significance of these<br>investments in relation to the total assets and<br>the NAV of the Fund, we have considered the<br>existence and valuation of such investments<br>as a key audit matter. | <ul> <li>We performed substantive audit procedures on year-end balance of investment portfolio including review of custodian's statement, and related reconciliations and re-performance of debt instruments valuations on the basis of prices at the Mutual Fund Association of Pakistan (MUFAP) as at June 30, 2024 and matching the valuation of investment with that appearing in the financial statements.</li> <li>We assessed the Fund's compliance with the requirements of Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) in relation to the concentration of investments and exposure limits prescribed in such Regulations and reviewed the adequacy of disclosures as may be applicable in situations of non-compliance.</li> </ul> |

Information other than the financial statements and auditor's report thereon

The Management Company ("HBL Asset Management Limited") is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

# Responsibilities of the Management Company and its Board of Directors

The Management Company ("HBL Asset Management Limited") of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with the requirements of the Trust Deed, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and accounting and reporting standards as applicable in Pakistan and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

#### Page - 2

BDO Ebrahim & Co. Chartered Accountants BDO Ebrahim & Co., a Pakistan registered partnership firm, is a member of BDD International Limited, a UK company limited by guarantee, and forms part of the international BDD encement of independent member firms,

The Board of Directors of the Management company is responsible for overseeing the Fund's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
  detecting a material misstatement resulting from fraud is higher than for one resulting from error,
  as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of
  internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Management Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting
  estimates and related disclosures made by the Management Company.
- Conclude on the appropriateness of the Management Company's use of the going concern basis of
  accounting and, based on the audit evidence obtained, whether a material uncertainty exists
  related to events or conditions that may cast significant doubt on the Fund's ability to continue as a
  going concern. If we conclude that a material uncertainty exists, we are required to draw attention
  in our auditor's report to the related disclosures in the financial statements or, if such disclosures
  are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up
  to the date of our auditor's report. However, future events or conditions may cause the Fund to
  cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
  disclosures, and whether the financial statements represent the underlying transactions and events
  in a manner that achieves fair presentation.

We communicate with the Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

# BDO

From the matters communicated with the Soard of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in accordance with the relevant provisions of the Trust Deed, NBFC Rules and NBFC Regulations.

Other Matter

The Financial Statements of the fund for the year ended June 30, 2023 were audited by another firm of chartered accountants who have expressed an unmodified opinion on those statements vide their report dated September 25, 2023.

The engagement partner on the audit resulting in this independent auditor's report is Tariq Feroz Khan.

## For HBL Asset Management Limited (Management Company)

#### 1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 HBL Financial Sector Income Fund ("the Fund") was established under a Trust Deed, dated November 16, 2021, executed between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Fund was authorised by the Securities and Exchange Commission of Pakistan as a unit trust scheme on December 14, 2021. The plan I commenced operations from January 18, 2022 and plan II commenced operation during the period from February 20,2024.
- **1.2** The Trust Act, 1882 has been repealed due to the promulgation of Provincial Trust Act namely "Sindh Trusts Act, 2020" (the Sindh Trust Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. The Fund is required to be registered under the Sindh Trust Act. The above-mentioned Trust Deed had been registered under the Sindh Trust Act.
- **1.3** Effective from September 1, 2016, HBL Asset Management Limited became Management Company of the Fund, which is a wholly owned subsidiary of Habib Bank Limited. The Aga Khan Fund for Economic Development (AKFED), S.A. is the parent company of Habib Bank Limited.
- 1.4 The Management Company of the Fund has been registered as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and has obtained the requisite license from the SECP to undertake Asset Management Services. The registered office of the Management Company is located at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.
- **1.5** The Fund is an open-ended mutual fund. The units are transferable and can also be redeemed by surrendering to the Fund.
- **1.6** The Fund has been categorised as a Compliant Income Scheme as per the criteria laid down by the SECP for categorisation of open-end Collective Investment Schemes (CIS) and is listed on the Pakistan Stock Exchange Limited(PSX). The units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund.
- **1.7** The objective of the Fund is to provide income enhancement and preservation of capital by investing in prime quality Financial Sector TFCs / Sukuks, bank deposits and short-term money market instruments.
- **1.8** Title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as trustee of the Fund.
- **1.9** VIS Credit Rating agency has assigned a management quality rating of 'AM1' (Stable Outlook) to the Management Company as at December 29, 2023.

#### 2 BASIS OF PREPARATION

#### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017, and
- NBFC Rules, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the 'NBFC Regulations') and requirements of the Trust Deed.

Where the provisions of and directives issued under the Companies Act, 2017, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed have been followed.

#### 2.2 Basis of measurement

These financial statements have been prepared under the historical cost basis, unless otherwise stated.

#### 2.3 Functional and presentation currency

These financial statements are presented in Pakistani Rupees, which is the Fund's functional currency.

#### 2.4 Use of judgments and estimates

The preparation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgements and assumptions that affect the reported amount of assets, liabilities, income and expenses. It also requires the management to exercise judgement in application of accounting policies. The estimates, judgements and associated assumptions are based on the historical experience and various other factors that are believed to be reasonable under the circumstances.

Revisions to accounting estimates are recognised in the year in which the estimates are revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years. The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements as a whole are as follows:

### Classification and valuation of investment

For details please refer notes 4.2.1.1 and 6 to these financial statements.

#### Impairment of investment

For details please refer note 4.2.1.2 to these financial statements.

#### 3 APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

# 3.1 New accounting standards, amendments and IFRS interpretations that are effective for the year ended June 30, 2024

The following accounting standards, amendments and interpretations are effective for the year ended June 30, 2024. These standards, amendments and interpretations are either not relevant to the Fund's operations or did not have material impact on the financial statements other than certain additional disclosures.

|  | Effective from accounting periods beginning on or after: |
|--|--|
| "Amendmends to IAS 1 'Presentation of Financial Statements' and IFRS<br>Practice Statement 2 Making Materiality Judgements- Disclosure of<br>Accounting Policies " | January 01, 2023   |
| Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Definition of Accounting Estimates   | January 01, 2023   |
| Amendments to IAS 12 'Income Taxes' - Deferred Tax related to Assets and Liabilities arising from a single transaction   | January 01, 2023   |

# Effective from accounting periods beginning on or after:

January 01, 2023

Amendments to IAS 12 'Income Taxes' - Temporary exception to the requirements regarding deferred tax assets and liabilities related to pillar two income taxes

Certain annual improvements have also been made to a number of IFRSs.

The Management Company adopted the narrow-scope amendments to the International Accounting Standard (IAS) 1, Presentation of Financial Statements which have been effective for annual reporting periods beginning on or after 1 January 2023. Although the amendments did not result in any changes to accounting policy themselves, they impacted the accounting policy information disclosed in the financial statements.

The amendments require the disclosure of 'material' rather than 'significant' accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting the Company to provide useful entity-specific accounting policy information that users need to understand other information in the financial statements.

Management reviewed the accounting policies and updates to the information disclosed in Note 4 Material accounting policies (2023: Significant accounting policies) in certain instances in line with the amendments and concluded that all its accounting policies are material for disclosure.

#### 3.2 New accounting standards, amendments and interpretations that are not yet effective

The following accounting standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, amendments and interpretations are either not relevant to the Funds's operations or are not expected to have material impact on the Funds's financial statements other than certain additional disclosures.

|  | Effective from accounting periods beginning on or after: |
|--|--|
| Amendments to IFRS 7 'Financial Instruments: Disclosures' - Supplier finance arrangements  | January 01, 2024   |
| Amendments to IFRS 7 'Financial Instruments: Disclosures' -<br>Amendments regarding the classification and measurement of financial<br>instruments | January 01, 2026   |
| Amendments to IFRS 9 'Financial Instruments' - Amendments regarding the classification and measurement of financial instruments                    | January 01, 2026   |
| Amendments to IFRS 16 'Leases' - Amendments to clarify how a seller-lessee subsequently measures sale and leaseback transactions                   | January 01, 2024   |
| Amendmends to IAS 1 'Presentation of Financial Statements' -<br>Classification of liabilities as current or non-current                            | January 01, 2024   |
| Amendmends to IAS 1 'Presentation of Financial Statements' -<br>Non-current liabilities with covenants   | January 01, 2024   |

|  | Effective from accounting periods beginning on or after: |
|--|--|
| Amendments to IAS 7 'Statement of Cash Flows' - Supplier finance arrangements                        | January 01, 2024   |
| Amendmends to IAS 21 'The Effects of Changes in Foreign Exchange<br>Rates' - Lack of Exchangeability | January 01, 2025   |
| IFRS 17 Insurance Contracts  | January 01, 2026   |

IFRS 1 'First-time Adoption of International Financial Reporting Standards' has been issued by IASB effective from July 01, 2009. However, it has not been adopted yet locally by Securities and Exchange Commission of Pakistan (SECP)

IFRS 17 - 'Insurance contracts' has been notified by the IASB to be effective for annual periods beginning on or after January 1, 2023. However SECP has notified the timeframe for the adoption of IFRS - 17 which will be adopted by January 01, 2026.

IFRS 18 'Presentation and Disclosures in Financial Statements' has been issued by IASB effective from January 01, 2027. However, it has not been adopted yet locally by SECP.

IFRS 19 'Subsidiaries without Public Accountability: Disclosures' has been issued by IASB effective from January 01, 2027. However, it has not been adopted yet locally by SECP.

#### 4 MATERIAL ACCOUNTING POLICIES INFORMATION

The principal accounting policies applied in the preparation of these financial statements are set out below. These accounting policies have been consistently applied, unless otherwise stated.

#### 4.1 Cash and cash equivalents

Cash and cash equivalents comprise of balances with banks and short-term highly liquid investments with original maturities of three months or less. Cash and cash equivalents are carried in the statement of assets and liabilities at cost / nominal amount.

#### 4.2 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### 4.2.1 Financial assets

# 4.2.1.1 Classification and measurement of financial assets and financial liabilities

On initial recognition, a financial asset is classified and measured at amortised cost or fair value through profit or loss (FVTPL). The classification of financial assets is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. On initial recognition, the Fund may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

The following accounting policies apply to the subsequent measurement of financial assets:

| Financial assets at<br>FVTPL          | These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in income statement.   |
|---------------------------------------|--|
| Financial assets at<br>amortised cost | These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses (refer note 4.2.1.2). Interest income, foreign exchange gains and losses and impairment are |
|                                       | recognised in income statement.  |

#### 4.2.1.2 Impairment of financial assets

In relation to the impairment of financial assets, IFRS 9 requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognized.

The guiding principle of the expected credit loss (ECL) model is to reflect the general pattern of deterioration or improvement in the credit quality of financial instruments. The amount of ECLs recognised as a loss allowance or provision depends on the extent of credit deterioration since initial recognition. Under the general approach, there are two measurement bases:

- 12-month ECLs (Stage 1), which applies to all items (from initial recognition) as long as there is no significant deterioration in credit quality.
- Lifetime ECLs (Stages 2 and 3), which applies when a significant increase in credit risk has occurred on an individual or collective basis.

The Fund's financial assets include mainly deposits, investment and bank balances.

SECP through its SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 have deferred the applicability of above impairment requirements in relation to debt securities for mutual funds. Meanwhile, asset management companies shall continue to follow the requirements of Circular 33 of 2012 dated October 24, 2012 in relation to impairment of debt securities.

#### 4.2.1.3 Regular way purchase/sale of financial assets

Regular purchases and sales of financial assets are recognised on the trade date, the date on which the Fund commits to purchase or sell the asset.

#### 4.2.1.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

#### 4.2.2 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired.

#### 4.2.3 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### 4.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 4.4 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed in cash to the unit holders. 'The Fund is also exempt from the provisions of section 113 (minimum tax) and section 113C (Alternative Corporate Tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 4.5 Proposed distributions

Distributions declared subsequent to the reporting date are considered as non-adjusting events and are not recognised before the reporting date.

#### 4.6 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load (if applicable), any duties, taxes, charges on redemption and any provision for transaction costs, if applicable. Redemption of units is recorded on acceptance of application for redemption.

### 4.7 Element of income

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### 4.8 Net assets value per unit

The net assets value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

#### 4.9 Revenue recognition

- Realised capital gains / (losses) arising on sale of investments are included in the income statement on the date at which the transaction takes place.
- Mark-up / return on Government securities, bank profits and investment in debt securities are recognized using the effective interest method.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are included in the income statement in the year in which they arise.

#### 4.10 Transactions with related parties / connected persons

Transactions with connected persons are carried in the normal course of business, at contracted rates and terms determined in accordance with market rates.

Remuneration to the Management Company and the Trustee is determined in accordance with the provisions of NBFC Regulations and the Trust Deed respectively.

#### 5 Balances with banks

|                    |      |            | 2024      | 2024       |            |  |

8.1 The income of the Fund is exempt from tax under clause 99 of Part I of the Second Schedule of the Income Tax Ordinance, 2001 (ITO 2001). Further, the Fund is exempt under clause 47(B) of Part IV of Second Schedule of ITO 2001 from withholding of tax under section 150, 150A, 151 and 233 of ITO 2001.

The Federal Board of Revenue through a circular "C.No.1 (43) DG (WHT)/ 2008-Vol.II- 66417-R" dated May 12, 2015, made it mandatory to obtain exemption certificates under section 159 (1) of the ITO 2001 from Commissioner Inland Revenue (CIR). However, various withholding agents have deducted advance tax under section 151 of ITO 2001. The Management Company is confident that the same shall be refunded after filing refund application.

15

#### 16 TAXATION

The Fund's income is exempt from Income Tax as per clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains whether realised or unrealised is distributed to the unit holders in cash. The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. The Fund has not recorded a tax liability in the current year, as the Management Company has distributed at least 90% of the Fund's accounting income as reduced by capital gains (whether realised or unrealised) to its unit holders.

#### 17 EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed in these financial statements as in the opinion of the Management Company the determination of the cumulative weighted average number of outstanding units is not practicable.

#### 20 FINANCIAL RISK MANAGEMENT

The Board of Directors of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Board is also responsible for developing and monitoring the Fund's risk management policies.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The Fund primarily invests in prime quality Financial Sector Sukuks, Bank depsoits, Listed equity securities, Market Treasury Bills, Letter of Placements and in other money market instruments. These activities are exposed to a variety of financial risks; namely, market risks, credit risks and liquidity risks.

## 20.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure in marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee of the Fund and the regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; currency risk, interest rate risk and other price risk.

## 20.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund, at present, is not exposed to currency risk as its full transactions are carried out in Pakistani Rupees.

## 20.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

## a) Cash flow interest rate risks

The Fund is exposed to cash flow interest rate risk for balances in certain savings accounts, the interest rates on which range between 18.2% to 22.95% per annum.

In case of 100 basis points increase / decrease in interest rates on June 30, 2024, with all other variables held constant, the net income for the year and the net assets would have been higher / lower by Rs. 299.671 million (2023: Rs. 227.69 million) for Plan I and 98.012 million (2023 : Nil) for Plan II.

## b) Fair value interest rate risks

The Fund's investment in Pakistan Investment Bond, Market Treasury Bills and Corporate Sukuk, and Listed Equity Securities exposes it to fair value interest rate risk.

In case of 100 basis points increase/decrease in rates announced by the Financial Market Association of Pakistan on June 30, 2024, with all other variables held constant, the net income for the year and the net assets would be lower/higher by Rs. 106.241 million (2023: 31.84 million) for Plan I.

The composition of the Fund's investment portfolio and rates announced by Financial Market Association of Pakistan is expected to change over time. Therefore, the sensitivity analysis prepared as of June 30, 2024 is not necessarily indicative of the effect on the Fund's net assets of future movements in interest rates.

Yield / interest rate sensitivity position for on-statement of financial position financial instruments is based on the earlier of contractual repricing or maturity date and for off-statement of financial position instruments is based on the settlement date.

Yield / interest rate sensitivity position for on-statement of financial position financial instruments is based on the earlier of contractual repricing or maturity date and for off-statement of financial position instruments is based on the settlement date.

## HBL Financial Sector Income Fund Notes to the financial statements For the year ended June 30, 2024

#### 20.1.3 Price risk

Price risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Fund's overall exposure to price risk is limited to investment in listed equities.

The net assets of the Fund will increase / decrease by approximately Rs 3.56 million (2023:Rs. 4.49 million) for Plan I if the prices of equity vary due to increase / decrease in the PSX 100 index. This is based on the assumption that the fair value of the Fund's portfolio moves according to their historical correlation with the PSX 100 index and that the PSX 100 index increases / decreases by 1% on PSX 100 index with all other factors held constant.

## 20.2 Credit risk

Credit risk represents the risk of a loss if the counter parties fail to perform as contracted. The Fund's credit risk is primarily attributable to its investment in corporate sukuk bonds, letter of placement and bank deposit. Risks attributable to investments in Market Treasury Bills and Pakistan Investment Bonds are limited as these are guaranteed by the Federal Government while bank balances are maintained with banks with a reasonably high credit rating. The risk of default is considered minimal due to interest systematic measures taken therein.

#### 20.2.1 The analysis below summarises the credit quality of the Fund's bank balances and Investments as at June 30, 2024 and June 30, 2023:

|                           | 100%           | 100%           |

## **Concentration of credit risk**

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in bank balances while the remaining transactions are entered into with diverse credit-worthy counterparties thereby mitigating any significant concentration of credit risk to counterparties other than the Government. There is no concentration of credit risk at reporting date.

#### 20.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily cash redemptions, if any, at the option of unitholders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

The Fund has the ability to borrow in the short term to ensure settlement. The maximum amount available to the Fund from the borrowing would be limited to 15% of the total net asset value of the Fund at the time of borrowing and shall be repayable within 90 days. The facility would bear interest at commercial rates and would be secured against the assets of the Fund. However, during the current year, no borrowing was made by the Fund.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of 10% of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below 10% of the units then in issue. However, no such instances were witnessed by the Fund during the current year (2023: None).

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

|  |  | As at June 30, 2024                            |                       |  |                       |       |   |       |  |  |  |  |

## 21 UNITS HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;
- Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and
- The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size during the current year.

## 22 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Fund is current bid price.

"A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. "

As per the requirements of IFRS 7 (Financial Instruments: Disclosures) and IFRS 13 (Fair Value Measurement), the Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- Fair value measurements using inputs for assets or liability that are not based on observable market data (i.e. unobservable inputs) (level 3).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy :

|  |                                      |                                      | Jun                     | e 30, 2024              |                    |         |        |            |

## Type and Category of Fund

Open end Exchange Traded Fund

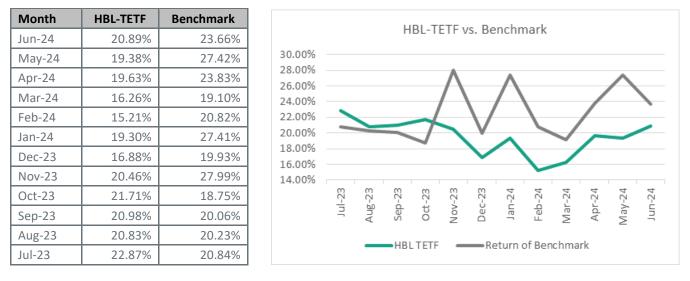

#### Investment Objective and Accomplishment of Objective

HBL Total Treasury Exchange Traded Fund (HBL TT ETF) is an open-ended scheme that is traded on Pakistan Stock Exchange and shall aim to track the performance of its specified Benchmark Index.

#### Benchmark and Performance Comparison with Benchmark

The Benchmark of the Fund is HBL Total Treasury Index

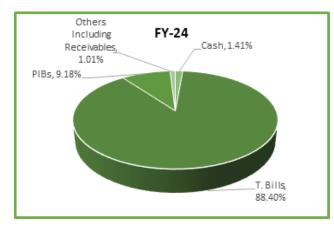

The comparison of the fund return with benchmark is given below:

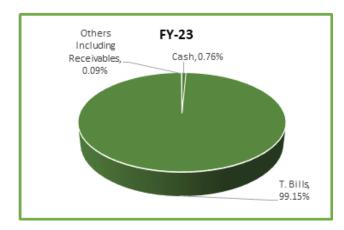

## Strategies and Policies employed during the Year

As at June end, the fund tracked the index and nearly 97.58% of the net assets were deployed in T-bills and PIBs while the cash exposure was recorded at 2.42%. The Fund's exposures moves in tandem with the index.

#### Asset Allocation

## **Fund Performance**

The total income and net income of the Fund was Rs. 114.81 million and Rs. 107.44 million respectively during the year ended June 30, 2024. The Net Asset Value (NAV) per unit of the Fund was Rs. 101.7531 per unit as on June 30, 2024, after incorporating dividend of Rs. 20.00 per unit, thereby giving an annualized return of 21.40%. During the same period, the benchmark return was 24.97%. The size of Fund was Rs. 509 million as on June 30, 2024 as compared to Rs. 501 million as at start of the year.

#### **Money Market Review**

During the period under review, SBP maintained policy rate at 22% to slow down the economic activity and tame down the inflation. However, in the last Monetary Policy Committee (MPC) meeting of FY24, the policy rate was reduced to 20.5% on the back of decline in inflation. On a forward looking basis, the real interest rates have turned significantly positive.

Sensing the forth coming decline in interest rates, secondary market yields have started coming down before the interest rate cut announcement by MPC. After touching the high of 23.78%, 24.51%, 24.73%, 21.16% and 17.93% secondary market yields retreated to 19.97%, 19.91%, 18.68%, 16.50% and15.37% for 3M, 6M, 12M, 3Y and 5Y tenors respectively. In T-bill auctions, 3M, 6M and 12M cut-off yields after reaching the high of 24.5%, 24.79% and 25.07% have declined to 20.15%, 19.96% and 18.54% respectively. In 3Y and 5Y fixed rate PIB auctions, cut off yields after witnessing the high of 19.35% and 16.95% went down to 16.60% and 15.45% respectively.

During the last T-Bill auction held on 26th Jun-24, government raised PKR 777B as against the target of PKR 150B where cut-off yields remained largely flat at 20.15%, 19.96% and 18.54% for 3M, 6M and 12M T-Bills respectively. In last fixed rate PIB auction held on 25th-Jun-24, government raised PKR 131B against the target of PKR 190B. Cut off yields for 3Y, 5Y and 10Y have remained broadly stable at 16.55%, 15.45% and 14.25% for 3Y, 5Y and 10Y bonds respectively. In the last floating rate PIB auction, government raised PKR 106B against the target of PKR 500B.

It is also pertinent to note that during the last Sukuk auction held on 27th June-2024, government raised PKR 198B from Fixed Rental Rate (FRR) Sukuk against target of PKR 20B. Yield on 3-year Sukuk stood at 15.80% whereas on 5-year Sukuk stood at 15.10% for FRR. In Variable Rate Sukuk (VRR) auction, government raised PKR 20B as per the target. In last fixed rate discounted Ijara Sukuk of FY24, government raised PKR 21B against the target of PKR 10B at 18.50%.

Despite decline in interest rates, real interest rates have remained significantly positive on forward looking basis due to expected sharp decline in inflation. As inflation is expected to ease further from current levels, possibility of further rate cuts are high.

## Distribution

The Fund has distributed cash dividend of Rs. 20.00 per unit for the year ended June 30, 2024.

## Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

## Breakdown of Unit Holding by Size

## TRUSTEE REPORT TO THE UNIT HOLDERS

#### HBL TOTAL TREASURY EXCHANGE TRADED FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 8 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of HBL Total Treasury Exchange Traded Fund (the Fund) are of the opinion that HBL Asset Management Limited, being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2024 in accordance with the provisions of the following:

- Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund;
- (iii) The management fee, fee payable to Commission and other expenses paid from the Fund during the period are in accordance with the applicable regulatory framework; and
- (iv) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

## INDEPENDENT AUDITOR'S REPORT To the unit holders of HBL Total Treasury Exchange Traded Fund

#### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of HBL Total Treasury Exchange Traded Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and statement of cash flows for the year then ended and notes to the financial statements, including a material accounting policy information and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2024, and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and HBL Asset Management Limited (Management Company) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted by the Institute of Chartered Accountants of Pakistan together with the ethical requirements that are relevant to our audit of the financial statements in Pakistan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

| S. No. | Key audit matter  | How the matter was addressed<br>in our audit  |
|--------|---|---|
| 1      | Valuation and existence of investments  | We performed the following procedures during<br>our audit of investments:   |
|        | As disclosed in note 6.1 to the financial statements,<br>investments held at fair value through profit or loss<br>(FVTPL) amounted to Rs. 501.97 million as at June 30,<br>2024, consisting of market treasury bills and Pakistan<br>Investment Bond, which represent significant item on<br>the statement of assets and liabilities of the Fund.<br>We have identified the existence and valuation as the<br>significant areas during our audit of investment. | <ul> <li>evaluated design and implementation of controls in place related to purchases and sales of investments;</li> <li>independently tested valuations to ensure that the investments are valued as per the valuation methodology disclosed in the accounting policies;</li> </ul> |

## Information Other than the Financial Statements and Auditor's Report Thereon

Management Company is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management Company and Board of Directors of the Management Company for the Financial Statements

Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of Directors of the Management Company are responsible for overseeing the Fund's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

 Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

> Independent Correspondent Firm to Defoitte Touche Tohmatsu Limited

# YOUSUF ADIL

Yousuf Adil Chartered Accountants

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
  Management Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and
  related disclosures made by the Management Company.
- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Board of Directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Board of Directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Hena Sadiq.

## For HBL Asset Management Limited (Management Company)

**Chief Financial Officer** 

Director

## 1. LEGAL STATUS AND NATURE OF BUSINESS

1.1 HBL Total Treasury Exchange Traded Fund (the Fund) was established under a Trust Deed, dated August 16, 2021, executed between HBL Asset Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Fund was authorised by the Securities and Exchange Commission of Pakistan (SECP) as a unit trust scheme on November 30, 2021. The Fund is registered on December 06, 2021.

The Management Company of the Fund has been registered as a Non-Banking Finance Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules, 2003) and has obtained the requisite license from the SECP to undertake asset management services. The registered office of the Management Company is situated at 7th Floor, Emerald Tower, G-19, Block 5, Main Clifton Road, Clifton, Karachi.

The Fund is an open-ended mutual fund. The units are transferable and can also be redeemed by surrendering to the Fund.

- 1.2 The Fund is a hybrid fund having features of both open and closed end fund. A new concept of Authorised Participants (APs) has been introduced who will act as market makers. The Management Company will only have contract with the APs for issuance and redemption of units. The units of the Fund are tradeable in the Pakistan Stock Exchange Limited (PSX). The APs to whom the units are issued may either hold units or trade them in the PSX. Consequently, upon trading, the holder of the units keeps on changing. Moreover, on issuance and redemption of units, the basket of units will be exchanged between AP and Management Company and cash will be paid / received if there is a difference in the applicable net asset value of a creation unit and the market value of the portfolio deposit.
- **1.3** The Fund has been categorised as Exchange Traded Fund as per the criteria laid down by the SECP for categorisation of open-end Collective Investment Schemes (CIS) and is listed on the Pakistan Stock Exchange Limited.
- **1.4** The objective of the Fund is to invest in a particular basket of government securities to track the performance of component securities of the benchmark index which is constituted and managed by the Management Company.
- **1.5** Title to the assets of the Fund is held in the name of CDC as Trustee of the Fund.
- **1.6** VIS Credit Rating Company has assigned a management quality rating of AM1 (Stable Outlook) to the Management Company on December 29, 2023, while the fund is currently not rated.

## 2. BASIS OF PREPARATION

#### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards
- Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- NBFC Rules, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations, the directives issued by the SECP and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance,1984, the NBFC Rules, the NBFC Regulations, the directions issued by the SECP and requirements of the Trust Deed have been followed.

The prior period amounts of the income statement, statement of other comprehensive income, statement of movement in unit holder's fund and the statement of cash flows are not comparable as the comparative figures represent the results of period from September 12, 2022 to June 30, 2023 whilst the figures for the current period represent the results of complete financial year of the Fund.

## 2.2 Critical accounting estimates and judgments

The preparation of the financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgements and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in the application of its accounting policies. The estimates, judgements and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are as follows:

- (a) Classification and measurement of financial assets (notes 4.1.1.1 and 6)
- (b) Impairment of financial assets (note 4.1.1.3)
- (c) Provisions (note 4.3)
- (d) Classification and measurement of financial liabilities (note 4.1.2.1)
- (e) Contingencies and Commitments (Note 14)
- (f) Taxation (notes 4.4 and 18)

The revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

## 2.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistan Rupees which is the Fund's functional and presentation currency. Amounts presented in the financial statements have been rounded off to the nearest thousand rupees, unless otherwise stated.

## 2.4 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for investments which are measured at fair value.

# 3. APPLICATION OF NEW STANDARDS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

## 3.1 New amendments that are effective for the year ended June 30, 2024

The following amendments are effective for the year ended June 30, 2024. These amendments are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

- Amendments to IAS 1 'Presentation of Financial Statements' and IFRS Practice Statement 2 Disclosure of accounting policies
- Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' Definition of accounting estimates
- Amendments to IAS 12 'Income Taxes' deferred tax related to assets and liabilities arising from a single transaction.
- Amendments to 'IAS 12 'Income taxes' International Tax Reform Pillar Two Model Rules

## 3.2 Standard and amendments to IFRS that are not yet effective

The following standard and amendments are effective for accounting periods, beginning on or after the date mentioned against each of them. These amendments and standards are either not relevant to the Fund's operations or are not expected to have significant impact on the Fund's financial statements other than certain additional disclosures.

|  | Effective from accounting period beginning on or after |
|--|--|
| Amendments to IFRS 16 'Leases' - Clarification on how seller-lessee subsequent<br>measures sale and leaseback transactions   | y January 01, 2024                                     |
| Amendments to IAS 1 'Presentation of Financial Statements' - Classification of<br>liabilities as current or non-current along with non-current liabilities wit<br>Convenants | , ,  |
| Amendments to IAS 7 'Statement of Cash Flows' and 'IFRS 7 'Financial instrument disclosures' - Supplier Finance Arrangements   | s January 01, 2024                                     |
| Amendments to IAS 21 'The Effects of Changes in Foreign Exchange Rates'<br>Clarification on how entity accounts when there is long term lack of Exchangeabili                | -  |
| IFRS 17 – Insurance Contracts (including the June 2020 and December 202<br>Amendments to IFRS 17)  | 1 January 01, 2026                                     |
| Amendments IFRS 9 'Financial Instruments' and IFRS 7 'Financial instrument disclosures' - Classification and measurement of financial instruments.                           | s January 01, 2026                                     |

Other than the aforesaid amendments, IASB has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 18 Presentation and Disclosures in Financial Statements
- IFRS 19 Subsidiaries without Public Accountability: Disclosures

## 4. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

## 4.1 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Fund's statement of assets and liabilities when the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial liabilities at fair value through profit or loss are recognised immediately in the income statement.

## 4.1.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

## 4.1.1.1 Classification and measurement of financial assets

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the entity's business model for managing them.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. For purposes of subsequent measurement, financial assets are classified in following categories:

## Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

## Financial assets at fair value through other comprehensive income (debt instruments)

For debt instruments at fair value through other comprehensive income (OCI), interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is reclassified to the income statement.

## Financial assets at fair value through profit or loss (debt instruments)

Debt instruments that do not meet the amortised cost criteria or the fair value through other comprehensive income criteria are classified as at fair value through profit or loss. In addition, debt instruments that meet either the amortised cost criteria or the fair value through other comprehensive income criteria may be designated as at fair value through profit or loss upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

### 4.1.1.2 Fair value measurement principles

The fair value of financial instruments is determined as follows:

#### Basis of valuation of government debt securities:

The government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV) which are based on the remaining tenor of the securities.

## Basis of valuation of debt securities:

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by Securities and Exchange Commission of Pakistan (SECP). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

"The Fund applies discretion on the effective yield as per the allowable limits in the above mentioned Circulars after taking into account aspects such as Liquidity Risk, Sector Specific Risk and Issuer Class Risk."

## 4.1.1.3 Impairment of financial assets

Management Company assesses at each reporting date whether there is objective evidence that the Fund's financial assets or a group of financial assets are impaired. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying value of an asset exceeds its recoverable amount.

SECP / Commission through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore, the Fund will not be subject to the impairment provisions of IFRS 9 until further instruction.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

## 4.1.1.4 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of assets and liabilities) when:

- the rights to receive cash flows from the asset have expired; or

- the Fund has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset.

## 4.1.2 Financial liabilities

## 4.1.2.1 Classification and measurement of financial liabilities

All financial liabilities are measured subsequently at amortised cost using the effective interest rate method or at fair value through profit or loss.

Financial liabilities are measured at amortised cost, unless they are required to be measured at fair value through profit or loss (such as instruments held for trading) or the Fund has opted to measure them at fair value through profit or loss.

#### 4.1.2.2 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the income statement.

## 4.1.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

## 4.2 Cash and cash equivalents

Cash and cash equivalents comprise of bank balances and short term highly liquid investments with original maturity of three months or less, which are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value.

## 4.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions, if any, are regularly reviewed and adjusted to reflect the current best estimate.

## 4.4 Taxation

The income of the Fund is exempt from income tax under Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by accumulated losses and capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under Clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 4.5 Proposed distributions

Distributions declared subsequent to the reporting date are considered as non-adjusting events and are not recognised before the reporting date.

## 4.6 Issue and redemption of units

"Authorised Participants (APs) can purchase the units at the offer price and redeem at the redemption price at any of the authorised distribution offices during business hours.

The offer price shall be equal to the sum of:

- The Net Asset Value (NAV) as of the close of the previous business day (historical pricing); and
- Such amount as the Management Company may consider an appropriate provision for duties and charges.

Units of the Fund may be acquired or redeemed directly from the Fund only in Creation Units lot size or multiples thereof as mentioned in the Offering Document. Investors can sell the units at market prices on PSX which may be above or below actual NAV of the Fund."

## 4.7 Net asset value per unit

The Net Asset Value (NAV) per unit, as disclosed in the statement of assets and liabilities, is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

## 4.8 Revenue recognition

- Capital gain / (loss) arising on sale of investments are included in the income statement on the date at which the transaction takes place.
- Profit / return on Market treasury bills and investment in debt securities are recognised at a time apportionment basis using the effective interest rate method.
- Unrealised gain / (loss) arising on re-measurement of investments at 'financial assets at fair value through profit or loss' are included in the income statement in the year in which they arise.
- Profit on bank balances is recognised on a time proportionate basis using bank's approved rates.

#### 4.9 Expenses

All expenses chargeable to the Fund including remuneration of Management Company, Trustee fee and SECP fee are recognised in the income statement on an accrual basis.

## 4.10 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

## 18. TAXATION

The Fund's income is exempt from income tax as per Clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90% of its accounting income for the year, as reduced by accumulated losses and capital gains, wether realised or unrealised, is distributed to the unitholders in cash.Furthermore, Regulation 63 of the NBFC Regulations, requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders. The Fund is also exempt from the provision of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. The Fund has not recorded a tax liability in the current year, as the Management Company has distributed atleast 90% of the Fund's accounting income as reduced by accumulated losses and capital gains whether realised or unrealised, for the year ended June 30, 2024 to its unit holders.

## 19. TOTAL EXPENSE RATIO

The total expense ratio of the Fund for the year is 1.33% (2023: 0.85%) and this includes 0.18% (2023: 0.08%) representing government levy, and SECP fee etc. This ratio is within the maximum limit of 1.5% prescribed under the NBFC Regulations for a Collective Investment Scheme categorised as an "Index" scheme.

## 20. TRANSACTIONS AND BALANCES WITH RELATED PARTIES

Related parties / connected persons include HBL Asset Management Limited, being the Management Company, Habib Bank Limited, being the Sponsor of the Management Company, CDC, being the Trustee of the Fund, other collective investment schemes managed by the Management Company, directors and officers of the Management Company and directors of connected persons and persons having 10% or more beneficial ownership of the units of the Fund.

Transactions with connected persons are in the normal course of business, at contracted rates and terms determined in accordance with market rates.

#### 21. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Fund is current bid price.

"A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. "

20

As per the requirements of IFRS 7 (Financial Instruments: Disclosures) and IFRS 13 (Fair Value Measurement), the Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- Fair value measurements using inputs for assets or liability that are not based on observable market data (i.e. unobservable inputs) (level 3).

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

|  | As at June 30, 2024 Carrying amount Fair value |                   |         |                 |         |         |         |

#### As at June 30, 2023

#### 22. FINANCIAL RISK MANAGEMENT

"The Fund's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Fund's financial performance.

The Fund's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate and other price risk), credit risk and liquidity risk. Risk of the Fund are being managed by the Management Company in accordance with the approved policies of the Investment Committee which provide broad guidelines for management of above mentioned risks. The Board of Directors of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework."

#### 22.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Board of Directors of Management Company and the regulations laid down by the SECP, the NBFC Regulations and the NBFC Rules.

Market risk comprises of three types of risk: currency risk, yield / interest rate risk and other price risk.

#### 22.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as all transactions are carried out in Pakistan Rupees.

#### 22.1.2 Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2024, the Fund is exposed to such risk on bank balances and government securities. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

As of June 30, 2024 details of Fund's interest bearing financial instruments were as follows:

|  | June 30, | June 30, |
|--|----------|----------|
|  | 2024     | 2023     |
|  | (Rupees  | in '000) |
| Variable rate instrument (financial asset) |          |          |
| Bank balances                              | 8,444    | 2,306    |
| Fixed rate instrument (financial asset)    |          |          |
| Government securities                      | 501,974  | 567,830  |

#### a) Sensitivity analysis for variable rate instruments

As at June 30, 2024, the Fund holds KIBOR based bank balances which expose the Fund to cash flow interest rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net assets value of the Fund and the net income for the year would have been higher / lower by Rs. 0.08 million (2023: Rs. 0.02 million).

#### b) Sensitivity analysis for fixed rate instruments

As at June 30, 2024, the Fund holds government securities which are fixed rate instruments exposing the Fund to fair value interest rate risk. In case of 100 basis points increase / decrease in rates announced by Financial Markets Association of Pakistan FMAP on June 30, 2024, the net income for the year and net assets would be lower / higher by Rs. 5.02 million (2023: Rs. 5.68 million).

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date. The composition of the Fund investment may change over time. Accordingly, the sensitivity analysis prepared as at June 30, 2024 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2024 can be determined as follows:

|   | As at June 30, 2024                   |                                  |  |                              |  |         |                    |  |  |

#### 22.1.3 **Price risk**

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

In case of a 1% increase / decrease in effective yield as on June 30, 2016, the net assets of the Fund would increase / decrease by Rs. 2.41 million (2015: Rs. 3.345 million).

#### 22.2 Credit risk

Credit risk represents the risk of a loss if the counter parties fail to perform as contracted. The Fund's credit risk is primarily attributable to profit receivable on bank balances and bank balances. There is no risk attributable on investemets, as all investments are made in government securities as per offering document, while the bank balances are maintained with bank with a reasonably high credit rating.

Credit risk from balances with banks and financial institutions is managed in accordance with the Fund's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are approved by the Board of Directors of the management company. The limits are set to minimise the concentration of risk and therefore mitigate financial loss through potential counterparty failure.

The maximum exposure to credit risk before considering any related collateral as at June 30, 2024 is the carrying amount of financial assets. None of these financial assets are 'impaired' nor 'past due but not impaired'. Investment in government securities (if any) are not exposed to credit risk as they are guaranted by the Government of Pakistan.

The Fund's maximum exposure to credit risk is the carrying amounts of following financial assets.

| June 30   | ), 2024                               | June 30, 2023   |                                       |  |  |  |

The analysis below summaries the credit rating quality of the Fund's financial assets with banks as at June 30, 2024 and June 30, 2023:

| Bank balances by rating category | June 30        | June 30, 2024 |                | , 2023 |
|----------------------------------|----------------|---------------|----------------|--------|
|                                  | Rupees in '000 | %             | Rupees in '000 | %      |
| A-1+                             | 8,444          | 100.00        | 2,306          | 100.00 |
|                                  | 8,444          | 100.00        | 2,306          | 100.00 |

Above ratings are on the basis of available ratings assigned by Pakistan Credit Rating Agency (PACRA) as of June 30, 2024.

Investments in market treasury bills and PIBs do not expose the Fund to credit risk as the counter party to the investment is the Government of Pakistan and Management does not expect to incur any credit loss on such investment.

#### Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is concentrated in bank balances other than the Government securities.

#### 22.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

|  |                   | As at June 30, 2024   |                        |                      |                      |                |

#### Type and Category of Fund

Open end Fixed Rate Fund

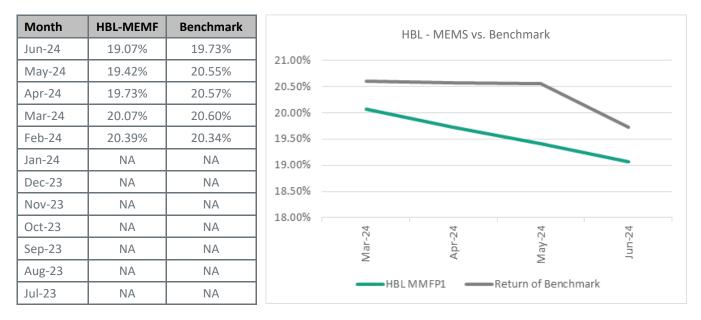

#### Investment Objective and Accomplishment of Objective

The investment objective of the Fund is to provide competitive returns to its investors through active investment in low risk portfolio of short duration, while maintaining high liquidity. The Fund will aim to maximize returns through efficient utilization of investment and liquidity management tools.

#### Benchmark and Performance Comparison with Benchmark

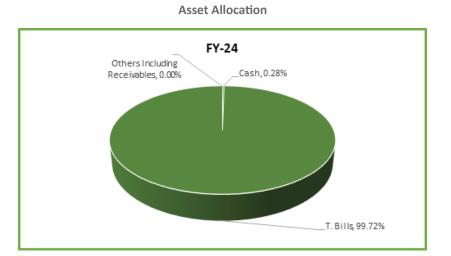

The Fund's benchmark is 3 month PKRV at inception.

The comparison of the fund return with benchmark is given below:

#### Strategies and Policies employed during the Year

HBL Mehfooz Munafa Fund was launched with the basic objective of providing a fixed rate return to its investors for a limited timeframe. The fund invested majority of the amount in shorter duration government securities to provide market competitive returns to its investors. The Tenor of the investment is generally in tandem with the tenor of the fund to avoid any mismatch.

#### **Fund Performance**

#### HBL Mehfooz Munafa Fund

The HBL Mehfooz Munafa Fund (the Fund) launched its plan-II on May 18, 2023 and matured on August 09, 2023. The Fund launched its plan-I on January 31, 2024. Performance of each plan is presented below.

#### HBL Mehfooz Munafa Fund Plan-II

The total income and net income of the plan was Rs. 69.07 million and Rs. 64.28 million respectively for the period from July 01, 2023 till maturity of the plan. The net assets as at June 30, 2024 stands NIL as all the net assets are disbursed to its investors upon maturity.

#### HBL Mehfooz Munafa Fund Plan-I

The total income and net income of the plan was Rs. 430.38 million and Rs. 421.42 million respectively for the period from January 31, 2024 to June 30, 2024. The net assets as at June 30, 2024 was 5.36 billion representing NAV of Rs. 100.4630, after incorporating dividend of Rs. 7.9342, thereby giving an annualized return of 20.39% against the benchmark return of 20.40%.

#### **Money Market Review**

During the period under review, SBP maintained policy rate at 22% to slow down the economic activity and tame down the inflation. However, in the last Monetary Policy Committee (MPC) meeting of FY24, the policy rate was reduced to 20.5% on the back of decline in inflation. On a forward looking basis, the real interest rates have turned significantly positive.

Sensing the forth coming decline in interest rates, secondary market yields have started coming down before the interest rate cut announcement by MPC. After touching the high of 23.78%, 24.51%, 24.73%, 21.16% and 17.93% secondary market yields retreated to 19.97%, 19.91%, 18.68%, 16.50% and15.37% for 3M, 6M, 12M, 3Y and 5Y tenors respectively. In T-bill auctions, 3M, 6M and 12M cut-off yields after reaching the high of 24.5%, 24.79% and 25.07% have declined to 20.15%, 19.96% and 18.54% respectively. In 3Y and 5Y fixed rate PIB auctions, cut off yields after witnessing the high of 19.35% and 16.95% went down to 16.60% and 15.45% respectively.

During the last T-Bill auction held on 26th Jun-24, government raised PKR 777B as against the target of PKR 150B where cut-off yields remained largely flat at 20.15%, 19.96% and 18.54% for 3M, 6M and 12M T-Bills respectively. In last fixed rate PIB auction held on 25th-Jun-24, government raised PKR 131B against the target of PKR 190B. Cut off yields for 3Y, 5Y and 10Y have remained broadly stable at 16.55%, 15.45% and 14.25% for 3Y, 5Y and 10Y bonds respectively. In the last floating rate PIB auction, government raised PKR 106B against the target of PKR 500B.

It is also pertinent to note that during the last Sukuk auction held on 27th June-2024, government raised PKR 198B from Fixed Rental Rate (FRR) Sukuk against target of PKR 20B. Yield on 3-year Sukuk stood at 15.80% whereas on 5-year Sukuk stood at 15.10% for FRR. In Variable Rate Sukuk (VRR) auction, government raised PKR 20B as per the target. In last fixed rate discounted Ijara Sukuk of FY24, government raised PKR 21B against the target of PKR 10B at 18.50%.

Despite decline in interest rates, real interest rates have remained significantly positive on forward looking basis due to expected sharp decline in inflation. As inflation is expected to ease further from current levels, possibility of further rate cuts are high.

#### Distribution

The Fund has distributed cash dividend up-to Rs. 7.9342 per unit for the year ended June 30, 2024 in its Plan-I.

### Significant Changes in the State of Affairs

There were no significant changes in the state of affairs during the year under review.

Breakdown of Unit Holding by Size (Plan-1)

| From – To<br>(Number of units) | Number of Unit<br>Holders | Total Number of Units<br>Held |

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF HBL MEHFOOZ MUNAFA FUND

Report on the audit of the financial statements

#### Opinion

We have audited the financial statements of HBL Mehfooz Munafa ("the Fund"), which comprise the statement of assets and liabilities as at June 30, 2024, and the income statement, statement of comprehensive income, statement of cash flows and statement of movement in unit holders' fund for the year then ended, and notes to the financial statements, including a summary of material accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at June 30, 2024, and its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Information other than the financial statements and auditor's report thereon

The Management Company ("HBL Asset Management Limited") is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management Company and its Board of Directors

The Management Company ("HBL Asset Management Limited") of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with the requirements of the Trust Deed, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and accounting and reporting standards as applicable in Pakistan and for such internal control as the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Page - 1

BDO Ebrahim & Co., Chartered Accountants 500 Ebrahim & Co., a Pakistan registered partnership firm, is a member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Management company is responsible for overseeing the Fund's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
  a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
  involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
  control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Management Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting
  estimates and related disclosures made by the Management Company.
- Conclude on the appropriateness of the Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
  disclosures, and whether the financial statements represent the underlying transactions and events
  in a manner that achieves fair presentation.

We communicate with the Board of Directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

- **1.6** VIS Credit rating Company has assigned a management quality rating of AM1 (stable outlook) to the Management Company on December 29, 2023.
- **1.7** Title to the assets of the Fund is held in the name of Central Depository Company of Pakistan Limited as trustee of the Fund.

#### 2 BASIS OF PREPARATION

#### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 and
- the NBFC Rules, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the 'NBFC Regulations') and requirements of the Trust Deed.

Where the provisions of and directives issued under the Companies Act, 2017,, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed have been followed.

#### 2.2 Basis of measurement

These financial statements have been prepared under the historical cost basis, unless otherwise stated.

#### 2.3 Functional and presentation currency

These financial statements are presented in Pakistani Rupees, which is the Fund's functional currency.

#### 2.4 Use of judgments and estimates

The preparation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgements and assumptions that affect the reported amount of assets, liabilities, income and expenses. It also requires the management to exercise judgement in application of accounting policies. The estimates, judgements and associated assumptions are based on the historical experience and various other factors that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the year in which the estimates are revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements as a whole are as follows:

#### **Classification and valuation of investment**

For details please refer notes 4.2.1.1 and 17 to these financial statements.

#### Impairment of investment

For details please refer note 4.2.1.2 to these financial statements.

#### 3 APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

## 3.1 New accounting standards, amendments and IFRS interpretations that are effective for the year ended June 30, 2024

The following stantdards, amendments and interpretations are effective for the year ended June 30, 2024. These standards, amendments and interpretations are either not relevant to the Company's operations or did not have significant impact on the financial statements other than certain additional disclosures.

|  | "Effective date (annual periods<br>beginning on or after)" |
|--|--|
| "Amendmends to IAS 1 'Presentation of Financial Statements' and IFRS Practice<br>Statement 2 Making Materiality Judgements- Disclosure of Accounting Policies" | January 01, 2023   |
| Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Definition of Accounting Estimates                                     | January 01, 2023   |
| Amendments to IAS 12 'Income Taxes' - Deferred Tax related to Assets and Liabilities arising from a single transaction   | January 01, 2023   |
| Amendments to IAS 12 'Income Taxes' - Temporary exception to the requirements regarding deferred tax assets and liabilities related to pillar two income taxes | January 01, 2023   |

Certain annual improvements have also been made to a number of IFRSs.

The Company adopted the narrow-scope amendments to the International Accounting Standard (IAS) 1, Presentation of Financial Statements which have been effective for annual reporting periods beginning on or after 1 January 2023. Although the amendments did not result in any changes to accounting policy themselves, they impacted the accounting policy information disclosed in the financial statements.

The amendments require the disclosure of 'material' rather than 'significant' accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting the Company to provide useful entity-specific accounting policy information that users need to understand other information in the financial statements.

Management reviewed the accounting policies and updates to the information disclosed in Note 4 Material accounting policies (2023: Significant accounting policies) in certain instances in line with the amendments and concluded that all its accounting policies are material for disclosure.

#### 3.2 New accounting standards, amendments and interpretations that are not yet effective

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, amendments and interpretations are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

| IFRS 17 Insurance Contracts  | January 01, 2026   |

IFRS 1 'First-time Adoption of International Financial Reporting Standards' has been issued by IASB effective from July 01, 2009. However, it has not been adopted yet locally by Securities and Exchange Commission of Pakistan (SECP)

IFRS 17 - 'Insurance contracts' has been notified by the IASB to be effective for annual periods beginning on or after January 1, 2023. However SECP has notified the timeframe for the adoption of IFRS - 17 which will be adopted by January 01, 2026.

IFRS 18 'Presentation and Disclosures in Financial Statements' has been issued by IASB effective from January 01, 2027. However, it has not been adopted yet locally by SECP.

IFRS 19 'Subsidiaries without Public Accountability: Disclosures' has been issued by IASB effective from January 01,

#### 4 MATERIAL ACCOUNTING POLICIES INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These accounting policies have been consistently applied, unless otherwise stated.

#### 4.1 Cash and cash equivalents

Cash and cash equivalents comprise of balances with banks and short-term highly liquid investments with original maturities of three months or less.

#### 4.2 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### 4.2.1 Financial assets

4.2.1.1 Classification and measurement of financial assets and financial liabilities

On initial recognition, a financial asset is classified and measured at amortised cost or fair value through profit or loss (FVTPL). The classification of financial assets is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. On initial recognition, the Fund may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

The following accounting policies apply to the subsequent measurement of financial assets:

| Financial assets at<br>FVTPL          | These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in income statement.  |
|---------------------------------------|---|
| Financial assets at<br>amortised cost | These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses (refer note 4.2.1.2). Interest income and impairment are recognised in income statement. |

#### 4.2.1.2 Impairment of financial assets

In relation to the impairment of financial assets, IFRS 9 requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognized.

The guiding principle of the expected credit loss (ECL) model is to reflect the general pattern of deterioration or improvement in the credit quality of financial instruments. The amount of ECLs recognised as a loss allowance or provision depends on the extent of credit deterioration since initial recognition. Under the general approach, there are two measurement bases:

- 12-month ECLs (Stage 1), which applies to all items (from initial recognition) as long as there is no significant
   deterioration in credit quality.
- Lifetime ECLs (Stages 2 and 3), which applies when a significant increase in credit risk has occurred on an individual or collective basis.

The Fund's financial assets include mainly investments and bank balances.

SECP through its SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 have deferred the applicability of above impairment requirements in relation to debt securities for mutual funds. Meanwhile, asset management companies shall continue to follow the requirements of Circular 33 of 2012 dated October 24, 2012 in relation to impairment of debt securities.

#### 4.2.1.3 Regular way purchase and sale of financial assets

Regular purchases and sales of financial assets are recognised on the trade date, the date on which the Fund commits to purchase or sell the asset.

#### 4.2.1.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

#### 4.2.2 Financial liabilities

All financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired.

#### 4.2.3 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### 4.3 Provisions

Provisions are recognised when the Fund has a present, legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 4.4 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed in cash to the unit holders.

The Fund is also exempt from the provisions of section 113 (minimum tax) and section 113C (Alternative Corporate Tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

#### 4.5 Proposed distributions

Distributions declared subsequent to the reporting date are considered as non-adjusting events and are not recognised before the reporting date.

#### 4.6 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that day. The offer price represents the net assets value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net assets value per unit as of the close of the business day less any back-end load (if applicable), any duties, taxes, charges on redemption and any provision for transaction costs, if applicable. Redemption of units is recorded on acceptance of application for redemption.

#### 4.7 Element of income

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### 4.8 Net assets value per unit

The net assets value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

#### 4.9 Revenue recognition

- Realised capital gains / (losses) arising on sale of investments are included in the income statement on the date at which the transaction takes place.
- Mark-up / profit / return on Government securities, bank profits and investment in debt securities are recognized using the effective interest method.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are included in the income statement in the period in which they arise.

#### 4.10 Transactions with related parties / connected persons

Transactions with realted parties / connected persons are carried in the normal course of business, at contracted rates and terms determined in accordance with market rates.

Remuneration to the Management Company and the Trustee is determined in accordance with the provisions of NBFC Regulations and the Trust Deed respectively.

#### 15 TAXATION

The Fund's income is exempt from income tax as per clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90% of its accounting income for the year, as reduced by the capital gains whether realised or unrealised, is distributed to the unit holders in cash. The Fund is also exempt from the provision of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. The Fund has not recorded a tax liability in the current year, as the Management Company has distributed at least 90% of the Fund's accounting income as reduced by capital gains (whether realised or unrealised) to its unit holders.

Earnings per unit (EPU) has not been disclosed in these financial statements as in the opinion of the Management Company the determination of the cumulative weighted average number of outstanding units is not practicable.

#### 19 FINANCIAL RISK MANAGEMENT

The Board of Directors of the Management Company has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Board is also responsible for developing and monitoring the Fund's risk management policies.

The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities.

The Fund primarily invests in Government securities. These activities expose the Fund to a variety of financial risks, such as market risk, credit risk and liquidity risk.

#### 19.1 Market risk

Market risk is a risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Management Company manages market risk by monitoring exposure on marketable securities by following the internal risk management policies and investment guidelines approved by the Investment Committee and regulations laid down by the Securities and Exchange Commission of Pakistan.

Market risk comprises of three types of risk; currency risk, interest rate risk and other price risk.

#### 19.1.1 Currency risk

Currency risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund, at present, is not exposed to currency risk as all transactions are carried out in Pakistani Rupees.

#### **19.1.2** Interest rate risk

Interest rate risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates.

#### a) Cash flow interest rate risk

The Fund is exposed to cash flow interest rate risk for balances in certain savings accounts, the interest rates on which range between 9% to 17.50% per annum,

In case of 100 basis points increase / decrease in interest rates on June 30, 2024, with all other variables held constant, the net income for the year and the net assets would have been higher / lower by Rs. 0.16047 million.

#### b) Fair value interest rate risk

The Fund's investment portfolio currently includes Treasury bills (T bills), which have fixed interest rates. This characteristic of T bills ensures that the Fund's holdings are not influenced by changes in market interest rates. As a result, the Fund is not subject to fair value interest rate risk at this time.

Yield / interest rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date.

#### 19.1.3 Other price risk

Price risk is a risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Currently, the Fund does not hold any security which exposes the Fund to price risk.

#### 19.2 Credit risk

Credit risk represents the risk of a loss if the counter parties fail to perform as contracted. The Fund's credit risk is primarily attributable to investment in bank balances. Bank balances are maintained with balance with a reasonably high credit rating.

**19.2.1** The analysis below summarises the credit rating quality of the Fund's financial assets as at June 30, 2024.

|   | 2024                        |                                   |                  |

#### **19.2.2** The analysis below summarizes the credit quality of the Fund's credit exposure:

#### Rating by rating category

2024 -- (Percentage) --

100.00

A-1+

#### Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is mainly concentrated in Government securities and bank balances, while the remaining transactions are entered into with diverse credit-worthy counterparties, thereby mitigating any significant concentration of credit risk to counterparties other than the Government.

#### 19.3 Liquidity risk

Liquidity risk is a risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to cash redemptions subject to contingent load due to early redepmtions, if any, at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. Its policy is therefore to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

The Fund has the ability to borrow. The borrowing, however, shall not be resorted to, except for meeting redemption requests. The maximum amount available to the Fund from the borrowing would be limited to fifteen percent of the total net asset value of the Fund at the time of borrowing and shall be repayable within 90 days. The facility would bear interest at commercial rates and would be secured against the assets of the Fund. However, during the current period, no borrowings were made by the Fund.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of 10% of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below 10% of the units then in issue. However, no such instances were witnessed by the Fund during the current year.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

|  |                      | As at Jun   | e 30, 2024                             |       |

2024

#### 20 UNITS HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by the net assets attributable to unit holders / redeemable units. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily issuance and redemptions at the discretion of unit holders. These unit holders of the Fund are entitled to distributions and to payment of a proportionate share based on the Fund's net asset value per unit on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund. Unit holders fund risk management is carried out by the Management Company through following steps:

8.375

- Monitors the level of daily issuance and redemptions relative to the liquid assets and adjusts the amount of distributions the Fund pays to the unit holders;
- Redeems and issues units in accordance with the constitutive documents of the Fund. This includes the Fund's ability to restrict redemptions; and
- The Fund Manager / Investment Committee members and the Chief Executive Officer of the Management Company critically track the movement of 'Assets under Management'. The Board of Directors is updated regarding key performance indicators, e.g. yield and movement of NAV and total Fund size at the end of each quarter.

The Fund has maintained and complied with the requirements of minimum fund size during the current year.

#### 21 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying amount and the fair value estimates.

8,375

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of financial assets and liabilities traded in active markets are based on the quoted market prices at the close of trading on the reporting date. The quoted market price used for financial assets held by the Fund is current bid price.

"A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

As per the requirements of IFRS 7 (Financial Instruments: Disclosures) and IFRS 13 (Fair Value Measurement), the Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Fair value measurements using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (level 2); and
- Fair value measurements using inputs for assets or liability that are not based on observable market data (i.e. unobservable inputs) (level 3).
- **21.1** The carrying amount of assets and liabilities are appearing to its fair value.

#### 21.2 Transfers during the year

During the period, no transfers were made between various levels of fair value heriarchy.

#### 22 LIST OF TOP TEN BROKERS / DEALERS BY PERCENTAGE OF COMMISSION PAID / PAYABLE

There were no brokers during the year ended June 30, 2024.

#### 23 PARTICULARS OF THE INVESTMENT COMMITTEE AND THE FUND MANAGER

Details of members of the Investment Committee of the Fund as on June 30, 2024 are as follows:

| S. no. | Name                | Designation              | Qualifications | Experience<br>in years |
|--------|---------------------|--------------------------|----------------|------------------------|
|        |                     |                          |                |                        |
