OFFERING DOCUMENT

OF HBL GROWTH FUND
AN OPEN END EQUITY SCHEME
(Formerly PICIC Growth Fund, a Closed-end Fund)

MANAGED BY

HBL Asset Management Limited
(An Asset Management Company incorporated in Pakistan)

Licensed and Registered under the
Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003

Date of Publication of Offering Document is June 07, 2018

Effective Date of Conversion from a Closed End Fund into an Open End Scheme: July 02, 2018

HBL Growth Fund, an Open End Scheme (the Fund/the Scheme/the Trust/the Unit Trust/HGF) was initially constituted as a Closed End Fund under the name of *PICIC Growth Fund* vide a registered Trust Deed dated July 20, 2004 ("**Initial Trust Deed**"). HGF has been converted into an Open End Scheme through a registered Restated Trust Deed (the **Deed**) dated April 24, 2018 under the Trusts Act, 1882 entered into and between **HBL Asset Management Limited** ("the **Management Company**") and **Central Depository Company of Pakistan Limited** ("the **Trustee**").

BACKGROUND

- A. The Management Company is the legal successor of the erstwhile PICIC Asset Management Company Limited ("**PICIC-AMC**"), which was merged with and into the Management Company vide the Securities and Exchange Commission of Pakistan's ("**SECP**") Order dated August 31, 2016 passed under Section 282L of the former Companies Ordinance, 1984 ("**Ordinance**"), sanctioning the Scheme of Merger of PICIC-AMC with and into the Management Company.
- B. The erstwhile Pakistan Industrial Credit & Investment Corporation Limited ("**PICIC**"), the then holding company of PICIC AMC had acquired Management Rights of ICP SEMF from the GOP through PC under a Management Rights Transfer Agreement in the year 2003 and subsequently transformed ICP SEMF into a single Closed End Fund under the name *PICIC Growth Fund (PGF)*.
- C. Under an Agreement to Transfer Management Rights, PICIC transferred the Management Rights of PGF to PICIC-AMC, being its wholly-owned subsidiary.
- D. Pursuant to Regulation 65 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, as amended (the "**Regulations**"), all Closed End Funds were required to

be converted into Open End Schemes upon expiry of five years from November 21, 2007 i.e. by November 21, 2012. Closed End Funds whose portfolios were frozen as a result of consent agreements with GOP through PC were allowed to be converted into Open End Schemes within three months from the date of the removal of the freezing of the portfolios and since PGF has Frozen Portfolio, it was not converted into an Open End Scheme at that time.

- E. PICIC-AMC was merged with and into the Management Company vide the SECP's Sanction Order dated August 31, 2016, as mentioned in Recital A above and the Sanction Order contained certain conditions imposed by the SECP while sanctioning the Scheme of Merger of PICIC-AMC with and into the Management Company, including the condition contained in Clause 6.xiii of the Sanction Order requiring the Management Company to mandatorily convert PGF into an Open End Scheme, with bifurcation of two classes of Units i.e. Class-A Units to be issued out of the Frozen Portfolio and Class-B Units to be issued out of the Unfrozen Portfolio.
- F. The Board of Directors of the Management Company in its meeting held for this purpose on November 23, 2017 decided to proceed with the conversion of PGF into an Open End Scheme with the approval of the Certificate Holders of PGF under the provisions of the Regulations. For this purpose, a Conversion Plan was prepared and placed before the Certificate Holders of PGF in a General Meeting held on January 10, 2018 ("**Meeting**"), whereat a resolution was proposed and passed by the majority of the Certificate Holders present in the Meeting (in person or through post and proxies) who were entitled to vote thereat ("**Resolution**") approving the conversion of PGF from a Closed End Fund to an Open End Scheme, to be known as **HBL Growth Fund ("HGF")** so as to comply with the mandatory condition contained in Clause 6.xiii of the SECP's Sanction Order.
- G. The SECP pursuant to an application of the Management Company submitted after the passing of the Resolution, approved the Conversion of PGF into an Open End Scheme in terms of the Conversion Plan and the Resolution vide its letters No. SCD/AMCW/HBLAML/266/2018 & SCD/AMCW/HBLAML/268/2018 dated February 16, 2018.
- H. Due to the conversion of PGF from Closed End Fund into an Open End Scheme, including the change of name of the Trust from "**PICIC Growth Fund**" to "**HBL Growth Fund**", while maintaining the continuity of the Trust, the Initial Trust Deed has been modified and restated vide a Restated Trust Deed dated April 24, 2018.

The Deed is subject to and governed by the Rules, the Regulations, Securities Act, 2015, the Companies Act, 2017, Part-VIII A of the Ordinance, 1984 and all other applicable laws and regulations. Where the Deed has been altered or supplemented, the Management Company shall duly notify to the Unit Holders and posted on their official website.

1.4 Duration

The duration of the Fund is perpetual. However, SECP or the Management Company may wind it up or extinguish or revoke, on the occurrence of certain events as specified in the Regulations or in Clause 10.4 of this Offering Document.

1.5 Effect of Conversion and status of Unit Holder(s)

From the Effective Date of the conversion of the Fund's status shall be changed from *Closed End Scheme* to *Open End Scheme*, all the certificates of the Closed End Fund shall be substituted and the status of certificate holders shall also be changed as Initial Unit Holders, who shall be entitled to receive Conversion Units of the Open End Scheme in lieu of the Certificates held by the Certificate Holders of the Closed End Scheme, for which purpose a notice of book closure has been announced by the Management Company on April 25, 2018 and also published in leading newspapers.

The conversion of PGF into an Open End Scheme shall be effectuated by issuance of Conversion Units i.e. Class-A Units and Class-B of the Open End Scheme to the Certificate Holders of PGF based on the following terms and swap ratio:-

- (i) For each Certificate of Closed End Fund, each Certificate Holder whose name is entered in the Register of PGF on the Business Day before Book Closure shall be issued one (1) Unit of Class-A of the Open End Scheme based on value of Frozen Portfolio i.e. the shares of PSO and SNGPL prevailing on the last day of Book Closure and any dividend receivable, less all liabilities of PGF, if any, relating to Frozen Portfolio and one (1) Unit of Class-B of Open End Scheme based on the NAV of Unfrozen Portfolio (remaining assets), less all liabilities of the Fund mentioned in the Conversion Plan on the last day of Book Closure with no Front End Load.
- (ii) The Conversion Units have been credited as fully paid up.
- (iii) On the Effective Date, the Management Company shall calculate and announce separate NAVs of both Class-A and Class-B Units. From the effective date Class-B Units shall be redeemable as Units of Open End Scheme. Whereas Class-A Units shall not be redeemable until the unfreezing of the Portfolio by GoP. In order to grant an exit opportunity to the holders of Class-A Units, the existing certificates of PGF will continue to be listed on PSX and their status will be changed from Closed End Certificates to Open End Units to be known as *HBL Growth Fund Class-A*.

- (iv) Class-A Units shall be tradable in the same manner as certificates of a Closed End Fund. The market value of these Certificates of Closed End Fund will be adjusted downward taking into consideration the weightage of Class-B Segment to the total net assets of PGF and other factors associated with Frozen Segment, and they would be sold or purchased through PSX as Class-A Units at the running market price on PSX.
- (v) Class-A Units would be considered as Certificates of a Closed End Fund for the purpose of existing regulatory framework of PSX as applicable to Certificates of Closed End Fund, to enable PSX, NCCPL and CDCPL to ensure the tradability of Units of Open End Scheme under same regulatory framework as applicable to Certificates of Closed End Funds.
- (vi) After issuance of the Conversion Units to the Certificate Holders of Closed End Fund, as an Open End Scheme, no further Class-A Units or Class-B Units will be issued, except where required and if permissible, for distribution of income by that Class. The Management Company may offer and issue new Units to investors for Open End Scheme from properties, assets and investments acquired by the Class-B Segment of the Open End Scheme after conversion. Such new Units shall be Class-C Units that may be subject to the Front End Load and Back End Load as per the terms and conditions of this Restated Trust Deed and the Offering Document of the Open End Scheme.
- (vii) Class-A Units shall be freely tradable at PSX and therefore be sold or purchased through PSX at running market prices. However, Class-A Units shall be redeemable after the Frozen Portfolio is unfrozen by GOP. In that case, redemption of Units shall be effectuated by the Management Company. However, Back End Load will be charged on such redemption (only to the extent of "Conversion Units") at the following rates:-
 - (a) On Class-A Units redeemed within six (6) months from the date of unfreezing of the Frozen Portfolio, Back End Load will be charged @10%.
 - (b) On Class-A Units redeemed after expiry of six (6) months, but before the expiry of one year from the date of unfreezing of Frozen Portfolio, Back End Load will be charged @5%.
 - (c) On Class-A Units redeemed after the expiry of one year from the date of unfreezing of Frozen Portfolio, no Back End Load will be charged.
- (viii) Class-B Units shall be redeemable at any time from the Effective Date. Provided however, Back End Load will be charged on redemption (only to the extent of "Conversion Units") at the following rates:-
 - (a) On Class-B Units redeemed within six (6) months from the Effective Date, Back End Load will be charged @ 10%.
 - (b) On Class-B Units redeemed after expiry of six (6) month but before the expiry of one year from the Effective Date, Back End Load will be charged @5%.

- (c) On Class-B Units redeemed after expiry of one year from the Effective date, no Back End Load will be charged.

The Back End Load mentioned in Clauses 1.5 (vii) and (viii) shall form part of the Trust Property.

- (ix) The Management Company shall have the right to advance (borrow) money **from** Class-B Segment and future properties, assets and investments acquired by the Open End Scheme **to** Class-A Segment to meet cash flows requirements of Class-A Units, including management fee payable to the Management Company and other expenses of Class-A Units till the unfreezing of the Frozen Portfolio. Mark-up will be charged to Class-A Segment @6 months KIBOR, which will be credited to Class-B Segment.
- (x) A statement of Account shall be issued by the Registrar / Management Company to the Initial Unit Holders as to their entitlements of the Conversion Units of the Open End Scheme issued in lieu of certificate of Closed End.
- (xi) The status of existing Certificates of PGF shall be changed and substituted with Class-A Units of the Scheme.

Class-B Units will be issued in electronic form and CDCPL will credit units of Class-B Segment in respective CDC Account-Holder Account / Investors Account in case of CDS holding. Whereas existing Certificate Holders holding physical certificates will receive Class-B units in their respective accounts maintained with HBL AML or alternatively, upon their request, the Initial Unit Holders shall be issued physical certificates of the Units of the Open End Scheme in lieu of the Certificates of the Closed End Fund already held by them.

The Management Company shall now offer and redeem Class-C Units of the Fund to the general public, including banks and financial institutions based on Offer Prices and Redemption Prices, as mentioned in Clauses 4.5.6 and 4.8 respectively through this Offering Document.

The Management Company may offer bonus or additional (dividend re-invested) Units in lieu of undistributed profits to the Unit Holders of any Class, if permissible. However, no Front End Load or Back End Load shall be charged on bonus or additional (dividend re-invested) Units.

1.6 Trust Property

Investors must realize that all investments in mutual Funds and securities are subject to market risks. Our target return / dividend range cannot be guaranteed and it should be clearly understood that the portfolio of the Fund is subject to market price fluctuations and other risks inherent in all such investments. The risks emanate from various factors that include, but are not limited to:

- (1) **Equity Risk** - Companies issue equities, or stocks, to help finance their operations and future growth. The Company's performance outlook, market activity and the larger economic picture influence the price of a stock. Usually when the economy is expanding, the outlook for many companies is good and the stock prices may rise and vice versa.
- (2) **Government Regulation Risk** - Government policies or regulations are more prevalent in some securities and financial instruments than in others. Funds that invest in such securities may be affected due to change in these regulations or policies, which directly or indirectly affect the structure of the security and/or in extreme cases a governmental or court order could restrain payment of capital, principal or income.
- (3) **Credit Risk** - Credit Risk comprises Default Risk and Credit Spread Risk. Each can have negative impact on the value of the income and money market instruments including Sukuk etc.
- (4) **Default Risk** - The risk that the issuer of the security will not be able to pay the obligation, either on time or at all;

- (5) **Credit Spread Risk** - The risk that there may be an increase in the difference between the return/markup rate of any issuer's security and the return/markup rate of a risk free security. The difference between this return/mark up rates is called a "credit spread". Credit spreads are based on macroeconomic events in the domestic or global financial markets. An increase in credit spread will decrease the value of income and including money market instruments;
- (6) **Price Risk** - The price risk is defined as when the value of the Fund, due to its holdings in such securities rises and falls as a result of change in interest rates.
- (7) **Liquidity Risk** – Liquidity risk is the possibility of deterioration in the price of a security in the Fund when it is offered for sale in the secondary market.
- (8) **Settlement Risk** – At times, the Fund may encounter settlement risk in purchasing / investing and maturing / selling its investments which may affect the Fund's performance etc.
- (9) **Reinvestment Rate Risk** –In a declining interest/ markup rate economic environment, there is a risk that maturing securities or coupon payments will be reinvested at lower rates, which shall reduce the return of the Fund compared to return earned in the preceding quarters.
- (10) **Events Risk** - There may be adjustments to the performance of the Fund due to events including but not limited to, natural calamities, market disruptions, mergers, nationalization, insolvency and changes in tax law.
- (11) **Redemption Risk** - There may be special circumstances in which the redemption of Units may be suspended or the redemption payment may not occur within six working days of receiving a request for redemption from the investor.
- (12) **Distribution Taxation Risk:** Dividend distribution may be liable to tax because the distributions are made out of the profits earned by the Fund, and out of the profits earned by each Unit Holder. Unit holders who invest in a fund before distribution of dividends may be liable to pay tax as they may have earned any gain on their gross investment as return of capital to investors upon distribution is taxable.
