## **2.6 Risk Disclosure**

Investors must realize that all investments in mutual Funds and securities are subject to market risks. Our target return / dividend range cannot be guaranteed and it should be clearly understood that the portfolio of the Fund is subject to market price fluctuations and other risks inherent in all such investments. The risks emanate from various factors that include, but are not limited to:

- (1) **Government Regulation Risk**—Government policies or regulations are more prevalent in some securities and financial instruments than in others. Funds that invest in such securities may be affected due to changes in these regulations or policies, which directly or indirectly affect the structure of the security and/or in extreme cases a governmental or court order could restrain payment of capital, principal or income
- (2) **Mark up Rate Risk** – A rise or decline in markup rates during the investment term may result in a change in return provided to investors.

- (3) **Credit Risk** - Credit Risk comprises Default Risk and Credit Spread Risk. Each can have negative impact on the value of the income and money market instruments including Commercial papers and Sukuks;
  - **Default Risk** - The risk that the issuer of the security will not be able to pay the obligation, either on time or at all;
  - **Credit Spread Risk** - The risk that there may be an increase in the difference between the return/markup rate of any issuer's security and the return/markup rate of a risk free security. The difference between this return/mark up rates is called a "credit spread". Credit spreads are based on macroeconomic events in the domestic or global financial markets. An increase in credit spread will decrease the value of income and including money market instruments;
- (4) **Price Risk** - The price risk is defined as when the value of the Fund, due to its holdings in such securities rises and falls as a result of change in markup rates.
- (5) **Liquidity Risk** – Liquidity risk is the possibility of deterioration in the price of a security in the Fund when it is offered for sale in the secondary market.
- (6) **Settlement Risk** – At times, the Fund may encounter settlement risk in purchasing / investing and maturing / selling its investments which may affect the Allocation Plan's performance etc.
- (7) **Reinvestment Rate Risk** – In a declining markup/ markup rate economic environment, there is a risk that maturing securities or coupon payments will be reinvested at lower rates, which shall reduce the return of the Fund compared to return earned in the preceding quarters.
- (8) **Events Risk** - There may be adjustments to the performance of the Fund due to events including but not limited to, natural calamities, market disruptions, mergers, nationalization, insolvency and changes in tax law.
- (9) **Redemption Risk** - There may be special circumstances in which the redemption of Units may be suspended or the redemption payment may not occur within six working days of receiving a request for redemption from the investor.
- (10) **Distribution Taxation Risk** - Dividend distribution may also be liable to tax because the distributions are made out of the profits earned by the Fund, and not out of the profits earned by each Unit holder. Unit holders who invest in a fund before distribution of dividends may be liable to pay tax even though they may not have earned any gain on their investment as return of capital to investors upon distribution is also taxable.

2.6.1 There may be times when a portion of the investment portfolio of the Scheme is not compliant either with the investment policy or the minimum investment criteria of the assigned category. #### 4.1(A) “Administrative Plans”

##### Introduction:

HBL Asset Management Limited intends to introduce an Administrative Plan, namely the HBL Systematic Savings Plan (SSP), in the Collective Investment Schemes mentioned above. Currently, the underlying funds of HBL SSP do not contain provisions in their respective Offering Documents for the launch of an Administrative Plan; therefore the inclusion of such provisions is required.

HBL Systematic Saving Plans (HBL SSP) is an administrative Plan offered by HBL Asset Management Limited (HBL AMC) to provide the unit holders a customized investment approach to meet long term investment needs with the added comfort of optional different types of Insurance/Takaful coverage under the benefit of waiver of premium for the completion of plans for the nominated survivor(s) in case of unfortunate event of death, disability and/or critical illness of the plan holder. This Plan allows investors to invest periodically in a portfolio as per their risk profile and investment horizon. - 4.3.1 Growth Units: The Unit value grows in line with the growth in NAV, and the Unit Holders shall receive additional units at prevailing price, after adjusting for taxes against Cash Dividend (if any) at the time of distribution unless specified otherwise by the investor on the form. The Management Company may also decide to distribute income in the form of bonus units which shall be growth units of the Fund.
- 4.3.2 Income Units: The Unit value grows in line with the growth in NAV, and the Unit Holders shall receive distribution income in the form of cash which will be reinvested after deduction of applicable taxes, duties, and charges etc., unless specified otherwise by the investor on the form, if any distribution announced by the Fund. The Management Company may also decide to distribute income in the form of bonus units which shall be income units of the Fund.
- 4.3.3 In case Unit-Holders do not choose/specify the type of units at the time of investment, they will be allocated growth units by default. However, Unit Holders can switch from one type of Units to other at any time by filling out the required application form available at all distribution points.
- 4.3.4 The Management may introduce additional type/class of Units from time to time, subject to SECPs prior approval.

#### 4.4 Administrative Plan (Income Units)

Investors of the Plan may opt for an Administrative Plan at any time to attain a regular periodic income to support their liquidity requirements.

Minimum amount of investment for Income Units described above would be Rs.500,000/- .The Management Company may alter the minimum amount at its discretion by giving a prior notice of at least 30 days. However, enhancement in current minimum monetary investments shall not take effect retrospectively.

If investment amount falls below Rs.500,000/- at any time during the life of investment, features of Administrative Plan will cease for the investor and Units allocated to him will be considered Growth Units of the Fund.

The investor can opt either one of the following options:

**Fixed Payment:** The Unit Holder shall receive a fixed amount pre-determined by the Unit Holder at the time of investment. However, the amount fixed by the unit holder shall not be less than Rs. 2,500/- excluding taxes.

**Flexible Payment:** The Unit Holder shall receive an amount equal to the actual growth in his/her/its investment value (net of Sales Load and other applicable taxes and charges.). However, if the calculated growth in the investment is less than Rs. 2,500/- the unit holder will not get monthly payment. In that case the unit holder will receive a payment in the following month including previous month's growth.

All Units issued under the Administrative Plan shall rank pari passu with units of the Plan. All units issued under this Administrative Arrangement shall be income units. The period for periodic payment as decided by the investor shall be monthly, quarterly, half yearly or annually.

The periodic payment shall be made by redeeming the required number of Units.

The payment shall be processed by the Management Company on the 25th of each month. Provided that if 25th of the last month of a certain regular interval is not a Dealing Day the redemption arrangement of Income Units would be transferred to the next Dealing Day. In case the Management Company announces a suspension of further issue of Units of the Plan, it may allow existing Unit Holders to continue acquiring Units out of any dividend declared under above options.

The Unit Holder may switch over any of the options or withdraw funds from the option at any stage by submitting the prescribed form to the Distributor/ Management Company.

This Administrative Plan may be discontinued by the Management Company at any time after seeking approval of the Commission by giving a prior notice of 30 days to the Unit Holders. All units in issue shall be treated as Units of the Fund from there on.

The Management Company may introduce more Administrative Plans over the Fund in the future with a prior notice of minimum 7 days to Unit Holders after seeking prior approval of the Commission.

#### **4.4.1 Risks Associated with Administrative Plans:**

The amount of disbursement in case of Income Units with Flexible Income Option may go down or up in line with the diminution or appreciation in the NAV during the Regular Interval.

**As a result of operation of Fixed Regular Payments, the principal capital invested by unit holders may deplete in case appreciation of the principal investment (net off Front-end Load and any applicable duties, charges and taxes) during the regular interval is not sufficient to cover the fixed cash amount specified by the Unit Holder.**

Price of units and their subsequent income may go up or down as market conditions so warrant. If income generated from the growth in investment value outweighs the fixed cash amount, as specified by an investor then the capital of the investor shall not deplete. On the contrary, if income generated from the growth in investment value becomes lower than the fixed cash amount being paid to an investor then this will lead to a reduction in the actual invested amount. If such a scenario emanates and growth factors dampen with respect to the fixed cash amount then the investor is susceptible to capital depletion. If such conditions persist. The investor may opt to convert their plan from fixed income to flexible income units.

#### **4.5 Purchase and Redemption of Units**
